

# INFORMATION ON YOUR SCHOOL-BASED HEALTH CENTER

**Child & Family  
Agency** of Southeastern  
Connecticut, Inc.

**Your school has a School-Based Health Center (SBHC), operated by the school's community partner, Child & Family Agency of Southeastern Connecticut (CFA)!**

CFA has been operating SBHCs for more than 30 years and operates School-Based Health Centers in this region, with a Nurse Practitioner (APRN) and Mental Health Clinician (therapist) at each location.

The School-Based Health Center is different from the school nurse's office and a community primary care provider (PCP) but works collaboratively with them to provide comprehensive care for students.

Health insurance is billed for services provided, but there is no cost to the family (no co-pays, deductible costs, or out-of-pocket expenses). \*\*Tricare insurance is accepted

Same-day medical appointments are available to registered students! Please note that we request that registrations are updated annually.

Once registered, students can receive the services listed below:

## Medical Services

Physical Exams  
Vaccines  
Sick Visits  
Prescriptions  
Chronic Condition Education  
(asthma, weight management, etc.)  
Mental Health & Risk Assessment

## Behavioral Health Services

Counseling Services  
(individual, group, and family therapy)  
Crisis Intervention  
Mental Health Assessment, Diagnosis,  
and Treatment Planning

# REGISTER YOUR CHILD FOR SBHC SERVICES TODAY!

For questions or to schedule an in-person or telehealth appointment, please call 860.437.4550 or email SBHC@ChildandFamilyAgency.org | Registration forms are also available at the School-Based Health Center, in the school nurse's office, or at the school district's Welcome Center.
