SUPERINTENDENT'S REPORT

Mr. Slentz reported that due to illness, the Special Education Update would be moved to the next meeting.

K5 Mathematics Update

Mr. Slentz discussed the curriculum unification that has happened over the past few years. He stated it was difficult timing, but it needed to come as fast as possible. The curricular focus with the elementary schools being first has been successful.

Mathematics are very different in elementary schools. High quality curriculum and high quality training are vital in the elementary schools as math specialists typically do not look to be teaching in elementary settings. He stated the training is ongoing with a focus on continued training and improvements.

Kathleen Skellie discussed the challenges of the last two years. She discussed curriculum deficits and the difficulty for young learners in a virtual environment.

Ms. Skellie stated 2021 was a soft implementation due to variables not being pure. She discussed the difficult conditions. She stated this was the first year of full implementation in all schools and classrooms. She offered a snapshot of the Eureka Math Program. She stated many tools were purchased to support teachers during implementation.

Ms. Skellie explained and discussed benchmark assessments. She also discussed the diagnostic tools being used.

Ms. Skellie shared the middle of the year snapshots of each grade. She discussed the real consistent fear of getting students caught up after pandemic learning. She shared the performances of beginning of the year results and the middle of the year results.

Mrs. Skellie shared the District's expectations for the students vs the actual results of the students. She stated due to hard work and the fidelity to the program the findings were positive with students being successful. Ms. Skellie stated the progression of the trend shows an incredible rate of improvement for students that were showing deficits at the beginning of the year.

Mr. Slentz stated having a curriculum that offers the same opportunity to all students came at the perfect time.

Ms. Skellie showed consistent improvement in all grades. She praised the teachers, the systems and the products of the District. She shared a 5th grade building snapshot. She shared an incredible low number of struggling students.

Ms. Skellie explained the comparison with another program. She showed the correlation of the data using a second program's measures that proved the improvement numbers are sound.

Ms. Skellie showed the multi-tiered system of support. She discussed the academic intervention services for students. She also discussed their improvements and discussed where students would be at the end of the year. She stated the intentional focus allows students to get the most from the programs.

Ms. Skellie shared the way the District determines the help needed for low scoring students. She discussed screening and plans for struggling students. She stated the intentionality was helping to make the most of the available time.

Ms. Skellie discussed the modules and available customization to support high achieving mathematical students.

Mr. Slentz discussed the work that had been done and the progression of teaching methods. He stated that was the reason for a five-year implementation plan. He stated he was very excited for where the students would be in the future.

Ms. Skellie stated she had a very positive outlook for students in closing the gaps created during the pandemic. She praised the quality and the dedication of the staff.

COMMITTEE REPORTS

Mr. Fernau reported the Policy Committee had been given updates on the Climate and Culture Policy and Draft Policy on Recognitions, Memorials and Dedications. He stated they had discussed the policy on the Remote Attendance Board of Education Meeting Policy. He stated State Law had changed and policy was still under attorney review.
