Cooperative Educational Services School Readiness Program Earns National NAEYC Accreditation

Program recognized among the top in the nation by earning accreditation

Trumbull, CT– Cooperative Educational Services School Readiness Program located in Trumbull has earned accreditation from the [National Association for the Education of Young Children](#) (NAEYC)—the world's largest organization working on behalf of young children.

NAEYC Accreditation is a rigorous and transformative quality-improvement system that uses a [set of 10 research-based standards](#) to collaborate with early education programs to recognize and drive quality-improvement in high-quality early learning environments. Program Director Ivelisse Guzman said, “We are thrilled to announce that our dedicated team of teachers has achieved NAEYC accreditation! This prestigious recognition reflects our unwavering commitment to providing high-quality early childhood education and care. It’s a testament to the hard work and passion of our team members who consistently strive for excellence in nurturing young minds. We are proud to continue offering the best possible educational experience for the children and families we serve.”

To earn NAEYC Accreditation, C.E.S. School Readiness Program went through an extensive self-study and quality-improvement process, followed by an on-site visit by NAEYC Assessors to verify and ensure that the program met each of the ten program standards, and hundreds of corresponding individual criteria. NAEYC-accredited programs are always prepared for unannounced quality-assurance visits during their accreditation term, which lasts for five years.

In the 30 years since NAEYC Accreditation was established, it has become a widely recognized sign of high-quality early childhood education. More than 6,000 programs are currently accredited by NAEYC—less than **10 percent** of all child care centers, preschools, and kindergartens nationally achieve this recognition.

“NAEYC-Accredited programs have committed to a process that takes time, energy and dedication to complete” states Alissa Mwenelupembe, Senior Director Early Learning Program Accreditation. “ C.E.S. School Readiness Program has demonstrated their commitment to young children and their families.”
