- there is an upcoming ENL Parent University that is scheduled for September and it will cover the special education area for parents to better understand the services that the district provides
- the district has adopted a new math program that goes into effect at the start of the school year
- advised parents not to forget to purchase insurance for their children's school devices

- many of the school buildings have a lot of activities going on with construction projects. Each school has their own projects lined up and will continue into the school year. There will be different processes set up at each of the buildings from what most people are used to. This is a temporary impact while construction is ongoing and your patience is appreciated. Be sure to attend the September 6th Board of Education meeting where a presentation will be given with up-to-date information on these projects.
