

5560	Use of Federal Funds
-------------	-----------------------------

The Board of Education shall consider the use of Federal, State, Local and/or Foundation funds for public education whenever such uses provide the Ballston Spa Central School District with the opportunity to maintain or improve its educational program or services.

The Superintendent of Schools is authorized to apply for and accept grant funds when it is believed that it will be of benefit to the District. The Superintendent of Schools will be responsible for informing the Board periodically of those grant funds received.
