2021-2022 School Accountability Report Card (Published During the 2022-2023 School Year)

General Information about the School Accountability Report Card (SARC)

SARC Overview

By February 1 of each year, every school in California is required by state law to publish a School Accountability Report Card (SARC). The SARC contains information about the condition and performance of each California public school. Under the Local Control Funding Formula (LCFF) all local educational agencies (LEAs) are required to prepare a Local Control and Accountability Plan (LCAP), which describes how they intend to meet annual school-specific goals for all pupils, with specific activities to address state and local priorities. Additionally, data reported in an LCAP is to be consistent with data reported in the SARC.

For more information about SARC requirements and access to prior year reports, see the California Department of Education (CDE) SARC web page at <https://www.cde.ca.gov/ta/ac/sa/>

For more information about the LCFF or the LCAP, see the CDE LCFF web page at <https://www.cde.ca.gov/fg/aa/lc/>

For additional information about the school, parents/guardians and community members should contact the school principal or the district office.

DataQuest

DataQuest is an online data tool located on the CDE DataQuest web page at <https://dq.cde.ca.gov/dataquest/> that contains additional information about this school and comparisons of the school to the district and the county. Specifically, DataQuest is a dynamic system that provides reports for accountability (e.g., test data, enrollment, high school graduates, dropouts, course enrollments, staffing, and data regarding English learners).

California School Dashboard

The California School Dashboard (Dashboard) <https://www.caschooldashboard.org/> reflects California's new accountability and continuous improvement system and provides information about how LEAs and schools are meeting the needs of California's diverse student population. The Dashboard contains reports that display the performance of LEAs, schools, and student groups on a set of state and local measures to assist in identifying strengths, challenges, and areas in need of improvement.

Internet Access

Internet access is available at public libraries and other locations that are publicly accessible (e.g., the California State Library). Access to the Internet at libraries and public locations is generally provided on a first-come, first-served basis. Other use restrictions may include the hours of operation, the length of time that a workstation may be used (depending on availability), the types of software programs available on a workstation, and the ability to print documents.

2022-23 School Overview

Vision Statement

Learning today to become Leaders of tomorrow.

Mission Statement

Our mission at F.D. Roosevelt is to empower our culturally diverse TK -5 students to collaborate and be creative, conscientious and critical thinkers. Through purposeful, engaging, and reflective instruction, the staff will continually refine our practice to support the unique academic, social, and emotional needs of our students. We cultivate an environment in which a person's character is as equally important as their academic success. We provide many opportunities for staff development, parent engagement, and student enrichment to fulfill our mission.

School wide behavior expectations:

At F.D.R., we are a community of safe, respectful, responsible citizens. Together we create a positive learning environment. Together we ROAR!

At F.D.R. our behavior expectations are:

Responsible learners
Own your actions
Act with kindness
Remember to be a friend

A. Conditions of Learning **State Priority: Basic**

The SARC provides the following information relevant to the State priority: Basic (Priority 1):

- Degree to which teachers are appropriately assigned and fully credentialed in the subject area and for the pupils they are teaching;
- Pupils have access to standards-aligned instructional materials; and
- School facilities are maintained in good repair

2020-21 Teacher Preparation and Placement

Note: The data in this table is based on Full Time Equivalent (FTE) status. One FTE equals one staff member working full time; one FTE could also represent two staff members who each work 50 percent of full time. Additionally, an assignment is defined as a position that an educator is assigned based on setting, subject, and grade level. An authorization is defined as the services that an educator is authorized to provide to students.

2022-23 Quality, Currency, Availability of Textbooks and Other Instructional Materials

Lawndale Elementary School District reviews and updates its textbooks and instructional materials according to California Department of Education Regulations. All Williams Legislation reports have found student access to textbooks to meet all requirements. A Social Studies series was adopted for the 2007-08 school year, Science textbooks and materials were adopted in 2008-09 and Language Arts textbooks and materials were adopted for the 2017-18 school year. Everyday Math from McGraw Hill was adopted for the 2015-16 school year from the most recent list of Common Core Standards materials by the California Department of Education.

Year and month in which the data were collected December 2021

School Facility Conditions and Planned Improvements

There are 23 classrooms, 11 relocatable classrooms, a multipurpose room, a library, and an administration building at the FDR campus. The FDR campus was built in 1945 originally, and was renovated in 2001. FDR completed modernization by the end of 2001.

Additional improvements after modernization

- Installation of new sound wall and fencing along Marine Ave.
- Complete Kitchen renovation completed in 2014
- Installation of filtered drinking fountain and bottle refilling station

Measure L and ESSER funded facility Improvements 2017-2021

- Installation of new roof and gutters on permanent buildings and protective roof coating on portable buildings
- Painted exterior of all buildings, fences, and external metal surfaces
- Replaced existing asphalt play area back parking lot with new asphalt and striping
- New lunch area asphalt including retaining wall
- Replaced all HVAC heat pumps with new units throughout campus

Measure CL funded facility Improvements 2013-2018

- Interactive Projectors in all classrooms
- Wireless Access throughout entire campus
- High speed fiber backbone and new switch gear provide fast reliable internet access

Classrooms are adequate for student needs, and the playground includes an entire park. Staff is provided two parking lots and visitors still have adequate space to park and go in to the office. In addition, there are six bathrooms for adult use only and 100% of adult and student toilets are working. The playground at FDR is the largest in the school district and extends well over 5 acres, including Bodger Park. The District and County collectively work on maintaining the park area and keeping it in good condition.

Measure L funded facility improvements 2019-2020

- New outside lunch area- previous sloped lunch area surface removed and replaced with new level lunch area, retaining walls and ADA access.

State Priority: Pupil Achievement

The SARC provides the following information relevant to the State priority: Pupil Achievement (Priority 4):

Statewide Assessments

(i.e., California Assessment of Student Performance and Progress [CAASPP] System includes the Smarter Balanced Summative Assessments for students in the general education population and the California Alternate Assessments [CAAs] for English language arts/literacy [ELA] and mathematics given in grades three through eight and grade eleven. Only eligible students may participate in the administration of the CAAs. CAAs items are aligned with alternate achievement standards, which are linked with the Common Core State Standards [CCSS] for students with the most significant cognitive disabilities).

The CAASPP System encompasses the following assessments and student participation requirements:

1. **Smarter Balanced Summative Assessments and CAAs for ELA** in grades three through eight and grade eleven.
2. **Smarter Balanced Summative Assessments and CAAs for mathematics** in grades three through eight and grade eleven.
3. **California Science Test (CAST) and CAAs for Science** in grades five, eight, and once in high school (i.e., grade ten, eleven, or twelve).
4. **College and Career Ready**
The percentage of students who have successfully completed courses that satisfy the requirements for entrance to the University of California and the California State University, or career technical education sequences or programs of study.

SARC Reporting in the 2020-2021 School Year Only

Where the most viable option, LEAs were required to administer the statewide summative assessment in ELA and mathematics. Where a statewide summative assessment was not the most viable option for the LEA (or for one or more grade-level[s] within the LEA) due to the pandemic, LEAs were allowed to report results from a different assessment that met the criteria established by the State Board of Education (SBE) on March 16, 2021. The assessments were required to be:

- Aligned with CA CCSS for ELA and mathematics;
- Available to students in grades 3 through 8, and grade 11; and
- Uniformly administered across a grade, grade span, school, or district to all eligible students.

Options

Note that the CAAs could only be administered in-person following health and safety requirements. If it was not viable for the LEA to administer the CAAs in person with health and safety guidelines in place, the LEA was directed to not administer the tests. There were no other assessment options available for the CAAs. Schools administered the Smarter Balanced Summative Assessments for ELA and mathematics, other assessments that meet the SBE criteria, or a combination of both, and they could only choose one of the following:

- Smarter Balanced ELA and mathematics summative assessments;
- Other assessments meeting the SBE criteria; or
- Combination of Smarter Balanced ELA and mathematics summative assessments and other assessments.

The percentage of students who have successfully completed courses that satisfy the requirements for entrance to the University of California and the California State University, or career technical education sequences or programs of study.

Percentage of Students Meeting or Exceeding the State Standard on CAASPP

This table displays CAASPP test results in ELA and mathematics for all students grades three through eight and grade eleven taking and completing a state-administered assessment.

The 2020-21 data cells have N/A values because these data are not comparable to other year data due to the COVID-19 pandemic during the 2020-21 school year. Where the CAASPP assessments in ELA and/or mathematics is not the most viable option, the LEAs were allowed to administer local assessments. Therefore, the 2020-21 data between school years for the school, district, state are not an accurate comparison. As such, it is inappropriate to compare results of the 2020-21 school year to other school years.

Percentages are not calculated when the number of students tested is ten or less, either because the number of students in this category is too small for statistical accuracy or to protect student privacy.

ELA and mathematics test results include the Smarter Balanced Summative Assessment and the CAA. The “Percent Met or Exceeded” is calculated by taking the total number of students who met or exceeded the standard on the Smarter Balanced Summative Assessment plus the total number of students who met the standard (i.e., achieved Level 3-Alternate) on the CAAs divided by the total number of students who participated in both assessments.

Subject	School 2020-21	School 2021-22	District 2020-21	District 2021-22	State 2020-21	State 2021-22
English Language Arts/Literacy (grades 3-8 and 11)	N/A	36	N/A	48	N/A	47

2021-22 CAASPP Test Results in ELA by Student Group

This table displays CAASPP test results in ELA by student group for students grades three through eight and grade eleven taking and completing a state-administered assessment.

ELA test results include the Smarter Balanced Summative Assessment and the CAA. The “Percent Met or Exceeded” is calculated by taking the total number of students who met or exceeded the standard on the Smarter Balanced Summative Assessment plus the total number of students who met the standard (i.e., achieved Level 3-Alternate) on the CAAs divided by the total number of students who participated in both assessments.

Double dashes (--) appear in the table when the number of students is ten or less, either because the number of students in this category is too small for statistical accuracy or to protect student privacy.

The number of students tested includes all students who participated in the test whether they received a score or not; however, the number of students tested is not the number that was used to calculate the achievement level percentages. The achievement level percentages are calculated using only students who received scores.

2021-22 CAASPP Test Results in Math by Student Group

This table displays CAASPP test results in Math by student group for students grades three through eight and grade eleven taking and completing a state-administered assessment.

Mathematics test results include the Smarter Balanced Summative Assessment and the CAA. The “Percent Met or Exceeded” is calculated by taking the total number of students who met or exceeded the standard on the Smarter Balanced Summative Assessment plus the total number of students who met the standard (i.e., achieved Level 3-Alternate) on the CAAs divided by the total number of students who participated in both assessments.

B. Pupil Outcomes

State Priority: Other Pupil Outcomes

The SARC provides the following information relevant to the State priority: Other Pupil Outcomes (Priority 8): Pupil outcomes in the subject area of physical education.

2021-22 California Physical Fitness Test Results

This table displays the percentage of students participating in each of the five fitness components of the California Physical Fitness Test Results. Due to changes to the 2021-22 PFT administration, only participation results are required for these five fitness areas. Percentages are not calculated and double dashes (--) appear in the table when the number of students tested is ten or less, either because the number of students in this category is too small for statistical accuracy or to protect student privacy.

C. Engagement

State Priority: Parental Involvement

The SARC provides the following information relevant to the State priority: Parental Involvement (Priority 3): Efforts the school district makes to seek parent input in making decisions regarding the school district and at each school site.

2022-23 Opportunities for Parental Involvement

Roosevelt Elementary School

Parent Involvement Policy 2022-2023

School-Level Parent Involvement Policy

Roosevelt Elementary School recognizes that parent and community involvement is a critical part in students achieving success in their academics and in life. We, at Roosevelt believe that the school and home need to work collaboratively in order for each student to reach his/her potential.

Parent Involvement Opportunities

- Enlist as a member in our PTA.
- Participate in School Site Council, African American Parent Advisory Committee (AAPAC) and/or the English Learner's Advisory Committee (ELAC).
- Attend school wide events: Jog-a-thon, fundraisers, Turkey Trot, and family nights.
- Attend parent workshops.
- Monitor homework closely and make sure their child is reading nightly 30 – 45 minutes.
- Participate in the three way pledge in collaboration with the school/parents.
- Volunteer to work in the classroom and perform duties such as supervision during recess, ROAR cart assistant, office and garden helper. (Per District Guidelines and Public Health Guidelines).

Home & School Communications

Home (Parents):

- Email/call/Class Dojo teacher with any questions or concerns about their child.
- Attend School Site Council/ELAC/AAPAC, Title I, ELPAC Meeting, PTA meetings, parent conferences, Family Nights, Parent Workshops, and DPAC/DELAC .
- Attend Parent Conferences and schedule meetings with teachers.

2022-23 Opportunities for Parental Involvement

School:

- Hold series of meetings (with translation) for parents to provide information and receive their input (including interpretation of student assessments both in large group meetings and through parent conferences).
- Inform parents through District Handbooks, Parent newsletters, Class Dojo, LESD App, classroom communications to parents, phone calls, class newsletters, e-mails, agendas for homework.
- Provide parent letters regarding additional support services being provided to students who are struggling in school.
- Provide information and support for 5th grade students and their families transitioning to middle school next year.

Through the opportunities that are provided at our school for parents and the ongoing communication between the school and the families, we hope that it ensures that we are a Family Friendly School and parents feel welcome and part of the team at Roosevelt School.

State Priority: School Climate

The SARC provides the following information relevant to the State priority: School Climate (Priority 6):

- Pupil suspension rates;
- Pupil expulsion rates; and
- Other local measures on the sense of safety

Suspensions and Expulsions

This table displays suspensions and expulsions data collected between July through February, partial school year due to the COVID-19 pandemic. The 2019-20 suspensions and expulsions rate data are not comparable to other year data because the 2019-20 school year is a partial school year due to the COVID-19 crisis. As such, it would be inappropriate to make any comparisons in rates of suspensions and expulsions in the 2019-20 school year compared to other school years.

Subject	School 2019-20	District 2019-20	State 2019-20
Suspensions	0.67	0.93	2.45
Expulsions	0.00	0.00	0.05

This table displays suspensions and expulsions data collected between July through June, each full school year respectively. Data collected during the 2020-21 school year may not be comparable to earlier years of this collection due to differences in learning mode instruction in response to the COVID-19 pandemic.

2022-23 School Safety Plan

To keep students safe on school grounds before, during, and after the school day, we have instituted several safety programs. The first is to ensure that the adults on duty during recess carry the necessary emergency equipment with them so that it is possible to administer first aid quickly. Secondly, we have varied the entry and exit routes, which are known and practiced daily.

We have adults posted at each entrance to ensure that students are safe. All personnel wear badges and students know and report any adult on campus who is not wearing a badge. To get on the campus during the day, adults must check in at the office and are given a badge to wear, so the students know that this person has gone through the proper channels. Our district has installed a new RAPTOR program which has visitors scan their IDs prior to entering campus. The FDR Leadership Team and School Site Council finalized the procedure for the emergency drills, in the event of a disaster.

Our discipline policy focuses on consistency, clear expectations and follow through within the classroom and ongoing communication with our families. We are implementing PBIS - Positive Behavior Intervention Support - this is a more positive school-wide discipline plan in order to create a friendlier environment for our students and families. In order to meet the needs of our students, FDR offers programs to help students feel connected by providing Before or After School Activities, Monthly Award Assemblies and Fun Fitness Activities. FDR school honors students for high achievement, citizenship and improvement. Each teacher is expected to have a plan for the classroom environment and we have two full time School Social Workers and interns available to provide counseling to students.

District maintenance staff ensures that the repairs necessary to keep the school in good repair and working order are completed in a timely manner. A work order process is used to ensure efficient service and that emergency repairs are given the highest priority. The Maintenance Department responds to our needs in a timely manner. The district governing board has adopted cleaning standards for all schools in the district. A summary of these standards is available at the school office and at the district office. The principal works daily with the custodial staff to develop cleaning schedules to ensure a clean and safe school. The custodial staff cleans restrooms and classrooms daily as inspected by the site administration on a weekly basis.

2022-23 School Safety Plan

A Comprehensive School Safety Plan was adopted in February, 2000. We have reviewed it every year since with the School's Leadership Committee and School Site Council to sure that it is still viable. The Safety Plan was last discussed with all staff in October 2022. The key components of the plan include three different drills and the chain of command in the case of an emergency. It also lists the various safe practices for students inside and out of the classroom. Universal bell schedules were implemented in 2004 so that emergency bell signals are the same at all schools. Each classroom has a safety backpack which stays with the teacher during emergencies. Emergency drills for fire, earthquake, and other emergencies are held on a regular basis.

Professional Development

The LESD Education Services team in collaboration with the Language Arts Specialists, Math TOSAs, English Language Instructional Resource Teachers and Principals have designed a comprehensive system for monthly professional development. All district professional development occurs on Thursdays after school following an early release day. Topics are selected based on expressed teacher need and identified student deficiencies. All professional development in the LESD focuses on meaningful collaboration, developing teacher capacity and the implementation of research based practices to support student achievement.

Professional development focuses on the instructional shifts needed to meet the rigorous demands of the Common Core State Standards and the need to support development of academic discourse for all students, with an emphasis on English language learners. All TK-5th grade teachers receive professional development support in the areas of social-emotional learning, Math warm-ups, and integrated ELD. Collaboration time is spent on data analysis and planning in the areas of English Language Arts, Math, and ELD. Teachers receive professional development in structured cycles that afford them the opportunity to learn about a new concept, plan for implementation with their colleagues, practice their learning with students, and then come back with their colleagues to discuss the strengths and weaknesses of their instructional implementation of the new skill.

Feedback about the effectiveness of the professional development is regularly collected to assess the effectiveness of the program and make changes as needed. Additionally, site staff members and Educational Services team members regularly visit classrooms to determine the level of implementation of the professional development focus.
