## **College Admission and Military Visits**

Did you know around 50 college admission representatives and all branches of the military visit ERHS each year? This is a convenient way to learn more about admission, programs, degrees, and financial aid by talking with an expert from that particular college or military branch. All college admission visits for the 2021-2022 school year will be held in the Career Center. Please visit this [form](#) for a list of upcoming events and sign up to attend. Military visits will take place during lunch in the Commons. Additions are added to this list often, so be sure to check back periodically.

CAREER & TECHNICAL EDUCATION

### What is CTE?

Career Technical Education (CTE) provides students with the academic, technical skills, knowledge and training necessary to succeed in future careers and to become lifelong learners. Check out the video below for more information.

In November there was a lot of excitement in the Automotive classes at Elk River High School when **Cornerstone and Ford** donated a 2013 Fiesta for student to learn technical skills and prepare them for their future! Elk River High School has been partnering with the Ford Tech ACE program that allows students to have access to Ford's service literature, web curriculum, and training materials to earn Ford training credentials.
