Donna,

Here is addendum 3 with the revisions:

Good morning Mrs. Mosak,

1. Our current liners are black with the exception of the 38x60 clear liners. The 40x48 liner in the clear liner and all vendors bid them at 38x60. So far, we have purchased 112 boxes of them this year. We did have an excess of these left over from last year, but I do not know that count.
2. The amounts listed in my previous response; roughly 304 boxes of the 30x36 liners, 556 boxes of the 38x58, and 112 boxes of the 38x60 clear liners, were for the entire year. We placed orders as our stock ran low and the amount we ordered depended on the amount of storage we currently had in our warehouse to store them at that time. We tried to place large orders to reduce the number of orders we had to place during the year.
3. I am happy to provide a sample of each liner, provided you set up the shipping and cover any costs associated with it.

Thanks,

"Supporting Learning Through Service"
