

3130	Continuing Education
-------------	-----------------------------

The Board of Education supports the provision of a variety of opportunities for learning for all residents of the District. To this end a continuing education program will be encouraged and maintained based on the level of participation by the community. The continuing education program shall operate on a self-supporting basis with those enrolled sharing an equitable portion of the cost unless program costs are funded by non-local tax sources.

Adoption Date: 07/10/2019
