Welcome to Jonathan Dayton High School (JDHS)

This document is a streamlined, easy to read, handbook for our students and parents that explains the many policies and procedures that help us maintain a structured, safe school. Every student and parent must take the time to read through the handbook and become familiar with the policies and procedures at JDHS. Included are items such as attendance, conduct, grading and schedules, to name a few.

Our handbook is a living document, and thus changes are made as needed. Major changes will be communicated to parents and students via letters, memos, emails, on the website (<http://www.springfieldschools.com>) or in person. This publication is revised and updated every year. We encourage you to make suggestions to help us make this handbook as useful as possible.

Norman Francis, Jr., Ed.D., Principal
Jonathan Telesca, Assistant Principal

Parents and/or students whose primary language is other than English and require assistance to fully understand this handbook are urged to contact the Principal or their child's assigned school counselor. Arrangements will be made for interpreting services in order to fully understand the information contained within this handbook.

1. Academic Program

1.1. Academic Recognition

- 1.1.1. HONOR ROLL - At the end of each marking period, students that meet the requisite course averages are recognized by being placed on the JDHS Honor Roll. Students that have a 90 or above, in all of their courses, are placed on the PRINCIPAL'S HONOR ROLL. Students that have an average between 82 or above, in all of their courses, are placed on the HONOR ROLL.
- 1.1.2. NATIONAL HONOR SOCIETY CONSIDERATION (JUNIORS AND SENIORS) - All students with a weighted GPA of 3.7 or higher are invited to submit an application to the JDHS chapter of the National Honor Society. Applications are reviewed by the NHS Faculty Council. Students are notified as to whether or not they will be inducted.
- 1.1.3. JDHS ACADEMIC SCHOLARS OF DISTINCTION (SENIOR RECOGNITION) - Each year, the two senior students with the highest GPAs are recognized as the JDHS Academic Scholars of Distinction. These students receive recognition from the Union County Superintendents' Association. They are also extended the opportunity to speak at commencement.
- 1.1.4. DISTINGUISHED SCHOLAR AWARD (SENIOR RECOGNITION) - Each Year, the top 20 senior students, per GPA's, are recognized by the Springfield Lions Club as Distinguished Scholars.

1.2. Course Recommendation Procedures

- 1.2.1. Grouping is one way to provide differentiated learning experiences for students. Groups will vary in the learning tasks, instructional methods and pace. The degree of grouping will depend upon such factors as the nature of the offering, the number of students enrolled and the specific departmental application of grouping.
- 1.2.2. In grouping students, consideration will be given to: a. Current academic achievement in a given subject and previous performance in related subjects; b. Reading ability as measured by tests and from classroom observations; c. Writing ability as measured by writing samples; d. General scholastic ability as measured by test instruments and recorded on the student's test record card; e. Work-study habits as well as motivation, effort, diligence, perseverance and maturity as noted by teachers.
- 1.2.3. The decision concerning a student's placement in any course is made by the professional staff using the above criteria. A student or parent may initiate a request for placement in a specific group. Grouping practices should be flexible so that adjustments may be made when appropriate.
- 1.2.4. If a review of the recommendation and placement is necessary, each case will be considered individually.
- 1.2.5. It is the role of the high school guidance department to make adjustments in schedules based on individual needs and abilities of students.
- 1.2.6. If a student or parent initiates an override request for placement in a specific group, it is expected that the student will commit to staying in that group. Mid-year schedule changes may not be feasible, and may delay a student's progress towards graduation. The parent must indicate via email, or signed letter, that they understand this, in order for the override to be approved. The email or letter must be sent to the School Counselor where it will be kept on file. The request must be received by March 26th. Principal review and approval is required.

1.2.7. Groupings include:

- a. Advanced Placement (AP)* – college level courses taught following guidelines determined by the College Board.
- b. Honors (H)-courses taught at an advanced level, for students who are prepared to undertake a greater degree of independent work, in greater depth, than the regular level.
- c. College Prep (CP) – regular level courses.

1.2.8. *Note regarding Advanced Placement (AP) examinations: Students in Advanced Placement courses must take the associated Advanced Placement Examination. The Advanced Placement Examination is paid for by the Springfield Board of Education. Families must reimburse the district for missed examinations. Students should contact their school counselor regarding any issues pertaining to their ability to take Advanced Placement Examinations.

1.3. Grading Procedures

1.3.1. Marking Periods - There will be two marking periods for a one-semester course and four marking periods for a full-year course. Each marking period grade is to receive equal weight in computing the final average for the course. One Mid-term grade will be recorded for Health Education. For each marking period, the lowest average that a student can earn is 50%. For midterm exams and final exams, students will receive the grade earned.

1.3.2. Mid-term, Final Exam, Product or Project - A midterm examination as well as a final examination, product or project is required in all subjects offered on a full year basis. If either is not completed a grade of I = incomplete will be recorded for both the exam/project and course. The examination product or project will be weighted one-tenth in computing the course average.

1.3.3. In a full-year course each marking period grade is multiplied by 2; the mid-term examination and final examination product or project grade is multiplied each by 1; the total is divided by 10.

1.3.4. Final Average - Before an "F" may be recorded for the last marking period grade, the teacher must indicate in writing to the parent that the student is in danger of failing the course. The teacher notice will be copied to the student's school counselor and the building principal.

1.3.5. Grade Values:

A+	98 - 100
A	92 - 97
A-	90 - 91
B+	86 - 90
B	80 - 85
C+	76 - 79
C	70 - 75
C-	70 - 71
D	65 - 69
F	Below 65

1.3.6. Final Examination Exemption For Senior Year Students:

- Exemptions for seniors will be at **THE DISCRETION OF THE CLASSROOM TEACHER.**

- Senior year students only may be exempt from final examinations.
 - A senior is defined, for the purpose of this policy, as a student who has earned at least 95 credits.
- 1.3.6.1. Exemptions will be based on a cumulative average of “A” or greater achieved during the third and fourth marking periods of a full-year course or both marking periods of a half-year course. The cumulative average shall be the average of the report card grades given each marking period.
- 1.3.6.2. Students who qualify for an exemption may elect to take the examination if they wish; however, the final examination will be used in calculating the final average in the course in all such cases.
- 1.3.6.3. The exemption applies only to final examinations; no student is exempt from completing a final project, regardless of grades in the course.
- 1.3.6.4. For students exempt from a final examination, the final average will be computed on the basis of the marking period grades and the mid-term examination.
- 1.3.6.5. Advanced Placement Exemption: All students in AP classes are eligible for a final examination exemption regardless of grade level provided that they take the AP Test and have an “A” average in the final two marking periods of the class. Students that achieve a score of “5” on their AP exam, may receive an adjustment to their final average, at the discretion of the teacher.
- 1.3.7. Dropping and Adding Courses:
- With the approval of the principal or their designee, students may drop a course prior to the dates indicated below, without record on their transcript:
 - Full Year Course - October 3rd, Semester 1 Course - September 22nd, Semester 2 course - February 16th
 - The dates indicated above for semester courses are the last dates a semester course can be added.
- 1.3.8. Incomplete Grades:
- When necessary, a teacher will enter “I” for the marking period grade of a student that has been extended the opportunity to complete and submit late work.
 - Students will have 10 days from the end of a marking period to complete and submit work. If the student fails to submit the work within the 10 day period, the “I” will become an “F.”

1.4. Graduation Requirements

- 1.4.1.1. All courses completed count toward graduation requirements. Certain required subjects must be included. 2. Attendance

2.1. The Board of Education requires students enrolled in Springfield Public Schools to attend school regularly in accordance with the State of New Jersey (legal reference: N.J.A.C. 6:8-4.7 (2) (d) (2)).

2.1.1. All students must be in school for a minimum of **four** hours to be considered present in school for the day. This means that a student must sign in to school in the Main Office

before 10:30 a.m. in order to receive credit for being in attendance. Students who request early dismissals **prior to 11:40** will be recorded as absent for the day for the purposes of participation.

2.1.2. Per NJDOE code up to **3 days** for college visits per school year, **ONLY** for students in grades 11 and 12. Notes from College Admissions or Registrar's office are due to the main office within **5 school days** of the return of the student to school.

2.2. Absences and Extracurricular/Athletic Participation - When a student is absent from school for unauthorized reasons, he or she is excluded from all school activities, including but not limited to: class activities, student council, school trips, band or chorus rehearsals, practices, performances, club activities, dances, proms, and athletic games or practices on the day of the absence. The student is ineligible for extra-curricular participation until he or she has been in attendance at school for one full school day. **Friday absences will also negate participation in Saturday and Sunday activities.**

2.3. Absences for Vacation Purpose

- **Absences for vacations are neither "excused" nor "non-chargeable" and thus will count towards the absences allotted in section 1.2 above.**
- Parents **must notify the school** for such absences as far as possible in advance in writing to the Principal. In order for such an absence to be considered should an attendance appeal occur, such a request must be made **BEFORE** the absences for vacation to occur. The Principal will reply to such a request in writing.

2.4. Calling out a Student - Anytime a student is absent from JDHS, a parent/guardian must phone in the absence to **973-376-1025** and follow the prompts to reach the attendance office. An automated call and text will be sent to parents that fail to phone in absences. Repeated failure to phone in student absences may result in contact with the proper authorities which may include Springfield Police Department or the Division of Child Protection and Permanency.

2.5. Cutting Class – A student with an unauthorized absence from a class will be referred to the Assistant Principal for disciplinary action. The student may not receive credit for missed assignments or test, per teacher discretion.

2.6. Unauthorized Student Cut Days – "Senior Cut Day(s)", cut days immediately before or after vacations or long weekends, cut days after the Prom, etc. are **NOT** authorized by the school and students will be counted as truant (see 1.6) for such absences.

2.7. Daily Attendance – When students miss a class, for any reason, they are considered absent from that class and an absence is recorded toward their total allowable absences for the year. Remember there are **NO EXCUSED ABSENCES**. Parents may request (excusal for cause) by writing to the principal, per BOE policy 5230 (refer to the policy for specifics). If your child exceeds the maximum allowable absences, he or she will automatically lose credit for the course. Students with absences for extenuating circumstances may appeal per the appeal process. Loss of Credit will be applied on:

- 5th absence in a quarter year course (Health Education - with lab)
- 7th absence in a quarter year course (Health Education - no lab)
- 10th absence in a semester course
- 19th absence in a full year course

2.8. Appeal of Loss of Credit due to Attendance Issues – Should a student receive notification of loss of credit, his/her parent/guardian may file an appeal in writing to the Principal or his/her designee within **10 school days** of the student exceeding the absences indicated in 1.2 above.

The letter must indicate the name of the student, the name of the course, and should include a copy of the notification of loss of credit to which the letter refers. Parents will receive notification of the outcome of the appeal.

- 2.9. Make Up Work for Absences – It is the student’s responsibility to seek out work in advance of the absences and to make up work upon his/her return. It is the student’s responsibility to seek out the teacher to determine what work has been missed and what the deadlines will be for completing said work.
 - 2.10. Notes for Absences – A note does **NOT** automatically result in an “excused” or “non-chargeable” absence. All notes regarding student absences are due to the main office within **5 school days** of the student’s return to school. Notes will be placed in the students file and referenced for loss of credit appeals.
 - 2.10.1. Per NJDOE code, Students in **Grade 11** and **Grade 12** are allowed up to **3** absences for college visits, per school year. Notes from College Admissions or Registrar’s office are due to the main office within **5 school days** of the return of the student to school.
 - 2.11. Religious Holidays – Religious Holidays as approved by the State Board of Education will be recorded as “R” and may not count for the purposes of loss of credit. A note, as indicated in 1.3 above, is required specifying that a particular student was out for a Religious Holiday. See the official site for the State of NJ at the following link:
<https://www.nj.gov/education/holidays.shtml>
 - 2.12. Tardiness
 - 2.12.1. A student who is late to any class is responsible for the work missed.
 - 2.12.2. Tardiness will result in disciplinary action including, but not limited to: after school detentions, Saturday detention, loss of credit for the assignment, potential loss of course credit.
 - 2.12.3. Students who are tardy to school must sign in at the designated location in order to be counted as present in school for the day. Failure to sign in will result in disciplinary action.
 - 2.12.4. Students will be marked tardy within the first 21 minutes of a class period, for late arrival. Students that miss more than 50% of a class period will be marked absent, unless a legitimate reason for the late arrival can be determined.
 - 2.12.5. The 5th tardy = Extended School Day detention (ESD). If a student persists with being tardy, they will be subject to additional disciplinary action.
 - 2.13. Truancy – shall be defined as a cut from school not excused by the school administration or verified by a parent. Additionally, proper authorities may be notified, such as, but not limited to: Springfield Police Department or the Division of Child Protection and Permanency.
3. **Expectations:** Jonathan Dayton High School has the following two principles as the cornerstone to its expectations of conduct: 1. Do the right thing; simply because it is the right thing to do, and 2. Respect Yourself, Respect Others, Respect Your School. Growing and maturing adolescents will make mistakes or poor decisions that may result in disciplinary consequences. While students will be held accountable, they will also be counseled, supported and encouraged to learn from their mistakes. To ensure a safe and positive environment at JDHS, it is critical that students understand and abide by the following:
- 3.1.1. Physical or verbal violence, any form of harassment, intimidation or bullying, and/or threatening behavior will not be tolerated.

Pupil Parent Grievance

The Board of Education recognizes the right of students and parents/ guardians to grieve educational and/or administrative issues arising within the District and to seek relief via orderly and equitable procedures. In addition, they may grieve issues dealing with equality in education, affirmative action, discrimination or sexual harassment. Discrimination is defined operationally as an act based upon bias as related to race, color, creed, religion, sex, ancestry, national origin, social or economic status or handicapping condition. The Board of Education also recognizes the responsibility of the school administration to develop and implement an orderly and equitable pupil/parent grievance procedure.

- A. Any student(s) or parents/guardians having a grievance with the educational or administrative processes of a particular school or the District or against a specific member of the faculty or administrative staff of one of the schools within the District shall make every effort to resolve such grievance in informal conferences with the staff member directly concerned within five days of the incident which caused or led to the grievance. Failure to act within that time shall constitute abandonment of such grievance.
1. All conferences shall be carried out in an atmosphere of mutual goodwill and respect.
 2. No more than three students and/or three sets of parents/ guardians shall be involved in a single grievance conference. Grievances involving more than this number of people shall require designated representatives to attend the conference.
- B. If the grievance cannot be resolved at the informal conference level out-lined in A, the grievant(s) shall file a written statement with the school Principal setting forth the following information:
1. A brief statement of the specific nature of the grievance;
 2. A brief statement of the relief desired;
 3. A brief statement of the reasons why the grievant believes he/she is entitled to the relief sought;
 4. Whether the grievant(s) desires the school student council officers to make a non-binding recommendation concerning the grievance. In the event that such recommendation of the student council officers is desired, the Principal shall within two days transmit a copy of the grievance to the student council and request its recommendation. The student council officers shall furnish their recommendation to the Principal within five days of receipt of the copy of the grievance. The school Principal shall furnish a copy of the grievance to the member of the faculty or administrative staff involved. Upon receipt of a grievance, the Principal shall promptly schedule a conference with the grievant(s) and the members of the faculty or administrative staff involved. The Principal shall render a written decision within five days following the conference, and shall furnish copies of such decision to the grievant(s), the staff member, and the Superintendent.

- C. If either the grievant(s) or the staff member is dissatisfied with the decision of the Principal, the grievant shall, within five days of receipt of the written decision, file a written statement with the Superintendent, with copies to the Principal and the other party, briefly stating the reasons upon which the appeal is based. Upon receipt of the grievance appeal, the Superintendent may decide the grievance upon the written statements submitted by the parties, hold a conference with the grievant(s) and the staff member involved, or take whatever other actions the Superintendent shall deem appropriate. The Superintendent shall render a written decision to the grievant(s), the staff member and the Principal within five days following the conference (if this is necessary).
- D. If either the grievant(s) or the staff member is dissatisfied with the decision of the Superintendent, the grievant may appeal such decision to the Board of Education by filing within five days of the rendering of the Superintendent's decision, a written notice of appeal with the Board Secretary/School Business Administrator of the Board of Education. The notice of appeal shall briefly state the basis of the appeal and copies shall be furnished to the other party, to the Principal, and to the Superintendent. The Board of Education may decide the grievance upon the written statements submitted or, at its option, may hold a hearing at which both parties may present testimony. The Board shall render a written decision to the grievant(s) within 15 days following the hearing (if this is necessary).
- E. The action of the Board shall be binding on all parties, subject, however, to such further review as may be available under the provisions of Title 18A. The following provisions have general application to the grievance procedure set forth above:
1. No step of this procedure may be bypassed on the way to a higher level; except that a grievance based upon a previous grievance decision will be initiated at the level of such previous grievance decision.
 2. Nothing contained in this policy shall be considered to require a grievant to follow the grievance procedure set forth herein where another method of review is provided for under the provisions of Title 18A. Where another method of review is provided for by Title 18A, the grievant(s) shall have the discretion to invoke such method of review or this grievance procedure.
 3. The invocation of the grievance procedure shall not relieve the grievant(s) of the responsibility of complying with any order which may have been issued, unless the implementation of said order shall have been stayed by the Superintendent of Schools or by the Board of Education.
 4. No punitive action of any kind shall be taken against any grievant(s) solely on account of having filed a grievance.
 5. All information elicited during any stage of the grievance procedure shall remain confidential, unless such information is specifically made accessible to the public by state or federal law or all parties involved agree to disclose such information to the public.
- F. Any student(s) or parents/guardians having a grievance dealing with Equality in Education, Affirmative Action, Title IX, Amendments of 1972, Section 504 of the rehabilitation action of 1973 or discrimination or sexual harassment may grieve the matter directly to the district's Affirmative Action Office/Section 504 Officer/ADA Compliance Officer:

1. Students Suspected of Using Anabolic Steroids – N.J.A.C. 6A:16-4.3(b)

a. Whenever a teaching staff member, certified or non-certified school nurse, or other educational personnel has reason to believe that a student has used or may be using anabolic steroids, the person shall report the matter as soon as possible to the Principal or, in the Principal's absence, to a person designated by the Principal and either the certified or non-certified school nurse, the school physician, or the student assistance coordinator.

b. In response to a report of suspected anabolic steroid use, including instances when a report is made to law enforcement, the Principal or designee shall immediately notify the student's parent and the Superintendent. The Principal or designee shall arrange for an examination of the student by a physician licensed to practice medicine or osteopathy selected by the parent.

(1) If the physician chosen by the parent is not available to perform the examination, the examination shall be conducted by the school physician or other physician identified by the Principal.

(1) To make this determination, the school staff member(s) identified above may conduct a reasonable investigation, which may include interviews with the student's teachers and parents and consultation with experts in student alcohol or other drug abuse.

f. If results of a referral for evaluation positively determine the student's involvement with and use of anabolic steroids represents a danger to the student's health and well-being, the school staffmember(s) identified in D.1.e. above who is trained to assess alcohol and other drug abuse shall initiate a referral for treatment to appropriate community agencies as defined in N.J.A.C. 6A:16-4.1(b), to out-of-State agencies licensed by the appropriate State regulatory agency for alcohol and other drug services, or to private practitioners certified by the appropriate drug and alcohol licensing board.

(1) Immediately notify the student's parent and the Superintendent or designee;

(2) Arrange for an immediate medical examination of the student for the purposes of providing appropriate health care and for determining whether the student is under the influence of alcohol or other drugs, other than anabolic steroids; and

(3) Any substance screening conducted by the school nurse and/or other staff is not a substitute for the required medical examination required in N.J.S.A. 18A:40A-12.

c. The Superintendent or designee may disclose to law enforcement authorities the identity of a student suspected to be under the influence of alcohol or other drugs.

(1) The Superintendent or designee shall disclose to law enforcement authorities the identity of a student reasonably believed to be in possession of a controlled dangerous substance or related paraphernalia or a student reasonably believed to be involved or implicated in distribution activities regarding controlled dangerous substances.

(2) The examination shall be at the expense of the parent and not the district Board of Education.

e. If the physician chosen by the parent is not immediately available, the medical examination shall be conducted by the school physician.

(1) If the school physician is not available, the student shall be accompanied by a member of the school staff designated by the Principal to the emergency room of the nearest hospital for examination.

(2) The student's parent, if available, shall also accompany the student.

(3) When the medical examination is conducted by the school physician or a physician at the emergency room of the nearest hospital, the examination shall be at the expense of the district Board of Education.

f. The Board of Education will have a plan in place for the appropriate supervision of the student:

(1) While waiting for a parent to take the student to the physician selected by the parent, or while the student is waiting for and receiving the medical examination by the school physician or the physician in an emergency room; and

(2) Provisions will be made for the appropriate care of the student while awaiting the results of the medical examination.

g. A written report of the medical examination of the student shall be furnished to the student's parent, the Principal, and the Superintendent of Schools by the examining physician within twenty-four hours of the referral of the student for suspected alcohol or other drug use.

(1) The school district, in cooperation with the school physician or medical professionals licensed to practice medicine or osteopathy, shall establish minimum requirements for the medical report. The minimum requirements for the examination will be periodically reviewed and updated as needed.

(2) The report's findings shall verify whether the student's alcohol or other drug use interferes with his or her physical and mental ability to perform in school.

h. When the medical examination is performed by a physician other than the school physician or at the emergency room of the nearest hospital, the school district will require the parent to verify within twenty-four hours of the notification that the student is suspected of alcohol or other drug use that a medical examination was performed in compliance with this Policy.

(1) The verification shall include, at a minimum, the signature, printed name, address, and phone number of the examining physician, the date and time of the medical examination, and the date by which the report required in this Policy will be provided.

(2) Refusal or failure by a parent to comply with this requirement shall be treated as a policy violation and handled in accordance with N.J.A.C. 6A:16-4.3(d).

- i. If the written report of the medical examination is not submitted to the parent, Principal, and Superintendent within twenty-four hours of the referral of the student for suspected alcohol or other drug use, the student shall be allowed to return to school until such time as a positive determination of alcohol or other drug use is received from the examining physician, unless the student was also removed for violating the Code of Student Conduct.
- j. If the written report of the medical examination verifies that alcohol or other drugs do not interfere with the student's physical and mental ability to perform in school, the student will be immediately returned to school.
- k. If there is a positive determination from the medical examination, indicating the student's alcohol or other drug use interferes with his or her physical or mental ability to perform in school:
- (1) The student will be returned as soon as possible to the care of the parent;
 - (2) Attendance at school shall not resume until a written report has been submitted to the parent, the Principal, and Superintendent from a physician licensed to practice medicine or osteopathy who has examined the student to determine whether alcohol or other drug use interferes with his or her physical or mental ability to perform in school.
- (a) The report shall verify that the student's alcohol or other drug use no longer interferes with the student's physical and mental ability to perform in school.
- (3) Removal of a student with a disability shall be made in accordance with N.J.A.C. 6A:14.
- l. While the student is home because of the medical examination or after the student returns to school, an individual who holds the Educational Services Certificate with the student assistance coordinator endorsement issued by the New Jersey State Board of Examiners or an individual who holds one of the following Educational Services Certificate endorsements: school nurse, school nurse/non-instructional, school psychologist, school counselor, school social worker, or student personnel services and is trained to assess alcohol and other drug abuse shall:
- (1) Conduct an alcohol and other drug assessment of the student and a reasonable investigation of the situation, which may include interviews with the student's teachers and parents and consultation with experts in student alcohol or other drug abuse, for the purpose of making a preliminary determination of the student's need for educational programs, supportive services, or treatment that

extend beyond the general school program by virtue of the student's use of alcohol or other drugs.
- (a) The findings of the assessment alone shall not prevent a student from attending school; and
- (2) Cooperate with community agencies as defined in N.J.A.C. 6A:16-4.1(b) and juvenile justice officials in providing evaluation, referral, and continuity of care for alcohol or other drug abuse treatment.
- m. While the student is at home because of the medical examination or after his or her return to school, the Principal or Superintendent may recommend or require alcohol and other drug assessment of the student or evaluation by appropriately certified or licensed professionals to make a

positive determination of a student's need for programs and services that extend beyond the general school program, as necessary.

(1) The findings of these additional evaluations alone shall not be used to prevent a student from attending school.

n. If at any time it is determined that the student's use of alcohol or other drugs presents a danger to the student's health and well-being, an individual who holds the Educational Services Certificate with the student assistance coordinator endorsement issued by the New Jersey State Board of Examiners or an individual who holds one of the following Educational Services Certificate endorsements: school nurse, school nurse/non-instructional, school psychologist, school counselor, school social worker, or student personnel services and is trained in alcohol and other drug abuse treatment referral shall initiate a referral for alcohol or other drug abuse treatment.

(2) The identity of the student believed to have been in possession of the substance or paraphernalia.

d. The Principal or designee shall not disclose the identity of a student who voluntarily and on his or her own initiative turned over the alcohol, other drug, or paraphernalia to a school employee, provided there is reason to believe the student was involved with the alcohol, other drug, or paraphernalia for the purpose of personal use and not distribution activities, and further provided the student agrees to participate in an appropriate treatment or counseling program.

(1) For the purposes of N.J.A.C. 6A:16-6.4, an admission by a student in response to questioning initiated by the Principal or teaching staff member, or following the discovery by the Principal or teaching staff member of a controlled dangerous substance, including anabolic

steroids, or drug paraphernalia shall not constitute a voluntary, self-initiated request for counseling and treatment.

F. Reporting Students to Law Enforcement Agencies

1. Subject to N.J.A.C. 6A:16-6.5, any staff member who, in the course of his or her employment, has reason to believe that a student has unlawfully possessed or in any way been involved in the distribution of a controlled dangerous substance, including anabolic steroids, or drug paraphernalia shall report the matter as soon as possible to the Principal or, in the absence of the Principal, to the staff member responsible at the time of the alleged violation.

SEXUAL HARASSMENT OF PUPILS

The Board of Education shall maintain an instructional environment that is free from harassment of any kind. Administrators and supervisors will make it clear to all staff, students and vendors that harassment is prohibited. Sexual harassment shall be specifically addressed in the Affirmative Action in-service programs required by law for all staff.

Sexual harassment interferes with the learning process and will not be tolerated. Any child who has knowledge of or feels victimized by sexual harassment should immediately report his/her allegation to the Affirmative Action officer or building Principal. This policy statement will be distributed to all students and their parents/guardians.

Pupils may file a formal grievance related to harassment on any of the grounds addressed in this policy. The Affirmative Action officer will receive all complaints and carry out a thorough investigation and will protect the rights of both the persons making the complaint and the alleged harasser.

Findings of discrimination or harassment will result in appropriate disciplinary action. Per Board of Education policy #5145.4

A. Definitions

Harassment is defined as a repeated pattern of unprovoked aggressive behaviors of a physical and/or psychological nature carried out by an individual or a group against an individual or group with the effect of causing harm or hurt. All forms of harassment meet the standards of being unwelcome, unwanted, and uncomfortable in the view of the recipient. They all have the effect of creating a hostile environment.

Harassment, in addition to the more obvious forms of physical harassment: hitting, poking, punching, tripping, etc., - intimidation may also be manifest through:

1. Peer pressure
2. Name calling
3. Teasing
4. Verbal challenges
5. Dares

8. Belittlement
9. Social exclusion
10. Spreading malicious rumors

Sexual harassment, as set forth above, may include, but is not limited to, the following:

1. Unwelcome leering, staring, sexual flirtations or propositions.
2. Unwelcome sexual slurs, threats, verbal abuse, derogatory comments, sexually degrading descriptions, or remarks that imply incompetence as a characteristic of gender.

B. Complaint Procedure

The following have received special training in the implementation of this policy and they may be used in an advisory capacity by anyone considering the use of the procedures: building Principal, the District Affirmative Action Officers, and district level administrators.

1. If possible, the harassing individual(s) should be informed, in clear and unmistakable terms that the behavior is unacceptable by the individual feeling harassed.
2. If the behavior continues, the complainant should contact a teacher or other trusted staff member and inform him/her of the harasser's behavior, when it took place, who may have witnessed it, and what has been attempted to halt the behavior.
3. The staff member shall attempt to resolve the matter at that level unless the behavior reported was egregious, especially harmful, or where past interventions have failed to stop a pattern of harassing behavior.

4. When the matter is not resolved at the staff level, the staff member shall inform the Principal of the situation within, if possible, the day of receiving the report from the pupil. If the Principal is unavailable, the matter shall be referred immediately to the District's Affirmative Action Officer or the Superintendent.
 - a. The Principal shall then meet with the offending pupil (individually when more than one is alleged to be involved) and attempt to resolve the matter at that level.
 - b. If a complaint is reported to the Principal, a record of the matter is created, in a manner consistent with the first stage of a formal complaint investigation. If the complaint is substantiated and the matter is resolved at this level, the documentation is maintained by the Principal in a locked confidential file for a period not to exceed five years. The individual against whom the complaint was lodged shall be informed of this record and procedure.
 - c. When a harassment charge reaches the Principal's level, the parents of affected students shall be informed by the Principal. The parents shall be provided a copy of the district's policy and this procedure.
 - d. If the accusation was found to be false or otherwise lacking in substance, the documentation shall be destroyed by the Principal.
5. If the matter cannot be resolved at the Principal's level, or if it should not be resolved at this level due to the nature or seriousness of the offense, the matter shall be referred to the District's Affirmative Action Officer, with the documentation, in an expeditious manner.
 - a. An informal complaint becomes formal when the complainant submits a written Complaint Report to the Affirmative Action Officer. Upon the receipt of a formal complaint, the Affirmative Action Officer shall complete the investigative process. The due process rights of all shall be respected during the investigation. Information shall only be imparted on a need-to-know basis.
 - b. The Principal or the district's Affirmative Action Officer shall inform the Superintendent.
 - c. Under no circumstances shall the Affirmative Action Officer interview a student without the parent/guardian receiving prior notification.
 - d. The Affirmative Action Officer shall meet with the pupil(s) who has allegedly been harassed and the pupil's parents.
 - e. The Affirmative Action Officer shall then meet with the alleged harasser(s) and that pupil's parents in an attempt to resolve the matter.
 - f. All involved pupils shall be apprised that any retaliatory behavior, or threat of same, shall result in disciplinary action.
 - g. The Affirmative Action Officer shall advise the Superintendent and Principal of the outcome of these two conferences.
 - h. The Principal and the Affirmative Action Officer may determine that all the directly involved pupils and their parents should be brought together, or in any other subdivision, to resolve the matter.

- i. The Affirmative Action Officer shall inform the pupil alleging harassment and the pupil's parents that the pupil has the right to file a formal grievance with the state's Civil Rights Commission.
