Concurrent Enrollment in College Classes

The Governing Board desires to provide opportunities for eligible district students to enroll concurrently in courses offered at postsecondary institutions in order to foster individual student achievement, increase opportunities for students to complete college preparatory course requirements and/or participate in career technical education (CTE), and prepare students for a smooth transition into college by providing exposure to the collegiate environment.

When it is determined that the postsecondary course in which the student intends to enroll is substantially equivalent to a course provided by the district, the student may receive credit toward high school graduation requirements in addition to credit received from the college.

Approval of Concurrent Enrollment

The Board may approve a limited number of students of any age or grade level to apply for part-time or full-time concurrent enrollment in a community college or four-year college when it is determined to be in the student's best interest and the student is adequately prepared for such coursework.

Upon recommendation of the principal and with parent/guardian consent, the Board may authorize a student to attend a community college during any session or term as a special part-time or full-time student and to undertake one or more courses of instruction offered at the community college level. (Education Code 48800)

Within the enrollment limits and exceptions allowed by law, the principal may recommend a student for community college summer session if that student demonstrates adequate preparation in the discipline to be studied and exhausts all opportunities to enroll in an equivalent course, if any, at the school of attendance. (Education Code 48800)

A student's parent/guardian, regardless of the student's age or grade level, may petition the Board to authorize special full-time attendance at a community college on the ground that the student would benefit from advanced scholastic or career technical work that would be available. If the petition is denied, an appeal may be filed with the County Board of Education. (Education Code 48800.5)

If the Board denies a request for special part-time or full-time enrollment at a community college for a student who is identified as highly gifted and talented, the Board shall issue its written recommendation and the reasons for the denial at its next regularly scheduled Board meeting that falls at least 30 days, but within 60 days, after the request has been submitted. (Education Code 48800, 48800.5)

The Board may authorize a student who is pursuing a high school diploma or a high school equivalency certificate through an adult education program, upon recommendation of the administrator of the student's adult school, to attend a community college during any session or term as a special part-time student. (Education Code 52620)

Concurrent Enrollment in College Classes (Cont.)

College and Career Access Pathways Partnerships

The Board may enter into a College and Career Access Pathways (CCAP) partnership agreement with the board of a community college district for the purpose of offering or expanding dual enrollment opportunities for students. The agreement shall be approved at an open public Board meeting, with an opportunity for public input provided prior to the Board taking action. If the CCAP agreement provides for CTE pathways, the Board shall consult with and consider input from appropriate local workforce board(s) to determine the extent to which the pathways are aligned with regional and statewide employment needs. (Education Code 76004)

Program Evaluation

The Superintendent or designee shall regularly report to the Board regarding the number and demographics of district students participating in the concurrent enrollment option, their success in completing college preparatory courses ("a-g" courses) and postsecondary courses, and any impact on their achievement in district courses and graduation rates.

Instruction

Concurrent Enrollment in College Classes

Credit

Unless enrolled as part of a College and Career Access Pathways (CCAP) partnership agreement in which students are authorized to take up to 15 units per term in a community college, as described below, district students enrolled in a community college as special part-time students may enroll in up to 11 units per semester, or the equivalent. Such students shall receive credit for community college courses that they complete in an amount jointly determined appropriate by the district and the community college governing board. (Education Code 48800, 76001, 76004)

A written agreement regarding the student's enrollment in postsecondary courses and the credits to be awarded for successful completion shall be signed by the student, parent/guardian, principal, and college representative. The student shall be informed whether the credits to be earned are considered academic credits or elective credits, whether the credits count towards high school graduation requirements, and whether the course would need to be completed again during the college years to satisfy college graduation requirements.

To receive district credit for coursework completed at a community college or four-year college, the student or parent/guardian shall submit a transcript showing completion of the course with a passing grade.

College and Career Access Pathways Partnerships

The district may enter into a CCAP agreement, in accordance with Education Code 76004, which includes terms regarding course offerings, student eligibility, protocols for sharing information, joint facilities use, and staff qualifications.

A copy of the CCAP agreement shall be filed with the Office of the Chancellor of the California Community Colleges and with the California Department of Education before the start of the agreement. (Education Code 76004)

Only courses that provide career technical education or preparation for transfer, assist in improving high school graduation rates, or help high school students achieve college and career readiness shall be offered, and physical education courses shall not be provided. (Education Code 76004)

Students may enroll in up to 15 units of community college courses per term if all of the following circumstances are satisfied: (Education Code 76004)

1. The units constitute no more than four community college courses per term.
2. The units are part of an academic program that is part of a CCAP agreement.
3. The units are part of an academic program that is designed to award students both a high school diploma and an associate degree or a certificate or credential.

Concurrent Enrollment in College Classes (Cont.)

A high school student shall submit one parental consent form and principal recommendation for the duration of the student's concurrent enrollment under a CCAP partnership. (Education Code 76004)

The district shall report information annually to the office of the Chancellor of the California Community Colleges as specified in Education Code 76004.

Minimum School Day

The minimum day of attendance in district schools shall be 180 minutes for any student who is enrolled part-time in a community college and any student in grades 11-12 who is enrolled part-time in the California State University or University of California, when the student is enrolled in classes for which academic credit will be provided upon satisfactory completion of enrolled courses. (Education Code 46146, 48801)

A student enrolled full-time at a community college shall be exempted from full-time attendance in the district's regular education program. (Education Code 48800.5)

However, both part-time and full-time community college students shall be required to undertake courses of instruction of a scope and duration sufficient to satisfy the requirements of law. (Education Code 48800.5, 48801)

Community College Classes on High School Campus

If a community college class is to be offered at a district high school campus, the class shall be held during the time the campus is open to the general public as determined by the Governing Board. Members of the public who are enrolled in community college class(es) shall register immediately upon entering school buildings or grounds.
