CALENDAR

The school year is comprised of two semesters, each containing two quarters. Each quarter makes up 40% of a student's semester grade. Classes are block in format and rotate A and B Days. Each day is made up of four 80 minute blocks with bells 1-4 on Day A and bells 5-8 on Day B. Each day begins at 8:00am and ends at 2:45pm with an activity bell that lasts until 3:05pm.

CLASS RANK

Due to our rigorous college preparatory program and the small size of our senior class, Cincinnati Hills Christian Academy does not rank students numerically. We believe that a number is often misleading since small differences in grade point averages can produce significant differences in rank.

GRADING SYSTEM

Every course taken at CHCA is reflected in the cumulative GPA.

A	90-100	4 points	AP	+ 1.00
B	80-89	3 points	VT	+ .50
C	70-79	2 points	HONORS	+ .50
D	60-69	1 point		
F	0-59	0 points		

Honors Recognition	GPA
Summa Cum Laude	4.0+
Magna Cum Laude	3.75 - 3.99
Cum Laude	3.50 - 3.74

Cincinnati Hills Christian Academy uses a weighted grade point system based on a traditional four-point system.

Grade point averages are weighted as follows: Honors and VT courses are weighted a .5 quality point in the grade point calculation. Advanced Placement (AP) courses are weighted 1 full quality point in the grade point calculation. Grades of D or lower do not receive a grade bump.

PROGRAMS OF DISTINCTION

ENTREPRENUERSHIP & SUSTAINABILITY

CHCA is dedicated to instilling the entrepreneurial mindset in students so they are radically transformed to impact their lives. While working toward the Certificate of Entrepreneurship, students will encounter hands-on experiences designed to develop a growth mindset, to increase grit, to redefine failure, and to seek opportunities. With over fourteen elective courses and six student-run businesses, this innovative program prepares students with practical training for success in life.

VISUAL AND PERFORMING ARTS

CHCA's Fine Arts Program offers a wide range of visual and performing arts where students discover, cultivate, and express their gifts. Our program engages students to think critically, creatively, and collaboratively while developing perseverance, leadership, problem solving, and communication skills. Our program has opportunities for casual participants as well as the arts-focused student who chooses in-depth study and skill development. Our program includes a celebration of the arts unlike anything seen at a high school that highlights our artists preschool-high school.

ROBOTICS

At CHCA, robotics is a critical component of our approach to STEAM (Science, Technology, Engineering, Art, and Math). Through classroom and multiple extracurricular opportunities, teachers, coaches, and industry mentors equip students with 21st century skills, bridging the gap between practical problems and creative solutions. Students interact with various robotics technologies and platforms (e.g. WonderWorkshop, LEGO, VexIQ, FIRST) as they learn how to become innovative designers, empowered learners, and digital citizens.
