Donna,

I have attached the spreadsheet with the awarded vendors and pricing from this current year. This spreadsheet lists the current count per case, size, and color for our trash liners.

We order our trash bags and non-latex powder free gloves as needed. We have currently ordered trash bags six times this year. We ordered roughly 304 boxes of the 30x36 liners, 556 boxes of the 38x58, and 112 boxes of the 38x60 clear liners. We did have excess trash liners in the 38x60 clear and the 38x58 from last budget year. I do not have the information readily available for the non-latex gloves. We had an abundance of these from previous years and I do not believe we had to order any last year.

Thanks,
