Excellence ★ Diversity ★ Success

September 2023

Dear Glen Hills Families,

We use the STAR Assessment to help understand student learning growth and achievement around grade level standards as students progress throughout the school year. This information is used to make instructional decisions to both support and challenge students academically.

The testing window is **September 11th-20th** for students in grades 4-8. 4th - 6th Grades will test the 12th and the 14th. 7th - 8th Grades will test the 13th and the 15th. Any scholars who miss those dates will have make-up testing the 18th through the 20th.

Please review the resource below regarding the STAR test for families.
