

## LCFF Budget Overview for Parents

Local Educational Agency (LEA) Name: Santee School District

CDS Code: 37683610000000

School Year: 2024-25

LEA contact information:

Dr. Lisa Paisley

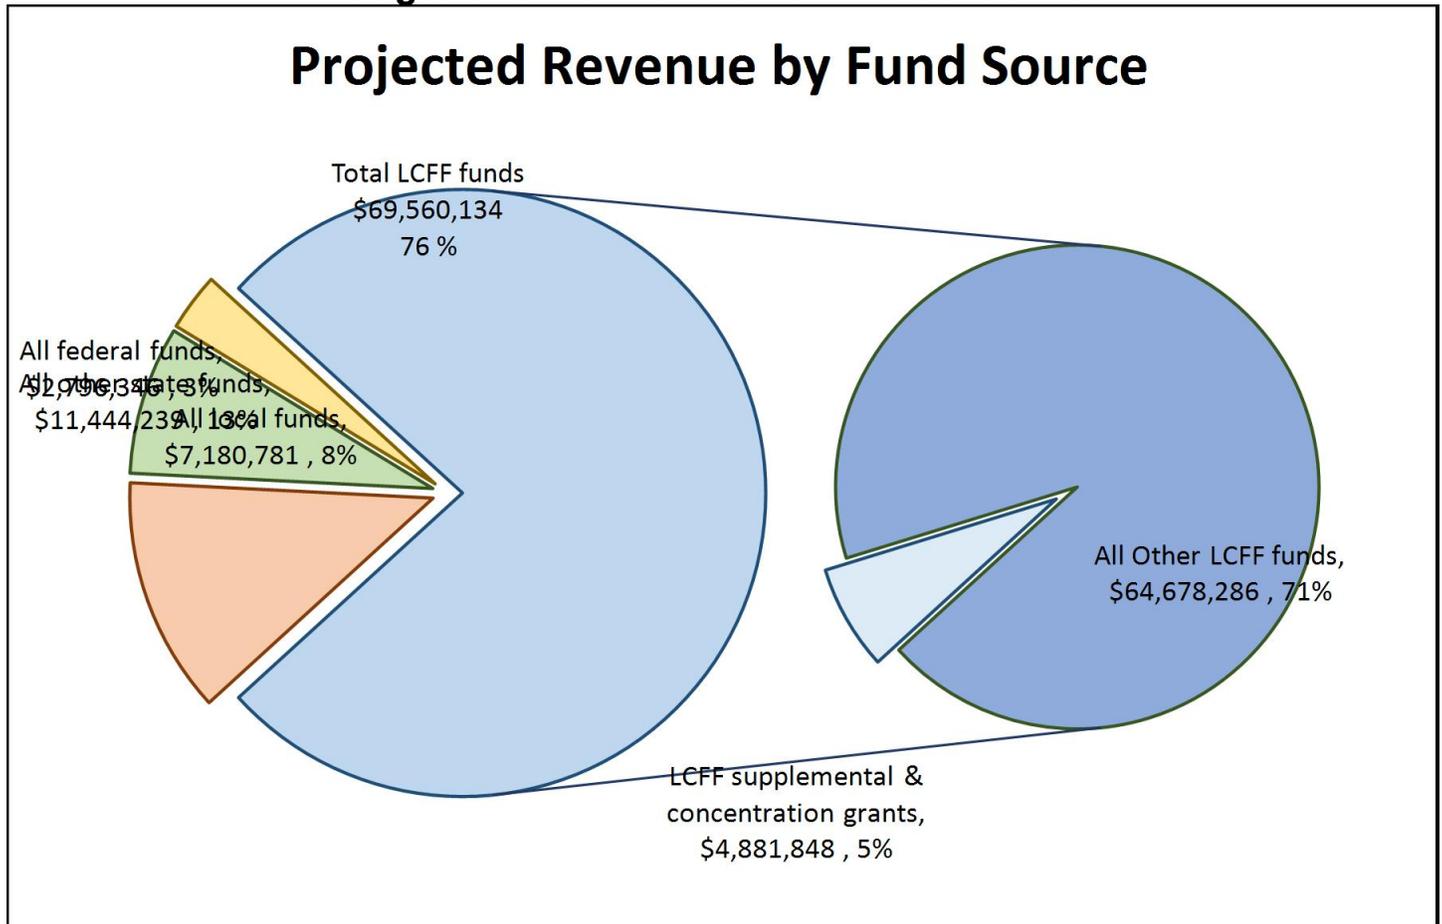

Assistant Superintendent Educational Services

[lisa.paisley@santeesd.net](mailto:lisa.paisley@santeesd.net)

619-258-2351

School districts receive funding from different sources: state funds under the Local Control Funding Formula (LCFF), other state funds, local funds, and federal funds. LCFF funds include a base level of funding for all LEAs and extra funding - called "supplemental and concentration" grants - to LEAs based on the enrollment of high needs students (foster youth, English learners, and low-income students).

### Budget Overview for the 2024-25 School Year

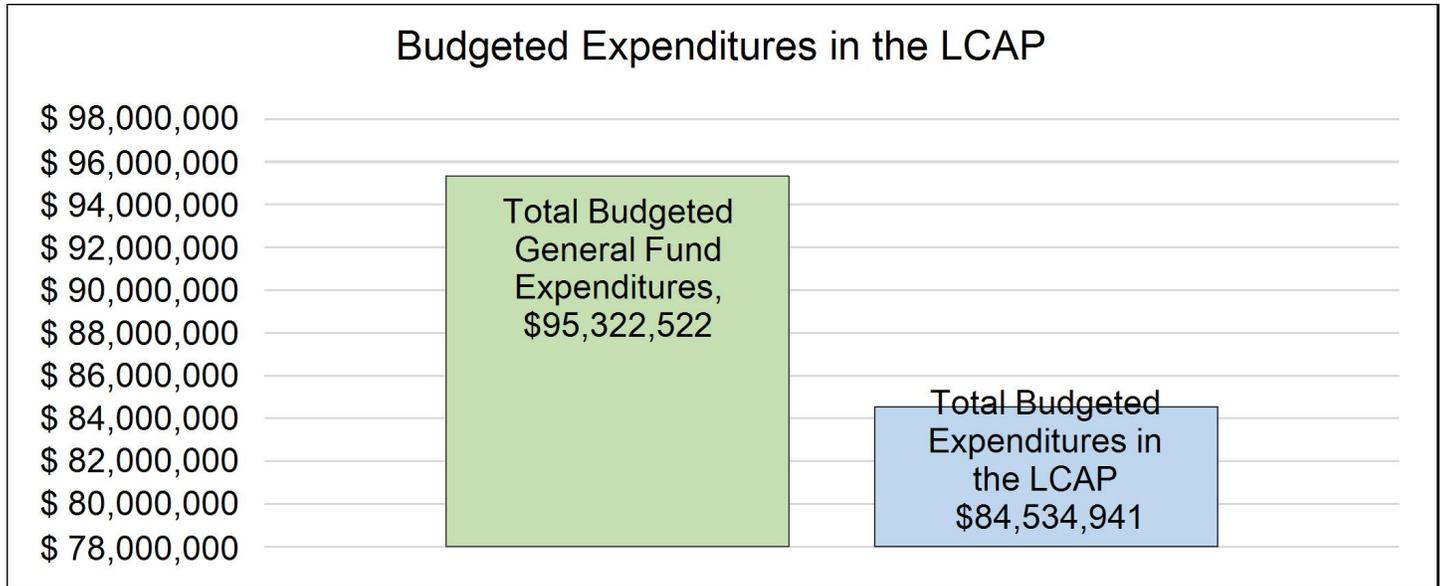

This chart shows the total general purpose revenue Santee School District expects to receive in the coming year from all sources.

The text description for the above chart is as follows: The total revenue projected for Santee School District is \$90,981,500, of which \$69,560,134 is Local Control Funding Formula (LCFF), \$11,444,239 is other state funds, \$7,180,781 is local funds, and \$2,796,346 is federal funds. Of the \$69,560,134 in LCFF Funds, \$4,881,848 is generated based on the enrollment of high needs students (foster youth, English learner, and low-income students).

# LCFF Budget Overview for Parents

The LCFF gives school districts more flexibility in deciding how to use state funds. In exchange, school districts must work with parents, educators, students, and the community to develop a Local Control and Accountability Plan (LCAP) that shows how they will use these funds to serve students.

This chart provides a quick summary of how much Santee School District plans to spend for 2024-25. It shows how much of the total is tied to planned actions and services in the LCAP.

The text description of the above chart is as follows: Santee School District plans to spend \$95,322,522 for the 2024-25 school year. Of that amount, \$84,534,941 is tied to actions/services in the LCAP and \$10,787,581 is not included in the LCAP. The budgeted expenditures that are not included in the LCAP will be used for the following:

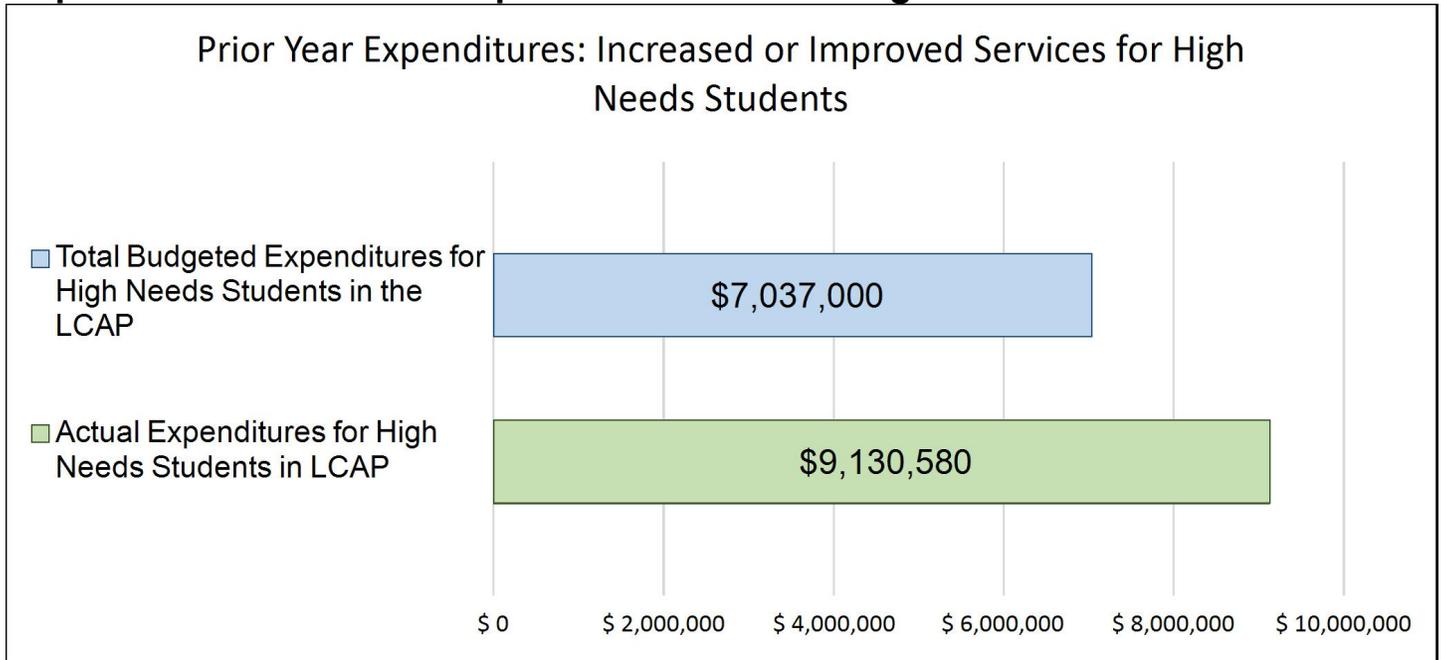

A portion of the Preschool Planning grant, MediCAL, Arts and Music Instructional Block grant, a portion of Federal Title programs, and Prop 20 Lottery.

## Increased or Improved Services for High Needs Students in the LCAP for the 2024-25 School Year

In 2024-25, Santee School District is projecting it will receive \$4,881,848 based on the enrollment of foster youth, English learner, and low-income students. Santee School District must describe how it intends to increase or improve services for high needs students in the LCAP. Santee School District plans to spend \$4,917,460 towards meeting this requirement, as described in the LCAP.

# LCFF Budget Overview for Parents

## Update on Increased or Improved Services for High Needs Students in 2023-24

This chart compares what Santee School District budgeted last year in the LCAP for actions and services that contribute to increasing or improving services for high needs students with what Santee School District estimates it has spent on actions and services that contribute to increasing or improving services for high needs students in the current year.

The text description of the above chart is as follows: In 2023-24, Santee School District's LCAP budgeted \$7,037,000 for planned actions to increase or improve services for high needs students. Santee School District actually spent \$9,130,580 for actions to increase or improve services for high needs students in 2023-24.

# 2023–24 Local Control and Accountability Plan Annual Update

The instructions for completing the 2023–24 Local Control and Accountability Plan (LCAP) Annual Update follow the template.

## Goal Analysis

An analysis of how this goal was carried out in the previous year.

A description of any substantive differences in planned actions and actual implementation of these actions.

All elements of the Core Program were implemented as planned (1.1). Professional Development was implemented as planned, with the addition of veteran teachers to the New Teacher Orientation 4 day training (1.2).

Each student received a newly updated iPad to use for daily instructional purposes and educational enrichment (1.3).

1.4 Director of Instructional Technology employed all year, upgraded internet, continued funding of technicians to install cameras  
All listed digital learning software systems were implemented. Some functionality with School Net was noted and, therefore, it is being replaced by a Power School add on called Unified Insights (1.5).

5.0 FTE Curriculum Resource Teachers were provided (1.6).

Science curriculum being implemented grades K-8, and workshops led by pilot team and teacher leaders from across the district (1.7).

Schools employed the following supplemental staff (1.8):

- 1 Social Worker at PRIDE Academy
- 1 Intervention Resource Teacher and 1 Community Liaison at Pepper Drive
- 2 Instructional Assistants at Cajon Park
- 2 Instructional Assistants at Chet F. Harritt
- 1 Instructional Assistant at Rio Seco

5.25 FTE Bilingual Assistants provided (1.9).

Summer program was provided during Summer of 2023 and is also planned for Summer of 2024 (1.10).

All listed materials and systems were provided and implemented as appropriate, with the exception of Rosetta Stone (1.11).

9.0 FTE Language Arts Specialists (LAS)/ Intervention Resource Teachers (IRTS) were provided to work with small groups of students; they also were instrumental in the newly implemented MTSS process (1.12).

1.13 moved to CORE

1.14 moved to CORE

Santee Success Program provided to students in need (1.15).

Provided additional teachers to lower class sizes this year (1.16).

1.17 ACTION DISCONTINUED

1.18 moved to CORE

Expanded Learning Program (ELP) provided for both before and after school as well as half day Transitional Kindergarten support. We were able to hire more staff this year and take more students off of the waitlist than anticipated. We also made sure that low socio-economic students, Foster Youth, Homeless, and English Learners were served first (1.19).

We only had 1 Admin Intern this year, due to the need to make the other a Vice Principal. Instead of 2 Admin Interns, we had 1 Admin Intern and 1 VP (1.20).

An explanation of material differences between Budgeted Expenditures and Estimated Actual Expenditures and/or Planned Percentages of Improved Services and Estimated Actual Percentages of Improved Services.

Generally, the District assumes a variance of 10% or more to be a material difference. There was a variance on the following actions:

1.2: Professional development activities varied from original cost estimates due to substitute teacher availability and fewer CGI dates on the calendar than year prior

1.3: Technology was purchased for less than expected.

- 1.4: Additional expenses were incurred due to early refresh of iPads and the increased contribution to the technology reserve due to a 4 year apple lease for iPads district wide.
- 1.5: Reduction in cost over what we anticipated to pay for Achieve, Dreambox, and Lexia.
- 1.6: CRT costs were lower than anticipated due to less veteran staff filling positions.
- 1.8: Cost increases were due to an increase in health and benefits for supplement staff.
- 1.9: Bilingual assistant costs were more than anticipated due to raises and health benefits.
- 1.10: Summer Academy Program was provided to over 500 students; more students were invited than anticipated; more materials were purchased than expected.
- 1.15: Increased cost due to staff raises and health benefits, as well as more veteran teacher assigned to oversee the program instruction.
- 1.16: Class size reduction resulted in fewer teachers hired than expected due to declining enrollment
- 1.19: Cost was reduced due to inability to hire personnel.
- 1.20: Cost was less than expected due to a reduction in number of Admin Interns.

An explanation of how effective or ineffective the specific actions were in making progress toward the goal during the three-year LCAP cycle.

Overall the average distance from "Standard Met" on the English Language Arts (ELA) CAASPP per CA Dashboard increased by 3.1, such that as a district, we are 9.2 points above distance from "Standards Met".

Overall the average distance from "Standard Met" on the Math CAASPP per CA Dashboard increased by 4.1, such that as a district, we are 10.2 points below distance from "Standards Met".

57% of Santee students are "Meeting or Exceeding" standards in ELA; 48% are "Meeting or Exceeding" standards in Math; 39% are "Meeting or Exceeding" standards in Science.

57.80% of English Learners improved by one proficiency level or maintained Level 4 from prior year on the Summative English Language Performance Assessment for California (ELPAC)

Santee has witnessed growth from 2021-2022 to 2022-2023 in all subject areas assessed: ELA, Math, and Science.

While there is continued room for growth, and Math performance does not yet present above "Standards Met", there is steady progress over the last three years that brings us back to pre-Covid performance. There is more growth in Math than ELA over the last year, despite ELA performance being higher overall. This indicates that providing appropriate student to teacher ratios, in addition to vital support staff, as well as our focus on curriculum implementation with supplemental technology is making an impact. Having fully credentialed teachers who are able to instruct in a well-maintained environment, and who are provided with meaningful growth opportunities, has clearly increased ELA, Math, Science, and English Learner performance district-wide. The support of LAS/IRTs and CRTs to assist in Tier I curriculum implementation and necessary pedagogy as well as Tier II intervention has made the most impact in the core subjects of ELA, Math, and Science per CAASPP data. Less of an impact can be seen in CalAlt progress and English Learner reclassification rates.

A description of any changes made to the planned goal, metrics, desired outcomes, or actions for the coming year that resulted from reflections on prior practice.

While there is progress in Math CAASPP performance, we know there needs to be added attention to actions in Goal 1 related to this metric, as we want to have an average that is above "Standards Met". Additionally, we believe ELA CAASPP performance could be even stronger and attribute that to a potential gap in a quality phonics foundational program in grades K-2. Therefore, we will be adding actions in Goal 1 related to instructional materials and professional development related to phonics in particular. The 2023-2024 school year was the first year that elementary grades K-5, and the second year that middle school grades 6-8 had a fully standards-aligned science program. There is progress in Science performance since the onset of NGSS assessment, however, we believe there is more of an opportunity to leverage our Curriculum Resource Teachers (CRTs) at the school site level for our new science curriculum implementation and pedagogy. Further, the site-based CRT model of professional learning will be expanded and implemented intentionally to provide teachers with the support they need to implement Tier I first, best instruction and Tier II supports. This will allow professional learning to be job-embedded and relevant, such that it serves to more fully support the depth and complexity of teacher needs in the classroom today. The Instructional Resource Teacher (IRT)/ Language Arts Specialist (LAS) model of providing additional academic intervention for students in small groups within a multi-tiered system of support (MTSS) will continue to be a priority. Additionally, the English Learner reclassification rate indicates that actions are needed in Goal 1 to support English proficiency for our multi-lingual learners. CRTs can support both classroom teachers, as well as their support staff, in learning how to provide quality integrated and designated ELD instruction that is both into and from the core. We need specific actions in Goal 1 related to the "African American" and "Students with Disabilities" student groups in the area of English Language Arts. We also need specific actions related to "African American", "Socio-economically Challenged", and "Students with Disabilities" student groups in the area of Math.

**A report of the Total Estimated Actual Expenditures for last year's actions may be found in the Annual Update Table. A report of the Estimated Actual Percentages of Improved Services for last year's actions may be found in the Contributing Actions Annual Update Table.**

# Goals and Actions

## Goal

| Goal # | Description  |
|--------|--|
| 2      | Improve and/or increase services to support the social, emotional, and physical well-being of students and promote compassionate care for self, others, and the community. |

## Goal Analysis

An analysis of how this goal was carried out in the previous year.

A description of any substantive differences in planned actions and actual implementation of these actions.

Thrively App was implemented, and this year we added the HOPE index as well. Behavior intervention learning opportunities were offered from August through January for certificated and support staff. Performing and visual arts electives are available to students in grades 6-8 and were supplemented in the 2023-24 school year with a K-5 VAPA program. Students completed the Panorama survey twice this year; data is used in the formulation of the LCAP and School Site Plans (2.1). 8.0 FTE Counselors/Social Workers were provided to school sites for academic and behavioral support; 1.0 FTE Counselor dedicated to supporting Homeless students; portions of Directors Community Collaborative and Pupil Services provided to support services for at promise student groups (2.2).

We continue to focus on the need for increased student attendance. School sites are closely monitoring and celebrating successes both on campus and in communications. We purchased a supplement to our data information system that allows for easier tracking of attendance and parent/guardian communication that we hope will improve attendance in coming years; this was a mid year purchase and we are only now rolling it out (2.3).

An explanation of material differences between Budgeted Expenditures and Estimated Actual Expenditures and/or Planned Percentages of Improved Services and Estimated Actual Percentages of Improved Services.

- 2.1: Thrively app cost more than anticipated.
- 2.2: Increased health and welfare benefits resulted in unanticipated salary costs.

An explanation of how effective or ineffective the specific actions were in making progress toward the goal during the three-year LCAP cycle.

Santee's attendance rate climbed to over 94%, which is an increase of 4% over the year prior. While we are not seeing the 96% rates we were used to realize pre-pandemic, this is notably linked to the chronic absenteeism rate of 20.8% that is consistent with trends in public education nationwide. Despite 1 in 5 of our students being considered chronically absent, this metric shows improvement from the year prior, such that 6% fewer of our students were chronically absent. Of particular concern are the "Socio-economically Disadvantaged", "Homeless", and "Students with Disabilities" student groups, who show greater than average chronic absenteeism. While our actions may be making some improvements, there is clearly more that needs to be done to support specific groups of students. The California Healthy Kids Survey (CHKS) indicates an increase in perceptions of School Connectedness, however Panorama metrics on school climate are pretty stagnant, with a concerning decrease in perceptions of school safety.

A description of any changes made to the planned goal, metrics, desired outcomes, or actions for the coming year that resulted from reflections on prior practice.

There is a clear need to refocus our efforts in Goal 2 on perceptions of safety and positive relationships on campus, as evidenced by both our student and teacher Panorama survey data. Additionally, while we provide TK-8 Second Step and Thrively as core curriculum, there is still a need for greater focus on explicit Tier I social-emotional behavioral (SEB) instruction and support. All staff need additional training for Second Step and Thrively implementation, as well as meaningful ways to utilize additional strategies from the Panorama Playbook. We need to redirect more counselor attention on Tier I classroom support for well-being and behavior. Site based staff need additional district level support for behavior management in Tiers II and III. A renewed focus on positive school climate via safety, relationship building, and asset-based, preventative discipline promises to increase student desire to attend and authentically engage in school. In addition, a thorough implementation of the Power School Unified Insights Attendance suite for communication and administrative tracking of students who are chronically absent will increase our understanding on how to tackle this new reality and get student to school more regularly.

Goal 2 language will change to "Support the social and emotional well-being of students and promote positive and inclusive classroom climates". This goal will also need to include specific actions in order to provide support for Tier I, Tier II, and Tier III social-emotional behavioral interventions to assure the highest quality first, best instruction and resources for students who need additional support in order to demonstrate mastery of inter and intrapersonal skills.

**A report of the Total Estimated Actual Expenditures for last year's actions may be found in the Annual Update Table. A report of the Estimated Actual Percentages of Improved Services for last year's actions may be found in the Contributing Actions Annual Update Table.**

# Goals and Actions

## Goal

| Goal # | Description   |
|--------|---|
| 3      | Improve and/or increase parent participation and engagement in their child(ren)'s learning process in preparation for high school and beyond. |

## Goal Analysis

An analysis of how this goal was carried out in the previous year.

A description of any substantive differences in planned actions and actual implementation of these actions.

Parent workshops were provide at both the school site and district level as planned.  
Provided partial funding for Director, Community Collaborative as planned.  
Funded Director, Communication and Community Engagement, but shifted some of the funding to ELOP due to the volume of work related to that department.  
Provided district app for families to download and use to access website and forms.  
Designed 4 parent outreach programs for schools to connect with families regarding instructional program.

An explanation of material differences between Budgeted Expenditures and Estimated Actual Expenditures and/or Planned Percentages of Improved Services and Estimated Actual Percentages of Improved Services.

There were no material differences between budgeted expenditures and estimated actuals.

An explanation of how effective or ineffective the specific actions were in making progress toward the goal during the three-year LCAP cycle.

We far exceeded our desired outcome for parent volunteer hours this year, and continue to experience parents wanting to be on campus as much as possible. Participation on various school and district committees has been less favorable. Over the last two years, we have opened up campuses to families, and they are taking advantage of opportunities to engage with their students on campus. Feedback suggests that parents want to participate more greatly at the school level and less so at the district level. Additionally, they want to engage with their students either during the school day or during after school events, more than attending workshops or parent learning opportunities. Despite the openness of school campuses and volunteer opportunities, our community partner feedback indicates that only 24% feel they are involved and interact with their child's school. Reasons for this vary from physical boundaries like fencing to work/life obligations to lack of welcoming environments created by other parents. This metric indicates a clear need to refocus attention on campus climate as it relates to involvement and inclusion.

A description of any changes made to the planned goal, metrics, desired outcomes, or actions for the coming year that resulted from reflections on prior practice.

We will be shifting Goal 3 and the actions within to include a greater focus on creating a welcoming campus climate where family/community participation is encouraged. The language will change from "Improve and/or increase parent participation and engagement in their child(ren)'s learning process in preparation for high school and beyond" to "Develop and sustain campus environments in which parents and community members are welcomed and their participation is valued and encouraged," such that the onus is placed upon the school district to design the culture and environment rather than on the parent to participate. The metrics will be similar for the effect data, but we cause data

will shift to a focus on campus climate and culture of inclusion. We will seek to have our committees include more community than staff and involve such members authentically to encourage their participation. This will include translation services and regular input sessions with opportunity for feedback on the content and structure of each meeting.

**A report of the Total Estimated Actual Expenditures for last year's actions may be found in the Annual Update Table. A report of the Estimated Actual Percentages of Improved Services for last year's actions may be found in the Contributing Actions Annual Update Table.**

# Instructions

For additional questions or technical assistance related to the completion of the Local Control and Accountability Plan (LCAP) template, please contact the local county office of education (COE), or the California Department of Education’s (CDE’s) Local Agency Systems Support Office, by phone at 916-319-0809 or by email at [lcff@cde.ca.gov](mailto:lcff@cde.ca.gov).

Complete the prompts as instructed for each goal included in the 2023–24 LCAP. Duplicate the tables as needed. The 2023–24 LCAP Annual Update must be included with the 2024–25 LCAP.

### Goal Analysis

Using actual annual measurable outcome data, including data from the Dashboard, analyze whether the planned actions were effective in achieving the goal. Respond to the prompts as instructed.

A description of any substantive differences in planned actions and actual implementation of these actions.

- Describe the overall implementation of the actions to achieve the articulated goal. Include a discussion of relevant challenges and successes experienced with the implementation process. This must include any instance where the LEA did not implement a planned action or implemented a planned action in a manner that differs substantively from how it was described in the adopted LCAP.

An explanation of material differences between Budgeted Expenditures and Estimated Actual Expenditures and/or Planned Percentages of Improved Services and Estimated Actual Percentages of Improved Services.

- Explain material differences between Budgeted Expenditures and Estimated Actual Expenditures and between the Planned Percentages of Improved Services and Estimated Actual Percentages of Improved Services, as applicable. Minor variances in expenditures or percentages do not need to be addressed, and a dollar-for-dollar accounting is not required.

An explanation of how effective or ineffective the specific actions were in making progress toward the goal during the three-year LCAP cycle.

- Describe the effectiveness or ineffectiveness of the specific actions in making progress toward the goal during the three-year LCAP cycle. “Effectiveness” means the degree to which the actions were successful in producing the desired result and “ineffectiveness” means that the actions did not produce any significant or desired result.
  - In some cases, not all actions in a goal will be intended to improve performance on all of the metrics associated with the goal.
  - When responding to this prompt, LEAs may assess the effectiveness of a single action or group of actions within the goal in the context of performance on a single metric or group of specific metrics within the goal that are applicable to the action(s). Grouping actions with metrics will allow for more robust analysis of whether the strategy the LEA is using to impact a specified set of metrics is working and increase transparency for educational partners. LEAs are encouraged to use such an approach when goals include multiple actions and metrics that are not closely associated.
  - Beginning with the development of the 2024–25 LCAP, the LEA must change actions that have not proven effective over a three-year period.

A description of any changes made to the planned goal, metrics, desired outcomes, or actions for the coming year that resulted from reflections on prior practice.

- Describe any changes made to this goal, expected outcomes, metrics, or actions to achieve this goal as a result of this analysis and analysis of the data provided in the Dashboard or other local data, as applicable.
  - As noted above, beginning with the development of the 2024–25 LCAP, the LEA must change actions that have not proven effective over a three-year period. For actions that have been identified as ineffective, the LEA must identify the ineffective action and must include a description of the following:
    - The reasons for the ineffectiveness, and
    - How changes to the action will result in a new or strengthened approach.

California Department of Education  
November 2023

# Local Control and Accountability Plan

The instructions for completing the Local Control and Accountability Plan (LCAP) follow the template.

| Local Educational Agency (LEA) Name | Contact Name and Title  | Email and Phone  |
|-------------------------------------|---|--|
| Santee School District              | Dr. Lisa Paisley<br>Assistant Superintendent Educational Services | <a href="mailto:lisa.paisley@santeesd.net">lisa.paisley@santeesd.net</a><br>619-258-2351 |

## Plan Summary [2024-25]

### General Information

A description of the LEA, its schools, and its students in grades transitional kindergarten–12, as applicable to the LEA.

The Santee School District strives to unlock the potential of tomorrow by building confident, innovative learners today. We do this by continuing to provide an extraordinary education in an inspiring environment with caring people. Santee School District worked collaboratively with educational partners to create a Student Learner Profile. We are committed to developing students who are communicators and collaborators, and who think critically and creatively. Our students will care for themselves, others and their communities by continually demonstrating empathy, respect, responsibility, and integrity. Santee School District students will be lifelong learners, ready to inspire and influence positive change in the world.

The Santee School District serves approximately 6,100 Pre-K through eighth-grade students in nine schools with 384 FTE dedicated educators and 370 FTE support staff. We are proud of our hard-working and dedicated students, which include eighteen ethnic groups and 36 languages. 20.8% of the students are in Special Education, 9.3% are English Language Learners, 38.6% are socio-economically disadvantaged, 0.3% are Foster Youth, and 3.3% are designated as Homeless. 52% of our students identify with "White" as their primary race or ethnicity, and 29.7% identify as "Hispanic".

The Santee School District is committed to a continuous reflection and improvement process throughout our organization. This includes promoting strong, student-centered learning environments by securing active partnerships with local organizations to promote high student achievement. The Santee School District boasts a robust digital learning platform, providing 1:1 iPads for each student to personalize their learning. We have before and after-school childcare, three preschool programs, robust Visual and Performing Arts programs, Transitional Kindergarten, and a wide variety of after-school learning opportunities.

# Reflections: Annual Performance

A reflection on annual performance based on a review of the California School Dashboard (Dashboard) and local data.

On the 2023 California School Dashboard, Santee School District achieved green ratings for English Language Arts, Mathematics, and English Learner Progress; yellow rating for Chronic Absenteeism; and orange rating for Suspension Rate. Evaluation of local data indicated that standards were met for all five local indicators.

The green ratings for the academic indicators (LCFF Priority 4) are a result of increased performance over the previous year. The district averaged 9.2 points above standard for ELA (up 3.1 points), 10.2 points below standard for Mathematics (up 4.1 points), and 57.8% of English Learners making progress (up 5.4%). No student groups at the district-wide level scored in the lowest performance level (red); however, Students With Disabilities scored in the red at Carlton Oaks in Math, Chet F. Harritt in ELA, and at Carlton Hills in both Math and ELA. These low performance levels suggest a focus on academic support for Students With Disabilities in both general education and special education settings. Actions to address this identified need are found in this plan under Goal 1.

The yellow rating for Chronic Absenteeism (LCFF Priority 5) combines a significant decline (5.8%) in Chronic Absenteeism over the previous year with the reality that the level is still troublingly high (20.8%). While we celebrate the progress made in increasing school attendance, we recognize that we need to continue our efforts. No student groups at the district-wide level were rated in the lowest level (red). However, one school (Carlton Oaks) was rated red overall, as well as for English Learners, White, Multiple Races, Students with Disabilities, and Socioeconomically Disadvantaged. Also rated red were Multiple Race students at Cajon Park, Rio Seco, and Sycamore Canyon, and English Learners at Cajon Park and Chet F. Harritt. Our actions to address Student Engagement through increased attendance are found in this plan under Goal 2.

The orange rating for Suspension Rate (LCFF Priority 6) reflects a small increase (1.1%) over the previous year, bringing the value to 3.7% of students suspended for at least one day. This encompasses a lowest performance rating (red) for the small group of Foster Youth district-wide. It also includes a red rating overall for Pepper Drive, as well as for White, Hispanic, Students with Disabilities, and Socioeconomically Disadvantaged at that school. Also rated red were Hispanic students at Sycamore Canyon, English Learners at Carlton Oaks and Carlton Hills, Asian students at Carlton Oaks, and Multiple Race students at Carlton Hills. The pattern and distribution of these higher suspension rates indicates needs for de-escalation strategies, socio-emotional learning, and classroom environment improvements. Actions to address school and classroom climates are found in this plan under Goal 3.

# Reflections: Technical Assistance

As applicable, a summary of the work underway as part of technical assistance.

Not Applicable

# Comprehensive Support and Improvement

An LEA with a school or schools eligible for comprehensive support and improvement must respond to the following prompts.

## ***Schools Identified***

A list of the schools in the LEA that are eligible for comprehensive support and improvement.

NA

## ***Support for Identified Schools***

A description of how the LEA has or will support its eligible schools in developing comprehensive support and improvement plans.

NA

## ***Monitoring and Evaluating Effectiveness***

A description of how the LEA will monitor and evaluate the plan to support student and school improvement.

NA

# Engaging Educational Partners

A summary of the process used to engage educational partners in the development of the LCAP.

School districts and county offices of education must, at a minimum, consult with teachers, principals, administrators, other school personnel, local bargaining units, parents, and students in the development of the LCAP.

Charter schools must, at a minimum, consult with teachers, principals, administrators, other school personnel, parents, and students in the development of the LCAP.

An LEA receiving Equity Multiplier funds must also consult with educational partners at schools generating Equity Multiplier funds in the development of the LCAP, specifically, in the development of the required focus goal for each applicable school.

| Educational Partner(s)        | Process for Engagement   |
|-------------------------------|--|
| Teachers                      | Teachers completed a Panorama school climate and safety survey. They also completed an LCAP survey asking for feedback on current goals/actions and suggesting new goals/actions. Additionally, teachers participated in reviewing, summarizing, and making recommendations from the data yielded by the surveys during our LCAP Annual Input meeting.   |
| Principals and Administrators | School administrators completed a Panorama school climate and safety survey. They also completed an LCAP survey asking for feedback on current goals/actions and suggesting new goals/actions. Additionally, school administration participated in reviewing, summarizing, and making recommendations from the data yielded by the surveys during our LCAP Annual Input meeting.                             |
| Other School Personnel        | Other school staff, including SLPs and school psychologists answered LCAP survey questions at a monthly staff meeting asking for feedback on current goals/actions and suggesting new goals/actions. Both CSEA and STA participated in reviewing the educational partner input and suggestion actions that aligned with new themes that emerged.   |
| Parents/Guardians/Community   | Parents/Guardians/Community Members completed a Panorama school climate and safety survey. They also completed an LCAP survey asking for feedback on current goals/actions and suggesting new goals/actions. Additionally, parents/guardians/community members participated in reviewing, summarizing, and making recommendations from the data yielded by the surveys during our LCAP Annual Input meeting. |

| Educational Partner(s) | Process for Engagement   |
|------------------------|--|
| Students               | Students completed a Panorama school climate and safety survey. They also participated in discussion group forums at each school site with facilitation from site administration and personnel from SDCOE. Topics related to bullying, school safety, and overall student engagement. Students also were invited to give input on LCAP goals and actions during a student board forum. |

A description of how the adopted LCAP was influenced by the feedback provided by educational partners.

The Santee School District used the following process to gather educational partner input:

1. Developed a Needs Assessment
  - a. Identified data elements to measure progress in each of the State Priority Areas and some locally defined areas within the categories of Conditions of Learning, Pupil Achievement, and Engagement.
  - b. Assembled available data into a user-friendly format to report trends with data including prior years, or to establish baseline data.
2. Developed an LCAP Executive Summary document for sharing with our educational partners and seeking input on the Supplemental Annual Update and the Annual LCAP process.
3. Provided a link on the District's website for educational partners to submit input via email throughout development of the LCAP.
4. Conducted meetings with bargaining units, administrators, teachers, classified staff, DAC, DELAC, Special Education Advisory Committee, School Site Councils, ELACs, parents/community members, and students during which participants were asked to provide answers to guided questions. Answers were assembled in a database and categorized by themes. The following dates were for some of the educational partner input meetings:
  - a. Student Forums held from May 2023 through March 2024 at each school and district office Board of Education Forums.
  - b. LCAP Partner Input meeting, including DAC, DELAC, and Special Education Advisory Committee on February 27, 2024.
  - c. DAC and Special Education Advisory Committee draft review and question/comment generation on May 9, 2024.
  - e. DELAC LCAP draft review and question/comment generation on May 17, 2024 with translation services.
  - f. Consultation with certificated bargaining unit on February 26, 2024.
  - g. Consultation with classified bargaining units on May 20, 2024
  - h. School Principals discussed the LCAP with their school site councils in March and April of 2024.
  - i. Attended Countywide Foster Care Educational Partner meeting to obtain input on needs of Foster Youth.
  - j. Attended Special Education Local Planning Agency (SELPA) committee meetings scheduled multiple times during the year.
5. Educational Partners were provided qualitative and quantitative data on teacher credentialing, facilities conditions, instructional materials availability, test scores, student attendance, suspension and expulsion rates, parent participation on committees, volunteerism, school connectedness surveys, and the California Dashboard (metrics addressing all of the eight state priority areas). This information was consolidated into our Executive Summary used at all the above listed educational partner meetings.
6. Categorized educational partner input into themes and analyzed for possible LCAP revisions.

The following themes emerged as "High Value" for educational partners:

- A. ACCELERATED STUDENT LEARNING THROUGH MULTI-TIERED SYSTEMS OF SUPPORT (INTERVENTION)

- B. STAFF SUPPORT FOR STUDENT ACADEMIC AND SOCIAL-EMOTIONAL BEHAVIOR NEEDS
- C. SOCIAL-EMOTIONAL LEARNING SUPPORT FOR STUDENTS
- D. STRENGTHENING STUDENT CONNECTEDNESS AND SENSE OF BELONGING ON CAMPUS
- E. STRENGTHENING FAMILY ENGAGEMENT
- F. WELCOMING CAMPUS-COMMUNITY ENVIRONMENTS

- 7. Provided a draft of our 2024-25 LCAP on the district website for all our educational partners to review prior to all public comment meetings.
- 8. Advertised and conducted a public hearing to seek input on the LCAP at the June 4, 2024 Governing Board meeting.
- 9. Adopted the LCAP at the June 18, 2024 Governing Board meeting.

The following goals and actions have been included in this plan as a direct result of the high value themes (A-F) emerging from educational partner input:

- 1.6 Expansion of Teachers on Special Assignment to provide job-embedded PD and coaching for teachers
- 1.7 Operating an Expanded Learning Program
- 1.9 Support for Classroom Teachers: providing Curriculum Resource Teachers and Intervention Resource Teachers at each school site to provide pull-out interventions as well as instructional coaching for all teachers.
- 1.10 and 2.5 Multi-Tiered Systems of Support for academic, social-emotional, and behavioral domains.
- 2.3 Specific professional development for teachers to be able to support students' emotional and mental health.
- 3.2 Engagement and Participation to create climates at all school sites where parents and community members feel welcomed and encouraged to participate to the extent they choose.

# Goals and Actions

## Goal

| Goal # | Description  | Type of Goal |
|--------|--|--------------|
| 1      | Improve student learning and demonstrate annual growth in academic achievement in all content areas. | Broad Goal   |

State Priorities addressed by this goal.

- Priority 1: Basic (Conditions of Learning)
- Priority 2: State Standards (Conditions of Learning)
- Priority 4: Pupil Achievement (Pupil Outcomes)
- Priority 7: Course Access (Conditions of Learning)

An explanation of why the LEA has developed this goal.

This goal supports our vision, mission, and student profile identified as part of our strategic action planning process to support our LCAP 2024-27 cycle. Our educational partners identified the importance of the following areas when considering the development of a learning focused goal:

1. Assure the highest level of educational achievement through successful and supported implementation of the California State Standards in ELA/ELD, mathematics, Next Generation Science Standards (NGSS), History/Social Studies, and all other content areas.
2. Increase student performance as measured by state and local student assessment data, and for all student groups.
3. Increase the annual rate of reclassification of English Learner students to English Proficient, improve our reclassification rate, and continue the implementation of the California English Learner Roadmap.
4. Increase support and improve learning outcomes for students with disabilities.
5. Provide instructional materials and professional development for content areas such as ELA, Mathematics, History Social Science, and NGSS.
6. Provide classrooms with 100% fully credentialed teachers in appropriate assignments.
7. Maintain condition of district facilities as measured by Facility Inspection Tool (FIT)
8. Provide early learning opportunities prior to Kindergarten.
9. Provide extended learning opportunities outside of the school day.
10. Provide supplemental and intensified supports to students who require more academic support in order to experience success in the general education environment (MTSS).

## Measuring and Reporting Results

| Metric # | Metric  | Baseline  | Year 1 Outcome | Year 2 Outcome | Target for Year 3 Outcome  | Current Difference from Baseline |

## Goal Analysis [2023-24]

An analysis of how this goal was carried out in the previous year.

A description of overall implementation, including any substantive differences in planned actions and actual implementation of these actions, and any relevant challenges and successes experienced with implementation.

Not Applicable.

An explanation of material differences between Budgeted Expenditures and Estimated Actual Expenditures and/or Planned Percentages of Improved Services and Estimated Actual Percentages of Improved Services.

Not Applicable.

A description of the effectiveness or ineffectiveness of the specific actions to date in making progress toward the goal.

Not Applicable.

A description of any changes made to the planned goal, metrics, target outcomes, or actions for the coming year that resulted from reflections on prior practice.

Not Applicable.

## Actions

| Action # | Title        | Description   | Total Funds     | Contributing |
|----------|--------------|---|-----------------|--------------|
| 1.1      | Core Program | <p>Provide a core/base program consisting of the following:</p> <p>1.1.1 Appropriately credentialed and assigned highly qualified classroom teachers for maximum general education school-wide class size average for Grades TK-3 of 24:1 and district-wide class size average for Grades 4 - 8 of 32.1:1 per state guidelines.</p> <p>1.1.2 Visual and Performing Arts Teachers (VAPA) and Physical Education Teachers (PE) as funding permits</p> <p>1.1.3 A Principal for each school; Vice Principals for schools with Grades 7-8; Admin Interns at some schools, in accordance with established staffing guidelines</p> <p>1.1.4 School office staff, campus aides, instructional media technicians, and custodians in accordance with established staffing guidelines</p> <p>1.1.5 Centralized Nursing staff to provide health services for students in accordance with periodic workload distribution analysis and needs assessments</p> <p>1.1.6 Sufficient centralized Psychologists to assess the needs of students and assist in the development of Individualized Education Plans (IEPs)</p> <p>1.1.7 District level administrators, technology staff, maintenance staff, drivers, office support personnel, specialists, technicians, custodians, and clerks to support business, human resources, and instructional operations in accordance with periodic workload distribution analysis and needs assessments</p> | \$62,623,502.00 | No           |

|          |       | <p>with disabilities; and for teachers and classified instructional staff to support student learning.</p> <p>1.11.2 Provide a robust, reliable, secure, and scalable digital network to continually enhance and improve the instructional program, available resources, and staff productivity; and to enhance learning for socio-economically disadvantaged students, foster youth, multilingual learners, and students with disabilities:</p> <p>1.11.2.1 Allows unduplicated count students to access curriculum outside of school time and to have access to digital tools to target and increase knowledge and skills.</p> <p>1.11.2.2 Continue funding a technology reserve to provide sufficient funding for replenishment of teacher devices, classified instructional support staff devices, student devices, and infrastructure equipment as they become obsolete – Amount of annual set-aside varies each year depending on need and available funds.</p> <p>1.11.2.3 Upgrade network equipment to take advantage of the latest cybersecurity and communication protocols, and innovative instructional strategies.</p> <p>1.11.3 Digital network devices and pathways to optimize access to technology resources that support classroom instruction and optimize staff productivity.</p> <p>1.11.4 Employ Director(s), Technology to assure quality implementation of program.</p> |             |              |

# Goals and Actions

## Goal

| Goal # | Description  | Type of Goal |
|--------|--|--------------|
| 2      | Support the social and emotional well-being of students and promote positive and inclusive classroom environments. | Broad Goal   |

State Priorities addressed by this goal.

|   |
|---|
| Priority 5: Pupil Engagement (Engagement)<br>Priority 6: School Climate (Engagement)<br>Priority 8: Other Pupil Outcomes (Pupil Outcomes) |
|---|

An explanation of why the LEA has developed this goal.

This goal supports our vision, mission, and student profile identified as part of our strategic action planning process to support the LCAP 2024-27 cycle. Our educational partners identified the importance of the following areas when considering the development of learning goals with a focus on the whole child:

1. Increase percentage of students that report a sense of safety, belonging, and school connectedness.
2. Decrease pupil suspension and expulsion rates by focusing on asset-based relationship building.
3. Improve district attendance rate; Decrease chronic absenteeism.
4. Maintain, or increase the support for, mental health services and counseling services.
5. Provide supplemental and intensified supports to students who require more behavioral and/or emotional support (MTSS) in order to be successful in the general education learning environment.
6. Provide training and support for all staff in the area of student emotional regulation and de-escalation of elevated behaviors.
7. Increase opportunities for Visual and Performing Arts (VAPA), Physical Education/Sports, and other high interest electives.

## Measuring and Reporting Results

# Goal Analysis [2023-24]

An analysis of how this goal was carried out in the previous year.

A description of overall implementation, including any substantive differences in planned actions and actual implementation of these actions, and any relevant challenges and successes experienced with implementation.

Not Applicable.

An explanation of material differences between Budgeted Expenditures and Estimated Actual Expenditures and/or Planned Percentages of Improved Services and Estimated Actual Percentages of Improved Services.

Not Applicable.

A description of the effectiveness or ineffectiveness of the specific actions to date in making progress toward the goal.

Not Applicable.

A description of any changes made to the planned goal, metrics, target outcomes, or actions for the coming year that resulted from reflections on prior practice.

Not Applicable.

## Actions

| Action # | Title  | Description  | Total Funds    | Contributing |
|----------|--|--|----------------|--------------|
| 2.1      | Student Well-Being and Mental Health Support | <p>Provide student well-being programs; school connectedness endeavors; and train staff on implementation which includes benefitting socio-economically disadvantaged students, foster youth, multilingual learners, and students with disabilities:</p> <p>2.1.1 Continue use of Thrively app for middle school students to identify their interests and career choices.</p> <p>2.1.2 Conduct two Panorama student surveys each year to determine the level of safety and connectedness felt by students.</p> <p>2.1.3. Employ Counselors/Social Workers for academic and behavioral supports to address the social and emotional learning needs of students and to work with socio-economically disadvantaged students, foster youth, multilingual learners, and students with disabilities, as well as their families.</p> <p>2.1.4 Increase monitoring and support for socio-economically disadvantaged students, foster youth, multilingual learners, and students with disabilities.</p> | \$1,293,515.00 | Yes          |

| Action #   | Title                                | Description  | Total Funds  | Contributing |
|------------|--------------------------------------|--|--------------|--------------|
|            |                                      | <p>2.1.5 Fund portion Director, Community Collaborative and portion Director, Pupil Services for overseeing and monitoring mental health/counseling services and social-emotional learning for foster youth, homeless, and socio-economically disadvantaged students.</p> <p>2.1.6 Implement Second Step Social/Emotional Learning Curriculum in Tier I classroom environments and school wide.</p>  |              |              |
| <b>2.2</b> | Student Behavior Support             | <p>2.2.1 Fund portion Director, Pupil Services to develop asset-based programs to affirm positive behavior and develop plans to address dysregulated or negative behaviors.</p> <p>2.2.2 Fund portion Coordinator, Special Education to train and support general education teachers, special education teachers, and Student Support Assistants (SSAs) in providing appropriate prevention and intervention strategies for positive student behavior.</p> <p>2.2.3 For Foster Youth district-wide; Pepper Drive as a whole; Hispanic, White, Socio-economically Disadvantaged and Students with Disabilities at Pepper Drive; English Learners and multi-race students at Carlton Hills; English Learners and Asian students at Carlton Oaks; Hispanic students at Sycamore Canyon: Connect with students to set goals early in year and conduct monthly check-ins to affirm choices and plan for interventions to prevent suspensions.</p> | \$637,811.00 | Yes          |
| <b>2.3</b> | Professional Development: Well-Being | <p>Provide professional development for staff on student socio-emotional needs, well-being, mental health, and behavioral supports, including:</p> <p>2.3.1 Behavior interventions including Self &amp; Match</p> <p>2.3.2 Crisis Prevention Institute (CPI) training for educators</p> <p>2.3.3 Training for use of Thrively for teachers</p> <p>2.3.4 Training for teachers in using Positive Behavioral Interventions and Supports (PBIS) and Restorative Practices</p> <p>2.3.5 Focus site level efforts on student to student and staff to student relationship building</p> <p>2.3.6 Anti-bias / inclusive environment / culturally responsive teaching</p> <p>2.3.7 Paraeducators will be offered training on behavioral management strategies</p>  | \$78,833.00  | No           |

| Action #   | Title                                       | Description  | Total Funds    | Contributing |
|------------|---|--|----------------|--------------|
|            |   | 2.3.8 Classified staff will be offered 2 days of training in first aid, CPR, and AED use   |                |              |
| <b>2.4</b> | Student Attendance Supports                 | <p>Develop and implement a comprehensive student attendance improvement plan to include:</p> <p>2.4.1 Fund portion Director Pupil Services for overseeing attendance improvement and reduction of chronic absenteeism.</p> <p>2.4.2 Implement attendance incentives</p> <p>2.4.3 Regular data analysis using Attendance Intervention Suite to track progress for students who are chronically absent and those who may possibly become chronically absent to identify issues early and provide support.</p> <p>2.4.5 Increased monitoring and support for Foster Youth, Homeless, low socio-economic students, and students with disabilities</p> <p>2.4.6 Effective use of Student Attendance Review Team (SART) contracts, District Attendance Review Team (DART), and Student Attendance Review Board (SARB) referrals</p> <p>2.4.7 For Carlton Oaks overall; English Learners, multi-race students, Socio-economically Disadvantaged students, Students with Disabilities, White students at Carlton Oaks; English Learners and multi-race students at Cajon Park; English Learners at Chet F. Harritt; multi-race students at Rio Seco and Sycamore Canyon: Conduct meetings with families regarding chronic absenteeism monthly, beginning in September.</p> | \$378,882.00   | Yes          |
| <b>2.5</b> | (MTSS) Multi-Tiered Systems of Support: SEB | <p>Provide support for Tier 1, Tier 2, and Tier 3 social-emotional behavioral interventions to assure the highest quality first, best instruction and resources for students who need additional support in order to develop strong interpersonal and intrapersonal skills, emotional wellness, and appropriate classroom behavior, including:</p> <p>2.5.1 Universal screening in grades 4 through 8 using Panorama student surveys</p> <p>2.5.2 Employ Counselors/Social Workers for academic and behavioral supports to address the social and emotional learning needs of students</p>   | \$1,132,664.00 | Yes          |

# Goals and Actions

## Goal

| Goal # | Description   | Type of Goal |
|--------|---|--------------|
| 3      | Develop and sustain campus environments in which parents and community members are welcomed and their participation is valued and encouraged. | Broad Goal   |

State Priorities addressed by this goal.

|   |
|---|
| Priority 3: Parental Involvement (Engagement)<br>Priority 5: Pupil Engagement (Engagement)<br>Priority 6: School Climate (Engagement) |
|---|

An explanation of why the LEA has developed this goal.

|  |
|--|
| <p>This goal supports our vision, mission, and student profile identified as part of our strategic action planning process to support the LCAP 2024-27 cycle. Our educational partners identified the importance of the following areas when considering the development of learning goals with a focus on the whole child:</p> <ol style="list-style-type: none"> <li>1. Increase perception that parents/guardians/community members are a valued and welcomed part of the educational process.</li> <li>2. Seek community input for the decision-making process at the district and site level for all students, including unduplicated students and students with exceptional needs, as measured by number of parents participating in district and site committees and meeting minutes</li> <li>3. Strengthen school to home connection by recognizing and honoring the diversity of forms of contribution.</li> <li>4. Increase opportunities for families to engage with their students on campus during and after school hours.</li> <li>5. Increase and improve communication with parents and the community.</li> <li>6. Assure that our ecosystem celebrates diverse voices and represents the communities we serve.</li> </ol> |

## Goal Analysis [2023-24]

An analysis of how this goal was carried out in the previous year.

A description of overall implementation, including any substantive differences in planned actions and actual implementation of these actions, and any relevant challenges and successes experienced with implementation.

Not Applicable.

An explanation of material differences between Budgeted Expenditures and Estimated Actual Expenditures and/or Planned Percentages of Improved Services and Estimated Actual Percentages of Improved Services.

Not Applicable.

A description of the effectiveness or ineffectiveness of the specific actions to date in making progress toward the goal.

Not Applicable.

A description of any changes made to the planned goal, metrics, target outcomes, or actions for the coming year that resulted from reflections on prior practice.

Not Applicable.

## Actions

| Action # | Title                        | Description  | Total Funds  | Contributing |
|----------|------------------------------|--|--------------|--------------|
| 3.1      | Effective Communication      | <p>Establish and sustain reciprocal communication methods and channels between the school and students' families, communicating frequently, clearly, and in the students' home languages to the extent possible.</p> <p>3.1.1 Translate all formal communications from schools and the district into Spanish and Arabic</p> <p>3.1.2 School Messenger</p> <p>3.1.3 Fund portion of Director, Communication and Community Engagement to improve parent engagement.</p> <p>3.1.4 Continue use of District app to improve parent access to district resources.</p> <p>3.1.5 Canva messaging software platform</p> <p>3.1.6 Attendance Intervention Suite communications- tracking and follow up</p>   | \$190,327.00 | Yes          |
| 3.2      | Engagement and Participation | <p>Promote in-person, on-campus participation among community and family members who are able; support online, remote engagement for community and family members who prefer those methods; and re-connect with families who are disengaged from the school or classroom. Special attention will be given to families and guardians of socio-economically disadvantaged students, foster youth, multilingual learners, students with disabilities, and other historically marginalized communities through:</p> <p>3.2.1 Fund portion of Director, Community Collaborative to oversee improving and increasing parent involvement.</p> <p>3.2.2 Provide support opportunities for public facing school staff and volunteers in community engagement and inclusive practices.</p> | \$75,522.00  | No           |

| Action # | Title | Description   | Total Funds | Contributing |
|----------|-------|---|-------------|--------------|
|          |       | <p>3.2.3 Expand in-class and on campus opportunities for volunteers, consistent with current campus safety protocols.</p> <p>3.2.4 Community Engagement Initiative Cohort grant</p> <p>3.2.5 Host Multicultural Festival annually</p> <p>3.2.6 Month of belonging – parent/community component</p> <p>3.2.7 Continue Diversity, Equity, Inclusion (DEI) committee</p> <p>3.2.8 Specific outreach to parents and guardians of socio-economically disadvantaged students, multilingual learners, and foster youth to ensure full inclusion in the school community.</p> <p>3.2.9 Specific outreach to parents and guardians of students with disabilities to ensure full inclusion in the school community.</p> |             |              |

# Increased or Improved Services for Foster Youth, English Learners, and Low-Income Students [2024-25]

|   |  |
|---|--|
| Total Projected LCFF Supplemental and/or Concentration Grants | Projected Additional 15 percent LCFF Concentration Grant |
| \$\$4,881,848   | \$0  |

## Required Percentage to Increase or Improve Services for the LCAP Year

| Projected Percentage to Increase or Improve Services for the Coming School Year | LCFF Carryover — Percentage | LCFF Carryover — Dollar | Total Percentage to Increase or Improve Services for the Coming School Year |
|---|-----------------------------|-------------------------|---|
| 7.727%  | 0.000%                      | \$0.00                  | 7.727%  |

The Budgeted Expenditures for Actions identified as Contributing may be found in the Contributing Actions Table.

## Required Descriptions

### LEA-wide and Schoolwide Actions

For each action being provided to an entire LEA or school, provide an explanation of (1) the unique identified need(s) of the unduplicated student group(s) for whom the action is principally directed, (2) how the action is designed to address the identified need(s) and why it is being provided on an LEA or schoolwide basis, and (3) the metric(s) used to measure the effectiveness of the action in improving outcomes for the unduplicated student group(s).

| Goal and Action # | Identified Need(s)  | How the Action(s) Address Need(s) and Why it is Provided on an LEA-wide or Schoolwide Basis  | Metric(s) to Monitor Effectiveness |
|-------------------|---|--|------------------------------------|
| 1.5               | <p><b>Action:</b><br/>Supplemental Curriculum and Instruction</p> <p><b>Need:</b><br/>Performance of unduplicated student groups on statewide and local measures shows lower achievement levels than the general population of students. Adopted ELA curriculum does not include a robust structured phonics program.</p> | Supplemental curriculum and instructional materials will be used to provide customized learning resources for unduplicated pupils, bridge learning gaps that these students may have from their previous schooling, validate students' cultural identities and backgrounds, provide a supportive learning environment, and facilitate parent and family engagement with the students' learning. Using a variety of instructional technologies and other methods allows teachers to provide differentiated instruction in order to meet the | 1.1, 1.2, 1.3, 1.4, 1.5            |

| Goal and Action # | Identified Need(s)  | How the Action(s) Address Need(s) and Why it is Provided on an LEA-wide or Schoolwide Basis   | Metric(s) to Monitor Effectiveness         |
|-------------------|---|---|--|
|                   | <p><b>Scope:</b><br/>LEA-wide</p>   | <p>identified needs of unduplicated pupils. However, these additional materials will be offered LEA-wide in order to supplement and differentiate adopted core curriculum to meet the needs of each and every student. Explicit phonics instruction has been shown to have a 0.70 effect size (Hattie, Visible Learning, 2017). Applying this action LEA-wide provides a broad impact and reduces the possibility of unintentional disparities between school sites or groups.</p>  |  |
| <p><b>1.6</b></p> | <p><b>Action:</b><br/>Professional Development: Academic</p> <p><b>Need:</b><br/>Performance of unduplicated student groups on statewide and local measures shows lower achievement levels than the general population of students.</p> <p><b>Scope:</b><br/>LEA-wide</p> | <p>Certificated and classified staff members need and request learning opportunities related to first best instruction, intervention, and equitable assessment. Increased teacher clarity and skill have been shown to increase student achievement. Additionally, dedicated time for teachers to collaborate builds collective teacher efficacy, which has the highest effect size in Hattie's research (Hattie, Visible Learning, 2017). Applying this action LEA-wide provides a broad impact and reduces the possibility of unintentional disparities between school sites or groups.</p> | <p>1.1, 1.2, 1.3, 1.4, 1.5, 1.11, 1.12</p> |
| <p><b>1.9</b></p> | <p><b>Action:</b><br/>Support for Classroom Teachers</p> <p><b>Need:</b><br/>Performance of unduplicated student groups on statewide and local measures shows lower achievement levels than the general population of students.</p> <p><b>Scope:</b><br/>LEA-wide</p>     | <p>Teachers on Special Assignment will provide individualized and targeted professional development as well as job-embedded coaching to increase teacher capacity for success in meeting the needs of unduplicated student populations. Resource teachers will support teachers in the analysis of data as well as provide Tier 2 and Tier 3 interventions for students. Applying this action LEA-wide provides a broad impact and reduces the possibility of unintentional disparities between school sites or groups.</p>   | <p>1.1, 1.2, 1.3, 1.11, 1.12</p>           |

| Goal and Action # | Identified Need(s)  | How the Action(s) Address Need(s) and Why it is Provided on an LEA-wide or Schoolwide Basis  | Metric(s) to Monitor Effectiveness |
|-------------------|---|--|------------------------------------|
| 1.10              | <p><b>Action:</b><br/>(MTSS) Multi-Tiered Systems of Support: Academic</p> <p><b>Need:</b><br/>Fewer than 80% of students district-wide are succeeding in Tier 1 instruction.</p> <p><b>Scope:</b><br/>LEA-wide</p>   | <p>By using universal screeners and providing targeted skill-based instruction in small groups, more students will experience success in Tier 1 instruction. Culturally relevant Tier 1 instruction and Tier 2 interventions will support unduplicated populations to a greater extent than the general population of students. Applying this action LEA-wide provides a broad impact and reduces the possibility of unintentional disparities between school sites or groups.</p> | 1.1, 1.2, 1.3, 1.6                 |
| 2.1               | <p><b>Action:</b><br/>Student Well-Being and Mental Health Support</p> <p><b>Need:</b><br/>Results of student surveys and interviews indicating need for mental health and wellness support, especially among unduplicated pupil populations.</p> <p><b>Scope:</b><br/>LEA-wide</p> | <p>Providing mental health and wellness support for students in unduplicated populations allows those students to experience safety and success in their academic and social efforts at school. However, these actions are being provided LEA-wide in order to support any student who needs services as well as to improve campus and classroom climates across the district.</p>   | 2.6, 2.7, 2.9                      |
| 2.2               | <p><b>Action:</b><br/>Student Behavior Support</p> <p><b>Need:</b><br/>Rate of Foster Youth Suspension district wide is high, in addition to specific groups at specific schools. Need to develop and implement asset based measures.</p> <p><b>Scope:</b></p>                      | <p>Preventing suspendable incidents among unduplicated pupil populations will improve those students' academic and social-emotional success in schools. However, these actions are being provided LEA-wide in order to improve campus and classroom climates overall.</p>  | 2.3, 2.4, 2.6                      |

| Goal and Action # | Identified Need(s)   | How the Action(s) Address Need(s) and Why it is Provided on an LEA-wide or Schoolwide Basis  | Metric(s) to Monitor Effectiveness |
|-------------------|--|--|------------------------------------|
|                   | LEA-wide   |  |                                    |
| 2.4               | <p><b>Action:</b><br/>Student Attendance Supports</p> <p><b>Need:</b><br/>Rates of EL, Foster Youth, and Homeless Youth chronic absenteeism is higher than that in other district student groups. Absenteeism continues to be excessive across the board.</p> <p><b>Scope:</b><br/>LEA-wide</p>                    | Attendance reminders and support will be provided to families of all students, while focusing on families of unduplicated populations. Informing all parents of absentee status and reminders about the importance of regular school attendance will increase attendance and therefore academic success. Applying this action LEA-wide provides a broad impact and reduces the possibility of unintentional disparities between school sites or groups.  | 2.1, 2.2                           |
| 2.5               | <p><b>Action:</b><br/>(MTSS) Multi-Tiered Systems of Support: SEB</p> <p><b>Need:</b><br/>Rates of absenteeism, suspension, student reports of bullying, and teacher reports of behavior incidents are higher than desired, especially among unduplicated pupil populations.</p> <p><b>Scope:</b><br/>LEA-wide</p> | Schoolwide and classroom mental health and wellness programs support the needs of our unduplicated student populations, who may face additional stressors due to language barriers or economic circumstances. The collaborative teams including teachers, counselors, administrators, and other staff will be able to address the unique challenges faced by our unduplicated population. These actions are being provided on an LEA-wide basis in order to improve the outcomes for all students as well. Specialized group interventions and targeted individual interventions help students utilize metacognitive and reflection processes that are shown to have a strong effect on student learning. (Hattie, Visible Learning, 2017) | 2.1, 2.2, 2.3, 2.6, 2.7, 2.9       |
| 3.1               | <p><b>Action:</b><br/>Effective Communication</p> <p><b>Need:</b></p>  | Providing for school to home communication in families' home language helps to engage our unduplicated pupil population and their families in the community of the school. In addition, parents in all student groups will benefit from efforts to make school campuses more welcoming and   | 3.5                                |

| Goal and Action # | Identified Need(s)  | How the Action(s) Address Need(s) and Why it is Provided on an LEA-wide or Schoolwide Basis | Metric(s) to Monitor Effectiveness |
|-------------------|---|---|------------------------------------|
|                   | <p>Parent surveys indicate a need for a welcoming culture on school sites and increased home-language communications.</p> <p><b>Scope:</b><br/>LEA-wide</p> | <p>inclusive. For this reason, these actions are being provided LEA-wide.</p>               |                                    |

**Limited Actions**

For each action being solely provided to one or more unduplicated student group(s), provide an explanation of (1) the unique identified need(s) of the unduplicated student group(s) being served, (2) how the action is designed to address the identified need(s), and (3) how the effectiveness of the action in improving outcomes for the unduplicated student group(s) will be measured.

| Goal and Action # | Identified Need(s)  | How the Action(s) are Designed to Address Need(s)  | Metric(s) to Monitor Effectiveness |
|-------------------|---|--|------------------------------------|
| <p><b>1.2</b></p> | <p><b>Action:</b><br/>Multilingual Learner Support</p> <p><b>Need:</b><br/>ML students in our district need to develop English language proficiency while also accessing grade-level curriculum and gaining academic content knowledge.</p> <p><b>Scope:</b><br/>Limited to Unduplicated Student Group(s)</p> | <p>A comprehensive program that supports ML students through designated and integrated English Language Development, supplemental curricular materials for intensive intervention, and effective formative and summative assessments provides ML students with the capacity to learn content as well as English fluency.</p> | <p>1.4, 1.5</p>                    |

For any limited action contributing to meeting the increased or improved services requirement that is associated with a Planned Percentage of Improved Services in the Contributing Summary Table rather than an expenditure of LCFF funds, describe the methodology that was used to determine the contribution of the action towards the proportional percentage, as applicable.

# Local Control and Accountability Plan Instructions

[Plan Summary](#)

[Engaging Educational Partners](#)

[Goals and Actions](#)

[Increased or Improved Services for Foster Youth, English Learners, and Low-Income Students](#)

For additional questions or technical assistance related to the completion of the Local Control and Accountability Plan (LCAP) template, please contact the local county office of education (COE), or the California Department of Education's (CDE's) Local Agency Systems Support Office, by phone at 916-319-0809 or by email at [LCFF@cde.ca.gov](mailto:LCFF@cde.ca.gov).

## Introduction and Instructions

The Local Control Funding Formula (LCFF) requires local educational agencies (LEAs) to engage their local educational partners in an annual planning process to evaluate their progress within eight state priority areas encompassing all statutory metrics (COEs have 10 state priorities). LEAs document the results of this planning process in the LCAP using the template adopted by the State Board of Education.

The LCAP development process serves three distinct, but related functions:

- **Comprehensive Strategic Planning:** The process of developing and annually updating the LCAP supports comprehensive strategic planning, particularly to address and reduce disparities in opportunities and outcomes between student groups indicated by the California School Dashboard (California *Education Code* [EC] Section 52064[e][1]). Strategic planning that is comprehensive connects budgetary decisions to teaching and learning performance data. LEAs should continually evaluate the hard choices they make about the use of limited resources to meet student and community needs to ensure opportunities and outcomes are improved for all students.
- **Meaningful Engagement of Educational Partners:** The LCAP development process should result in an LCAP that reflects decisions made through meaningful engagement (EC Section 52064[e][1]). Local educational partners possess valuable perspectives and insights about an LEA's programs and services. Effective strategic planning will incorporate these perspectives and insights in order to identify potential goals and actions to be included in the LCAP.
- **Accountability and Compliance:** The LCAP serves an important accountability function because the nature of some LCAP template sections require LEAs to show that they have complied with various requirements specified in the LCFF statutes and regulations, most notably:
  - Demonstrating that LEAs are increasing or improving services for foster youth, English learners, including long-term English learners, and low-income students in proportion to the amount of additional funding those students generate under LCFF (EC Section 52064[b][4-6]).
  - Establishing goals, supported by actions and related expenditures, that address the statutory priority areas and statutory metrics (EC sections 52064[b][1] and [2]).
    - **NOTE:** As specified in EC Section 62064(b)(1), the LCAP must provide a description of the annual goals, for all pupils and each subgroup of pupils identified pursuant to EC Section 52052, to be achieved for each of the state priorities. Beginning in 2023–24, EC

Section 52052 identifies long-term English learners as a separate and distinct pupil subgroup with a numerical significance at 15 students.

- Annually reviewing and updating the LCAP to reflect progress toward the goals (*EC* Section 52064[b][7]).
- Ensuring that all increases attributable to supplemental and concentration grant calculations, including concentration grant add-on funding and/or LCFF carryover, are reflected in the LCAP (*EC* sections 52064[b][6], [8], and [11]).

The LCAP template, like each LEA’s final adopted LCAP, is a document, not a process. LEAs must use the template to memorialize the outcome of their LCAP development process, which must: (a) reflect comprehensive strategic planning, particularly to address and reduce disparities in opportunities and outcomes between student groups indicated by the California School Dashboard (Dashboard), (b) through meaningful engagement with educational partners that (c) meets legal requirements, as reflected in the final adopted LCAP. The sections included within the LCAP template do not and cannot reflect the full development process, just as the LCAP template itself is not intended as a tool for engaging educational partners.

If a county superintendent of schools has jurisdiction over a single school district, the county board of education and the governing board of the school district may adopt and file for review and approval a single LCAP consistent with the requirements in *EC* sections 52060, 52062, 52066, 52068, and 52070. The LCAP must clearly articulate to which entity’s budget (school district or county superintendent of schools) all budgeted and actual expenditures are aligned.

The revised LCAP template for the 2024–25, 2025–26, and 2026–27 school years reflects statutory changes made through Senate Bill 114 (Committee on Budget and Fiscal Review), Chapter 48, Statutes of 2023.

At its most basic, the adopted LCAP should attempt to distill not just what the LEA is doing for students in transitional kindergarten through grade twelve (TK–12), but also allow educational partners to understand why, and whether those strategies are leading to improved opportunities and outcomes for students. LEAs are strongly encouraged to use language and a level of detail in their adopted LCAPs intended to be meaningful and accessible for the LEA’s diverse educational partners and the broader public.

In developing and finalizing the LCAP for adoption, LEAs are encouraged to keep the following overarching frame at the forefront of the strategic planning and educational partner engagement functions:

Given present performance across the state priorities and on indicators in the Dashboard, how is the LEA using its budgetary resources to respond to TK–12 student and community needs, and address any performance gaps, including by meeting its obligation to increase or improve services for foster youth, English learners, and low-income students?

LEAs are encouraged to focus on a set of metrics and actions which, based on research, experience, and input gathered from educational partners, the LEA believes will have the biggest impact on behalf of its TK–12 students.

These instructions address the requirements for each section of the LCAP, but may include information about effective practices when developing the LCAP and completing the LCAP document. Additionally, the beginning of each template section includes information emphasizing the purpose that section serves.

# Plan Summary

## Purpose

A well-developed Plan Summary section provides a meaningful context for the LCAP. This section provides information about an LEA's community as well as relevant information about student needs and performance. In order to present a meaningful context for the rest of the LCAP, the content of this section should be clearly and meaningfully related to the content included throughout each subsequent section of the LCAP.

## Requirements and Instructions

### General Information

A description of the LEA, its schools, and its students in grades transitional kindergarten–12, as applicable to the LEA.

Briefly describe the LEA, its schools, and its students in grades TK–12, as applicable to the LEA.

- For example, information about an LEA in terms of geography, enrollment, employment, the number and size of specific schools, recent community challenges, and other such information the LEA may wish to include can enable a reader to more fully understand the LEA's LCAP.
- As part of this response, identify all schools within the LEA receiving Equity Multiplier funding.

### Reflections: Annual Performance

A reflection on annual performance based on a review of the California School Dashboard (Dashboard) and local data.

Reflect on the LEA's annual performance on the Dashboard and local data. This may include both successes and challenges identified by the LEA during the development process.

LEAs are encouraged to highlight how they are addressing the identified needs of student groups, and/or schools within the LCAP as part of this response.

As part of this response, the LEA must identify the following, which will remain unchanged during the three-year LCAP cycle:

- Any school within the LEA that received the lowest performance level on one or more state indicators on the 2023 Dashboard;
- Any student group within the LEA that received the lowest performance level on one or more state indicators on the 2023 Dashboard; and/or
- Any student group within a school within the LEA that received the lowest performance level on one or more state indicators on the 2023 Dashboard.

### Reflections: Technical Assistance

As applicable, a summary of the work underway as part of technical assistance.

Annually identify the reason(s) the LEA is eligible for or has requested technical assistance consistent with *EC* sections 47607.3, 52071, 52071.5, 52072, or 52072.5, and provide a summary of the work underway as part of receiving technical assistance. The most common form of this technical assistance is frequently referred to as Differentiated Assistance, however this also includes LEAs that have requested technical assistance from their COE.

- If the LEA is not eligible for or receiving technical assistance, the LEA may respond to this prompt as “Not Applicable.”

### **Comprehensive Support and Improvement**

An LEA with a school or schools identified for comprehensive support and improvement (CSI) under the Every Student Succeeds Act must respond to the following prompts:

#### Schools Identified

A list of the schools in the LEA that are eligible for comprehensive support and improvement.

- Identify the schools within the LEA that have been identified for CSI.

#### Support for Identified Schools

A description of how the LEA has or will support its eligible schools in developing comprehensive support and improvement plans.

- Describe how the LEA has or will support the identified schools in developing CSI plans that included a school-level needs assessment, evidence-based interventions, and the identification of any resource inequities to be addressed through the implementation of the CSI plan.

#### Monitoring and Evaluating Effectiveness

A description of how the LEA will monitor and evaluate the plan to support student and school improvement.

- Describe how the LEA will monitor and evaluate the implementation and effectiveness of the CSI plan to support student and school improvement.

## **Engaging Educational Partners**

### **Purpose**

Significant and purposeful engagement of parents, students, educators, and other educational partners, including those representing the student groups identified by LCFF, is critical to the development of the LCAP and the budget process. Consistent with statute, such engagement should support comprehensive strategic planning, particularly to address and reduce disparities in opportunities and outcomes between student groups indicated by the Dashboard, accountability, and improvement across the state priorities and locally identified priorities (*EC* Section 52064[e][1]). Engagement of educational partners is an ongoing, annual process.

This section is designed to reflect how the engagement of educational partners influenced the decisions reflected in the adopted LCAP. The goal is to allow educational partners that participated in the LCAP development process and the broader public to understand how the LEA engaged educational partners and the impact of that engagement. LEAs are encouraged to keep this goal in the forefront when completing this section.

### **Requirements**

**School districts and COEs:** *EC* sections [52060\(g\) \(California Legislative Information\)](#) and [52066\(g\) \(California Legislative Information\)](#) specify the educational partners that must be consulted when developing the LCAP:

- Teachers,
- Principals,
- Administrators,
- Other school personnel,
- Local bargaining units of the LEA,
- Parents, and
- Students

A school district or COE receiving Equity Multiplier funds must also consult with educational partners at schools generating Equity Multiplier funds in the development of the LCAP, specifically, in the development of the required focus goal for each applicable school.

Before adopting the LCAP, school districts and COEs must share it with the applicable committees, as identified below under Requirements and Instructions. The superintendent is required by statute to respond in writing to the comments received from these committees. School districts and COEs must also consult with the special education local plan area administrator(s) when developing the LCAP.

**Charter schools:** *EC* Section [47606.5\(d\) \(California Legislative Information\)](#) requires that the following educational partners be consulted with when developing the LCAP:

- Teachers,
- Principals,
- Administrators,
- Other school personnel,
- Parents, and
- Students

A charter school receiving Equity Multiplier funds must also consult with educational partners at the school generating Equity Multiplier funds in the development of the LCAP, specifically, in the development of the required focus goal for the school.

The LCAP should also be shared with, and LEAs should request input from, schoolsite-level advisory groups, as applicable (e.g., schoolsite councils, English Learner Advisory Councils, student advisory groups, etc.), to facilitate alignment between schoolsite and district-level goals. Information and resources that support effective engagement, define student consultation, and provide the requirements for advisory group composition, can be found under Resources on the [CDE's LCAP webpage](#).

Before the governing board/body of an LEA considers the adoption of the LCAP, the LEA must meet the following legal requirements:

- For school districts, see [Education Code Section 52062 \(California Legislative Information\)](#);
  - **Note:** Charter schools using the LCAP as the School Plan for Student Achievement must meet the requirements of *EC* Section 52062(a).

- For COEs, see [Education Code Section 52068 \(California Legislative Information\)](#); and
- For charter schools, see [Education Code Section 47606.5 \(California Legislative Information\)](#).
- **NOTE:** As a reminder, the superintendent of a school district or COE must respond, in writing, to comments received by the applicable committees identified in the *Education Code* sections listed above. This includes the parent advisory committee and may include the English learner parent advisory committee and, as of July 1, 2024, the student advisory committee, as applicable.

## Instructions

### Respond to the prompts as follows:

A summary of the process used to engage educational partners in the development of the LCAP.

School districts and county offices of education must, at a minimum, consult with teachers, principals, administrators, other school personnel, local bargaining units, parents, and students in the development of the LCAP.

Charter schools must, at a minimum, consult with teachers, principals, administrators, other school personnel, parents, and students in the development of the LCAP.

An LEA receiving Equity Multiplier funds must also consult with educational partners at schools generating Equity Multiplier funds in the development of the LCAP, specifically, in the development of the required focus goal for each applicable school.

### Complete the table as follows:

#### Educational Partners

Identify the applicable educational partner(s) or group(s) that were engaged in the development of the LCAP.

#### Process for Engagement

Describe the engagement process used by the LEA to involve the identified educational partner(s) in the development of the LCAP. At a minimum, the LEA must describe how it met its obligation to consult with all statutorily required educational partners, as applicable to the type of LEA.

- A sufficient response to this prompt must include general information about the timeline of the process and meetings or other engagement strategies with educational partners. A response may also include information about an LEA's philosophical approach to engaging its educational partners.
- An LEA receiving Equity Multiplier funds must also include a summary of how it consulted with educational partners at schools generating Equity Multiplier funds in the development of the LCAP, specifically, in the development of the required focus goal for each applicable school.

A description of how the adopted LCAP was influenced by the feedback provided by educational partners.

Describe any goals, metrics, actions, or budgeted expenditures in the LCAP that were influenced by or developed in response to the educational partner feedback.

- A sufficient response to this prompt will provide educational partners and the public with clear, specific information about how the engagement process influenced the development of the LCAP. This may include a description of how the LEA prioritized requests of educational partners within the context of the budgetary resources available or otherwise prioritized areas of focus within the LCAP.
- An LEA receiving Equity Multiplier funds must include a description of how the consultation with educational partners at schools generating Equity Multiplier funds influenced the development of the adopted LCAP.
- For the purposes of this prompt, this may also include, but is not necessarily limited to:
  - Inclusion of a goal or decision to pursue a Focus Goal (as described below)
  - Inclusion of metrics other than the statutorily required metrics
  - Determination of the target outcome on one or more metrics
  - Inclusion of performance by one or more student groups in the Measuring and Reporting Results subsection
  - Inclusion of action(s) or a group of actions
  - Elimination of action(s) or group of actions
  - Changes to the level of proposed expenditures for one or more actions
  - Inclusion of action(s) as contributing to increased or improved services for unduplicated students
  - Analysis of effectiveness of the specific actions to achieve the goal
  - Analysis of material differences in expenditures
  - Analysis of changes made to a goal for the ensuing LCAP year based on the annual update process
  - Analysis of challenges or successes in the implementation of actions

## Goals and Actions

### Purpose

Well-developed goals will clearly communicate to educational partners what the LEA plans to accomplish, what the LEA plans to do in order to accomplish the goal, and how the LEA will know when it has accomplished the goal. A goal statement, associated metrics and expected outcomes, and the actions included in the goal must be in alignment. The explanation for why the LEA included a goal is an opportunity for LEAs to clearly communicate to educational partners and the public why, among the various strengths and areas for improvement highlighted by performance data and strategies and actions that could be pursued, the LEA decided to pursue this goal, and the related metrics, expected outcomes, actions, and expenditures.

A well-developed goal can be focused on the performance relative to a metric or metrics for all students, a specific student group(s), narrowing performance gaps, or implementing programs or strategies expected to impact outcomes. LEAs should assess the performance of their student groups when developing goals and the related actions to achieve such goals.

### Requirements and Instructions

LEAs should prioritize the goals, specific actions, and related expenditures included within the LCAP within one or more state priorities. LEAs must consider performance on the state and local indicators, including their locally collected and reported data for the local indicators that are included in the Dashboard, in determining whether and how to prioritize its goals within the LCAP. As previously stated, strategic planning that

is comprehensive connects budgetary decisions to teaching and learning performance data. LEAs should continually evaluate the hard choices they make about the use of limited resources to meet student and community needs to ensure opportunities and outcomes are improved for all students, and to address and reduce disparities in opportunities and outcomes between student groups indicated by the Dashboard.

In order to support prioritization of goals, the LCAP template provides LEAs with the option of developing three different kinds of goals:

- Focus Goal: A Focus Goal is relatively more concentrated in scope and may focus on a fewer number of metrics to measure improvement. A Focus Goal statement will be time bound and make clear how the goal is to be measured.
  - All Equity Multiplier goals must be developed as focus goals. For additional information, see Required Focus Goal(s) for LEAs Receiving Equity Multiplier Funding below.
- Broad Goal: A Broad Goal is relatively less concentrated in its scope and may focus on improving performance across a wide range of metrics.
- Maintenance of Progress Goal: A Maintenance of Progress Goal includes actions that may be ongoing without significant changes and allows an LEA to track performance on any metrics not addressed in the other goals of the LCAP.

**Requirement to Address the LCFF State Priorities**

At a minimum, the LCAP must address all LCFF priorities and associated metrics articulated in EC sections 52060(d) and 52066(d), as applicable to the LEA. The [LCFF State Priorities Summary](#) provides a summary of EC sections 52060(d) and 52066(d) to aid in the development of the LCAP.

Respond to the following prompts, as applicable:

**Focus Goal(s)**

Description

The description provided for a Focus Goal must be specific, measurable, and time bound.

- An LEA develops a Focus Goal to address areas of need that may require or benefit from a more specific and data intensive approach.
- The Focus Goal can explicitly reference the metric(s) by which achievement of the goal will be measured and the time frame according to which the LEA expects to achieve the goal.

Type of Goal

Identify the type of goal being implemented as a Focus Goal.

State Priorities addressed by this goal.

Identify each of the state priorities that this goal is intended to address.

An explanation of why the LEA has developed this goal.

Explain why the LEA has chosen to prioritize this goal.

- An explanation must be based on Dashboard data or other locally collected data.
- LEAs must describe how the LEA identified this goal for focused attention, including relevant consultation with educational partners.
- LEAs are encouraged to promote transparency and understanding around the decision to pursue a focus goal.

**Required Focus Goal(s) for LEAs Receiving Equity Multiplier Funding**

**Description**

LEAs receiving Equity Multiplier funding must include one or more focus goals for each school generating Equity Multiplier funding. In addition to addressing the focus goal requirements described above, LEAs must adhere to the following requirements.

Focus goals for Equity Multiplier schoolsites must address the following:

- (A) All student groups that have the lowest performance level on one or more state indicators on the Dashboard, and
- (B) Any underlying issues in the credentialing, subject matter preparation, and retention of the school’s educators, if applicable.
- Focus Goals for each and every Equity Multiplier schoolsite must identify specific metrics for each identified student group, as applicable.
- An LEA may create a single goal for multiple Equity Multiplier schoolsites if those schoolsites have the same student group(s) performing at the lowest performance level on one or more state indicators on the Dashboard or, experience similar issues in the credentialing, subject matter preparation, and retention of the school’s educators.
  - When creating a single goal for multiple Equity Multiplier schoolsites, the goal must identify the student groups and the performance levels on the Dashboard that the Focus Goal is addressing; or,
  - The common issues the schoolsites are experiencing in credentialing, subject matter preparation, and retention of the school’s educators, if applicable.

**Type of Goal**

Identify the type of goal being implemented as an Equity Multiplier Focus Goal.

**State Priorities addressed by this goal.**

Identify each of the state priorities that this goal is intended to address.

**An explanation of why the LEA has developed this goal.**

Explain why the LEA has chosen to prioritize this goal.

- An explanation must be based on Dashboard data or other locally collected data.
- LEAs must describe how the LEA identified this goal for focused attention, including relevant consultation with educational partners.
- LEAs are encouraged to promote transparency and understanding around the decision to pursue a focus goal.
- In addition to this information, the LEA must also identify:
  - The school or schools to which the goal applies

LEAs are encouraged to approach an Equity Multiplier goal from a wholistic standpoint, considering how the goal might maximize student outcomes through the use of LCFF and other funding in addition to Equity Multiplier funds.

- Equity Multiplier funds must be used to supplement, not supplant, funding provided to Equity Multiplier schoolsites for purposes of the LCFF, the Expanded Learning Opportunities Program (ELO-P), the Literacy Coaches and Reading Specialists (LCRS) Grant Program, and/or the California Community Schools Partnership Program (CCSPP).
- This means that Equity Multiplier funds must not be used to replace funding that an Equity Multiplier schoolsite would otherwise receive to implement LEA-wide actions identified in the LCAP or that an Equity Multiplier schoolsite would otherwise receive to implement provisions of the ELO-P, the LCRS, and/or the CCSPP.

**Note:** EC Section [42238.024\(b\)\(1\) \(California Legislative Information\)](#) requires that Equity Multiplier funds be used for the provision of evidence-based services and supports for students. Evidence-based services and supports are based on objective evidence that has informed the design of the service or support and/or guides the modification of those services and supports. Evidence-based supports and strategies are most commonly based on educational research and/or metrics of LEA, school, and/or student performance.

## Broad Goal

### Description

Describe what the LEA plans to achieve through the actions included in the goal.

- The description of a broad goal will be clearly aligned with the expected measurable outcomes included for the goal.
- The goal description organizes the actions and expected outcomes in a cohesive and consistent manner.
- A goal description is specific enough to be measurable in either quantitative or qualitative terms. A broad goal is not as specific as a focus goal. While it is specific enough to be measurable, there are many different metrics for measuring progress toward the goal.

### Type of Goal

Identify the type of goal being implemented as a Broad Goal.

### State Priorities addressed by this goal.

Identify each of the state priorities that this goal is intended to address.

An explanation of why the LEA has developed this goal.

Explain why the LEA developed this goal and how the actions and metrics grouped together will help achieve the goal.

**Maintenance of Progress Goal**

Description

Describe how the LEA intends to maintain the progress made in the LCFF State Priorities not addressed by the other goals in the LCAP.

- Use this type of goal to address the state priorities and applicable metrics not addressed within the other goals in the LCAP.
- The state priorities and metrics to be addressed in this section are those for which the LEA, in consultation with educational partners, has determined to maintain actions and monitor progress while focusing implementation efforts on the actions covered by other goals in the LCAP.

Type of Goal

Identify the type of goal being implemented as a Maintenance of Progress Goal.

State Priorities addressed by this goal.

Identify each of the state priorities that this goal is intended to address.

An explanation of why the LEA has developed this goal.

Explain how the actions will sustain the progress exemplified by the related metrics.

**Measuring and Reporting Results:**

For each LCAP year, identify the metric(s) that the LEA will use to track progress toward the expected outcomes.

- LEAs must identify metrics for specific student groups, as appropriate, including expected outcomes that address and reduce disparities in outcomes between student groups.
- The metrics may be quantitative or qualitative; but at minimum, an LEA’s LCAP must include goals that are measured using all of the applicable metrics for the related state priorities, in each LCAP year, as applicable to the type of LEA.
- To the extent a state priority does not specify one or more metrics (e.g., implementation of state academic content and performance standards), the LEA must identify a metric to use within the LCAP. For these state priorities, LEAs are encouraged to use metrics based on or reported through the relevant local indicator self-reflection tools within the Dashboard.

- **Required metrics for LEA-wide actions:** For each action identified as 1) contributing towards the requirement to increase or improve services for foster youth, English learners, including long-term English learners, and low-income students and 2) being provided on an LEA-wide basis, the LEA must identify one or more metrics to monitor the effectiveness of the action and its budgeted expenditures.
  - These required metrics may be identified within the action description or the first prompt in the increased or improved services section, however the description must clearly identify the metric(s) being used to monitor the effectiveness of the action and the action(s) that the metric(s) apply to.
- **Required metrics for Equity Multiplier goals:** For each Equity Multiplier goal, the LEA must identify:
  - The specific metrics for each identified student group at each specific schoolsite, as applicable, to measure the progress toward the goal, and/or
  - The specific metrics used to measure progress in meeting the goal related to credentialing, subject matter preparation, or educator retention at each specific schoolsite.

Complete the table as follows:

#### Metric #

- Enter the metric number.

#### Metric

- Identify the standard of measure being used to determine progress towards the goal and/or to measure the effectiveness of one or more actions associated with the goal.

#### Baseline

- Enter the baseline when completing the LCAP for 2024–25.
  - Use the most recent data associated with the metric available at the time of adoption of the LCAP for the first year of the three-year plan. LEAs may use data as reported on the 2023 Dashboard for the baseline of a metric only if that data represents the most recent available data (e.g., high school graduation rate).
  - Using the most recent data available may involve reviewing data the LEA is preparing for submission to the California Longitudinal Pupil Achievement Data System (CALPADS) or data that the LEA has recently submitted to CALPADS.
  - Indicate the school year to which the baseline data applies.
  - The baseline data must remain unchanged throughout the three-year LCAP.
    - This requirement is not intended to prevent LEAs from revising the baseline data if it is necessary to do so. For example, if an LEA identifies that its data collection practices for a particular metric are leading to inaccurate data and revises its practice to obtain

accurate data, it would also be appropriate for the LEA to revise the baseline data to align with the more accurate data process and report its results using the accurate data.

- If an LEA chooses to revise its baseline data, then, at a minimum, it must clearly identify the change as part of its response to the description of changes prompt in the Goal Analysis for the goal. LEAs are also strongly encouraged to involve their educational partners in the decision of whether or not to revise a baseline and to communicate the proposed change to their educational partners.
- Note for Charter Schools: Charter schools developing a one- or two-year LCAP may identify a new baseline each year, as applicable.

### Year 1 Outcome

- When completing the LCAP for 2025–26, enter the most recent data available. Indicate the school year to which the data applies.
  - Note for Charter Schools: Charter schools developing a one-year LCAP may provide the Year 1 Outcome when completing the LCAP for both 2025–26 and 2026–27 or may provide the Year 1 Outcome for 2025–26 and provide the Year 2 Outcome for 2026–27.

### Year 2 Outcome

- When completing the LCAP for 2026–27, enter the most recent data available. Indicate the school year to which the data applies.
  - Note for Charter Schools: Charter schools developing a one-year LCAP may identify the Year 2 Outcome as not applicable when completing the LCAP for 2026–27 or may provide the Year 2 Outcome for 2026–27.

### Target for Year 3 Outcome

- When completing the first year of the LCAP, enter the target outcome for the relevant metric the LEA expects to achieve by the end of the three-year LCAP cycle.
  - Note for Charter Schools: Charter schools developing a one- or two-year LCAP may identify a Target for Year 1 or Target for Year 2, as applicable.

### Current Difference from Baseline

- When completing the LCAP for 2025–26 and 2026–27, enter the current difference between the baseline and the yearly outcome, as applicable.
  - Note for Charter Schools: Charter schools developing a one- or two-year LCAP will identify the current difference between the baseline and the yearly outcome for Year 1 and/or the current difference between the baseline and the yearly outcome for Year 2, as applicable.

Timeline for school districts and COEs for completing the “**Measuring and Reporting Results**” part of the Goal.

| Metric   | Baseline   | Year 1 Outcome  | Year 2 Outcome  | Target for Year 3 Outcome  | Current Difference from Baseline   |
|--|--|---|---|--|--|
| Enter information in this box when completing the LCAP for <b>2024–25</b> or when adding a new metric. | Enter information in this box when completing the LCAP for <b>2024–25</b> or when adding a new metric. | Enter information in this box when completing the LCAP for <b>2025–26</b> . Leave blank until then. | Enter information in this box when completing the LCAP for <b>2026–27</b> . Leave blank until then. | Enter information in this box when completing the LCAP for <b>2024–25</b> or when adding a new metric. | Enter information in this box when completing the LCAP for <b>2025–26</b> and <b>2026–27</b> . Leave blank until then. |

**Goal Analysis:**

Enter the LCAP Year.

Using actual annual measurable outcome data, including data from the Dashboard, analyze whether the planned actions were effective towards achieving the goal. “Effective” means the degree to which the planned actions were successful in producing the target result. Respond to the prompts as instructed.

**Note:** When completing the 2024–25 LCAP, use the 2023–24 Local Control and Accountability Plan Annual Update template to complete the Goal Analysis and identify the Goal Analysis prompts in the 2024–25 LCAP as “Not Applicable.”

A description of overall implementation, including any substantive differences in planned actions and actual implementation of these actions, and any relevant challenges and successes experienced with implementation.

- Describe the overall implementation of the actions to achieve the articulated goal, including relevant challenges and successes experienced with implementation.
  - Include a discussion of relevant challenges and successes experienced with the implementation process.
  - This discussion must include any instance where the LEA did not implement a planned action or implemented a planned action in a manner that differs substantively from how it was described in the adopted LCAP.

An explanation of material differences between Budgeted Expenditures and Estimated Actual Expenditures and/or Planned Percentages of Improved Services and Estimated Actual Percentages of Improved Services.

- Explain material differences between Budgeted Expenditures and Estimated Actual Expenditures and between the Planned Percentages of Improved Services and Estimated Actual Percentages of Improved Services, as applicable. Minor variances in expenditures or percentages do not need to be addressed, and a dollar-for-dollar accounting is not required.

A description of the effectiveness or ineffectiveness of the specific actions to date in making progress toward the goal.

- Describe the effectiveness or ineffectiveness of the specific actions to date in making progress toward the goal. “Effectiveness” means the degree to which the actions were successful in producing the target result and “ineffectiveness” means that the actions did not produce any significant or targeted result.
  - In some cases, not all actions in a goal will be intended to improve performance on all of the metrics associated with the goal.
  - When responding to this prompt, LEAs may assess the effectiveness of a single action or group of actions within the goal in the context of performance on a single metric or group of specific metrics within the goal that are applicable to the action(s). Grouping actions with metrics will allow for more robust analysis of whether the strategy the LEA is using to impact a specified set of metrics is working and increase transparency for educational partners. LEAs are encouraged to use such an approach when goals include multiple actions and metrics that are not closely associated.
  - Beginning with the development of the 2024–25 LCAP, the LEA must change actions that have not proven effective over a three-year period.

A description of any changes made to the planned goal, metrics, target outcomes, or actions for the coming year that resulted from reflections on prior practice.

- Describe any changes made to this goal, expected outcomes, metrics, or actions to achieve this goal as a result of this analysis and analysis of the data provided in the Dashboard or other local data, as applicable.
  - As noted above, beginning with the development of the 2024–25 LCAP, the LEA must change actions that have not proven effective over a three-year period. For actions that have been identified as ineffective, the LEA must identify the ineffective action and must include a description of the following:
    - The reasons for the ineffectiveness, and
    - How changes to the action will result in a new or strengthened approach.

**Actions:**

Complete the table as follows. Add additional rows as necessary.

Action #

- Enter the action number.

Title

- Provide a short title for the action. This title will also appear in the action tables.

Description

- Provide a brief description of the action.

- For actions that contribute to meeting the increased or improved services requirement, the LEA may include an explanation of how each action is principally directed towards and effective in meeting the LEA's goals for unduplicated students, as described in the instructions for the Increased or Improved Services for Foster Youth, English Learners, and Low-Income Students section.
- As previously noted, for each action identified as 1) contributing towards the requirement to increase or improve services for foster youth, English learners, including long-term English learners, and low-income students and 2) being provided on an LEA-wide basis, the LEA must identify one or more metrics to monitor the effectiveness of the action and its budgeted expenditures.
- These required metrics may be identified within the action description or the first prompt in the increased or improved services section; however, the description must clearly identify the metric(s) being used to monitor the effectiveness of the action and the action(s) that the metric(s) apply to.

## Total Funds

- Enter the total amount of expenditures associated with this action. Budgeted expenditures from specific fund sources will be provided in the action tables.

## Contributing

- Indicate whether the action contributes to meeting the increased or improved services requirement as described in the Increased or Improved Services section using a “Y” for Yes or an “N” for No.
  - **Note:** for each such contributing action, the LEA will need to provide additional information in the Increased or Improved Services section to address the requirements in *California Code of Regulations*, Title 5 [5 CCR] Section 15496 in the Increased or Improved Services section of the LCAP.

**Actions for Foster Youth:** School districts, COEs, and charter schools that have a numerically significant foster youth student subgroup are encouraged to include specific actions in the LCAP designed to meet needs specific to foster youth students.

## Required Actions

- LEAs with 30 or more English learners and/or 15 or more long-term English learners must include specific actions in the LCAP related to, at a minimum:
  - Language acquisition programs, as defined in *EC* Section 306, provided to students, and
  - Professional development for teachers.
  - If an LEA has both 30 or more English learners and 15 or more long-term English learners, the LEA must include actions for both English learners and long-term English learners.
- LEAs eligible for technical assistance pursuant to *EC* sections 47607.3, 52071, 52071.5, 52072, or 52072.5, must include specific actions within the LCAP related to its implementation of the work underway as part of technical assistance. The most common form of this technical assistance is frequently referred to as Differentiated Assistance.

- LEAs that have Red Dashboard indicators for (1) a school within the LEA, (2) a student group within the LEA, and/or (3) a student group within any school within the LEA must include one or more specific actions within the LCAP:
  - The specific action(s) must be directed towards the identified student group(s) and/or school(s) and must address the identified state indicator(s) for which the student group or school received the lowest performance level on the 2023 Dashboard. Each student group and/or school that receives the lowest performance level on the 2023 Dashboard must be addressed by one or more actions.
  - These required actions will be effective for the three-year LCAP cycle.

## Increased or Improved Services for Foster Youth, English Learners, and Low-Income Students

### Purpose

A well-written Increased or Improved Services section provides educational partners with a comprehensive description, within a single dedicated section, of how an LEA plans to increase or improve services for its unduplicated students as defined in *EC* Section 42238.02 in grades TK–12 as compared to all students in grades TK–12, as applicable, and how LEA-wide or schoolwide actions identified for this purpose meet regulatory requirements. Descriptions provided should include sufficient detail yet be sufficiently succinct to promote a broader understanding of educational partners to facilitate their ability to provide input. An LEA’s description in this section must align with the actions included in the Goals and Actions section as contributing.

Please Note: For the purpose of meeting the Increased or Improved Services requirement and consistent with *EC* Section 42238.02, long-term English learners are included in the English learner student group.

### Statutory Requirements

An LEA is required to demonstrate in its LCAP how it is increasing or improving services for its students who are foster youth, English learners, and/or low-income, collectively referred to as unduplicated students, as compared to the services provided to all students in proportion to the increase in funding it receives based on the number and concentration of unduplicated students in the LEA (*EC* Section 42238.07[a][1], *EC* Section 52064[b][8][B]; 5 *CCR* Section 15496[a]). This proportionality percentage is also known as the “minimum proportionality percentage” or “MPP.” The manner in which an LEA demonstrates it is meeting its MPP is two-fold: (1) through the expenditure of LCFF funds or through the identification of a Planned Percentage of Improved Services as documented in the Contributing Actions Table, and (2) through the explanations provided in the Increased or Improved Services for Foster Youth, English Learners, and Low-Income Students section.

To improve services means to grow services in quality and to increase services means to grow services in quantity. Services are increased or improved by those actions in the LCAP that are identified in the Goals and Actions section as contributing to the increased or improved services requirement, whether they are provided across the entire LEA (LEA-wide action), provided to an entire school (Schoolwide action), or solely provided to one or more unduplicated student group(s) (Limited action).

Therefore, for *any* action contributing to meet the increased or improved services requirement, the LEA must include an explanation of:

- How the action is increasing or improving services for the unduplicated student group(s) (Identified Needs and Action Design), and
- How the action meets the LEA's goals for its unduplicated pupils in the state and any local priority areas (Measurement of Effectiveness).

**LEA-wide and Schoolwide Actions**

In addition to the above required explanations, LEAs must provide a justification for why an LEA-wide or Schoolwide action is being provided to all students and how the action is intended to improve outcomes for unduplicated student group(s) as compared to all students.

- Conclusory statements that a service will help achieve an expected outcome for the goal, without an explicit connection or further explanation as to how, are not sufficient.
- Further, simply stating that an LEA has a high enrollment percentage of a specific student group or groups does not meet the increased or improved services standard because enrolling students is not the same as serving students.

**For School Districts Only**

Actions provided on an **LEA-wide** basis at **school districts with an unduplicated pupil percentage of less than 55 percent** must also include a description of how the actions are the most effective use of the funds to meet the district's goals for its unduplicated pupils in the state and any local priority areas. The description must provide the basis for this determination, including any alternatives considered, supporting research, experience, or educational theory.

Actions provided on a **Schoolwide** basis for **schools with less than 40 percent enrollment of unduplicated pupils** must also include a description of how these actions are the most effective use of the funds to meet the district's goals for its unduplicated pupils in the state and any local priority areas. The description must provide the basis for this determination, including any alternatives considered, supporting research, experience, or educational theory.

**Requirements and Instructions**

Complete the tables as follows:

**Total Projected LCFF Supplemental and/or Concentration Grants**

- Specify the amount of LCFF supplemental and concentration grant funds the LEA estimates it will receive in the coming year based on the number and concentration of foster youth, English learner, and low-income students. This amount includes the Additional 15 percent LCFF Concentration Grant.

**Projected Additional 15 percent LCFF Concentration Grant**

- Specify the amount of additional LCFF concentration grant add-on funding, as described in *EC* Section 42238.02, that the LEA estimates it will receive in the coming year.

**Projected Percentage to Increase or Improve Services for the Coming School Year**

- Specify the estimated percentage by which services for unduplicated pupils must be increased or improved as compared to the services provided to all students in the LCAP year as calculated pursuant to 5 *CCR* Section 15496(a)(7).

**LCFF Carryover — Percentage**

- Specify the LCFF Carryover — Percentage identified in the LCFF Carryover Table. If a carryover percentage is not identified in the LCFF Carryover Table, specify a percentage of zero (0.00%).

### LCFF Carryover — Dollar

- Specify the LCFF Carryover — Dollar amount identified in the LCFF Carryover Table. If a carryover amount is not identified in the LCFF Carryover Table, specify an amount of zero (\$0).

### Total Percentage to Increase or Improve Services for the Coming School Year

- Add the Projected Percentage to Increase or Improve Services for the Coming School Year and the Proportional LCFF Required Carryover Percentage and specify the percentage. This is the LEA's percentage by which services for unduplicated pupils must be increased or improved as compared to the services provided to all students in the LCAP year, as calculated pursuant to 5 CCR Section 15496(a)(7).

## Required Descriptions:

### LEA-wide and Schoolwide Actions

For each action being provided to an entire LEA or school, provide an explanation of (1) the unique identified need(s) of the unduplicated student group(s) for whom the action is principally directed, (2) how the action is designed to address the identified need(s) and why it is being provided on an LEA or schoolwide basis, and (3) the metric(s) used to measure the effectiveness of the action in improving outcomes for the unduplicated student group(s).

If the LEA has provided this required description in the Action Descriptions, state as such within the table.

Complete the table as follows:

### Identified Need(s)

Provide an explanation of the unique identified need(s) of the LEA's unduplicated student group(s) for whom the action is principally directed.

An LEA demonstrates how an action is principally directed towards an unduplicated student group(s) when the LEA explains the need(s), condition(s), or circumstance(s) of the unduplicated student group(s) identified through a needs assessment and how the action addresses them. A meaningful needs assessment includes, at a minimum, analysis of applicable student achievement data and educational partner feedback.

### How the Action(s) are Designed to Address Need(s) and Why it is Provided on an LEA-wide or Schoolwide Basis

Provide an explanation of how the action as designed will address the unique identified need(s) of the LEA's unduplicated student group(s) for whom the action is principally directed and the rationale for why the action is being provided on an LEA-wide or schoolwide basis.

- As stated above, conclusory statements that a service will help achieve an expected outcome for the goal, without an explicit connection or further explanation as to how, are not sufficient.

- Further, simply stating that an LEA has a high enrollment percentage of a specific student group or groups does not meet the increased or improved services standard because enrolling students is not the same as serving students.

### **Metric(s) to Monitor Effectiveness**

Identify the metric(s) being used to measure the progress and effectiveness of the action(s).

**Note for COEs and Charter Schools:** In the case of COEs and charter schools, schoolwide and LEA-wide are considered to be synonymous.

### **Limited Actions**

For each action being solely provided to one or more unduplicated student group(s), provide an explanation of (1) the unique identified need(s) of the unduplicated student group(s) being served, (2) how the action is designed to address the identified need(s), and (3) how the effectiveness of the action in improving outcomes for the unduplicated student group(s) will be measured.

If the LEA has provided the required descriptions in the Action Descriptions, state as such.

Complete the table as follows:

### **Identified Need(s)**

Provide an explanation of the unique need(s) of the unduplicated student group(s) being served identified through the LEA's needs assessment. A meaningful needs assessment includes, at a minimum, analysis of applicable student achievement data and educational partner feedback.

### **How the Action(s) are Designed to Address Need(s)**

Provide an explanation of how the action is designed to address the unique identified need(s) of the unduplicated student group(s) being served.

### **Metric(s) to Monitor Effectiveness**

Identify the metric(s) being used to measure the progress and effectiveness of the action(s).

For any limited action contributing to meeting the increased or improved services requirement that is associated with a Planned Percentage of Improved Services in the Contributing Summary Table rather than an expenditure of LCFF funds, describe the methodology that was used to determine the contribution of the action towards the proportional percentage, as applicable.

- For each action with an identified Planned Percentage of Improved Services, identify the goal and action number and describe the methodology that was used.
- When identifying a Planned Percentage of Improved Services, the LEA must describe the methodology that it used to determine the contribution of the action towards the proportional percentage. The percentage of improved services for an action corresponds to the amount of LCFF funding that the LEA estimates it would expend to implement the action if it were funded.

- For example, an LEA determines that there is a need to analyze data to ensure that instructional aides and expanded learning providers know what targeted supports to provide to students who are foster youth. The LEA could implement this action by hiring additional staff to collect and analyze data and to coordinate supports for students, which, based on the LEA's current pay scale, the LEA estimates would cost \$165,000. Instead, the LEA chooses to utilize a portion of existing staff time to analyze data relating to students who are foster youth. This analysis will then be shared with site principals who will use the data to coordinate services provided by instructional assistants and expanded learning providers to target support to students. In this example, the LEA would divide the estimated cost of \$165,000 by the amount of LCFF Funding identified in the Total Planned Expenditures Table and then convert the quotient to a percentage. This percentage is the Planned Percentage of Improved Services for the action.

### **Additional Concentration Grant Funding**

A description of the plan for how the additional concentration grant add-on funding identified above will be used to increase the number of staff providing direct services to students at schools that have a high concentration (above 55 percent) of foster youth, English learners, and low-income students, as applicable.

An LEA that receives the additional concentration grant add-on described in *EC* Section 42238.02 is required to demonstrate how it is using these funds to increase the number of staff who provide direct services to students at schools with an enrollment of unduplicated students that is greater than 55 percent as compared to the number of staff who provide direct services to students at schools with an enrollment of unduplicated students that is equal to or less than 55 percent. The staff who provide direct services to students must be certificated staff and/or classified staff employed by the LEA; classified staff includes custodial staff.

Provide the following descriptions, as applicable to the LEA:

- An LEA that does not receive a concentration grant or the concentration grant add-on must indicate that a response to this prompt is not applicable.
- Identify the goal and action numbers of the actions in the LCAP that the LEA is implementing to meet the requirement to increase the number of staff who provide direct services to students at schools with an enrollment of unduplicated students that is greater than 55 percent.
- An LEA that does not have comparison schools from which to describe how it is using the concentration grant add-on funds, such as a single-school LEA or an LEA that only has schools with an enrollment of unduplicated students that is greater than 55 percent, must describe how it is using the funds to increase the number of credentialed staff, classified staff, or both, including custodial staff, who provide direct services to students at selected schools and the criteria used to determine which schools require additional staffing support.
- In the event that an additional concentration grant add-on is not sufficient to increase staff providing direct services to students at a school with an enrollment of unduplicated students that is greater than 55 percent, the LEA must describe how it is using the funds to retain staff providing direct services to students at a school with an enrollment of unduplicated students that is greater than 55 percent.

Complete the table as follows:

- Provide the staff-to-student ratio of classified staff providing direct services to students with a concentration of unduplicated students that is 55 percent or less and the staff-to-student ratio of classified staff providing direct services to students at schools with a concentration of unduplicated students that is greater than 55 percent, as applicable to the LEA.
  - The LEA may group its schools by grade span (Elementary, Middle/Junior High, and High Schools), as applicable to the LEA.

- The staff-to-student ratio must be based on the number of full-time equivalent (FTE) staff and the number of enrolled students as counted on the first Wednesday in October of each year.
- Provide the staff-to-student ratio of certificated staff providing direct services to students at schools with a concentration of unduplicated students that is 55 percent or less and the staff-to-student ratio of certificated staff providing direct services to students at schools with a concentration of unduplicated students that is greater than 55 percent, as applicable to the LEA.
  - The LEA may group its schools by grade span (Elementary, Middle/Junior High, and High Schools), as applicable to the LEA.
  - The staff-to-student ratio must be based on the number of FTE staff and the number of enrolled students as counted on the first Wednesday in October of each year.

## Action Tables

Complete the Total Planned Expenditures Table for each action in the LCAP. The information entered into this table will automatically populate the other Action Tables. Information is only entered into the Total Planned Expenditures Table, the Annual Update Table, the Contributing Actions Annual Update Table, and the LCFF Carryover Table. The word “input” has been added to column headers to aid in identifying the column(s) where information will be entered. Information is not entered on the remaining Action tables.

The following tables are required to be included as part of the LCAP adopted by the local governing board or governing body:

- Table 1: Total Planned Expenditures Table (for the coming LCAP Year)
- Table 2: Contributing Actions Table (for the coming LCAP Year)
- Table 3: Annual Update Table (for the current LCAP Year)
- Table 4: Contributing Actions Annual Update Table (for the current LCAP Year)
- Table 5: LCFF Carryover Table (for the current LCAP Year)

Note: The coming LCAP Year is the year that is being planned for, while the current LCAP year is the current year of implementation. For example, when developing the 2024–25 LCAP, 2024–25 will be the coming LCAP Year and 2023–24 will be the current LCAP Year.

## Total Planned Expenditures Table

In the Total Planned Expenditures Table, input the following information for each action in the LCAP for that applicable LCAP year:

- **LCAP Year:** Identify the applicable LCAP Year.
- **1. Projected LCFF Base Grant:** Provide the total amount estimated LCFF entitlement for the coming school year, excluding the supplemental and concentration grants and the add-ons for the Targeted Instructional Improvement Block Grant program, the former Home-to-School Transportation program, and the Small School District Transportation program, pursuant to 5 CCR Section 15496(a)(8).

Note that the LCFF Base Grant for purposes of the LCAP also includes the Necessary Small Schools and Economic Recovery Target allowances for school districts, and County Operations Grant for COEs.

See *EC* sections 2574 (for COEs) and 42238.02 (for school districts and charter schools), as applicable, for LCFF entitlement calculations.

- **2. Projected LCFF Supplemental and/or Concentration Grants:** Provide the total amount of LCFF supplemental and concentration grants estimated on the basis of the number and concentration of unduplicated students for the coming school year.
- **3. Projected Percentage to Increase or Improve Services for the Coming School Year:** This percentage will not be entered; it is calculated based on the Projected LCFF Base Grant and the Projected LCFF Supplemental and/or Concentration Grants, pursuant to 5 CCR Section 15496(a)(8). This is the percentage by which services for unduplicated pupils must be increased or improved as compared to the services provided to all students in the coming LCAP year.
- **LCFF Carryover — Percentage:** Specify the LCFF Carryover — Percentage identified in the LCFF Carryover Table from the prior LCAP year. If a carryover percentage is not identified in the LCFF Carryover Table, specify a percentage of zero (0.00%).
- **Total Percentage to Increase or Improve Services for the Coming School Year:** This percentage will not be entered; it is calculated based on the Projected Percentage to Increase or Improve Services for the Coming School Year and the LCFF Carryover — Percentage. ***This is the percentage by which the LEA must increase or improve services for unduplicated pupils as compared to the services provided to all students in the coming LCAP year.***
- **Goal #:** Enter the LCAP Goal number for the action.
- **Action #:** Enter the action’s number as indicated in the LCAP Goal.
- **Action Title:** Provide a title of the action.
- **Student Group(s):** Indicate the student group or groups who will be the primary beneficiary of the action by entering “All,” or by entering a specific student group or groups.
- **Contributing to Increased or Improved Services?:** Type “Yes” if the action **is** included as contributing to meeting the increased or improved services requirement; OR, type “No” if the action is **not** included as contributing to meeting the increased or improved services requirement.
- If “Yes” is entered into the Contributing column, then complete the following columns:
  - **Scope:** The scope of an action may be LEA-wide (i.e., districtwide, countywide, or charterwide), schoolwide, or limited. An action that is LEA-wide in scope upgrades the entire educational program of the LEA. An action that is schoolwide in scope upgrades the entire educational program of a single school. An action that is limited in its scope is an action that serves only one or more unduplicated student groups.

- **Unduplicated Student Group(s):** Regardless of scope, contributing actions serve one or more unduplicated student groups. Indicate one or more unduplicated student groups for whom services are being increased or improved as compared to what all students receive.
- **Location:** Identify the location where the action will be provided. If the action is provided to all schools within the LEA, the LEA must indicate “All Schools.” If the action is provided to specific schools within the LEA or specific grade spans only, the LEA must enter “Specific Schools” or “Specific Grade Spans.” Identify the individual school or a subset of schools or grade spans (e.g., all high schools or grades transitional kindergarten through grade five), as appropriate.
- **Time Span:** Enter “ongoing” if the action will be implemented for an indeterminate period of time. Otherwise, indicate the span of time for which the action will be implemented. For example, an LEA might enter “1 Year,” or “2 Years,” or “6 Months.”
- **Total Personnel:** Enter the total amount of personnel expenditures utilized to implement this action.
- **Total Non-Personnel:** This amount will be automatically calculated based on information provided in the Total Personnel column and the Total Funds column.
- **LCFF Funds:** Enter the total amount of LCFF funds utilized to implement this action, if any. LCFF funds include all funds that make up an LEA’s total LCFF target (i.e., base grant, grade span adjustment, supplemental grant, concentration grant, Targeted Instructional Improvement Block Grant, and Home-To-School Transportation).
  - **Note:** For an action to contribute towards meeting the increased or improved services requirement, it must include some measure of LCFF funding. The action may also include funding from other sources, however the extent to which an action contributes to meeting the increased or improved services requirement is based on the LCFF funding being used to implement the action.
- **Other State Funds:** Enter the total amount of Other State Funds utilized to implement this action, if any.
  - **Note:** Equity Multiplier funds must be included in the “Other State Funds” category, not in the “LCFF Funds” category. As a reminder, Equity Multiplier funds must be used to supplement, not supplant, funding provided to Equity Multiplier schoolsites for purposes of the LCFF, the ELO-P, the LCRS, and/or the CCSPP. This means that Equity Multiplier funds must not be used to replace funding that an Equity Multiplier schoolsite would otherwise receive to implement LEA-wide actions identified in the LEA’s LCAP or that an Equity Multiplier schoolsite would otherwise receive to implement provisions of the ELO-P, the LCRS, and/or the CCSPP.
- **Local Funds:** Enter the total amount of Local Funds utilized to implement this action, if any.
- **Federal Funds:** Enter the total amount of Federal Funds utilized to implement this action, if any.
- **Total Funds:** This amount is automatically calculated based on amounts entered in the previous four columns.
- **Planned Percentage of Improved Services:** For any action identified as contributing, being provided on a Limited basis to unduplicated students, and that does not have funding associated with the action, enter the planned quality improvement anticipated for the action as

a percentage rounded to the nearest hundredth (0.00%). A limited action is an action that only serves foster youth, English learners, and/or low-income students.

- As noted in the instructions for the Increased or Improved Services section, when identifying a Planned Percentage of Improved Services, the LEA must describe the methodology that it used to determine the contribution of the action towards the proportional percentage. The percentage of improved services for an action corresponds to the amount of LCFF funding that the LEA estimates it would expend to implement the action if it were funded.

For example, an LEA determines that there is a need to analyze data to ensure that instructional aides and expanded learning providers know what targeted supports to provide to students who are foster youth. The LEA could implement this action by hiring additional staff to collect and analyze data and to coordinate supports for students, which, based on the LEA's current pay scale, the LEA estimates would cost \$165,000. Instead, the LEA chooses to utilize a portion of existing staff time to analyze data relating to students who are foster youth. This analysis will then be shared with site principals who will use the data to coordinate services provided by instructional assistants and expanded learning providers to target support to students. In this example, the LEA would divide the estimated cost of \$165,000 by the amount of LCFF Funding identified in the Data Entry Table and then convert the quotient to a percentage. This percentage is the Planned Percentage of Improved Services for the action.

## Contributing Actions Table

As noted above, information will not be entered in the Contributing Actions Table; however, the 'Contributing to Increased or Improved Services?' column will need to be checked to ensure that only actions with a "Yes" are displaying. If actions with a "No" are displayed or if actions that are contributing are not displaying in the column, use the drop-down menu in the column header to filter only the "Yes" responses.

## Annual Update Table

In the Annual Update Table, provide the following information for each action in the LCAP for the relevant LCAP year:

- **Estimated Actual Expenditures:** Enter the total estimated actual expenditures to implement this action, if any.

## Contributing Actions Annual Update Table

In the Contributing Actions Annual Update Table, check the 'Contributing to Increased or Improved Services?' column to ensure that only actions with a "Yes" are displaying. If actions with a "No" are displayed or if actions that are contributing are not displaying in the column, use the drop-down menu in the column header to filter only the "Yes" responses. Provide the following information for each contributing action in the LCAP for the relevant LCAP year:

- **6. Estimated Actual LCFF Supplemental and/or Concentration Grants:** Provide the total amount of LCFF supplemental and concentration grants estimated based on the number and concentration of unduplicated students in the current school year.
- **Estimated Actual Expenditures for Contributing Actions:** Enter the total estimated actual expenditure of LCFF funds used to implement this action, if any.

- **Estimated Actual Percentage of Improved Services:** For any action identified as contributing, being provided on a Limited basis only to unduplicated students, and that does not have funding associated with the action, enter the total estimated actual quality improvement anticipated for the action as a percentage rounded to the nearest hundredth (0.00%).
  - Building on the example provided above for calculating the Planned Percentage of Improved Services, the LEA in the example implements the action. As part of the annual update process, the LEA reviews implementation and student outcome data and determines that the action was implemented with fidelity and that outcomes for foster youth students improved. The LEA reviews the original estimated cost for the action and determines that had it hired additional staff to collect and analyze data and to coordinate supports for students that estimated actual cost would have been \$169,500 due to a cost of living adjustment. The LEA would divide the estimated actual cost of \$169,500 by the amount of LCFF Funding identified in the Data Entry Table and then convert the quotient to a percentage. This percentage is the Estimated Actual Percentage of Improved Services for the action.

## LCFF Carryover Table

- **9. Estimated Actual LCFF Base Grant:** Provide the total amount of estimated LCFF Target Entitlement for the current school year, excluding the supplemental and concentration grants and the add-ons for the Targeted Instructional Improvement Block Grant program, the former Home-to-School Transportation program, and the Small School District Transportation program, pursuant to 5 CCR Section 15496(a)(8). Note that the LCFF Base Grant for purposes of the LCAP also includes the Necessary Small Schools and Economic Recovery Target allowances for school districts, and County Operations Grant for COEs. See *EC* sections 2574 (for COEs) and 42238.02 (for school districts and charter schools), as applicable, for LCFF entitlement calculations.
- **10. Total Percentage to Increase or Improve Services for the Current School Year:** This percentage will not be entered. The percentage is calculated based on the amounts of the Estimated Actual LCFF Base Grant (9) and the Estimated Actual LCFF Supplemental and/or Concentration Grants (6), pursuant to 5 CCR Section 15496(a)(8), plus the LCFF Carryover – Percentage from the prior year. This is the percentage by which services for unduplicated pupils must be increased or improved as compared to the services provided to all students in the current LCAP year.

## Calculations in the Action Tables

To reduce the duplication of effort of LEAs, the Action Tables include functionality such as pre-population of fields and cells based on the information provided in the Data Entry Table, the Annual Update Summary Table, and the Contributing Actions Table. For transparency, the functionality and calculations used are provided below.

### Contributing Actions Table

- **4. Total Planned Contributing Expenditures (LCFF Funds)**
  - This amount is the total of the Planned Expenditures for Contributing Actions (LCFF Funds) column.
- **5. Total Planned Percentage of Improved Services**
  - This percentage is the total of the Planned Percentage of Improved Services column.
- **Planned Percentage to Increase or Improve Services for the coming school year (4 divided by 1, plus 5)**

- This percentage is calculated by dividing the Total Planned Contributing Expenditures (4) by the Projected LCFF Base Grant (1), converting the quotient to a percentage, and adding it to the Total Planned Percentage of Improved Services (5).

### **Contributing Actions Annual Update Table**

Pursuant to *EC* Section 42238.07(c)(2), if the Total Planned Contributing Expenditures (4) is less than the Estimated Actual LCFF Supplemental and Concentration Grants (6), the LEA is required to calculate the difference between the Total Planned Percentage of Improved Services (5) and the Total Estimated Actual Percentage of Improved Services (7). If the Total Planned Contributing Expenditures (4) is equal to or greater than the Estimated Actual LCFF Supplemental and Concentration Grants (6), the Difference Between Planned and Estimated Actual Percentage of Improved Services will display “Not Required.”

- **6. Estimated Actual LCFF Supplemental and Concentration Grants**

- This is the total amount of LCFF supplemental and concentration grants the LEA estimates it will actually receive based on of the number and concentration of unduplicated students in the current school year.

- **4. Total Planned Contributing Expenditures (LCFF Funds)**

- This amount is the total of the Last Year's Planned Expenditures for Contributing Actions (LCFF Funds).

- **7. Total Estimated Actual Expenditures for Contributing Actions**

- This amount is the total of the Estimated Actual Expenditures for Contributing Actions (LCFF Funds).

- **Difference Between Planned and Estimated Actual Expenditures for Contributing Actions (Subtract 7 from 4)**

- This amount is the Total Estimated Actual Expenditures for Contributing Actions (7) subtracted from the Total Planned Contributing Expenditures (4).

- **5. Total Planned Percentage of Improved Services (%)**

- This amount is the total of the Planned Percentage of Improved Services column.

- **8. Total Estimated Actual Percentage of Improved Services (%)**

- This amount is the total of the Estimated Actual Percentage of Improved Services column.

- **Difference Between Planned and Estimated Actual Percentage of Improved Services (Subtract 5 from 8)**

- This amount is the Total Planned Percentage of Improved Services (5) subtracted from the Total Estimated Actual Percentage of Improved Services (8).

### **LCFF Carryover Table**

- **10. Total Percentage to Increase or Improve Services for the Current School Year (6 divided by 9 plus Carryover %)**

- This percentage is the Estimated Actual LCFF Supplemental and/or Concentration Grants (6) divided by the Estimated Actual LCFF Base Grant (9) plus the LCFF Carryover – Percentage from the prior year.
- **11. Estimated Actual Percentage of Increased or Improved Services (7 divided by 9, plus 8)**
  - This percentage is the Total Estimated Actual Expenditures for Contributing Actions (7) divided by the LCFF Funding (9), then converting the quotient to a percentage and adding the Total Estimated Actual Percentage of Improved Services (8).
- **12. LCFF Carryover — Dollar Amount LCFF Carryover (Subtract 11 from 10 and multiply by 9)**
  - If the Estimated Actual Percentage of Increased or Improved Services (11) is less than the Estimated Actual Percentage to Increase or Improve Services (10), the LEA is required to carry over LCFF funds.  
  
The amount of LCFF funds is calculated by subtracting the Estimated Actual Percentage to Increase or Improve Services (11) from the Estimated Actual Percentage of Increased or Improved Services (10) and then multiplying by the Estimated Actual LCFF Base Grant (9). This amount is the amount of LCFF funds that is required to be carried over to the coming year.
- **13. LCFF Carryover — Percentage (12 divided by 9)**
  - This percentage is the unmet portion of the Percentage to Increase or Improve Services that the LEA must carry over into the coming LCAP year. The percentage is calculated by dividing the LCFF Carryover (12) by the LCFF Funding (9).

California Department of Education  
November 2023
