## 2021 School Accountability Report Card

### General Information about the School Accountability Report Card (SARC)

#### SARC Overview

By February 1 of each year, every school in California is required by state law to publish a School Accountability Report Card (SARC). The SARC contains information about the condition and performance of each California public school. Under the Local Control Funding Formula (LCFF) all local educational agencies (LEAs) are required to prepare a Local Control and Accountability Plan (LCAP), which describes how they intend to meet annual school-specific goals for all pupils, with specific activities to address state and local priorities. Additionally, data reported in an LCAP is to be consistent with data reported in the SARC.

For more information about SARC requirements and access to prior year reports, see the California Department of Education (CDE) SARC web page at [www.cde.ca.gov/ta/ac/sa/](http://www.cde.ca.gov/ta/ac/sa/)

For more information about the LCFF or the LCAP, see the CDE LCFF web page at [www.cde.ca.gov/fg/aa/lc/](http://www.cde.ca.gov/fg/aa/lc/)

For additional information about the school, parents/guardians and community members should contact the school principal or the district office.

#### DataQuest

DataQuest is an online data tool located on the CDE DataQuest web page at [dq.cde.ca.gov/dataquest/](http://dq.cde.ca.gov/dataquest/) that contains additional information about this school and comparisons of the school to the district and the county. Specifically, DataQuest is a dynamic system that provides reports for accountability (e.g., test data, enrollment, high school graduates, dropouts, course enrollments, staffing, and data regarding English learners).

#### California School Dashboard

The California School Dashboard (Dashboard) [www.caschooldashboard.org/](http://www.caschooldashboard.org/) reflects California's new accountability and continuous improvement system and provides information about how LEAs and schools are meeting the needs of California's diverse student population. The Dashboard contains reports that display the performance of LEAs, schools, and student groups on a set of state and local measures to assist in identifying strengths, challenges, and areas in need of improvement.

#### Internet Access

Internet access is available at public libraries and other locations that are publicly accessible (e.g., the California State Library). Access to the Internet at libraries and public locations is generally provided on a first-come, first-served basis. Other use restrictions may include the hours of operation, the length of time that a workstation may be used (depending on availability), the types of software programs available on a workstation, and the ability to print documents.

## 2021-22 School Overview

### School Description:

William Green School consolidates Federal Title I funds in a school-wide program for the instructional support of all students primarily students with needs. Green is one of eight schools in the Lawndale Elementary School District. Located in a small, low to middle socioeconomic community in the heart of the South Bay, Green School has approximately 587 TK-5 students, who come from a diverse background. Eighty-two percent (82%) of our students are Hispanic; approximately 37% of our students are English Learners; Approximately 91.5% of our total students participate in the free/reduced meal program.

The skills and efforts of the staff have made Green School a place where students and adults work in an atmosphere of courtesy and positive feelings towards themselves and others. Under the school-wide program, all students benefit from Title I funds. Students in our Gifted and Talented Education (GATE) program, in grade 5, are offered an on-site classroom experience with opportunities for differentiation as well as the option to participate in an afterschool coding club.. Students with Individual Education Plans (IEPs) receive specific instruction through the team efforts of the Learning Center teachers, speech and language pathologist, psychologist, classroom teachers, and Language Arts Specialist.

Green School has one full-time Language Arts Specialist (LAS) for intervention monitoring and instructional coaching, Instructional aides provide small-group support in the area of English-Language Arts using push-in and pull-out models. In addition to the support provided by the LAS, approximately 150 students are in after-school programs, RAP and Reading Partners, which are funded by grants. All program staff work closely and collaboratively with the teachers to ensure that the students' needs are being met. We also have a full-time Math Teacher on Special Assignment and an English Learner Instructional Resource Teacher (ELIRT) that provide our staff with instructional support in the areas of Math and ELD. Students socio-emotional needs are met by our full time Social Worker and the interns that work with her. The Title I funds are allocated toward intervention support in and out of the classroom. In addition to having a Language Arts Specialist, there are two 5 hour assistants and one 3 hour assistant. Both instructional assistants work directly with the Language Arts Specialist and service students. Students at Green also receive intervention in the areas of Language Arts, Math, and ELD after school. Students are selected using grade level universal screenings so we can ensure that the students with the most need are being serviced.

The staff, students, and community are dedicated to ensure that a high level of expectation of academic excellence is maintained for all our students. The vision and mission of the William Green Elementary School is to provide a learning environment where all students will be given many opportunities to maximize their potential. We are a school where staff,

## 2021-22 School Overview

students and community work collaboratively to promote academic, social, emotional and physical growth to enable all students to become responsible, capable and contributing members of society. To put this mission into an operational framework, we have established our motto "Eagles, SOAR, high." The letters in the word soar are the areas of focus based on our beliefs below. At William Green Elementary students Stay Safe, Own their Actions, Act with kindness, so we are ready to learn. Our school mission statement is William Green Elementary is a community of life-long learners. Together we are safe, kind, and responsible. This mission is consistent with State and District Guidelines. We believe William Green Elementary School is an Educational Partnership that is a collaboration of families, students, teachers, classified personnel, administrators and the community. We are dedicated to producing lifelong learners who will become positive contributors and producers in our future society.

## A. Conditions of Learning

### State Priority: Basic

The SARC provides the following information relevant to the State priority: Basic (Priority 1):

- Degree to which teachers are appropriately assigned and fully credentialed in the subject area and for the pupils they are teaching;
- Pupils have access to standards-aligned instructional materials; and
- School facilities are maintained in good repair

Note: For more information refer to the Updated Teacher Equity Definitions web page at <https://www.cde.ca.gov/pd/ee/teacherequitydefinitions.asp>

## 2021-22 Quality, Currency, Availability of Textbooks and Other Instructional Materials

Lawndale Elementary School District reviews and updates its textbooks and instructional materials according to California Department of Education Regulations. All Williams Legislation reports have found student access to textbooks to meet all requirements. A Social Studies series was adopted for the 2007-08 school year, Science textbooks and materials were adopted in 2008-09 and Language Arts textbooks and materials were adopted for the 2017-18 school year. Everyday Math from McGraw Hill was adopted for the 2015-16 school year from the most recent list of Common Core Standards materials by the California Department of Education.

## School Facility Conditions and Planned Improvements

At William Green, we are exceedingly proud of the quality of our school facility and its support of teaching and learning. The two-year modernization of our campus was completed in May 2002. Originally built in 1952, all permanent classrooms, offices and buildings received a comprehensive upgrading. The school has 46 classrooms, a multipurpose room, a library, preschool classrooms, program office, workroom and administration building. Bungalows were added each year from 2000-2003 to accommodate an expanding enrollment and Class Size Reduction.

The school playground area in combination with the park facilities, provide demarcated play and sports areas that support our standards-based physical education programs. In addition to the modernization of our classrooms, the 1.9-acre park adjacent

## School Facility Conditions and Planned Improvements

to our school (William Green Park) was fully upgraded and improved in Fall 2014. Complete with a baseball diamond, large grassy field, basketball courts and two large play apparatuses, this facility is used by our students for recesses and P.E. and noon sports during the school day, and as a community park after school and on weekends. A chain-link fence lines the perimeter of the park and is kept locked during school hours.

### Improvements made after modernization

- Installation of filtered drinking fountain and bottle refilling station
- A complete Kitchen renovation was completed in 2015.

### Measure L and ESSER funded facility Improvements 2017-2021

- Painted exterior of all buildings, fences, and external metal surfaces
- Installation of new roof and gutters on permanent buildings and protective roof coating on portable buildings
- Replaced all HVAC heat pumps with new units throughout campus
- New carpet in rooms 25-37

### Measure CL funded facility Improvements 2013-2018

- Interactive Projectors in all classrooms
- Wireless Access throughout entire campus
- High speed fiber backbone and new switch gear provide fast reliable internet access

William Green School takes great efforts to ensure that its campus and student learning environments are clean, safe and functional consistent with the Williams Act. Uniform Complaint Procedure notifications are posted in all classrooms and offices. The district governing board has adopted cleaning standards for all schools in the district. Restrooms have been upgraded and are monitored at regular intervals throughout the day by the custodial and administrative staff. 100% of toilets, faucets and hand dryers are functional. The principal and assistant principal work daily with the custodial team to develop cleaning schedules and target areas to ensure a clean and safe school.

District maintenance staff ensures that the repairs necessary to keep the school in good repair and working order are completed in a timely manner. An electronic work order process is currently used to facilitate efficient service, provide regular status reports and ensure that emergency repairs are given the highest priority.

## B. Pupil Outcomes

### State Priority: Pupil Achievement

The SARC provides the following information relevant to the State priority: Pupil Achievement (Priority 4):

#### Statewide Assessments

(i.e., California Assessment of Student Performance and Progress [CAASPP] System includes the Smarter Balanced Summative Assessments for students in the general education population and the California Alternate Assessments [CAAs] for English language arts/literacy [ELA] and mathematics given in grades three through eight and grade eleven. Only eligible students may participate in the administration of the CAAs. CAAs items are aligned with alternate achievement standards, which are linked with the Common Core State Standards [CCSS] for students with the most significant cognitive disabilities).

The CAASPP System encompasses the following assessments and student participation requirements:

1. **Smarter Balanced Summative Assessments and CAAs for ELA** in grades three through eight and grade eleven.
2. **Smarter Balanced Summative Assessments and CAAs for mathematics** in grades three through eight and grade eleven.
3. **California Science Test (CAST) and CAAs for Science** in grades five, eight, and once in high school (i.e., grade ten, eleven, or twelve).

#### SARC Reporting in the 2020-2021 School Year Only

Where the most viable option, LEAs were required to administer the statewide summative assessment in ELA and mathematics. Where a statewide summative assessment was not the most viable option for the LEA (or for one or more grade-level[s] within the LEA) due to the pandemic, LEAs were allowed to report results from a different assessment that met the criteria established by the State Board of Education (SBE) on March 16, 2021. The assessments were required to be:

- Aligned with CA CCSS for ELA and mathematics;
- Available to students in grades 3 through 8, and grade 11; and
- Uniformly administered across a grade, grade span, school, or district to all eligible students.

#### Options

Note that the CAAs could only be administered in-person following health and safety requirements. If it was not viable for the LEA to administer the CAAs in person with health and safety guidelines in place, the LEA was directed to not administer the tests. There were no other assessment options available for the CAAs. Schools administered the Smarter Balanced Summative Assessments for ELA and mathematics, other assessments that meet the SBE criteria, or a combination of both, and they could only choose one of the following:

- Smarter Balanced ELA and mathematics summative assessments;
- Other assessments meeting the SBE criteria; or
- Combination of Smarter Balanced ELA and mathematics summative assessments and other assessments.

The percentage of students who have successfully completed courses that satisfy the requirements for entrance to the University of California and the California State University, or career technical education sequences or programs of study.

## Percentage of Students Meeting or Exceeding the State Standard on CAASPP

This table displays CAASPP test results in ELA and mathematics for all students grades three through eight and grade eleven taking and completing a state-administered assessment.

The 2019-2020 data cells with N/A values indicate that the 2019-2020 data are not available due to the COVID-19 pandemic and resulting summative test suspension. The Executive Order N-30-20 was issued which waived the assessment, accountability, and reporting requirements for the 2019-2020 school year.

The 2020-2021 data cells have N/A values because these data are not comparable to other year data due to the COVID-19 pandemic during the 2020-2021 school year. Where the CAASPP assessments in ELA and/or mathematics is not the most viable option, the LEAs were allowed to administer local assessments. Therefore, the 2020-2021 data between school years for the school, district, state are not an accurate comparison. As such, it is inappropriate to compare results of the 2020-2021 school year to other school years.

Subject	School 2019-20	School 2020-21	District 2019-20	District 2020-21	State 2019-20	State 2020-21

## B. Pupil Outcomes

### State Priority: Other Pupil Outcomes

The SARC provides the following information relevant to the State priority: Other Pupil Outcomes (Priority 8): Pupil outcomes in the subject area of physical education.

#### 2020-21 California Physical Fitness Test Results

Due to the COVID-19 crisis, the Physical Fitness Test was suspended during the 2020-2021 school year and therefore no data are reported and each cell in this table is populated with "N/A."

Grade Level	Percentage of Students Meeting Four of Six Fitness Standards	Percentage of Students Meeting Five of Six Fitness Standards	Percentage of Students Meeting Six of Six Fitness Standards
Grade 5	N/A	N/A	N/A
Grade 7	N/A	N/A	N/A
Grade 9	N/A	N/A	N/A

## C. Engagement

### State Priority: Parental Involvement

The SARC provides the following information relevant to the State priority: Parental Involvement (Priority 3): Efforts the school district makes to seek parent input in making decisions regarding the school district and at each school site.

#### 2021-22 Opportunities for Parental Involvement

Increasing the number of organized opportunities for parents to be involved in William Green School continues to be a priority. To increase meaningful parent and family involvement in the education and daily life of the school and establish a strong productive family school partnership as an integral part of the school's infrastructure, parents are highly encouraged to:

- 1) volunteer their time preparing materials for the classroom, volunteering on field trips, and helping in the parent center;
- 2) become a part of our Parent-Teacher Association (PTA), a committee that meets monthly to plan enrichment activities and fundraisers for the benefit of our students;
- 3) participate on our School Site Council (SSC) and English Learner Advisory Committee (ELAC), a group that discusses school-wide program goals and budget;
- 4) attend family events such as Back-To-School Night, Open House, monthly parent workshops through Parent University, and Family Nights (covering such topics as literacy, health and fitness, technology, arts, science, and/or mathematics);
- 5) attend Parent Conferences to discuss the academic progress of their child(ren).

Other special topic workshops for parents such as Parent Empowerment, Reading Strategies and the Parent Principal Coffees have been hosted at William Green. Due to COVID restrictions on volunteers and visitors on campus, the volunteer program has been on hold. However, all of our parent engagement activities and events are held via Zoom allowing access for families who may not be able to attend in person.

Finally, immediate and timely communication is important. We use Class Dojo, the Blackboard telephone messaging system and social media to keep families aware of important developments, key dates and special events and maintain a school website as well as social media pages. Parents with email addresses receive weekly correspondence electronically. Every effort is made to ensure that all home/school communication goes home in the primary languages of our students. For organized opportunities for involvement contact the William Green School office, (310) 370-3585, and ask for our Community Liaison.

#### State Priority: School Climate

The SARC provides the following information relevant to the State priority: School Climate (Priority 6):

- Pupil suspension rates;
- Pupil expulsion rates; and
- Other local measures on the sense of safety

## Suspensions and Expulsions

This table displays suspensions and expulsions data collected between July through June, each full school year respectively. Data collected during the 2020-21 school year may not be comparable to earlier years of this collection due to differences in learning mode instruction in response to the COVID-19 pandemic.

Subject	School 2018-19	School 2020-21	District 2018-19	District 2020-21	State 2018-19	State 2020-21

<b>Expulsions</b>	0.00	0.00	0.00	0.00	0.08	0.00

This table displays suspensions and expulsions data collected between July through February, partial school year due to the COVID-19 pandemic. The 2019-2020 suspensions and expulsions rate data are not comparable to other year data because the 2019-2020 school year is a partial school year due to the COVID-19 crisis. As such, it would be inappropriate to make any comparisons in rates of suspensions and expulsions in the 2019-2020 school year compared to other school years.

## 2021-22 School Safety Plan

We have made it a top priority at William Green to plan and implement procedures that ensure the safety of all students. During the school day, all gates are locked and all visitors must enter through the administrative offices and follow a sign-in procedure. All parents, guardians or older siblings of students in grades TK-3 must make direct contact with their primary child's classroom teacher before that child is released. Before school, children on school grounds remain in designated areas and are under the supervision of personnel hired by the school and District. Children participating in school sponsored after-school activities are either under the supervision of credentialed teachers or after school program personnel hired by the District for that purpose.

William Green developed a comprehensive School Safety Plan. The comprehensive plan was reviewed and updated by staff in October of 2021. This plan provides for emergency procedures for all events, including fire, earthquake, disasters, lockdown, terrorism and police actions. This plan also covers daily procedures such as locked gates, closed campus guidelines, visitor sign-in procedures and supervision. As a school we participate also in safety drills such as earthquake, fire, and lockdown drills to practice procedures and routines.

Due to COVID-19 impacts, the district has developed the Ready, Together plan. This supports our school and students with COVID related concerns and supports our community in staying healthy and informed.

## 2020-21 Types of Services Funded

Additional support services to students include: in-school intervention support in reading, math and ELD, before- and after-school tutoring in ELA and math, one full time Language Arts Specialist, Math TOSA, ELIRT, Social Worker, 2 literacy aides, 1 math aide and a library media clerk. Support is provided through instructional coaching, in-class intervention, and out of class intervention. Our school provides Response to Intervention and uses a tiered approach to supporting students. As a staff we use staff meetings, grade level meetings, and early release site meetings to improve our tier 1 best first instruction. We also regularly review class data profiles and school-wide data to determine other tiers of support.

## 2019-20 Teacher and Administrative Salaries

## Professional Development

The LESD Education Services team in collaboration with the Language Arts Specialists, Math TOSAs, English Language Instructional Resource Teachers and Principals have designed a comprehensive system for monthly professional development. All district professional development occurs on Thursdays after school following an early release day. Topics are selected based on expressed teacher need and identified student deficiencies. All professional development in the LESD focuses on meaningful collaboration, developing teacher capacity and the implementation of research based practices to support student achievement.

Professional development focuses on the instructional shifts needed to meet the rigorous demands of the Common Core State Standards and the need to support development of academic discourse for all students, with an emphasis on English language learners. All TK-5th grade teachers receive professional development support in the areas of Socio emotional learning, Math warm-ups, and integrated ELD. Collaboration time is spent on data analysis and planning in the areas of English Language Arts, Math, and ELD. Teachers receive professional development in structured cycles that afford them the opportunity to learn about a new concept, plan for implementation with their colleagues, practice their learning with students, and then come back with their colleagues to discuss the strengths and weaknesses of their instructional implementation of the new skill.

Feedback about the effectiveness of the professional development is regularly collected to assess the effectiveness of the program and make changes as needed. Additionally, site staff members and Educational Services team members regularly visit classrooms to determine the level of implementation of the professional development focus.

This table displays the number of school days dedicated to staff development and continuous improvement.

## 2020-21 Local Accountability Report Card (LARC) Addendum

### Local Accountability Report Card (LARC) Addendum

#### 2020-21 Local Accountability Report Card (LARC) Addendum Overview

On July 14, 2021, the California State Board of Education (SBE) determined that the California Department of Education (CDE) will use the SARC as the mechanism to conduct a one-time data collection of the LEA-level aggregate test results of all school's local assessments administered during the 2020–2021 school year in order to meet the federal Every Students Succeeds Act (ESSA) reporting requirement for the Local Educational Agency Accountability Report Cards (LARCs).

Each local educational agency (LEA) is responsible for preparing and posting their annual LARC in accordance with the federal ESSA. As a courtesy, the CDE prepares and posts the LARCs on behalf of all LEAs.

Only for the 2020–2021 school year and the 2020–2021 LARCs, LEAs are required to report their aggregate local assessments test results at the LEA-level to the CDE by populating the tables below via the SARC. These data will be used to meet the LEAs' federal requirement for their LARCs. Note that it is the responsibility of the school and LEA to ensure that all student privacy and suppression rules are in place when reporting data in Tables 3 and 4 in the Addendum, as applicable.

The tables below are not part of the SBE approved 2020–2021 SARC template but rather are the mechanism by which these required data will be collected from LEAs.

For purposes of the LARC and the following tables, an LEA is defined as a school district, a county office of education, or a direct funded charter school.
