Evaluation Factors:

Awarding Best Value and Evaluation Criteria:

When deemed necessary, responses shall be evaluated by a committee designated by Santa Fe ISD. The District will generally award contracts on the basis of best value. Award(s) will be made to the best responsive, responsible offer, price and other factors considered. In determining the best value for the District, the District is not restricted to considering price alone. In awarding a contract, a district shall consider 1) Purchase price. 2) Extent to which the goods or services meet the district's needs. 3)

Vendor's ability to provide service on equipment following installation. 4) The vendor's past relationship with the district. Evaluations may include any other relevant factor specifically listed in the request for bids or proposals [Texas Education Code 44.03 l(b)]. Although all evaluation criteria listed above may be considered by the District, the District will decide which criteria will determine the successful bidder(s) to be considered for contract award.

When an evaluation is applicable, an evaluations committee will conduct a comprehensive, fair and impartial evaluation of all proposals received in response to this RFP.

Each proposal received will be analyzed to determine overall responsiveness and completeness as defined in the scope section and in the instructions on submitting a proposal. Failure to comply with the instructions or to submit a complete proposal may deem a proposal non-responsive and may at the discretion of the Evaluation Committee be eliminated from further evaluation.

If the evaluation committee has reasonable grounds to believe that the Proposer is unable to perform the required services to the satisfaction of Santa Fe ISD, Santa Fe ISD reserves the right to make an award to another proposer. Some indicators (but not a complete list) of probable supplier/proposer performance concerns are: past supplier performance; the proposer's financial resources and ability to perform; the proposer's experience or demonstrated capability and responsibility; and the supplier's ability to provide a reliable on-going business relationship and the maintenance of on-going agreements and support.

The Kitchen and Serving Line Equipment Solicitation Evaluation Criteria will be based on:

1. Purchase price **1-50%**
2. Extent to which the goods or services meet the districts needs **1-30%**
3. Vendor's ability to provide service on equipment following installation **1-10%**
4. Vendor's past relationship with district **1-10%**

Implementation of House Bill 1295

Certificate of Interested Parties (Form 1295):

In 2015, the Texas Legislature adopted House Bill 1295, which added section 2252.90a of the Government Code. The law states that a governmental entity or state agency may not enter into certain contracts with a business entity unless the business entity submits a disclosure of interested parties to the governmental entity or state agency at the time the business entity submits the signed contract to the governmental entity or state agency.

The law applies (with a few exceptions) only to a contract between a business entity and a governmental entity or state agency that either (1) requires an action or vote by the governing body of the entity or agency before the contract may be signed or (2) has a value of at least \$1 million. The disclosure requirement applies to a contract entered into on or after January 1, 2015.

Changed or Amended Contracts:

Form 1295 is only required for a change made to an existing contract in certain circumstances: (1) if a Form 1295 was not filed for the existing contract, then a filing is only required if the changed contract either requires an action or vote by the governing body or the value of the changed contract is at least \$1 million; or (2) if a Form 1295 was filed for the existing contract, then another filing is only required for the changed contract if there is a change to the information disclosed in the Form 1295, the changed contract requires an action or vote by the governing body, or the value of the changed contract increases by at least \$1 million.

As required by law, the Commission adopted the Certificate of Interested Parties form (Form 1295) on October 5, 2015. The Commission also adopted rules (Chapter 45) to implement the law. The Commission does not have any additional authority to enforce or interpret section 2252.90a of the Government Code.

Filing Process:

A business entity must use the Form 1295 filing application the Commission created to enter the required information on Form 1295 and print a copy of the completed form. Once entered into the filing application, the completed form will include a unique certification number, called a "certification of filing."

An authorized agent of the business entity must sign the printed copy of the form affirming under the penalty of perjury that the completed form is true and correct.

The completed, printed, and signed Form 1295 bearing the unique certification of filing number must be filed with the governmental body or state agency with which the business entity is entering into the contract.

Acknowledgement by State Agency or Governmental Entity:

The governmental entity or state agency must acknowledge receipt of the filed Form 1295 with the certification of filing, using the Commission's filing application, not later than the 30th day after the date the governing body or state agency receives the Form 1295. The Commission will post the completed Form 1295 to its website within seven business days after the governmental entity or state agency acknowledges receipt of the form.
