

# Maine East Preschool has Openings for 2023-24

The Maine East Preschool preschool program has openings for the 2023-24 school year. The preschool is a lab-based early childhood program where the student teachers teach the children under the direction of a certified teacher.

A typical day includes circle time, story, movement/music, literacy, math, science/sensory, art, and free play. The program runs from 8:45am- 12:30pm, twice a week.

The preschool session begins in late September and ends in early May. The program follows the District 207 schedule with some additional breaks for training of the high school student teachers.

The cost is just \$300 for the school year. Students must be at least 3 yrs. old and potty trained to attend.
