Students shall comply with any additional rules developed by the school concerning the appropriate use of personal electronic devices. When a school administrator has reasonable suspicion based on objective and articulable facts that a student is using a personal electronic device in a manner that violates the law or school/district procedures, the official may confiscate the device. The personal electronic device may only be returned to the student's parent or legal guardian or given to law enforcement. Any personal electronic device brought to school or school-sponsored events by a student is subject to being searched when school officials have a reasonable suspicion, based on objective and articulable facts, that such a search will reveal a violation of the law or school rules. The scope of the search will be limited to the violation of which the student is accused. Results that contain content or images that violate state or federal laws will be referred to law enforcement. Students who violate this procedure will be subject to disciplinary action, including suspension or expulsion. Possession of a personal electronic device by a student is considered to be a privilege, which may be forfeited by any student who fails to abide by the terms of this procedure, or otherwise engages in misuse of the device so as to violate school rules, district procedure or law. Violations may result in disciplinary action. If multiple offenses occur, a student may lose his/her privilege to bring a personal device to school for a designated length of time or on a permanent basis. Parents/Guardians are advised that the best way to contact their child during the school day is by calling the school office.
