

SEPTEMBER IS ATTENDANCE AWARENESS MONTH!

The PROBLEM

Over 10 million students nationwide are chronically absent during the school year. This is a significant increase from pre-Covid data.

1

The MYTHS

- Excused absences are not a problem (they ARE if there are too many)
- Attendance only matters in high school (it matters a LOT at all grades)

3

The WHY

We want ALL Panthers to be academically thriving and we know regular school attendance is one important component of academic success

5

The IMPACT

If children don't attend school regularly, they miss out on fundamental reading and math skills.

2

The GOAL

All NBE Panthers attend regularly and no Panther misses more than 1 day/month average or no more than 9 days total

4

WE GOT THIS PANTHERS!
