She stated that is very important that we understand the concerns that the community has and in seeing the results we know that we can move forward with our goals. Additionally, we would like to know the concerns of the community that voted negatively towards the budget. We look forward to moving into the new school year with all of the initiatives presented. Dr. Rianna went on to thank the Assistant Superintendent for

Business, Victoria Galante, for putting together a comprehensive and fiscally responsible budget.

Ms. Victoria Galante also thanked the community. She went onto mention that without their support we would not be able to accomplish what we do for the children.

Dr. Maria Rianna welcomes parents and community members to attend the June 21st Board of Education meeting where we will have a night of recognition. Our students' achievements and accomplishments over the school year will be recognized. Dr. Rianna went onto say that last night she had an amazing experience from the teachers of our district that support our students daily. The different activities that were showcased showed the talents and skills that our students have achieved over their time in Glen Cove. Maria thanked Alexa Doeschner, Assistant Superintendent for Curriculum Instruction, our area coordinators and our teachers who came together wondering if they could do this. They went beyond showcasing the talents of all of our students. What Dr. Rianna also witnessed was students who were performing running to their research project and then coming back to perform once they were done. She's so proud of the multi-talented young people in the district and thanked the community for supporting the event.

## **XII. Board Comments**

Trustee Meghan Lavine acknowledged the work of Lisa Viscovich who's doing an awesome job during her first year in this new roll, with all of the photos and releases of the events in our district. Meghan mentioned that every school has a page as well as every PTA on all the social media platforms . It's fun to see what's going on in all the schools. Lisa does so much and it's awesome to see everything on-line. There's a lot going on and it's wonderful.

President Maria Venuto went on to say that last night was really amazing and wonderful and wished that she could keep looking at all that art work and research. She also got to talk to the students and hopes that it continues as a tradition.

Dr. Rianna mentioned that last night was the first time that we showcased it in that fashion. Our student have been involved in this research for a number of years. She thanked the STREAM teachers for introducing this to all the levels of our district and how our AP Capstone students continue to amaze with the choices of their projects. It was great to have been able to share this with our parents and community members.

Trustee Meghan Lavine added that the high school performance last night was excellent and Gribbin and Deasy's concerts were adorable and the kids did a great job. The art and music teachers had put up all the art work and along with the teachers organized all the kids making it excellent.

Dr. Rianna stated that any information regarding upcoming concerts can be located on our website.

Vice-President Angela Raimo thought it was really nice to see the high school chorus attend the middle school performance and participate in that and then the middle school students came to high school and participated in that. It was a very nice experience for the kids and for the parents to see.

Dr. Rianna mentioned that they want to expand those opportunities throughout the year not just once a year. Also mentioned that later next week we will be having the annual 5th grade math challenge. Landing school got that trophy last year and is interested to see where the trophy lands this year.

President Maria Venuto ended by thanking the community for coming out and passing our budget and for re-electing herself and Angela although it was uncontested she is looking forward to another three years. Stated she really enjoys this work.
