

Notice of Child's Conditional Immunization Status

Date: _____,

Dear Parent(s)/Guardian(s) of:

(Student's Name)

Birthdate:

(Student's Birthdate)

Your child is attending [Insert School Name] with a Conditional Immunization Status. Children can enter and stay in school in conditional status if they are catching up on required vaccines for school entry. Vaccine series doses are spread out among minimum intervals, so some children may have to wait a period of time before finishing their vaccinations.

Students in conditional status may remain in school while waiting for the date of the next vaccine dose then have 30 days to turn in medically verified documentation of vaccination.

Our records show that your child is due for the next dose of the vaccine/s marked with an 'x' on [INSERT DATE]:

Documentation must be turned into school by [INSERT DATE – 30 DAYS AFTER VACCINE DUE DATE]

If we do not receive documentation by the due date above, by law we must send you a Notice of Exclusion for Immunization Noncompliance. This Notice will explain that your child cannot attend school until you provide the required immunization documentation. Valid documentation included medical records showing vaccination, evidence of immunity to the disease in question, or a completed Certificate of Exemption (COE) form.

What do vaccines cost?

In Washington, all children under age 19 can get vaccines **at no cost** from their health care provider. Providers may charge an office visit fee and a fee to give the vaccine, called an administration fee. If you cannot pay the administration fee, you can **ask your health care provider to waive the cost**. You can also use <https://vaccinefinder.org> to find other places that vaccinate near you, such as pharmacies.
