Classes begin at 8:15 a.m. and conclude at 2:55 p.m. Students who do not ride the bus should arrive at 8:00 a.m. On inclement weather mornings, students will be allowed to enter the building at 7:45 a.m. Teachers are involved in meetings and preparation before school and are not available to provide supervision prior to the first bell. Faculty supervisors are on duty from 7:45 a.m. to the opening bell in the morning. After school students will be dismissed in an orderly manner by their classroom teacher. Please do not leave your car unattended at the curb. Do not double park and block the road. Students are expected to leave the school grounds and go directly home. If you are picking up your child(ren) after school please respect our school hours and be on time. Dismissal is at 2:55 pm. The Lincoln playground is not supervised after school. The bus loading zone is supervised after school. An after-school childcare program is available from 2:55 pm-6:00 p.m. For more information, call **KID'S WORLD** at 334-6724. Children that are not picked up by 3:15 pm may be brought to Kid's World which then will be the responsibility of the parents to pay the fee.

### School Hours

**Grades K - 5**

**8:00 a.m. - 2:55 p.m.**

**Tardy Bell is 8:15 a.m.**

**Classes begin at 8:15 a.m.**

### **Attendance**

When your child is absent from school (i.e. illness, late due to an appointment), please remember to call us. To ensure that our students are safe, the office staff will be contacting families, at home or work, when we do not receive a call. Messages can be left on our 24 hour voicemail any time of the day or night at 507-333-6601. Please call the attendance line by 8:30 a.m. Students must report to the office for a pass when they arrive at school after the 8:15 a.m. bell.

### **Who is required to attend school?**

Minnesota law requires that every child between seven and 17 years of age must receive instruction (Minn. Stat. 120A.22, Subd 5). Once a child under the age of seven is enrolled in kindergarten or a higher grade in public school, the child is subject to compulsory attendance provisions.

### **What is a tardy?**

A tardy is any time a student arrives to class after the bell. At the beginning of the day, a student who arrives within the first 25 minutes of the school day will be marked tardy. After 25 minutes the student will be marked absent.

### **What is an excused absence? (per School Board policy 503)**

An excused absence is any absence that is reported by a parent or guardian to be due to:

1. Medical Illness. \*
2. Serious illness in the student's immediate family.
3. A death or funeral in the student's immediate family or of a close friend or relative.
4. Medical, dental, or orthodontic treatment, or a counseling appointment.
5. Court appearances occasioned by family or personal action.
6. Religious instruction.
7. Official school field trip or other school-sponsored outing.
8. Removal of a student pursuant to a suspension.
9. Family emergencies.
10. Administrative preapproved absences.

**\* A doctor's note may be required for absences due to illness that exceed four (4) consecutive day.**

### **What is an unexcused absence? (per School Board policy 503)**

An unexcused absence is any absence that does not meet the definition of excused absence. For example,

1. Leaving school without permission.
2. Any absence that does not meet the criteria specified in an excused absence.

### **What about family vacations?**

Family vacations may be deemed as excused with prior authorization from the building administrator. Authorization forms need to be completed by the student's parent/guardian at least two weeks before the intended vacation. Administrators will review student progress and attendance before approving the absences. Parents may be requested to meet with Administrators prior to approval. Vacations not approved will be considered unexcused absences.

Students whose absences are excused are required to make up all assignments missed or to complete alternative assignments as deemed appropriate by the classroom teacher.

Work missed because of absence must be made up according to school guidelines. Any work not completed within this period shall result in "no credit" for the missed assignment. However, the building principal or the classroom teacher may extend the time allowed for completion of make-up work in the case of an extended illness or other extenuating circumstances.

If a student misses fifteen (15) consecutive school days during the regular school year, without receiving instruction in the home or hospital setting, the School District must drop the student from its enrollment roll and classify the student as withdrawn. (Minn. Stat. 126C.05, Subd. 8). The School District may also be required to file an Educational Neglect or Truancy report with the student's county of residence.

### **What are the parent/guardian's' responsibilities?**

Parents of a school aged children are responsible for assuring that their child attends school. Parents are required to report absences to the school as soon as they know that their child is not going to be in school on a particular day.

### **What is truancy? (Minn. Stat. 260C.007, Subd 19)**

"Habitual truant" means a child under the age of 17 years who is absent from school without excuse for seven school days if the child is in elementary school or for one or more class periods on seven school days if the child is in middle school or high school or a child who is 16 or 17 years of age who is absent from school for one or more class periods on seven school days and who has not lawfully withdrawn from school.

### **What is Educational Neglect?**

Educational neglect refers to a child under the age of 12 years who is absent from school without excuse for more than seven school days and is in need of protection or services due to habitual truancy. For students under the age of 12 years, an absence from school without excuse is considered educational neglect by the parent rather than truancy by the child.

### **How will the district notify me if my child is absent from school?**

Parents are expected to notify the school when their child will not be in school for any reason. When parents do not notify the school, the schools have procedures in place for notifying parents of student absences on the same day they are absent from school.

### **What is the procedure for Unexcused Absences?**

Step 1: Parents report absences to the school attendance line if a student will be absent from school. If the parent does not notify the school the parents will be notified by the school on the day of the absence. An absence is considered unexcused until the parent has provided an explanation that meets the requirements of an excused absence.

Step 2: When a student has three unexcused absences a letter is sent to the parents notifying them of their child's attendance and the consequences of continued unexcused absences.

Step 3: After the fifth unexcused absence a second letter is sent to the parent/guardian. A phone contact is made by the School Social Worker/School Counselor to arrange a School Attendance Agreement meeting. The school may implement a number of interventions or impose a number of consequences as part of the School Attendance Agreement.

Step 4: Once the student reaches seven unexcused absence a final letter is sent to the parent/guardian notifying them that the student is considered habitual truant and the possible consequences of continued unexcused absences.

Step 5: Any further unexcused absences may result in an educational neglect report to the student's home county or a referral to the School Attendance Review Board (SARB) to discuss possible filing of truancy petition with the court.

### **What is the procedure for Excused Absences?**

Step 1: The parent/guardian reports absences to the school attendance line if a student will be absent from school. If the parent/guardian does not notify the school, the parent/guardian will be notified by the school on the day of the absence. An absence is considered unexcused until the parent/guardian has provided an explanation that meets the requirements of an excused absence.

Step 2: When a student has seven excused absences a letter is sent home to parents/guardian notifying them about their student's attendance and concerns about continued absences which may lead to requiring a doctor's note in order to excuse the student from school.

Step 3: When a student has eleven\*\*\* excused absences a letter is sent notifying the parent/guardian that a doctor's note is now required in order to excuse further absences. If the parent/guardian is unable to take the student to the doctor, the school nurse may be used to assess whether a child should attend school or remain home. If no doctor's note is not obtained the absence will be considered unexcused and the unexcused absence procedure will be followed.

\*\*\* Individual circumstances will be considered in regards to number of days missed and the need to require a doctor's excuse.

## **SECTION 3 – STUDENT EXPECTATIONS**

### **Discipline Plan**

Lincoln Elementary uses the Positive School Expectations Policy approved by the Faribault Public Schools School Board as its guideline when disciplining a child. School discipline/consequences strive to be consistent, reasonable, fair, age appropriate, and matched to the severity of the student's misbehavior. Disciplinary and restorative interventions may include an array of different interventions that range from conference with student, parent contact, loss of privilege up to suspension or expulsion. For more information see **School Board Policy Positive School Expectations Policy 537**

### **Classroom Behavior Expectations**

Each teacher, with student involvement, will develop their own classroom guidelines for behavior. The list of behavior expectations will be shared with parents posted in the classroom and will be reviewed from time to time with students.

### **Hallway Expectations**

In the interest of orderliness and consideration for others the following procedures will apply to all students:

1. Walk in the halls and on the stairs. Please stay to the right side.
2. Talk quietly, if at all, in the halls.
3. Always remember to be considerate of other classes and other students.
4. Any playground equipment or balls should be carried when in the building.
5. Walk, using handrails on the steps. Please stay to the right side.
6. Students will be in assigned areas at all times.
7. Use and show Above the Line Behaviors and Lincoln Pride at all times.

### **Playground Procedures**

In the interest of safety the following procedure will apply to all students.

#### Noon:

On all days, except when the weather does not permit, children will be expected to go outside for noon recess. We encourage parents to provide adequate clothing and footwear to ensure each child's comfort and safeties during these play periods.

#### Lunchroom Expectations

- Use good table manners.
- Stand in line properly
- Sit where assigned.
- Eat your own food – do not trade food.
- Clean up table and stack your tray properly.

Demonstrate Lincoln Pride and Above the Line Behavior.

#### Noon Hour Expectations

Students will be respectful and courteous to the noon aides at all times.

1. Playground equipment must be used properly.
2. Children are expected to remain in the designated playground areas. Students should obtain permission from a noon aide to retrieve balls, etc. outside of this area.
3. Students will treat everyone with respect. They will act in a friendly way toward others, so students will be safe at all times.
4. Once on the playground, students will remain there until the bell rings.
5. Treat all property with respect. Make sure all equipment is returned to the proper place.
6. When the bell rings, students are expected to line up at the designated door and wait quietly until greeted by the classroom teacher.

#### Communication

Open communication between home and school is critical to your child's success. We will try to keep you informed through monthly newsletters, classroom weekly PEEKS, conferences, report cards and open houses. Classroom teachers send weekly peeks to communicate important information from the classroom. We hope you will keep us informed as well. It is important for you to communicate important information with us, such as: change of address, telephone numbers, place of employment, and emergency contacts.

#### Changes in Student/Family Information

Household summary sheets are sent home at the beginning of each school year. They must be reviewed, updated and returned by the end of the first week of school. It is critical that school personnel have current emergency/family information. Parents/guardians must notify the school office with changes in the information during the school year.

#### Interpreters/Translators

Interpreters/translators are available for Deaf/Hearing Impaired and ESL parents as needed. Requests for any interpreter/translator services must be made BY THE PARENT/GUARDIAN, with the school's office, at least one week in advance. These services are provided at no charge.

#### Computer Lab

Students have access to the computer lab throughout the school day. Use of this technology throughout the Faribault School District Technology Network and Internet Access is a privilege. Expectations for the use of technology are as follows:

- Follow all guidelines as outlined in the Faribault Public Schools Technology Network and Internet Access Student Registration and Policy Contract, which must be signed by students and parent/guardians. See school board policy 524, Internet Acceptable Use and Safety Policy, for more information.
- Access materials that are solely for education purposes.
- Utilize equipment in a respectful manner.
- Create materials or projects that enhance a student's education

## **Student Dress Code**

Articles of clothing advertising or promoting drug/tobacco use, violence, gang insignia/colors, sexual practices or containing profanity will not be allowed. Students may wear the article "inside out" or call home for a more appropriate garment. Clothing that reveals undergarments or the bare midriff or bare lower back will not be allowed. Flip flop type footwear is not allowed. Students are not to wear coats during the school day unless the classroom environment demands it. Caps and hats are not to be worn inside the school building.

## **Preparations for Winter Months**

Students are expected to bring the following items to school every day in the winter months: warm winter coat, hat, mittens/gloves, scarf, snow pants, and boots. Our policy is that all students will go outside for recess in the winter months unless the temperature is below zero. Many of our students come to school not properly dressed to be outside for an extended period of time. We require these items because we want our student to be safe and remain healthy, so they can be in school. Please help us keep all of our students warm and safe this winter and send the proper attire to school each day.

## **Sodexo - Breakfast/Lunch/Milk Program**

A well-balanced and nutritious breakfast and lunch is available at school each day.

### **New this Year:**

- Minnesota passed a law allowing all students to eat for free. We are so excited to be able to provide free meals to all students in the Faribault school district.

### **Reimbursable Breakfast and Lunch:**

Definition of a reimbursable meal: Breakfast: At breakfast, schools must offer students all three required food components in at least the minimum required amounts. The components at breakfast are grains (with optional meats/meat alternates allowed); juice/fruit/vegetable; and milk. If operating offer vs serve, a student must be offered at least four food items and must select at least three food items, one of which must be ½ cup of fruit or vegetables for OVS.

Lunch: At lunch, schools must offer students all five required food components in at least the minimum required amounts. The components at lunch are: meats/meat alternates; grains; fruit; vegetables; and fluid milk. If operating offer vs serve, a student must take at least three components in the required serving sizes. One selection must be at least ½ cup from either the fruit or vegetable component.

- **Breakfast** will be available every day. All students will receive their BREAKFAST at NO CHARGE.
- Grades Kindergarten through 12th grade: No student will be denied a reimbursable breakfast or lunch if the food service account is negative, unless the account has been closed.

### **Student Accounts:**

- All reimbursable meals will be free to the students. However, your student can purchase ala carte items and/or second meals on their accounts
- A computerized prepay system is used for payment of ala carte items.
- Each student has their own account maintained by Sodexo. Payments can be mailed directly to the Sodexo Office at
- 925 Parshall St. or sent with your child to class to turn into the school office. Payments to include siblings from other schools cannot be accepted at the school office. PLEASE MAKE ALL CHECKS PAYABLE TO ISD. 656 Food Service and include the following information with your payment: the student's name, grade, and section. For information about your account, please call 333-6772.
- The Food Service Office and schools will make reasonable efforts to notify families, students, and employees when the account balance is low (\$10.00 or less). Low balance account statements for elementary students will be sent home weekly. The employees, Middle School and High School students will be told verbally when their account balances are low.
- Students will not be allowed to purchase any ala carte items if the account is negative.

### **Free and Reduced Meal Applications**

- We do need free and reduced applications to be filled out for tracking purposes and other benefits the school can receive through the USDA. These applications are sent home at the beginning of the school year and are available in the school office. **Applications must be made annually.** Meals are on a prepay system.
- **Lunch Times and Outside meals**
- Lunch times for individual classrooms vary. If you would like to visit school and have lunch with your child, please contact the school office at 333-6500 to make a reservation and find out what time your child's class has lunch.

- Due to federal guidelines we ask that the parent either purchases a school lunch or brings a home lunch. Outside vendor meals are strongly discouraged.

Please see school board policy 534 for further information.

### **Snacks/Treats**

When providing a snack for students please make healthy choices. Faribault Public Schools is committed to promoting student health and wellness in all we do. The FPS Wellness Policy states that any snack, birthday treats, etc. that are brought into the school should be healthy in nature. A list of healthy snacks can be provided and is located in the school office. Parents wishing to have birthday snacks for their children may choose one of the recommended snacks from the list or can choose non-food items to send in celebration of your student's day. You may either purchase the snack from Sodexo or on your own from a store. All snacks must be commercially packaged.

### **Gifts/Parties/Events**

Delivery of flowers, balloons, etc. will not be made to classrooms, the lunchroom, at graduation or concerts/school events or other areas of the school. Students will be called to the office at the end of the school day. Please be advised that balloons are not allowed on the bus. Typically there are three classroom celebrations during the year. Teachers plan their parties individually. If your child is celebrating with a party at home, please send invitations to classmates/friends through the U.S. mail. Distributing invitations at school can create disruption in the classroom and hurt feelings for those students who may not be included.

### **Kid's World**

A fee based, before and after-school program is available for students in Grades K-5. Kid's World is open from 6:00-8:00 a.m. and 3:00-6:00 p.m., Monday through Friday. For more information, contact the program coordinator at 333-6724.

### **Lost and Found**

Please label your child's clothing, backpacks, etc. Labeling items is the only way that we can return lost articles to the owner. Students and staff who find lost articles are asked to put them in the designated area. Lost articles, which are not claimed within a reasonable time, will be donated to organizations that provide free or low cost clothing. Students are advised to leave valuables (jewelry, Walkmans, Gameboys, etc.) at home. Students are expected to be responsible for the safekeeping of their own belongings.

### **Telephone Use**

Each classroom is equipped with a telephone although students must have permission from their classroom teacher to make phone calls. At the risk of your child's teacher not retrieving an important voice mail message in time, arrangements for after school activities, transportation, etc., should be made prior to arriving at school and not at the end of the day. If a message must be passed on to your child, please call the office before 2:30 PM.

Because use of personal telephones or smart devices (smart watches, iPods, etc.) would interfere with the learning environment and may interfere with communications during emergencies, the administration reserves the right to restrict their use at school. Personal cell phones are not allowed to be used at school. If a cell phone is brought to school for use after school, it is to remain in the students backpack. If the cell phone is brought out or used during school hours it will be confiscated and will need to be picked up at the school office by an adult.

## **SECTION 4 – STUDENT SAFETY**

### **Bike Safety**

Any child riding his/her bike to school must walk his/her bike once they are on school property. Bikes must be locked in the bike rack. The school assumes no responsibility for damaged or stolen bicycles.

### **Skateboards, Inline Skates, Wheelies, Scooters**

Skateboards, inline skates, wheelies, and scooters are not permitted at school.

### **Severe Weather**

In the event of severe weather, schools may close for the entire day, dismiss early, or delay in starting. Radio stations KDHL (920 AM dial) and WCCO (830 AM dial) are notified immediately of any decision. You may also obtain information

on school closings by calling our phone line dedicated to school emergencies at the Emergency Information Line – 333-6057. Please also look at the district website for weather information at [www.faribault.k12.mn.us](http://www.faribault.k12.mn.us).

**PLEASE DO NOT** call the school or administrative office, as phone lines are needed to make calls to parents/guardians, the bus company, and radio stations.

Parents may pick up their children early at any time during inclement weather. Parents may keep their children home if they feel the weather is too severe to send them to school even though school may be conducted. **Please be sure your child knows what to do if there is no one home when school has been dismissed early.**

### **Early Release Procedures**

An Early Dismissal Procedure notice will be sent home with each child this fall. At that time, parents will be asked to discuss family procedures in case of early dismissal and return the completed form (to be maintained on file by the classroom teacher.) In the case of early closing, students will be expected to follow your families' early dismissal plan. Students will not be allowed to call home for instructions as we need to keep our lines open for emergency and incoming calls.

### **School Patrol**

Our school safety patrol is provided for the protection of students crossing busy streets near the school. Squads will serve mornings and after school at the following intersections along Lincoln Avenue, George L Street, 6<sup>th</sup> Street and 7<sup>th</sup> Street.

Patrol members are on duty at these crossings from 7:45 to 8:05 a.m. and from 2:55 to 3:05 p.m. approximately. Your child should plan to arrive at these crossings while the school patrol is on duty. Students should be "dropped off" on the school-side of the street to avoid potential accidents. Please encourage your child to listen to and respect the school safety patrols.

In case of a thunderstorm with lightning – safety patrol students will not be on duty. Parents should have an alternate plan with their children.

### **Pets at School**

Due to the Clean Air Act and because of health and safety concerns, **pets are not allowed on school property.** Students are invited to share their pets via photographs or videotape. When the school curriculum calls for animals in the classroom, they will be allowed for the period necessary for study. Pets need to be contained in a vehicle.

### **Safety Drills**

Fire and severe weather drills are practiced during the school year. Each year we will conduct 5 fire drills, 5 lockdown drills, and 1 tornado drill. A district-wide comprehensive emergency/safety plan is in place and will be followed for all drills and emergency situations. With the state-of-art fire/smoke detection devices and sprinkler system, "Defend in Place" procedures will be followed for fire drills. This plan is approved by the local and state fire marshals.

### **Transportation – Faribault Transportation Company**

Whether a student rides the bus to and from school or for special events/activities, they are expected to follow rules of good conduct and safety with regard to their bus ride in order that the ride is safe and enjoyable for everyone. Students are allowed to ride only their assigned bus.

**Riding the school bus is a privilege, not a right. Specific consequences are outlined in policy 707 for school bus behavior which is available in the school office or at the District Office.**

### **BUS RULES Faribault Transportation 507-334-5121**

#### **E. Consequences**

Consequences for school bus/bus stop misconduct will apply to all regular and late routes. Decisions regarding a student's ability to ride the bus in connection with co-curricular and extracurricular events (for example, field trips or competitions) will be in the sole discretion of the school district. Parents or guardians will be notified of any suspension of bus privileges.

#### **Visitors**

All daytime visitors to our school (including parents) are required to pre-arrange all visits and first report to the main office. All parents, visitors or volunteers have to be "buzzed in" at the main entrance and should report immediately to the main office where they will be given a name tag to wear while they are in the building. Parents picking up their child(ren) during

the school day should do so from the office. All entrance doors other than the main entrance door will be locked once the students have arrived. Together we can ensure your child's safety. Please see school board policy 903 for further information.

## **SECTION 5 - HEALTH INFORMATION / HEALTH SERVICES**

The health office is open from 7:45 am– 3:00 pm on school days. The health office nurse can be reached at **333-6670**. Parents have the primary responsibility for their children's health. The health office nurse does not medically diagnose or prescribe. Parents who are in doubt as to the condition of their child should consult a physician. The health office nurse should be informed of any health conditions the student may have and may request further documentation for the student's health file.

### **Students should stay home and will be asked to go home if any of the symptoms below are present:**

A fever over 100 degrees (stay home 24 hours after temperature is back to normal without fever reducing medicine)  
Vomiting or diarrhea (stay home 24 hours after last episode)  
Any undiagnosed rash  
Strep throat (return to school 12 hours after antibiotics are started)  
Any undiagnosed draining wounds

### **Parents must inform the school within 24 hours if their child has an infectious disease.**

These may include but are not limited to: head lice, ring worm, scabies, impetigo, chicken pox, and pink eye.

The health office nurse may excuse a student twice from physical activity due to illness or injury. If a student requires longer or further restrictions from a class a doctor's note determining duration and specific restrictions will be required.

All medication must be administered through the school health office. Tylenol (acetaminophen) and ibuprofen can be administered by health office staff, with written parental authorization, up to a maximum of 5 times a month. Student will need to have their own supply in the health office. All other medications require a Medication Authorization Form completed by a Health Care Provider and signed by a guardian. **The school district does not furnish Acetaminophen (Tylenol) or Ibuprofen.**

All other medications that are administered at school must be 1) Accompanied by a Medication Authorization Form signed by a prescribing Health Care Provider. The Medication Authorization will state medication, dosage, time, duration, and medical reason for medication, other medications this student is taking and side effects of medications. 2) Administered only if parent has signed the medication authorization form. 3) In the original pharmacy labeled container marked with the student's name, medication name, dosage, times to be given, and route of administration. 4) Any controlled substance medication will be brought to the school and picked up at the school by an adult. Please see school board policy 516 for more information.

If your child has any allergies provide documents from your Health Care Provider stating what foods/substances/etc. should be avoided (For specifics forms speak to the Health Office Nurse). This information will be shared with staff on a "need to know" basis and inform the kitchen staff so they can substitute the food items, or you can choose to send your child a cold lunch from home.

Faribault Public Schools are latex free environments. Please do not bring any latex containing products into any of the buildings. Only Mylar balloons are allowed inside the school buildings.

Minnesota Law requires that all students be up to date on their immunizations or have a notarized exemption on file in the health office. The health office nurse will send home requests for student immunization records as needed. If the student does not meet this requirement, they may be held out of school per the district immunization policy.

**"If your child has a health or medical condition that could potentially cause a life threatening emergency while being transported by school bus, it is the parent's responsibility to notify the Faribault Transportation Company at 507-333-6001 or 507-334-5121."**

## SECTION 6 – STUDENT CURRICULUM

### **Reading/Language Arts**

The vision of the Language and Literacy framework is that the process of learning to read and write should be motivating, captivating, enjoyable, and rewarding so that all students read and write with passion and purpose. The classrooms are organized around a minimum of between 120 to 135 minutes of literacy instruction. This includes three major components of Reading Workshop, Writing Workshop and Language and Word Study. The entire Reading Workshop is co-taught. That means that there are two professional educators in the classroom for the entire 60 minute Readers Workshop. The students select their own books to read, at their level, and the teacher teaches the reading strategies to through whole group, independent reading (with conferring), and small group instruction. A complete summary of our Language Arts Curriculum can be found on our website under: Departments – Curriculum – School Curriculum.

### **Mathematics**

K-5 Math Curriculum incorporates the best practices as described in the MN Sci-Math Frameworks and embeds the Minnesota Preparatory Standards. The curriculum is supported by *My Math*, a program developed by the University of Chicago School Mathematics Program with funding from the National Science Foundation. Teachers spend 90 minutes per day in math instruction.

*My Math* is a research-based kindergarten through fifth grade curriculum. Mathematical concepts are interwoven over time and in a variety of applications. The program builds on children’s capabilities by expanding the range of their mathematics, experiences, and ideas.

### **Social Studies**

The social studies goals are to develop an understanding of the relationships between human beings and their complex world. Students should develop competencies for solving problems and clarifying issues. The curriculum includes the study of the relationships of people with their environment using an interdisciplinary approach. The students study from local to international levels. The district has adopted **Social Studies Alive** curriculum.

### **Science**

The science program is a blend of hands-on science experiments and inquiry lessons. Students also have the opportunity to visit the Riverbend Nature Center for life science learning experiences.

### **Art**

The elementary art curriculum provides students with opportunities to develop the necessary skills for self-expression. An appreciation of art is taught with a hands-on approach to creating art. Both flat and dimensional projects are chosen to expose children to a variety of materials.

### **Library/Media**

The elementary media program is an essential element of the total education program. It is an extension and an integral part of the classroom instruction program. This is the beginning process, which leads students to a lifelong appreciation and critical use of print and non-print media as they begin the processes of inquiry.

### **Music**

The elementary music curriculum provides every student with an opportunity to experience singing, moving, playing instruments, the use of technology and composing. Students in grades K-5 have one performance/concert during the school year.

### **Physical Education**

Students strive for personal growth, development and fitness in the physical education classes. Each fall and spring, students in grades 1-5 participate in Presidential Physical Fitness testing. Physical Education contributes to the improvement of motor skills for efficiency in the activities of everyday living and leisure-time use. Students are required to have tennis shoes for Phy-Ed classes as a safety precaution.

If, for some reason, a child is unable to participate in physical education class, specific written notification must be provided.

If the student is unable to participate for more than one day, a doctor's statement identifying specific restrictions may be required.

### **Special Education**

Support services are available for students who meet State/Federal guidelines for Special Education services.

### **English as a Second Language**

Students with limited English proficiency will receive services to increase language and classroom skills.

### **Title I Services**

Title I reading support services are available to qualifying students in grades K, 1, 2 and 3.

### **School Social Work Services**

Social Work services are available to any and all students and families. These services are provided in order to improve and address issues regarding the social and emotional development of our students. These services may be provided at the classroom level, within small groups and on a one to one basis.

### **Gifted and Talented Services**

Gifted and Talented children and youth are those students with outstanding abilities identified at elementary and secondary levels. These are students who may require differentiated and challenging educational programs and services in collaboration with the general school program.

### **Testing**

The district uses the FastBridge assessment to measure progress in reading and math. These score reports are used for screening, skill analysis, instructional planning, and more to ensure educators have the right tools and the right data to provide timely and targeted supports. The Minnesota Comprehensive Assessments are administered in the spring to all third through fifth grade students. Third and fourth graders are tested in Reading and Math. Fifth graders are tested in Reading, Math, and Science.

Please take the time to read the Parent/Guardian Guide to Statewide Testing information provided below. This will answer many questions you might have about testing. If you choose to opt out of state testing for your student, please make sure to return the required form as soon as possible.

### **What is the MCA?**

The Minnesota Comprehensive Assessments (MCA) are state tests in reading, mathematics, and science that are used to meet federal and state legislative requirements. The tests are administered every year to measure student performance relative to the Minnesota Academic Standards that specify what students in a particular grade should know and be able to do.

**Parent/Guardian Guide to Statewide Testing** - Questions and Answers about the MCA in Reading, Mathematics, and Science.

### **Why do we give these tests?**

We use the MCA to find out how well schools have aligned curriculum to and instructed students in the Minnesota Academic Standards in reading, mathematics, and science. The reading and mathematics assessments are also used in federal and state accountability measurements.

Schools use the information to improve classroom teaching and learning. Teachers and principals look for areas where students do well so they can reinforce the ways they teach these skills. They also look for areas that need improvement so they can increase instructional time or modify their instruction.

### **Who must take these tests?**

All students in public schools are required to participate in the statewide assessment program. Reading and mathematics tests are administered in grades 3–8 and high school (students in grade 10 take the Reading MCA, and students in grade 11 take the Mathematics MCA). The Science MCA is administered to students in grades 5 and 8 and in the high school

grade when students take a life science or biology course. With very few exceptions, all public school students in the above grades take the MCA.

Students with an Individualized Education Program (IEP) or 504 plan may be eligible for accommodations. Some students with significant cognitive disabilities may be eligible to take the Minnesota Test of Academic Skills (MTAS) instead of the MCA. The MTAS is an alternate assessment based on alternate achievement standards in reading, mathematics, and science. For more information, see the MTAS Eligibility Requirements on the MDE website (Go to Districts, Schools and Educators > Statewide Testing > Minnesota Tests).

### **How are tests administered?**

All grades of the Reading, Mathematics, and Science MCA are administered online only. Paper accommodations are available for eligible students, including large print and braille.

The online Reading and Mathematics MCA are adaptive tests, which means that the test adjusts to each student's responses.

For reading, the test adjusts at a passage level, so a student's responses to a set of items for a passage determine the next group of passages and items a student will receive.

For mathematics, every time a student answers a question, his or her response helps determine the next question the student will answer.

### **How can students prepare for the tests?**

The Test Preparation Suggestions for Parents and Teachers handout on the MDE website (Go to Students and Families Statewide Testing) is available on the MDE website with tips on content preparation and general test-taking strategies.

Item samplers help students become familiar with the format of the test and the types of questions that are on the test. Student tutorials for online tests provide information on using the online tools and describe navigation and item types. Go to the Item Samplers page on the MDE website (Go to Districts, Schools and Educators > Statewide Testing > Item Samplers) for information on accessing the item samplers and student tutorials.

### **What does it take to pass the tests?**

Students do not pass or fail the reading, mathematics, or science tests. Since the tests measure student performance relative to the Minnesota Academic Standards, each student receives a score that falls in one of four achievement levels—Does Not Meet the Standards, Partially Meets the Standards, Meets the Standards, and Exceeds the Standards.

### **What skills are assessed by the MCA?**

The MCA measures student performance on the Minnesota Academic Standards (Go to Districts, Schools and Educators > Academic Standards K-12).

The Reading MCA is aligned to the 2010 academic standards.

The Mathematics MCA is aligned to the 2007 academic standards.

The Science MCA is aligned to the 2009 academic standards.

### **How can I see the MCA results for my child, school, and district?**

Your school will receive an individual student report for your child and will provide this information to you. This report shows your child's overall score in each subject, as well as scores for specific skill areas within each subject. It includes information about achievement level, comparisons to various groups, and comparisons to the student's performance in past years, when applicable.

School and district results are available in the Minnesota Report Card on the MDE website (MDE website > Data Center > Minnesota Report Card).

**SECTION 7 – STUDENT ACTIVITIES**

**C.A.R.E.S. Council**

The Lincoln C.A.R.E.S. Council consists of student representatives from grades 4-5. There are two students from each classroom. One representative is selected by the student’s classmates and the alternate representative is selected by the classroom teacher. All representatives are expected to demonstrate positive leadership at all times. Throughout the year the council meets approximately one time per month after school to plan a variety of activities. They include a Faribault Food Shelf Food Drive, Pennies for Patients, Earth Day activities, popsicle sales, etc. The activities are chosen to benefit organizations which help others or our school.

**Field Day**

All 5<sup>th</sup> grade students participate in our annual Elementary Track and Field Day. Students may participate in individual and group events. Field Day events include running events, relays, three-legged race, softball throw, long jump and tug-of-war. Field Day is designed to be a fun day for students with school pride and sportsmanship exhibited.

**Community School**

Community School offers a range of things to do for students and adults alike. This program is open to all students PreK-8 from any Faribault school. Community School also offers free dinners to kids 18 and under Monday-Thursday from 4:50-5:30 p.m. at Jefferson Elementary and Faribault Middle School. If you would like more information about this program, please contact Elizabeth Eul at (507) 333-6588 or Nora Schulz at (507) 333-6378.

(Prescription drugs are to be administered in the Health Office) See Medication Section. Violation of this policy will result in an immediate referral to the building administration. Parents will be contacted. Violations of this nature will result in disciplinary action.

Please see school board policy 418 for complete policy.

### **Policy Prohibiting Bullying**

A safe and civil environment is needed for students to learn and attain high academic standards and to promote healthy human relationships. Bullying, like other violent or disruptive behavior, is conduct that interferes with a student's ability to learn and/or a teacher's ability to educate students in a safe environment. The school district cannot monitor the activities of students at all times and eliminate all incidents of bullying between students, particularly when students are not under the direct supervision of school personnel. However, to the extent such conduct affects the educational environment of the school district and the rights and welfare of its students and is within the control of the school district in its normal operations, the school district intends to prevent bullying and to take action to investigate, respond to, and to remediate and discipline for those acts of bullying which have not been successfully prevented. The purpose of this policy is to assist the school district in its goal of preventing and responding to acts of bullying, intimidation, violence, reprisal, retaliation, and other similar disruptive and detrimental behavior.

## II. GENERAL STATEMENT OF POLICY

A. An act of bullying, by either an individual student or a group of students, is expressly prohibited on school premises, on school district property, at school functions or activities, or on school transportation. This policy applies not only to students who directly engage in an act of bullying but also to students who, by their indirect behavior, condone or support another student's act of bullying. This policy also applies to any student whose conduct at any time or in any place constitutes bullying or other prohibited conduct that interferes with or obstructs the mission or operations of the school district or the safety or welfare of the student or other students, or materially and substantially interferes with a student's educational opportunities or performance or ability to participate in school functions or activities or receive school benefits, services, or privileges. This policy also applies to an act of cyberbullying regardless of whether such act is committed on or off school district property and/or with or without the use of school district resources.

B. No teacher, administrator, volunteer, contractor, or other employee of the school district shall permit, condone, or tolerate bullying.

C. Apparent permission or consent by a student being bullied does not lessen or negate the prohibitions contained in this policy.

D. Retaliation against a victim, good faith reporter, or a witness of bullying is prohibited.

E. False accusations or reports of bullying against another student are prohibited.

F. A person who engages in an act of bullying, reprisal, retaliation, or false reporting of bullying or permits, condones, or tolerates bullying shall be subject to discipline or other remedial responses for that act in accordance with the school district's policies and procedures, including the school district's discipline policy (See MSBA/MASA Model Policy 506). The school district may take into account the following factors:

1. The developmental ages and maturity levels of the parties involved;
2. The levels of harm, surrounding circumstances, and nature of the behavior;
3. Past incidences or past or continuing patterns of behavior;
4. The relationship between the parties involved; and
5. The context in which the alleged incidents occurred.

Consequences for students who commit prohibited acts of bullying may range from remedial responses or positive behavioral interventions up to and including suspension and/or expulsion. The school district shall employ research-based developmentally appropriate best practices that include preventative and remedial measures and effective discipline for deterring violations of this policy, apply throughout the school district, and foster student, parent, and community participation.

Consequences for employees who permit, condone, or tolerate bullying or engage in an act of reprisal or intentional false reporting of bullying may result in disciplinary action up to and including termination or discharge.

Consequences for other individuals engaging in prohibited acts of bullying may include, but not be limited to, exclusion from school district property and events.

G. The school district will act to investigate all complaints of bullying reported to the school district and will discipline or take appropriate action against any student, teacher, administrator, volunteer, contractor, or other employee of the school district who is found to have violated this policy.

### III. DEFINITIONS

For purposes of this policy, the definitions included in this section apply.

A. "Bullying" means intimidating, threatening, abusive, or harming conduct that is objectively offensive and:

1. an actual or perceived imbalance of power exists between the student engaging in the prohibited conduct and the target of the prohibited conduct, and the conduct is repeated or forms a pattern; or
2. materially and substantially interferes with a student's educational opportunities or performance or ability to participate in school functions or activities or receive school benefits, services, or privileges.

The term, "bullying," specifically includes cyberbullying as defined in this policy.

B. "Cyberbullying" means bullying using technology or other electronic communication, including, but not limited to, a transfer of a sign, signal, writing, image, sound, or data, including a post on a social network Internet website or forum, transmitted through a computer, cell phone, or other electronic device. The term applies to prohibited conduct which occurs on school premises, on school district property, at school functions or activities, on school transportation, or on school computers, networks, forums, and mailing lists, or off school premises to the extent that it substantially and materially disrupts student learning or the school environment.

C. "Immediately" means as soon as possible but in no event longer than 24 hours.

D. "Intimidating, threatening, abusive, or harming conduct" means, but is not limited to, conduct that does the following:

1. Causes physical harm to a student or a student's property or causes a student to be in reasonable fear of harm to person or property;

2. Under Minnesota common law, violates a student's reasonable expectation of privacy, defames a student, or constitutes intentional infliction of emotional distress against a student; or

3. Is directed at any student or students, including those based on a person's actual or perceived race, ethnicity, color, creed, religion, national origin, immigration status, sex, marital status, familial status, socioeconomic status, physical appearance, sexual orientation including gender identity and expression, academic status related to student performance, disability, or status with regard to public assistance, age, or any additional characteristic defined in the Minnesota Human Rights Act (MHRA). However, prohibited conduct need not be based on any particular characteristic defined in this paragraph or the MHRA.

E. "On school premises, on school district property, at school functions or activities, or on school transportation" means all school district buildings, school grounds, and school property or property immediately adjacent to school grounds, school bus stops, school buses, school vehicles, school contracted vehicles, or any other vehicles approved for school district purposes, the area of entrance or departure from school grounds, premises, or events, and all school-related functions, school-sponsored activities, events, or trips. School district property also may mean a student's walking route to or from school for purposes of attending school or school-related functions, activities, or events. While prohibiting bullying at these locations and events, the school district does not represent that it will provide supervision or assume liability at these locations and events.

F. "Prohibited conduct" means bullying or cyberbullying as defined in this policy or retaliation or reprisal for asserting, alleging, reporting, or providing information about such conduct or knowingly making a false report about bullying.

G. "Remedial response" means a measure to stop and correct prohibited conduct, prevent prohibited conduct from recurring, and protect, support, and intervene on behalf of a student who is the target or victim of prohibited conduct.

H. "Student" means a student enrolled in a public school or a charter school.

#### IV. REPORTING PROCEDURE

A. Any person who believes he or she has been the target or victim of bullying or any person with knowledge or belief of conduct that may constitute bullying or prohibited conduct under this policy shall report the alleged acts immediately to an appropriate school district official designated by this policy. A person may report bullying anonymously. However, the school district may not rely solely on an anonymous report to determine discipline or other remedial responses.

B. The school district encourages the reporting party or complainant to use the report form available from the principal or building supervisor of each building or available in the school district office, but oral reports shall be considered complaints as well.

C. The building principal, the principal's designee, or the building supervisor (hereinafter the "building report taker") is the person responsible for receiving reports of bullying or other prohibited conduct at the building level. Any person may report bullying or other prohibited conduct directly to a school district human rights officer or the superintendent. If the complaint involves the building report taker, the complaint shall be made or filed directly with the superintendent or the school district human rights officer by the reporting party or complainant.

The building report taker shall ensure that this policy and its procedures, practices, consequences, and sanctions are fairly and fully implemented and shall serve as the primary contact on policy and procedural matters. The building report taker or a third party designated by the school district shall be responsible for the investigation. The building report taker shall provide information about available community resources to the target or victim of the bullying or other prohibited conduct, the perpetrator, and other affected individuals as appropriate.

D. A teacher, school administrator, volunteer, contractor, or other school employee shall be particularly alert to possible situations, circumstances, or events that might include bullying. Any such person who witnesses, observes, receives a report of, or has other knowledge or belief of conduct that may constitute bullying or other prohibited conduct shall make reasonable efforts to address and resolve the bullying or prohibited conduct and shall inform the building report taker immediately. School district personnel who fail to inform the building report taker of conduct that may constitute bullying or other prohibited conduct or who fail to make reasonable efforts to address and resolve the bullying or prohibited conduct in a timely manner may be subject to disciplinary action.

E. Reports of bullying or other prohibited conduct are classified as private educational and/or personnel data and/or confidential investigative data and will not be disclosed except as permitted by law. The building report taker, in conjunction with the responsible authority, shall be responsible for keeping and regulating access to any report of bullying and the record of any resulting investigation.

F. Submission of a good faith complaint or report of bullying or other prohibited conduct will not affect the complainant's or reporter's future employment, grades, work assignments, or educational or work environment.

G. The school district will respect the privacy of the complainant(s), the individual(s) against whom the complaint is filed, and the witnesses as much as possible, consistent with the school district's obligation to investigate, take appropriate action, and comply with any legal disclosure obligations.

## V. SCHOOL DISTRICT ACTION

A. Within three days of the receipt of a complaint or report of bullying or other prohibited conduct, the school district shall undertake or authorize an investigation by the building report taker or a third party designated by the school district.

B. The building report taker or other appropriate school district officials may take immediate steps, at their discretion, to protect the target or victim of the bullying or other prohibited conduct, the complainant, the reporter, and students or others, pending completion of an investigation of the bullying or other prohibited conduct, consistent with applicable law.

C. The alleged perpetrator of the bullying or other prohibited conduct shall be allowed the opportunity to present a defense during the investigation or prior to the imposition of discipline or other remedial responses.

D. Upon completion of an investigation that determines that bullying or other prohibited conduct has occurred, the school district will take appropriate action. Such action may include, but is not limited to, warning, suspension, exclusion, expulsion, transfer, remediation, termination, or discharge. Disciplinary consequences will be sufficiently severe to try to deter violations and to appropriately discipline prohibited conduct. Remedial responses to the bullying or other prohibited conduct shall be tailored to the particular incident and nature of the conduct and shall take into account the factors specified in Section II.F. of this policy. School district action taken for violation of this policy will be consistent with the requirements of applicable collective bargaining agreements; applicable statutory authority, including the Minnesota Pupil Fair Dismissal Act; the student discipline policy (See MSBA/MASA Model Policy 506) and other applicable school district policies; and applicable regulations.

E. The school district is not authorized to disclose to a victim private educational or personnel data regarding an alleged perpetrator who is a student or employee of the school district. School officials will notify the parent(s) or guardian(s) of students who are targets of bullying or other prohibited conduct and the parent(s) or guardian(s) of alleged perpetrators of

bullying or other prohibited conduct who have been involved in a reported and confirmed bullying incident of the remedial or disciplinary action taken, to the extent permitted by law.

F. In order to prevent or respond to bullying or other prohibited conduct committed by or directed against a child with a disability, the school district shall, when determined appropriate by the child's individualized education program (IEP) team or Section 504 team, allow the child's IEP or Section 504 plan to be drafted to address the skills and proficiencies the child needs as a result of the child's disability to allow the child to respond to or not to engage in bullying or other prohibited conduct.

## VI. RETALIATION OR REPRISAL

The school district will discipline or take appropriate action against any student, teacher, administrator, volunteer, contractor, or other employee of the school district who commits an act of reprisal or who retaliates against any person who asserts, alleges, or makes a good faith report of alleged bullying or prohibited conduct, who provides information about bullying or prohibited conduct, who testifies, assists, or participates in an investigation of alleged bullying or prohibited conduct, or who testifies, assists, or participates in a proceeding or hearing relating to such bullying or prohibited conduct. Retaliation includes, but is not limited to, any form of intimidation, reprisal, harassment, or intentional disparate treatment. Disciplinary consequences will be sufficiently severe to deter violations and to appropriately discipline the individual(s) who engaged in the prohibited conduct. Remedial responses to the prohibited conduct shall be tailored to the particular incident and nature of the conduct and shall take into account the factors specified in Section II.F. of this policy.

## VII. TRAINING AND EDUCATION

A. The school district shall discuss this policy with school personnel and volunteers and provide appropriate training to school district personnel regarding this policy. The school district shall establish a training cycle for school personnel to occur during a period not to exceed every three school years. Newly employed school personnel must receive the training within the first year of their employment with the school district. The school district or a school administrator may accelerate the training cycle or provide additional training based on a particular need or circumstance. This policy shall be included in employee handbooks, training materials, and publications on school rules, procedures, and standards of conduct, which materials shall also be used to publicize this policy.

B. The school district shall require ongoing professional development, consistent with Minn. Stat. § 122A.60, to build the skills of all school personnel who regularly interact with students to identify, prevent, and appropriately address bullying and other prohibited conduct. Such professional development includes, but is not limited to, the following:

1. Developmentally appropriate strategies both to prevent and to immediately and effectively intervene to stop prohibited conduct;
2. The complex dynamics affecting a perpetrator, target, and witnesses to prohibited conduct;
3. Research on prohibited conduct, including specific categories of students at risk for perpetrating or being the target or victim of bullying or other prohibited conduct in school;
4. The incidence and nature of cyberbullying; and
5. Internet safety and cyberbullying.

C. The school district annually will provide education and information to students regarding bullying, including information regarding this school district policy prohibiting bullying, the harmful effects of bullying, and other applicable initiatives to prevent bullying and other prohibited conduct.

D. The administration of the school district is directed to implement programs and other initiatives to prevent bullying, to respond to bullying in a manner that does not stigmatize the target or victim, and to make resources or referrals to resources available to targets or victims of bullying.

E. Faribault Public Schools recognizes that using digital technologies can enhance student learning experiences and facilitate the development of 21st century skills. The Faribault School's BYOD program will provide an opportunity for students to bring their own mobile devices to school to use in the classroom. The purpose of allowing a BYOD environment is to continue to develop our digital learning initiative and to empower students to take a more active approach to their personal learning. Faribault Schools will provide Internet access to the ISD 656 guest network for the use of mobile devices. Students who choose to participate in the BYOD program must follow the Internet Acceptable Use and Safety Policy and the Bring Your Own Device Guidelines.
