Please see the questions asked and my responses below:

1. I meant to ask on the can liners. You have the 40x48 16mil clear liner on the bid. Are you wanting that size or are you going to stick with the 38x58 clear bag?
  - Everyone bid the 38x58 last year and we have not had any issues with them fitting our containers. I am wanting to stick with what we currently have so I do not run into fitment issues.
2. On your paper products, toilet tissue-2ply standard are you currently purchasing the Spring Grove 422109?
  - We are using the Spring Grove 422109 for household toilet paper. We buy it 96 rolls to a case.
  - We are using Spring Grove 442778 9" JRT 2 ply as well.
3. Under Dust Mops, the last item...microfiber high duster with telescopic pole. What size are you looking for? 8', 23', 30'?
  - Our current pole without the duster on it is 24" and extends to 60".
4. Under Misc, you have Robbermaid Brutex....Do you mean a Rubbermaid Brute and if so, what size 32 gallon, 44 gallon, or 55 gallon?
  - Rubbermaid Brute in the 55 gallon size.

Thanks,

- I do have a few questions.

  2. Under Dust Mops, the last item...microfiber high duster with telescopic pole. What size are you looking for? 8', 23', 30'?

I think that's it. Thanks and have a great day.
