Sole Source Purchase of ADA Wheelchair Lift

February 28, 2023

After searching approximately one year we were able to find a vendor to install an ADA Wheelchair Lift at the Primary School. MCI Elevator and Lifts from Fife Washington will be able to install the lift per L&I/Local codes.

The Board authorizes utilizing the "Sole Source" process of procurement for the purchase of this ADA Wheelchair Lift. Sole source is being utilized because no other vendor could be found that could meet the requirements.

Cost installed, with tax will be approximately \$41,000. This Lift will be paid utilizing Federal Stimulus Funds. The purchase has been preapproved by OSPI.

PO will not be issued until Board Approval. This paperwork will be posted to the District's Website.

Sincerely,

Dean M. Schlenker
Business Manager
