ISAAC UNVEILS REMARKABLE \$2.5 MILLION EXPANSION: A GIANT LEAP TOWARDS EXCELLENCE!

New London, CT- In a momentous event on Tuesday, August 22, 2023, the Interdistrict School for Arts and Communication (ISAAC) unveiled their highly anticipated \$2.5 million expansion project, transforming their downtown campus into a hub of innovation and creativity.

This grand unveiling marked a significant milestone in the school's history, signifying a profound commitment to providing the best possible educational experience for its students. The expansion project encompasses cutting-edge facilities for science, music, and computer studies, setting the stage for a new era of learning excellence.

With boundless enthusiasm and a shared vision, ISAAC is now poised to become the premier Middle School in Connecticut. Dr. Spera, the driving force behind this transformative endeavor, has championed the cause of creating a learning environment that inspires and empowers students to reach their full potential.

The new science spaces are equipped to spark curiosity and exploration, allowing young minds to delve into the wonders of the world around them. The state-of-the-art music facilities promise to be a stage for budding maestros and artists, nurturing their talents and nurturing a deep appreciation for the arts. The cutting-edge computer spaces are designed to prepare students for a rapidly evolving digital landscape, providing them with the tools and knowledge needed for future success.

As we embark on this exciting journey, ISAAC's expansion serves as a testament to the unwavering dedication of the school's officials, staff, and supporters. With this ambitious venture, the school is poised to reach new heights, offering students unparalleled opportunities for growth and success. The ISAAC community is filled with excitement, eagerly anticipating the incredible journey ahead.

We congratulate all that supported ISAAC in this remarkable achievement and look forward to witnessing the incredible impact it will have on students' lives for generations to come. This expansion is a testament to what can be achieved when vision, dedication, and the pursuit of excellence unite.

STAFF SPOTLIGHT, Ms. Kobyluck

- 1. What do you enjoy most about ISAAC? What I enjoy most** is the feeling of community between the staff and students. Everyone is so friendly and willing to work together to create the best environment for learning.
- 2. Why did you become a teacher?** I feel like it was more of an innate trait of being a teacher for me. I'm the oldest of three and always made them play school with me when we were kids. I was also a dancer and would help the other kids in my dance class learn the steps to a new routine. I loved going to school and loved all the teachers I had which only made me want to be a teacher more. The choice to teach math came later down the road in high school, and I wouldn't have it any other way!
- 3. What are some of the things you enjoy doing outside of school?** Outside of school, I love coaching volleyball and basketball, watching football (Go Cowboys!!!), trying new restaurants, and spending time with my loved ones!

Principal's Notes:

Hello ISAAC Families,

Welcome to the 2023-2024 school year! We are thrilled to have you as part of our ISAAC community and look forward to an inspiring and successful year ahead. Your partnership in your child's education is invaluable, and together, we will achieve great things.

Stay tuned for important updates and exciting events throughout the year. If you have any questions or need assistance, please don't hesitate to reach out to us. Let's embark on this educational journey together, fostering growth, learning, and memorable experiences.

Wishing you a fantastic start to the school year!
