Town update statement on Cargill Falls.

At the recent September 5, 2023, Board of Selectmen meeting, several residents of the Cargill Fall Lofts made public statements about various concerns. In May 2023, the Town received a "Notice of Intention to Commence Action Against Municipality" from the attorney representing tenants at The Lofts at Cargill Falls Mill. As with any pending or threatened legal claim, the Town, including its Selectmen, decline to comment on the situation.
