

Tracy Zollner Class of 2009

A year after she earned the Eastern Athletic League Most Valuable Player award with the 1987 North Section Champion Las Plumas High School varsity softball team, Tracy Zollner worked her way to another championship. That was on the 1988 Butte College Golden Valley Conference softball team, and she was selected to all-league status as a catcher.

Tracy prominently involved herself in Oroville school and sports activities. In her younger days, she was a Bobby Sox Softball All-Star seven times. She was a board member for the PAL Humane Society.

A student-athlete at Las Plumas High School, she was on the student honor roll all four years. She participated on the Thunderbird field hockey, cross country, basketball and softball teams. Some of these accomplishments earned Tracy a Presidential Academic Fitness Award and a National Scholar Athlete Award.

She excelled in softball and basketball. She stayed in the middle of things by playing her position roles at catcher and center, and placed in the top sector of the area's statistical charts kept for both sports.

Tracy was winning again as a catcher for the University of Oregon. The team finished fourth in the 1989 College World Series.

After earning a BA in Physical Education from Chico State, Tracy continued her work toward a teaching and administrative career. Her master's work was in the administrative area of emphasis. She earned a CLAD Certificate and a Tier I Administrative Credential.
