Policy 0100 EQUAL OPPORTUNITY AND NONDISCRIMINATION

(formerly 3420, 6120, 7570, and 8130)

REQUIRED POLICY

The Board of Education, its officers and employees, shall not discriminate in its programs and activities on the basis of legally protected classes, such as, but not limited to: race, color, national origin, creed, religion, marital status, sex (including pregnancy, childbirth, or related medical condition), age, sexual orientation, disability predisposing genetic characteristic, military work or status, domestic violence victim status, or use of a guide dog, hearing dog or service dog, as applicable. The district will provide notice of this policy in accordance with federal and state law and regulation.

This policy of nondiscrimination includes access by students to educational programs, counseling services for students, course offerings, and student activities, as well as recruitment and appointment of employees and employment pay, benefits, advancement and/or terminations.

Additionally, to promote the district website's accessibility to staff, students, and members of the community with disabilities, the district will maintain a website that is accessible (or contains accessible alternatives) on perceivability, operability and understandability principles. The district's Assistant Superintendent of Curriculum and Instruction is responsible for considering the following when developing or updating the district website:

- Adding the text equivalent to every image;
- Posting documents in a text-based format such as HTML or RTF in addition to PDFs;
- Avoiding dictating colors and font settings;
- Including audio descriptions and captions to videos;
- Identifying other barriers to access; and
- Making other considerations when developing the district's website.

The Board of Education, its officers and employees shall not discriminate against students on the basis of actual or perceived race, color, weight, national origin, ethnic group, religion, religious practice, disability, sex; sexual orientation, or gender (including gender identity and expression).

A finding that an individual has engaged in conduct in violation of this policy may result in disciplinary action and/or filing of a report with third parties in the manner prescribed by the district code of conduct, the law or applicable contract.

Nothing in this policy shall be construed to prohibit a denial of admission into, or exclusion from, a course of instruction or activity based on a person's gender that would be permissible under the law, or to prohibit, as discrimination based on disability, actions that would be permissible under the law.

Annual Notification

At the beginning of each school year, the district shall publish a notice of the established grievance procedures for resolving complaints of discrimination to parents/guardians, employees, students and the community. The public notice shall:

1. inform parents, employees, students and the community that education programs, including but not limited to vocational programs, are offered without regard to actual or perceived race, color, weight, national origin, ethnic group, religion, religious practice, disability, sex; sexual orientation, or gender (including gender identity and expression);
2. provide the name, address and telephone number of the person designated to coordinate activities concerning discrimination; and
3. be included in announcements, bulletins, catalogues, and applications made available by the district.

The Compliance Officer has been designated to handle inquiries regarding the district's non-discrimination policies. Contact information for the Compliance Officer is available on the district's website. Complaints of sexual harassment or discrimination are covered by policy 0110.

All complainants and those who participate in the investigation of a complaint in conformity with state law and district policies, who have acted reasonably and in good faith, have the right to be free from retaliation of any kind.

The Board authorizes the Superintendent of Schools to establish such rules, regulations and procedures necessary to implement and maintain this policy.

Policy 0110 SEXUAL HARASSMENT

(formerly 6121 Sexual Harassment of District Personnel and 7532 Sexual Harassment of Students)

REQUIRED POLICY

The Board of Education recognizes that harassment of students, employees (including all staff, applicants for employment, both paid and unpaid interns, exempt and non-exempt status, part-time, seasonal, and temporary workers, regardless of immigration status) and certain “non-employees” (which includes contractors, subcontractors, vendors, consultants and other persons providing services pursuant to a contract, or their employees) on the basis of sex, gender and/or sexual orientation is abusive and illegal behavior that harms subjects of such behavior and negatively impacts the school culture by creating an environment of fear, distrust, intimidation and intolerance. The Board further recognizes that preventing and remedying such harassment in schools is essential to ensure a healthy, nondiscriminatory environment in which students can learn and employees and “non-employees” can work productively. The Board of Education recognizes that Title IX and its regulations prohibit discrimination on the basis of sex and the Board states that it does not discriminate on the basis of sex in the education program or activities. This statement relates to a student’s access to educational program(s) and activities and in the area of employment.

Sexual harassment is a form of sex discrimination that is unlawful under federal, state and local law. Sexual harassment includes harassment on the basis of actual or perceived or self-identified sex, sexual orientation, gender identity, gender expression and transgender status. Sexual harassment of a student can deny or limit the student's ability to participate in or to receive benefits, services, or opportunities from the school's program.

Sexual harassment includes one or more of the following:

- a. Conditioning a submission to unwelcome sexual conduct, either explicitly or implicitly, as a term or condition of an individual’s employment or a student’s education where submission to or rejection of such conduct is used as the basis for decisions affecting an individual’s employment or a student’s education;
- b. Unwelcome conduct determined by a reasonable person to be so severe, pervasive, and objectively offensive that it effectively denies a person equal access to the District’s education program(s) or activit(ies)¹; or
- c. “Sexual assault” as defined in 20 U.S.C. 1092(f)(6)(A)(v), “dating violence” as defined in 34 U.S.C. 12291(a)(10), “domestic violence” as defined in 34 U.S.C. 12291(a)(8), or “stalking” as defined in 34 U.S.C. 12291(a)(30).

Sexual harassment can include unwelcome sexual advances, requests for sexual favors, and other verbal, nonverbal, or physical conduct of a sexual nature, or verbal, nonverbal or physical aggression, intimidation or hostility that is based on actual or perceived gender and sexual stereotypes. Examples of sexual harassment can be found in the accompanying regulation (0110-R).

The Board is committed to providing an educational and working environment that promotes respect, dignity and equality and that is free from all forms of sexual harassment. To this end, the Board condemns and strictly prohibits all forms of sexual harassment on school grounds, school buses and at all school-sponsored activities, programs and events including those that take place at locations outside the district.

Sexual harassment may subject the district to liability for harm done to subjects of such behavior. Harassers may also be individually subject to civil liability if sued in a court of law or criminal liability if prosecuted.

Under various state and federal laws, students, employees and “non-employees” have legal protections against sexual harassment in the school environment as described above. Those laws are listed in the references section. Additionally, local laws (e.g., county, city, town, village) may apply to the district. The district’s Code of Conduct also addresses appropriate behavior in the school environment. Sexual harassment can occur between persons of all ages and gender.

In order for the Board to effectively enforce this policy and to take prompt corrective measures, it is essential that all subjects of sexual harassment and persons with knowledge of sexual harassment report the harassment immediately. To that end, the Board will annually appoint a Title IX coordinator, and notification will be made as to who that official is on the District's website. The district will promptly investigate all complaints of sexual harassment, either formal or informal. To the extent possible, all complaints will be treated in a confidential manner. Limited disclosure may be necessary to complete a thorough investigation. If the complainant reports that they feel unsafe at school due to the nature of the complaint, the district will determine if accommodations need to be made until the issue is resolved.

The Superintendent of Schools is directed to develop and implement regulations for reporting, investigating and remedying allegations of sexual harassment. These regulations are to be attached to this policy. Notice of the identity of the Title IX coordinator, his/her office address and telephone number, this policy, and the procedures by which an individual can file or report sexual harassment and how the District will respond, shall be made to applicants for employment; students; parents or legal guardians; unions or professional organizations that have contracts with the District. The Superintendent is directed to publish a notice of non-discrimination and the Title IX coordinator's identity and contact information on the District's website and any handbooks provided to students and/or staff.

In addition, training programs shall be established that occur annually for employees and periodically for students, to raise awareness of the issues surrounding sexual harassment and to implement preventative measures to help reduce incidents of sexual harassment. Age-appropriate instructional materials will be incorporated into the curriculum to educate students so that they can recognize and reduce the incidence of sexual harassment.

If, after appropriate investigation, the district finds that a student, an employee, "non-employee" or a third party has violated this policy, prompt corrective action will be taken in accordance with the applicable collective bargaining agreement, contract, district policy and state law. Individual nondisclosure agreements may only be used as permitted by law, described in the accompanying regulation. Mandatory arbitration clauses are prohibited in all district contracts and agreements.

All complainants and those who participate in sexual harassment complaints or the investigation of a complaint of sexual harassment have the right to be free from retaliation of any kind, when they do so with a good faith belief that sexual harassment has occurred. Such prohibited retaliation can include, but is not limited to, discipline, discrimination, demotion, denial of privileges, or any action that would keep a person from coming forward to make or support a sexual harassment claim. Such actions need not be job- or education-related, or occur in the workplace or educational environment, to constitute unlawful retaliation.

This policy shall be posted in a prominent place in each district facility, on the district's website, and shall also be published in student registration materials, student, parent and employee handbooks, and other appropriate school publications.

The Board shall periodically review this policy and implementing regulation.

Policy 2160 CODE OF ETHICS FOR ALL DISTRICT PERSONNEL

(formerly 6110)

REQUIRED POLICY

The Board of Education is committed to avoiding any situation in which the existence of conflicting interests of any Board member, officer, or employee may call into question the integrity of the management or operation of the District. Officers are defined as those who hold positions within the Board (i.e., President, Vice President) and those who have an official position in the District (i.e., District Treasurer, Deputy Treasurer, District Clerk, Tax Collector, and/or Claims Auditor).

The Board recognizes that sound, ethical standards of conduct serve to increase the effectiveness of District officers and staff as educators and public employees in the community. Adherence to a code of ethics promotes public confidence in the schools and furthers the attainment of district goals.

The Board also recognizes its obligation to adopt a code of ethics setting forth the standards of conduct required of all Board members, district officers, and employees under the provisions of the General Municipal Law. Therefore, every Board member, officer, and employee of the District, whether paid or unpaid, shall adhere to the following code of ethics.

Statutory Conflicts of Interest

It is a conflict of interest for a Board member, officer, or employee to benefit personally from contracts made in their official capacity.

- "*Contract*" is defined broadly to include any claim or demand against the district or account or agreement with the District, whether expressed or implied which exceeds the sum of \$750.00 in any fiscal year.
- An "*interest*" is defined as a direct or indirect benefit that runs to the employee as a result of a contract with the district.

No Board member, officer or employee shall have an "*interest*" (i.e., receive a direct or indirect benefit as the result of a contract with the District) in:

- a firm, partnership or association in which he/she is a member or employee;
- a corporation in which he/she is an officer, director or employee;
- a corporation in which he/she, directly or indirectly, owns or controls 5% or more of the stock;
- a contract between the district and his/her spouse, minor child, or dependents, except for an employment contract between the school district, a spouse, minor child, or dependent of a Board member authorized by §800(3) of the General Municipal Law or §3016 of the Education Law.

Gifts

A Board member, officer, or employee shall not directly or indirectly solicit any gift or accept or receive any gift having a value of seventy-five dollars (\$75) or more, whether in the form of money, services, loan, travel, entertainment, hospitality, thing or promise, or any other form, under circumstances in which it could reasonably be inferred that the gift was intended to influence him or her in the performance of his or her official duties or was intended as a reward for any official action on his or her part.

However, the Board welcomes and encourages the writing of letters or notes expressing gratitude or appreciation to staff members. Gifts from children that are principally sentimental in nature and of insignificant financial value may be accepted in the spirit in which they are given.

Confidential Information

A Board member, officer, or employee shall not disclose confidential information acquired by him or her in the course of his or her official duties or use such information to further his or her personal interest. This includes matters discussed in executive session. However, the Board, acting as a whole, may decide to disclose such information where disclosure is not prohibited under the law.

Representation Before the Board or District

A Board member, officer, or employee shall not receive or enter into any agreement, expressed or implied, for compensation for services to be rendered in relation to any matter before the District.

Disclosure of interest in Matters Before the Board

A Board member, officer, or employee of the district, whether paid or unpaid, must publicly disclose the nature and extent of any interest they or their spouse have, will have, or may later acquire in any actual or proposed contract, purchase agreement, lease agreement or other agreement involving the District (including oral agreements), to the governing body and his or her immediate supervisor (where applicable) even if it is not a prohibited interest under applicable law. Such disclosure must be in writing and made part of the official record of the District. Disclosure is not required in the case of an interest that is exempted under Section 803(2) of the General Municipal Law. The term "interest" means a pecuniary or material benefit accruing to an officer or employee.

Investments in Conflict with Official Duties

A Board member, officer, or employee shall not invest or hold any investment directly in any financial, business, commercial or other private transaction that creates a conflict with his or her official duties. Exceptions to the conflict of interest law can be found in Section 802 of the General Municipal Law (see 2160-E.1).

Private Employment

A Board member, officer, or employee shall not engage in, solicit, negotiate for or promise to accept private employment when that employment or service creates a conflict with or impairs the proper discharge of his or her official duties.

Future Employment

A Board member, officer, or employee shall not, after the termination of service or employment with the District, appear before the Board in relation to any action, proceeding, or application in which he or she personally participated during the period of his or her service or employment or that was under his or her active consideration.

Involvement with Charitable Organizations

A Board member, officer, or employee may be involved as a volunteer, officer, or employee in a charitable organization that has a relationship with the District. If a Board member is a board member, officer or employee of the charitable organization, the Board member must disclose such relationship in writing to the District, and the Board member must recuse himself or herself from any discussions or votes relating to the charitable organization that may come before the Board. When participating in the activities of the charitable organization, the Board member, officer or employee shall not disclose any confidential information learned in the course of his or her official duties or use such information to further personal interests. Additionally, the Board member, officer or employee shall not make representations on behalf of the District unless specifically authorized to do so by the Board.

Distribution of Code of Ethics

The Superintendent of Schools shall cause a copy of this Code of Ethics to be distributed to every Board member, officer, and employee of the District. Each Board member, officer, and employee elected or appointed

thereafter shall be furnished a copy before entering upon the duties of his or her office or employment. In addition, the Superintendent shall ensure that a copy of Article 18 of the General Municipal Law be posted in each building in the District in a place conspicuous to Board members, officers, and employees.

Penalties

In addition to any penalty contained in any other provision of law, any person who knowingly and intentionally violates any of the provisions of this code of ethics may be fined, suspended or removed from office or employment, as the case may be, in the manner provided by law.

- 5) Each user will be responsible for any action performed under his or her login name, regardless of whether he or she performed the action.
- 6) Users shall not intentionally disrupt the use of the network or devices attached to the network.
- 7) Users agree that hardware, software, or other network devices or resources shall not be destroyed, modified, damaged, or abused in any way.
- 8) Malicious use of network or the Internet to harass other users, infiltrate a computer or computer system, damage the software components of a computer or computer system (e.g., to create viruses) is prohibited.
- 9) The use of electronic resources is a privilege, not a right, and inappropriate use will result in cancellation of network privileges. Users are required to follow District policy and network procedures. The supervising staff member will determine what is appropriate, and the user may have his or use denied, revoked or suspended.
- 10) Staff data files and electronic storage areas shall remain District property, subject to District control and inspection. The computer coordinator may access all such files and communications to insure system integrity and that users are complying with requirements of this policy and accompanying regulations. Staff should NOT expect that information stored on the DCS will be private.
- 11) Software is protected by copyright and other laws: therefore users will not make unauthorized copies of software or media found on school computers, nor give, lend, or sell copies of software to others unless they have the written permission of the copyright owner or the original software is clearly identified as "shareware" or in the public domain.

12) Users shall not download or install software on District computers without written authorization from the Director of Technology or persons authorized to manage the network.

15) Posting by any District employee of any photographs or video featuring students, with or without identifying the student by name, on the District website, newsletters and emails will only be allowed if the parent or person in parental relation has not signed the District's "opt out" form. This form is included in the information packet mailed to families prior to each school year. Signing it signifies that a child's image may not be used in any of the above formats. Regardless of the parent's opt-out choice, no use of student photos and videos is permitted on social media by any employee of the district.

16) Users may not access or participate in chat rooms, blogs, online discussion groups or social networking site unless prior approval from appropriate personnel/staff is received.

17) The use of district technology for commercial purposes is prohibited.

Staff members who engage in unacceptable use may lose access to the DCS and may be subject to further discipline under the law and in accordance with applicable collective bargaining agreements. Legal action may be initiated against a staff member who willfully, maliciously or unlawfully damages or destroys property of the District.

Demonstrated intent to violate policy will be considered the same as an actual policy violation. Demonstrated intent means evidence such as actions that if successful or if carried out as intended, would result in a policy violation. Failure to abide by the above policy will result in suspension of technology access privileges, financial liability for damages, other disciplinary action, and in some circumstances, may result in criminal liability.

District Responsibility

The Hastings-on-Hudson Union Free Public Schools will allocate resources in an effort to provide a safe internet experience for all users. This Acceptable Use Policy is adopted and enforced in furtherance of that goal. However, it is important to note that, even though the District may use technical or manual means to regulate access and information including internet filters to help prevent users from accessing inappropriate information on the internet in accordance with the Children's Internet Protection Act [Pub. L. 106-554 and 47 USC 254(h)], these methods do not provide a fool proof means of enforcing the provisions of this policy and its goals. In accordance with the CIPA legislation, filtering may be disabled by staff for purposes of bona fide research when prior written approval is provided by the Director of Technology and/or an authorized network administrator.

Policy 9645 ALLEGATIONS OF FRAUD

(formerly 5571)

Reporting and Investigations of Allegations of Fraud

All Board members and officers, District employees and third party consultants are required to abide by the District's policies, administrative regulations and procedures in the conduct of their duties. Further, all applicable federal and/or state laws and regulations must be adhered to in the course of District operations and practices. Any individual who has reason to believe that financial improprieties or wrongful conduct is occurring within the School System is to disclose such information according to the reporting procedures established by the District. The reporting procedures will follow the chain of command as established within the department or school building or as enumerated in the District's Organizational Chart. In the event that the allegations of financial improprieties/fraud and/or wrongful conduct concern the investigating official, the report shall be made to the next level of supervisory authority. If the chain of supervisory command is not sufficient to ensure impartial, independent investigation, allegations of financial improprieties/fraud and/or wrongful conduct will be reported as applicable, to the Internal Auditor (if available), or the Independent (External) Auditor, or the School Attorney, or the Board of Education. The District's prohibition of wrongful conduct, including fraud, will be publicized within the District as deemed appropriate; and written notification will be provided to all employees with fiscal accounting/oversight and/or financial duties including the handling of money.

Upon receipt of an allegation of financial improprieties/fraud and/or wrongful conduct, the Board or designated employee(s) will conduct a thorough investigation of the charges. However, even in the absence of a report of suspected wrongful conduct, if the District has knowledge of, or reason to know of, any occurrence of financial improprieties/fraud and/or wrongful conduct, the District will investigate such conduct promptly and thoroughly. To the extent possible, within legal constraints, all reports will be treated as confidentially and privately as possible. However, disclosure may be necessary to complete a thorough investigation of the charges and/or to notify law enforcement officials as warranted, and any disclosure will be provided on a "need to know" basis. Written records of the allegation, and resulting investigation and outcome will be maintained in accordance with law.

Based upon the results of this investigation, if the District determines that a school official has engaged in financial improprieties/fraudulent and/or wrongful actions, appropriate disciplinary measures will be applied, up to and including termination of employment, in accordance with legal guidelines, District policy and regulation, and any applicable collective bargaining agreement. Third parties who are found to have engaged in financial improprieties/fraud and/or wrongful conduct will be subject to appropriate sanctions as warranted and in compliance with law. *The application of such disciplinary measures by the District does not preclude the filing of civil and/or criminal charges as may be warranted. Rather, when school officials receive a complaint or report of alleged financial improprieties/fraud and/or wrongful conduct that may be criminal in nature, law authorities should be immediately notified.*

An appeal procedure will also be provided, as applicable, to address any unresolved complaints and/or unsatisfactory prior determinations by the applicable investigating officer(s).

Protection of School Employees who Report Information Regarding Illegal or Inappropriate Financial Practices

Any employee of the School District who has reasonable cause to believe that the fiscal practices or actions of an employee or officer of the District violates any local, state, federal law or rule and regulation relating to the financial practices of the District, and who in good faith reports such information to an official of the District, or to the Office of the State Comptroller, the Commissioner of Education, or to law enforcement authorities, shall have immunity from any civil liability that may arise from the making of such report. Further, neither the School District, nor employee or officer thereof, shall take, request, or cause a retaliatory action against any such employee who makes such a report.

The Board prohibits any retaliatory behavior directed against any witnesses and/or any other individuals who participate in the investigation of an allegation of illegal or inappropriate fiscal practices or actions. Follow-up

inquiries shall be made to ensure that no reprisals or retaliatory behavior has occurred to those involved in the investigation. Any act of retaliation is prohibited and subject to appropriate disciplinary action by the District.

Knowingly Makes False Accusations

Any individual who *knowingly* makes false accusations against another individual as to allegations of financial improprieties/fraud may also face appropriate disciplinary action.
