Span:

By February 1 of each year, every school in California is required by state law to publish a School Accountability Report Card (SARC). The SARC contains information about the condition and performance of each California public school. Under the Local Control Funding Formula (LCFF) all local educational agencies (LEAs) are required to prepare a Local Control and Accountability Plan (LCAP), which describes how they intend to meet annual school-specific goals for all pupils, with specific activities to address state and local priorities. Additionally, data reported in an LCAP is to be consistent with data reported in the SARC.

- For more information about SARC requirements and access to prior year reports, see the California Department of Education (CDE) SARC web page at <https://www.cde.ca.gov/ta/ac/sa/>.
- For more information about the LCFF or LCAP, see the CDE LCFF web page at <https://www.cde.ca.gov/fg/aa/lc/>.
- For additional information about the school, parents/guardians and community members should contact the school principal or the district office.

DataQuest

DataQuest is an online data tool located on the CDE DataQuest web page at <https://dq.cde.ca.gov/dataquest/> that contains additional information about this school and comparisons of the school to the district and the county. Specifically, DataQuest is a dynamic system that provides reports for accountability (e.g., test data, enrollment, high school graduates, dropouts, course enrollments, staffing, and data regarding English learners).

California School Dashboard

The California School Dashboard (Dashboard) <https://www.caschooldashboard.org/> reflects California's new accountability and continuous improvement system and provides information about how LEAs and schools are meeting the needs of California's diverse student population. The Dashboard contains reports that display the performance of LEAs, schools, and student groups on a set of state and local

measures to assist in identifying strengths, challenges, and areas in need of improvement.

Internet Access

Internet access is available at public libraries and other locations that are publicly accessible (e.g., the California State Library). Access to the Internet at libraries and public locations is generally provided on a first-come, first-served basis. Other use restrictions may include the hours of operation, the length of time that a workstation may be used (depending on availability), the types of software programs available on a workstation, and the ability to print documents.

School Description and Mission Statement (School Year 2022–23)

At Edenvale, our vision is for our students to become not only college-bound and career ready, but also life-long learners, 21st century leaders, and productive global citizens. Our mission is to close the achievement gap by developing high-achieving students, effective communicators, and skilled problem solvers. At Edenvale School, we believe that every student can achieve at high levels. Therefore, a fundamental aim of our educational programs is to ensure that each student possesses the competence and confidence that would guarantee success at the next level. This plan is our roadmap for building and sustaining a strong and effective instructional core in every classroom. It is our articulation of the vision for student learning outlined in our district's Five-year Strategic Plan. Effective teaching, capable instructional leadership and strong relationships are crucial to realizing our community's hopes and dreams for student learning and development. This focus articulates the teaching practices, leadership practices and organizational practices that have become the norm throughout our school system. Our focus expresses our collective responsibility for student learning and motivates us all – school, home, and community – to collaborate in ways that will turn our good intentions into strong results for students. OGSD's SPSP plan is in alignment with goals set forth and approved by the Board of Trustees in our Local Control and Accountability Plan and Learning Continuity Plan for the 2020-21 School Year. At Edenvale, we have adapted to ensure that our students continue to learn at high levels. Our teachers maintain rigorous, relevant, and engaging instruction through google classroom and google meets. Students are expected to participate and meet grade level common core expectations. We work closely with our educational partners throughout the district and analyze student performance data on an ongoing basis. ?

A. Conditions of Learning

State Priority: Basic

The SARC provides the following information relevant to the State priority: Basic (Priority 1):

- Degree to which teachers are appropriately assigned and fully credentialed in the subject area and for the pupils they are teaching;
- Pupils have access to standards-aligned instructional materials; and
- School facilities are maintained in good repair

Note: The data in this table is based on Full Time Equivalent (FTE) status. One FTE equals one staff member working full time; one FTE could also represent two staff members who each work 50 percent of full time. Additionally, an assignment is defined as a position that an educator is assigned based on setting, subject, and grade level. An authorization is defined as the services that an educator is authorized to provide to students.

Fiscal impacts to declining enrollment also impacted the district's decision to reach a consensus decision. Further, the effects of the COVID pandemic paused our ability to begin a new pilot/adoption process. However, there is objective evidence that EngageNY curricula are aligned with CCSS. In 2015, EdReports reviewed 26 well-known K–8 mathematics textbooks for their alignment with CCSS and found Eureka Math (which is a commercial variant of the free and open version featured within EngageNY) to be well-aligned with CCSS for the grade levels	Yes	0%

School Facility Conditions and Planned Improvements

Edenvale is comprised of three main classroom building pods and a cafeteria and administration pod connected by interior hallways. The site houses several portables to help meet the needs of the school site and program offerings.

The District has made several enhancements to Edenvale Elementary over the years. In the past 7 years, Edenvale has received new exterior gates, new fencing, new restroom flooring, and exterior painting. Thanks to Bond Measure P, the District is planning several interior modernization projects in the coming years. For Summer '23, the District plans to complete several site work projects and continue interior projects to replace flooring and window coverings in several portables.

B. Pupil Outcomes

State Priority: Pupil Achievement

The SARC provides the following information relevant to the State priority: Pupil Achievement (Priority 4):

- **Statewide assessments** (i.e., California Assessment of Student Performance and Progress [CAASPP] System includes the Smarter Balanced Summative Assessments for students in the general education population and the California Alternate Assessments [CAAs] for English language arts/literacy [ELA] and mathematics given in grades three through eight and grade eleven. Only eligible students may participate in the administration of the CAAs. CAAs items are aligned with alternate achievement standards, which are linked with the Common Core State Standards [CCSS] for students with the most significant cognitive disabilities).

The CAASPP System encompasses the following assessments and student participation requirements:

1. **Smarter Balanced Summative Assessments and CAAs for ELA** in grades three through eight and grade eleven.
 2. **Smarter Balanced Summative Assessments and CAAs for mathematics** in grades three through eight and grade eleven.
 3. **California Science Test (CAST) and CAAs for Science** in grades five, eight, and once in high school (i.e., grade ten, eleven, or twelve).
- **College and Career Ready:** The percentage of students who have successfully completed courses that satisfy the requirements for entrance to the University of California and the California State University, or career technical education sequences or programs of study.

CAASPP Test Results in ELA and Mathematics for All Students

Grades Three through Eight and Grade Eleven taking and completing a state-administered assessment

Percentage of Students Meeting or Exceeding the State Standard

Subject	School 2020– 21	School 2021– 22	District 2020– 21	District 2021– 22	State 2020– 21	State 2021– 22

Mathematics (grades 3-8 and 11)	N/A	19%	N/A	41%	N/A	33%

Note: Where it was the most viable option, in 2020–21, LEAs were required to administer the statewide summative assessment in ELA and mathematics and where a statewide summative assessment was not the most viable option for the LEA, LEAs were permitted report results from a different assessment that meets the criteria established by the California State Board of Education on March 16, 2021. The 2020–

21 data cells for the school, district, state have N/A values because these data are not comparable to 2021–22 data.

Note: Percentages are not calculated when the number of students tested is ten or less, either because the number of students in this category is too small for statistical accuracy or to protect student privacy.

Note: ELA and Mathematics test results include the Smarter Balanced Summative Assessment and the CAA. The "Percent Met or Exceeded" is calculated by taking the total number of students who met or exceeded the standard on the Smarter Balanced Summative Assessment plus the total number of students who met the standard (i.e., achieved Level 3-Alternate) on the CAAs divided by the total number of students who participated in both assessments.

C. Engagement

State Priority: Parental Involvement

The SARC provides the following information relevant to the State priority: Parental Involvement (Priority 3):

- Efforts the school district makes to seek parent input in making decisions regarding the school district and at each school site

Opportunities for Parental Involvement (School Year 2022–23)

For the SARC reporting year (2021–22), the percentage of students participating in each of the five Fitness Components is reported below.

The formula for the participation rate (percent) of students meeting each of the five FITNESSGRAM Components, by grade is:

$$\frac{\text{(The number of students who participated in the FITNESSGRAM Component)}}{\text{(The total number of students enrolled at time of testing)}} \times 100 = ?$$

The school provides opportunities for all parents to participate.

- This includes providing information and school reports in a form and language parents understand. The school uses various means of communication to reach out their diverse parents through Parent Square, personal phone calls, informational meetings, handouts, and others modes of communication. Special accommodations and materials are provided for persons with disabilities, parents who speak a language other than English.
- The school report cards, parent letters, brochures, and all communications for parents are provided in English, Spanish and Vietnamese.

The school conducts the following activities to involve parents:

- The school holds meetings with all parents throughout the year: Back to School Night, Open House, Gallery Walks, etc.
- The school holds open meetings with School Site Council, PFA, HABLA
- The school provides parents with an explanation of the curriculum, assessments, and proficiency levels students are expected to meet.

State Priority: Pupil Engagement

The SARC provides the following information relevant to the State priority: Pupil Engagement (Priority 5):

- High school dropout rates;
- High school graduation rates; and
- Chronic Absenteeism

State Priority: School Climate

The SARC provides the following information relevant to the State priority: School Climate (Priority 6):

- Pupil suspension rates;
- Pupil expulsion rates; and
- Other local measures on the sense of safety

Suspensions and Expulsions for School Year 2019–20 Only

(data collected between July through February, partial school year due to the COVID-19 pandemic)

Suspensions	0.00%	0.84%	2.45%
Expulsions	0.00%	0.00%	0.05%

Note: The 2019–20 suspensions and expulsions rate data are not comparable to other year data because the 2019–20 school year is a partial school year due to the COVID-19 crisis. As such, it would be inappropriate to make any comparisons in rates of suspensions and expulsions in the 2019–20 school year compared to other school years.

School Safety Plan (School Year 2022–23)

The School Safety Planning Committee shall make an assessment of the current status of school crime committed on campus and at school-related functions and of appropriate strategies and programs that will provide or maintain a high level of school safety. (Ed. Code 35924.2) While the School Safety Planning Committee reviews school, district and community crime data trends such as the California Safe School Assessment, other data can bring value to the discussions. Such data may include: Mental Health Data State, District or Site Surveys (such as the Youth Risk Behavior Survey) Disciplinary Data Community Police Data Based on data analysis, the School Safety Planning Committee identifies one or two safety-related goals for the next school year as well as the strategies and/or programs

that will be used to meet those goals. The objective is to provide meaningful goals in order to improve the campus climate. The goals are reported, with the Safety Plan, to the Board of Trustees and are shared with the school staff and community. In order to keep the goals as a safety focus for the school year, it is recommended that at least three brief meetings be held to review data and progress. The progress can be reported to the School Site Council, staff, parent groups and the Board of Trustees. The year-end assessment should be completed in May and reported.
