PREAMBLE AND RECITALS

This Agreement is made and entered into between Issaquah School District No. 411 (hereinafter "District") and the Issaquah School Nurses Association (hereinafter "Association" or "ISNA").

In accordance with the provisions of the Public Employees' Collective Bargaining Act, Chapter 41.56 RCW, and in consideration of the mutual covenants contained herein, the parties further agree as follows:

The health and safety of Issaquah students is an important condition in their ability to learn and thrive, and school nurses serve an important role in the District's mission. The parties share a mutual interest in supporting the health and safety of Issaquah students and providing an environment that promotes success for our students, staff and schools. To these ends, it is and will continue to be in the parties' mutual interest to promote labor-management cooperation, create and model an atmosphere of mutual trust and respect, and to confer and negotiate in good faith with respect to wages, hours, benefits, terms and conditions of employment.

ARTICLE 1 – RECOGNITION

Excluded from the bargaining unit are casual and temporary employees as defined in WAC 391-35-350.

Section 1.3 - Unit Clarification

ARTICLE 3 – STATUS AND TERMS OF THE AGREEMENT

Section 3.1 Association Rights

Throughout this Agreement certain rights and functions are accorded and ascribed to the Association. No other group shall have the rights or functions accorded to the Association unless legally elected to represent employees and/or supersede the Association.

Section 3.2 Management Rights

All rights, except such as are clearly relinquished herein by the District, are reserved to the District, which is responsible for the maintenance of an orderly, effective and efficient operation of the District.

Except as otherwise specifically relinquished or addressed by the terms of this Agreement, the District has the right, in accordance with and subject to applicable laws, rules and regulations and the provisions of this Agreement, to hire, transfer, promote, assign, and retain employees and to discipline, suspend, or discharge employees for just cause; the right of lay off, the right to establish, change, and direct the methods and processes of doing work, to introduce new and improved work methods or equipment; the right to determine the right to determine start and end times and the number of hours to be worked; and the right to make and amend such reasonable rules and regulations as it may deem necessary for the conduct of its business, and to require their observance.

The right to make reasonable rules and regulations are acknowledged functions of the District. In making such rules and regulations, the District shall give due regard to the rights of the employees and the Association, and to the obligations imposed by law and by this Agreement.

Section 3.3 Agreement and Mutual Consent

This Agreement constitutes the entire agreement between the parties and no statement, promise, past-practice or inducement which is not contained herein shall be binding on the parties.

This Agreement, and wages, hours and terms and conditions of employment may not be altered, reduced, or enlarged except with the mutual consent. During its term, there may be agreement between the parties that this contract needs amendment or modification. In the event that both parties agree that amendment or modification is needed, collective bargaining will commence on said subjects. The amendments or modifications so negotiated shall be in writing and shall become a part of this Agreement unless otherwise mutually agreed.

Section 3.4 Conformity to Law and Saving Clause

This Agreement shall be governed and construed according to the Constitution and applicable Laws of the United States and the State of Washington. Should any article, section, or portion thereof of this Agreement be held unlawful and unenforceable by a court or arbitrator of competent jurisdiction, such decision shall apply to the specific article, section, or portion thereof directly specified in the decision and all other provisions shall continue in full force and effect. Upon the issuance of such a decision, the parties agree to negotiate immediately a substitute for the invalidated article, section, or portion thereof.

Section 3.5 Supersedes Other Rules

This Agreement shall supersede any rules, regulations, policies, resolutions, or practices of the District that shall be inconsistent with its terms, except when in conflict with applicable state or federal laws.

As soon as practical after signing, the District shall provide the Association President with eight (8) print copies of the signed Agreement for Association use. All applicants and new hires shall be informed of where to locate the electronic version of this Agreement on the District's website.

ARTICLE 4 – EMPLOYEE RIGHTS

Section 4.1 Civility and Protection from Prohibited Harassment, Intimidation and Discrimination

The Association and the District share a commitment to supporting all partners in the educational process, and to a safe and civil work and educational environment free from intimidation and sexual, racial and other harassment. The District will include anti-harassment training as part of each new employee's orientation, will follow relevant District Regulations and Procedures, and will educate all employees in accordance with state requirements.

There shall be no discipline of or discrimination against any employee because of that person's age, sex, sexual orientation, including gender expression or identity, religion, age, veteran or military status, marital status, race, creed, or color. Nor shall there be discipline, or discrimination based on the presence of any sensory, mental or physical handicap disability, unless it is based on a bona fide occupational qualification or unless the particular disability prevents the proper job performance of the particular employee.

Religious or political activities of the employee that occur outside of the workday and in the private and personal life of the employee will not be grounds for disciplinary action unless such activities are found to materially disrupt the operation of schools. The Association and the District are committed to

advising employees on how their online behavior may affect their own safety and reputation and that of the District, and the District will provide employee training on District Regulation 2026.

Section 4.2 Legal Rights

Nothing contained herein shall be construed to deny or restrict to any employee such rights as the employee may have under applicable laws and regulations. The rights recognized hereunder shall not be exclusive, but in addition to those provided elsewhere.

Section 4.3 Professional Workplace

The parties recognize that providing nursing care and delegation in school settings is uniquely challenging since a school's primary mission is education, not health care. Nevertheless, students must have access to health services during school and extra-curricular school-sponsored events to enable them to participate fully, and students with life threatening conditions must have additional monitoring and care.

Employees will be treated with respect and dignity and will treat one another in this way, in an environment that recognizes and builds on successes, is free from intimidation and harassment, encourages openly sharing information, knowledge and experience, and supports the need for school nurses to provide a standard of practice upon which school administrators, teachers, parents and other school staff and the public may rely. Employees will exercise professional judgment and are expected to maintain a high professional standard of care to support the most effective learning environment possible for students.

Section 4.4 Liability Insurance

The District will provide liability insurance coverage to classified nurses to the same extent as it is provided to certificated nurses. The District will defend employees from allegations arising out of any act or failure to act, provided that at the time of the act or omission complained of the employee was acting in good faith within the scope of the employee's employment and in compliance with Board Policies, District Regulations, School Nursing Scope and Standards of Practice.

Section 4.5 Rights to Representation, Due Process and Just Cause

Section 4.5.1 Right to Representation: An employee has the right, upon request, to have Association representation during any disciplinary proceeding. When an allegation of misconduct is made against an employee and that allegation, if true, could be cause for discipline, the District shall take the following steps in the investigative process:

- A. The District will inform the Association president of the general subject matter of the allegation prior to the investigatory interview, and will provide the president a copy of any notice of investigation that may be issued to the employee.
- B. An employee has the right to have Association representation present during an investigatory interview that the employee reasonably believes may result in discipline (often referred to as Weingarten rights). Notices of investigation will inform employees of the right to representation. If the employee requests representation for the investigatory interview, the District will provide the

employee the opportunity to consult with the Association, and schedule meetings with the employee and representative, within a reasonable amount of time.

- C. At the investigatory interview, the District will inform the employee of the allegation(s) of misconduct, and any directives to be followed by the employee during the course of the investigation. Disciplinary action may result if the directive provided is not followed.

Section 4.5.2 Non-Disciplinary Action: Letters of Direction

A Letter of Direction is a written directive issued by the Health Services Supervisor (“supervisor”) to an employee that seeks to guide future conduct, does not identify substantiated misconduct, and is not disciplinary in nature. Disciplinary action may ensue, subject to the provisions of this Agreement, if such directive is violated by the employee. A Letter of Direction will be placed in the supervisor’s file.

Section 4.5.3 Disciplinary Action, Just Cause and Progressive Discipline

- A. **Just Cause:** No employee shall be disciplined except for just cause. The employee has the right to the opportunity to respond in advance of discipline being issued at a pre-disciplinary meeting. Specific grounds forming the basis for the disciplinary action that is planned will be made available to the employee and the Association in writing in advance of the pre-disciplinary meeting. The employee shall be informed of the outcome of the pre-disciplinary meeting and any action taken. To the extent possible, all disciplinary action(s) should be taken in a timely manner.

- B. **Intent of Discipline and Progressive Discipline:** Discipline shall be corrective rather than punitive and will, except for serious offenses where the District may skip one or more steps, follow the following line of progressive discipline:
 - 1. Verbal reprimand (documented and dated, signed by the supervisor, signed and dated as having been received by the employee, and placed only in the employee’s file maintained by the supervisor)
 - 2. Written reprimand (dated, signed by the supervisor, signed and dated as having been received by the employee, and placed in the employee’s personnel file maintained in Human Resources only)
 - 3. Suspension without pay
 - 4. Dismissal

- C. **Excluded:** Performance evaluation and being placed on a performance improvement plan are not disciplinary actions and are not covered under Section 4.5.

Section 4.6 Complaints and Unauthorized Recording of Staff

Section 4.6.1 Complaints:

Any complaint or other material directed to District administrators making derogatory reference against an employee by any parent, student or other person will be called to the attention of the employee as soon as reasonably possible.

If the identity of the person expressing a concern related to the performance or conduct of an employee is not made available to the employee together with a description of the concern, or if the procedures in District Regulations have not been followed, the concern from that person shall not be used in the evaluation of the employee.

Section 4.6.2 Video or Audio Taping: No device shall be installed in any workspace or brought in on a temporary basis that would allow a person to be able to listen to or record in that workspace without the express advance knowledge of the employee involved. Meetings with parents will not be recorded unless required by law or with the permission of each participant. These restrictions on recording do not restrict the District from using video equipment and reviewing video footage for safety and security purposes.

Section 4.7 Employee Files

In accordance with WAC 181-88 and RCW 28A.400.301, no information may be expunged from the employer's personnel, investigative or other files related to substantiated verbal or physical abuse or sexual misconduct by an employee. The law and this Agreement do not restrict the expungement from a personnel or supervisor's file of information about alleged verbal or physical abuse or sexual misconduct that has not been substantiated.

Employee files shall be managed as set forth below:

Section 4.7.1 Contents of Personnel File:

- A. For each employee, the District shall maintain a personnel folder that shall initially contain the following items:
 1. Application materials
 2. Letters of recommendation and commendation
 3. Evaluation reports required to be maintained in the personnel file
 4. Pertinent data covering salary level, licenses or credentials held and/or degrees earned.

- B. Employees may add materials to their personnel file. Materials other than those defined in Section 4.7.1.A 1 through 4, above, may not be placed in an employee's file until:
 1. The employee has been given the opportunity to read and sign the materials. The signature of the employee does not imply that the employee agrees with the contents of the document; and
 2. The employee has been given an opportunity to attach any materials of his or her choice to the material.

- C. Materials reviewed by an employee and judged by that employee to be untrue, misleading, or irrelevant to employment may be removed from that employee's file if one (1) or more of the following criteria is met:
 1. The Superintendent or designee agrees with the employee that the material should be removed.
 2. A grievance pertaining to the disputed material has been resolved. In the event the material is not removed, the employee shall be informed of the decision and of the employee's right to submit a written rebuttal. Such written response shall be attached to and maintained with the material retained.

- D. Health and medical information provided to the District will be maintained in separate, confidential medical files in Human Resources and/or the Business Office. The District does not request third parties or require employees to provide information about health or medical conditions of the employee or the employee's family unless such information is related to:
1. Administering leave by way of medical certification as required by law;
 2. Reasonable accommodations for the performance of essential job duties of the employee's position;
 3. An employee's fitness for duty.

Section 4.7.2 Access to Personnel File:

- A. Personnel files pertaining to current or former employees, to the extent any are kept in hard copy format, shall be kept in lockable files in the Human Resources Department. Access to these files shall be limited to the Superintendent and/or the Superintendent's designee or their respective confidential staff.
- B. File Review: The personnel file of an employee shall be open to the employee's review in the presence of the Executive Director of Human Resources, or the Executive Director's confidential staff. An appointment must be made in advance. Anyone at the employee's request may be present during review of the employee's personnel file.
- C. Access to the employee's file shall be restricted to:
1. The Superintendent, or designee, and their respective confidential staff.
 2. The employee's supervisor.
 3. The employee.
 4. The School Board in executive session pursuant to a personnel matter.
 5. Anyone with written authorization by the employee or anyone accompanied by the employee whose file is being examined.
- D. The District will follow all state and federal laws in response to public record requests and subpoenas for employee personnel files. Prior to the release of any information pursuant to a public record request received by the District in accordance with RCW 42.56.230 when the response to which would reasonably result in releasing personally identifiable information about an employee or employees, the District will notify the Association of the receipt of such request. The District will also make a reasonable effort to notify the potentially affected employee(s) in order to allow the employee(s) an opportunity to seek court intervention to prevent such release. The District has no obligation to seek court or legal prevention of the release of such information on behalf of any employee.
- E. An employee may request a copy of any materials included in her or his file. The District will provide a copy in a reasonable time.

Section 4.7.3 Supervisor's File, Documents and Materials:

- A. The Health Services Supervisor may maintain an information file, or "supervisor's file", pertaining to employees the supervisor supervises and evaluates.

- B. The contents of all individual files maintained and/or documents or materials retained by the employee's supervisor will be shown to the respective employee upon request.
- C. An employee may attach a written statement or other materials to any document retained by the supervisor and/or contained in the supervisor's file.
- D. Materials retained by the supervisor and/or in an employee's file that are unnecessary for record keeping will be removed and destroyed as determined by the supervisor according to state retention laws.

Section 4.7.4 Contents of Personnel and Supervisor's Files, Documents and Materials:

- A. Letters of Direction may be removed provided that no reprimand has subsequently been issued to the employee for conduct addressed in the directive(s) in the Letter of Direction.
- B. Verbal reprimands documented in writing and written reprimands will be removed at the employee's request from the file identified in Section 4.5.3.B, above after two (2) years provided no further reprimands have been issued during the two (2) year period and will be retained only if retention is required by law.
- C. Grievance files, if any, shall be maintained separately from the Personnel and Supervisor's file in a secure location in Human Resources.

Section 4.8 Safety Notification and Training

Section 4.8.1 School nurses will be provided information regarding students in their schools who have behavior intervention plans and emergency response plans as part of their IEPs. School staff or administration will share student safety plans on a need-to-know basis with the school nurse.

Section 4.8.2 The district will offer de-escalation training once a year and to any new nurse who begins working in the district after the training. New nurses will receive training in how to find IEP-at-a-glance and 504 plans in Skyward.

Students with a life-threatening condition as defined in RCW 28A.210.320 must have physician orders and a written health care plan, also referred to as a Life-Threatening Emergency Health Care Plan (EHP), before attending school. School nurses are responsible for regularly monitoring the health status of students on their caseloads, evaluating systems and students' EHPs, and for modifying the EHPs of the students on their assigned caseload. EHPs are exclusively 504 health plans and not IEPs and are marked as critical alert in the District's Skyward system. School nurses shall not be responsible for student 504 plans related solely to students' academic accommodations that do not involve life threatening conditions as defined in RCW 28A.210.320.

Overtime shall be paid at one and one-half (1-1/2) times the employee's regular hourly rate of pay for work in excess of 40 hours in a standard work week.

Section 6.4.2 Compensatory Time: Compensatory time is available to employees as time off earned at one and one-half (1 ½) hours for every extra hour worked beyond 40 hours during that work week. Taking compensatory time in lieu of overtime pay is solely at the option of the employee; the employer may not require an employee to take compensatory time. In general, compensatory time must be taken during the pay period in which it was earned. When the compensatory time is taken requires approval of the supervisor. The employee will request comp time through their supervisor, who will approve or deny the request in a timely manner. In the event that comp time cannot be taken in the pay period in which it was earned, the time will be paid as overtime. Time worked in August will be exempt from compensatory time.

ARTICLE 8 – LEAVES

Section 8.1 Absence for Illness, Injury and Emergency

At the beginning of each contract year, full-time employees will be credited with an advance leave allowance of twelve (12) days, or eight-four (84) hours, with full pay. Less than full-time employees will be allotted the proportionate number of days/hours.

These days/hours are to be used, consistent with the provisions set forth below, for absence caused by illness or injury or for an emergency. Leave for illness, injury and emergency may be taken in half (1/2) day increments. Unused days shall accumulate and be carried forward from year-to-year up to a maximum of one hundred eighty days (180) for purposes of the District's employee attendance program and consistent with RCW 28A.400.210, and up to a maximum of the number of contract work days, but not greater than one year, consistent with RCW 28A.400.300 for purposes of absence for illness, injury or emergency. Employees who have accrued illness, injury or emergency leave benefits while employed by another public school district in the State of Washington shall be given credit for such accrued benefits upon employment with the District.

1. **Leave for Illness and Injury (also referred to as "Sick Leave" or "IIE leave"):** These days are to be used for absence caused by illness or injury of the employee or member of the employee's household, to care for sick children under age 18, spouse, domestic partner, parent(s), parent(s)-in-law, grandparent(s), or adult children with disabilities who have a health condition that requires treatment, supervision, or preventive medical care. Situations not outlined above may be eligible for emergency leave use.

2. **Health Care Provider's Certification:**
 - a. When an employee's illness exceeds three (3) consecutive workdays, the District may inquire of the employee's or designee for the purpose of determining FMLA eligibility.
 - b. The District may request a statement from a health care provider certifying illness when an employee's absence exceeds five (5) workdays or the pattern of absences suggests improper use of sick leave.
 - c. Pursuant to WAC 296-128-660, if the District requires such verification from an employee and the employee believes obtaining verification would result in an unreasonable burden or expense, the employee may provide a verbal or written explanation to the Assistant Superintendent of Human Resources or designee. The District may require verification within no less than ten (10) calendar days following the first day an employee uses paid sick leave to care for themselves or a family member.

3. **Emergency Leave:** Emergencies will include, but not be limited to, the following:
 - a. Illness or injury in the family for situations not outlined above.

- b. Any situation arising from sudden and reasonably unforeseeable events beyond the control of the employee, including weather conditions and natural hazards, which requires the timely attention of the employee.

Section 8.2 Emergency Closure

When an individual school or worksite is closed for an emergency such as inclement weather, earthquake, facilities operations or other reason, employees will not report to the worksite. If an employee is unable to make up work hours at a later date as mutually arranged by the employee and supervisor, the employee may elect to use accrued emergency leave, other appropriate paid leave, or take leave without pay.

If, due to the emergency, an employee is required to work beyond their scheduled work hours, the employee shall be paid at their appropriate rate of pay (that is, the employee's regular rate of pay, or overtime pay or compensatory time, as applicable).

When schools and/or worksites are closed or work schedules are altered due to emergencies, employees shall be notified through the established District or building notification process. When an employee has not received notification of closure or delayed start more than one (1) hour prior to the employee's scheduled start time and the employee reports to work, the District shall pay the employee a minimum of two (2) hours. If the employee is authorized to work more than two (2) hours the employee shall be paid for actual time worked.

Section 8.3 – Personal Leave

Section 8.3.1: Two (2) days of paid personal leave, prorated for the employee's average daily hours, shall be granted to each employee.

Section 8.3.2: Requests will be submitted to the designated Human Resources Director, and that office will notify the employee if the request is approved or denied within Five (5) school days of receipt of the request. No employee request shall be denied after it has been approved.

Section 8.3.3: The District may limit the number of personal leave days granted if the requested day would extend winter break, mid-winter break, or spring break. The employee shall not be required to give reasons for the leave other than it is "personal"; however, priority will be given to significant obligations in the family as defined in Section 8.4 of this Agreement, including a wedding, graduation, reunion, or once in a lifetime opportunity.

Section 8.3.4: An employee may accumulate up to five (5) personal leave days. Unused days will be carried over from one school year to the next for a maximum of five (5). Unused days in excess of three (3) shall be cashed out upon request at the employee's hourly rate of pay if not used by June 15 of each year, payable by August 31.

Section 8.4 Bereavement Leave:

Bereavement Leave will be granted under the following conditions:

- a. Absence owing to death shall be granted with full pay for up to five (5) days for immediate family members and three (3) days for extended family members not to exceed twenty (20) days.
- b. Immediate family shall be defined as the employee's spouse or domestic partner, mother, mother substitute, mother-in-law, father, father substitute, father-in-law, daughter, daughter-in-law, son, son-in-law, grandchildren, brother, sister, grandparent, and any relative residing in the employee's household.
- c. "Extended family" shall be defined as grandparents, aunts, uncles, nieces and nephews.
- d. One (1) day of bereavement leave will be allowed for a close friend. This day may be taken from personal leave or emergency leave.
- e. Bereavement leave is not cumulative.

Section 8.5 Leave for Civic Responsibility:

A leave of absence for jury duty and other civic responsibilities will be granted under the following conditions:

- a. When the employee is not exempted from jury service, to serve as a witness at hearing or trial, or to exercise similar civic duties as may be required.
- b. During such leave, the employee shall be paid their regular pay, less compensation received for the employee's civic services if a substitute is compensated to provide coverage, to reimburse the District for the cost of a substitute, but excluding any transportation allowance or per diem expense.
- c. An employee who takes leave for civic responsibility shall provide the Human Resources Department with a copy of the subpoena or notice establishing the need for such leave.

Section 8.6 Family Medical Leave (FML)

1. The purpose of this section is to align with existing state laws for Family and Medical Leave. With the exception of the eight hundred twenty (820) hours threshold for FML eligibility referenced below, nothing in this section creates an entitlement outside of those outlined in law. Employees may qualify for up to twelve (12) work weeks in a twelve (12) month period of job-protected leave for certain family and medical reasons. Employees whose situation qualifies for FML will be required to substitute accrued illness, injury and emergency leave as part of FML. To be eligible for FML, an employee must be in their first year of employment with the District, or have worked for eight hundred twenty (820) hours over the previous contract year. Leave may be taken for any of the following reasons:
 - a. For a serious health condition, defined as an illness, injury, impairment of physical or mental condition that involves inpatient care, or continuing treatment by a health care provider, as defined by law;
 - b. To care for and/or bond with a newborn within the first twelve (12) months of the child's birth; or to care for or bond with an adopted child under the age of eighteen (18) at the time of placement with the staff member and within the first twelve (12) months of the child's placement; or to care for or bond with a newly-placed foster child under the age of eighteen (18) within the first twelve (12) months of the child's placement;

- To care for a spouse, domestic partner, parent, or child of the staff member, or other family member(s) as defined by FML, who has a serious health condition;
- c. If both parents of a newborn or newly-adopted child or newly placed foster child are employed by the school district, they shall be entitled to a combined total of twelve (12) work weeks of FML for bonding time.
 - d. Eligible employees are entitled to take up to twenty-six (26) work weeks in a twelve (12) month period in certain military and service member-related circumstances.
2. Intermittent Leave: Family leave to care for or bond with a newborn child or for a newly placed adopted or foster child may only be taken intermittently or on a reduced schedule with the District's approval and must conclude within twelve (12) months after the birth or placement. If the newly born or newly placed child has a serious health condition, the employee has the right to take FML to care for the child intermittently, if medically necessary, and such leave is not subject to the twelve (12) month limitation.

An employee needing intermittent leave or reduced schedule leave for foreseeable medical treatments must make a reasonable effort to schedule leave so as not to unduly disrupt District operations, subject to the approval of the employee's health care provider.

3. FML Requested in Advance: An employee must request FML in writing to the Executive Director of Human Resources thirty (30) days in advance when the need foreseeable. When the need for leave is foreseeable less than thirty (30) days in advance or is not foreseeable, employees must notify the Executive Director of Human Resources as soon as possible.
4. Pregnancy disability leave (sometimes referred to as, "maternity leave") consistent with Section 8.8 is in addition to FML and is not counted toward FML, if the employee is eligible for FML.

Section 8.7 Washington Paid Family Medical Leave (PFML) The purpose of this section is to align with existing state laws for Washington Paid Family Medical Leave. Nothing in this section creates an entitlement outside of those outlined in law. Employees may qualify for up to twelve (12) to eighteen (18) work weeks of job-protected family and medical leave under the Washington Paid Family and Medical Leave and Insurance Act (PFMLA) for certain family and medical reasons. Family members covered by PFML is broader than under FML. PFML may be used at any time in the twelve (12) calendar months after the qualifying event. Covered family members and situations under PFML are not identical to those of FML.

PFML is administered by the Washington State Employment Security Department (ESD), not the District. Qualifying events, eligibility for the PFML benefit, and the amount of that benefit, are determined through the ESD. Employees are responsible for filing claims with the ESD, the District is responsible for providing employment verification, and payments will come from ESD.

To be eligible for PFML an employee must have worked for eight hundred twenty (820) hours in Washington over:

- The first four (4) of the last five (5) calendar quarters; or
- The last four (4) calendar quarters immediately before the application for leave.

Where FML also applies, PFML shall be used concurrently with FML, and may be used concurrently or consecutively with the employee's other leave entitlements as elected by the employee. Any paid leave used concurrently with PFML will be considered a supplemental benefit under the terms of PFML.

SEBB will maintain health insurance benefits during periods of approved PFML leave. Unless prohibited by SEBB rules and regulations, the District shall continue to pay the statutory employer wage premium and the employee shall pay the statutory individual wage premium during the leave period.

Section 8.8 Pregnancy Disability Leave (“Maternity Leave”) The District will grant employees leave due to a temporary physical disability related to pregnancy, childbirth, pregnancy termination, miscarriage (“pregnancy-related disabilities”; see WAC 162-30-020). Employees may use accrued illness, injury, and emergency leave or other available leave during the period of pregnancy-related disability. Additionally, leave sharing shall be made available pursuant to this Agreement.

Requests for pregnancy disability leave must be submitted to the Human Resources Department and shall include a statement from the employee's attending health care provider. The employee's attending health care provider shall determine the duration of the period of pregnancy-related disability. The request for the health care provider to make such a determination may be made either by the employee or the District.

Upon return from leave, an employee will be assigned to a position comparable to that held at the time the employee's request for the leave of absence was approved.

Section 8.9 Unpaid Holidays or Days for Reason of Faith or Conscience

Up to two (2) unpaid holidays per calendar year for a reason of faith or conscience, or an organized activity conducted under the auspices of a religious denomination, church or religious organization will be granted under the following conditions:

- a. The employee has submitted an *EMPLOYEE LEAVE VERIFICATION: ABSENCE FROM DUTY* form a minimum of two (2) weeks prior to the requested day(s) off, or has provided justification why it was not possible to make the request within that timeframe;
- b. The employee provides a sufficient description of the reason for the time off so that the Superintendent or designee can determine whether it involves a reason of faith or conscience, or an organized activity conducted under the auspices of a religious denomination, church or religious organization. The time requested need not conform to a specific holiday or event.
- c. The employee provides the number of day(s) or half day(s) the employee is requesting off; and
- d. the employee's absence would impose an undue hardship on the District or the employee is necessary to maintain public safety.

A written response will be provided to the employee within five (5) business days, whenever feasible, approving or denying the request. If the request is denied, the response will state the reason(s) for the denial.

Undue Hardship: For purposes of this section, “undue hardship” is defined as an action requiring significant difficulty or expense to the District.

In determining whether the employee's absence would result in an undue hardship to the District, the Superintendent or designee shall make a case-by-case determination based on the specific objective facts and consider the following factors:

- a. The number, composition and structure of the staff employed by the District or in the requesting employee's program;
- b. The financial resources of the District or in the requesting employee's program;

- c. The number of employees requesting leave for each day subject to such a request;
- d. The financial impact on the District or requesting employee's program resulting from the employee's absence and whether that impact is greater than a *de minimus* cost to the District or the requesting employee's program;
- e. Impact on the District, the requesting employee's program or public safety;
- f. Type of operations of the District or the requesting employee's program;
- g. Geographic location of the employee or geographic separation of the particular program to the operations of the District;
- h. Nature of the requesting employee's work;
- i. Deprivation of another employee's job preference or other benefit guaranteed by a collective bargaining agreement;
- j. Any other impact on District operations or the requesting employee's program due to the employee's absence.

Denial of Leave: The request may be denied for any of the following reasons:

- a. The request was not based on a reason of faith or conscience, or an organized activity conducted under the auspices of a religious denomination, church or religious organization. The requested time off need not conform to a specific holiday or event.
- b. The employee has already exhausted their two (2) unpaid holidays per calendar year;
- c. Granting the request would impose an undue hardship, as defined above, on the District.

Unpaid holidays are not cumulative from year to year.

Juneteenth is a Washington state legal holiday on June 19 which an employee may designate as one (1) of the employee's unpaid days under this Section. All provisions of this Section shall apply to such request.

Approval of unpaid holiday(s) does not constitute approval for an employee to take compensated or other types of leave in conjunction with that time. An employee must seek separate approval for compensated and other types of leave consistent with this Agreement.

Section 8.10 Military Leave:

- a. A member of the Washington National Guard, the Army, Navy, Air Force, Coast Guard, or Marine Reserve of the United States shall be granted military leave of absence from their District staff assignment.
- b. Such a leave shall be for a period not exceeding twenty-one (21) calendar days during each year.
- c. The employee shall receive their normal District pay, and there shall be no loss of performance rating, privileges, or illness, injury, and emergency leave to which the employee might otherwise be entitled (RCW 38.40.060. See also Uniformed Services Employment and Reemployment Rights Act.)

Section 8.11 Attendance Incentive Program

Eligible employees may convert to cash a part of their excess illness, injury and emergency leave ("sick leave") on an annual basis, and upon eligible separation, including retirement, or death, under the District's attendance incentive program as allowed by law and as set forth below. Conversion of sick leave is subject to the terms and limitations of State law, as now existing or hereafter amended.

Section 8.11.1 Annual Sick Leave Cash Out: In January of the year following any year in which a minimum of sixty (60) days of sick leave is accrued, and each January thereafter, any eligible employee may exercise an option either:

1. To receive remuneration for unused sick leave accumulated in the previous year in an amount equal to one (1) day's monetary compensation of the employee for each four (4) full days of accrued sick leave in excess of 60 days for a maximum of twelve (12) days paid out per year; or
2. To add that year's sick leave to the employee's accumulated IIE leave.

All such leave for which the employee receives compensation will be deducted from accumulated sick leave at the rate of four (4) days for every one (1) day's monetary compensation. Forms for the purpose of requesting to cash out leave will be sent to all eligible employees on an annual basis and must be submitted by the employee on or before the deadline provided. Employees shall be compensated annually for accumulated sick leave days pursuant to RCW 28A.400.210, and in accordance with applicable state regulations.

Section 8.11.2 - Sick Leave Cash Out Upon Separation or Death: Eligible employees upon separation from District employment, including eligible employees who retire, may personally, or through their estate in the event of death, elect to convert all eligible, accumulated, unused sick leave up to a maximum of one hundred eighty (180) days to monetary compensation as allowed by law. Such leave is converted at the rate of twenty-five (25) percent of an employee's current daily compensation times the number of hours (up to 180 days) as set forth in RCW 28A.400.210 and Chapter 392-136 WAC.

Employees who retire or separate from service, and who are eligible in accordance with RCW 28A.400.210, shall be compensated for their respective accumulated sick leave in accordance with applicable state regulations.

An employee may accumulate sick leave up to the number of days in the employee's annual contract, but an eligible employee can use a maximum of one hundred eighty (180) days for buy back provisions upon separation or death. The provisions of this section will be administered in accordance with state law and applicable state rules and regulations.

Section 8.11.3 - Sick Leave Conversion – Voluntary Employee Benefits Association (“VEBA”): In lieu of monetary compensation, as provided for in WAC 392-136- 020, employees may elect to have the District make payment on behalf of eligible employees to an organization for postretirement medical benefits when each of the following conditions have been met:

1. The organization is authorized under law to engage in the receipt and management of moneys for postretirement medical benefits; and
2. The organization and the employee have furnished a signed statement holding the District harmless for any loss, liability, or damages that may occur arising from making the payment to the organization for postretirement medical benefits.

Section 8.12 - Childcare Leave

The District will grant employees a childcare leave, for a period not to exceed twelve (12) months, to care for the employee's newborn child, recently adopted child, or child for whom custody has been just

acquired. Requests for childcare leave shall be submitted to the Human Resources Department at least thirty (30) days in advance of the beginning date of the leave. This requirement may be waived at the sole discretion of the District. The leave request shall include the beginning and ending dates of the leave. Employees may use some or all of their accrued illness, injury, and emergency leave during the period of Child Care Leave. Additionally, leave sharing shall be made available.

Upon return from leave, an employee will be assigned to a position comparable to that which the employee held at the time of their request for the leave was approved.

Section 8.13 - Leave Sharing

The purpose of the leave sharing program is to permit District employees to donate excess leave for use by an eligible fellow district employee who is experiencing circumstances that may cause the employee to take leave without pay or terminate employment with the District.

A. A District employee is eligible to receive donated leave if:

1. As determined by a licensed health care service provider, the employee suffers from, or has a relative or household member suffering from, an illness, injury, impairment or physical or mental condition that is extraordinary or severe in nature; is a victim of domestic violence, sexual assault or stalking; is assisting in a state of emergency, consistent with Chapter 392-136A WAC; is sick or temporarily disabled because of pregnancy disability; is a spouse of a current member of the uniformed armed services or the employee him or herself is a member of the uniformed services and is attending appointments or treatments for a service-connected injury or disability and requires assistance while attending appointment or treatment; needs time for parental leave; or has been called to service in the uniformed services;
2. The condition(s) listed above has/have caused or is likely to cause the employee to go on leave without pay or terminate District employment;
3. The employee's absence and the use of shared leave are justified by documentation;
4. The employee has depleted, or will shortly deplete, his/her annual leave and sick leave reserves, except if parental leave or pregnancy causes the need for the shared leave, in which case the employee may retain forty (40) hours of leave and still seek shared leave;
5. The employee has abided by District rules and this Agreement regarding sick leave use; and
6. If the injury or illness is work-related, the employee has diligently pursued and been found to be ineligible to receive industrial insurance benefits.

The Superintendent or designee shall determine the amount of shared leave, if any, which an employee may receive. However, an employee shall not receive more leave than the number of contracted days remaining in the current school year. In the event that the condition requiring the employee's absence continues beyond the current school year, the employee shall not receive a total of more than 522 days of donated leave during total District employment.

B. District employees may donate leave as follows:

1. An employee who does not accrue annual leave but who has an accrued sick leave balance of more than twenty-two (22) days may request that the Superintendent or designee transfer a specified amount of sick leave to another employee authorized to receive such leave, or to the District's shared leave pool. An employee may not request a transfer that would result in an accrued sick leave balance of fewer than twenty-two (22) days. Sick leave as defined in RCW 28A.400.300 means leaves for illness, injury and emergencies;

2. The number of leave days transferred will not exceed the amount authorized by the donating employee; and
3. Any leave donated by an employee which remains unused will be returned to the donor. To the extent administratively feasible, leave transferred by more than one employee will be returned on pro-rata basis.

C. Leave shall be calculated on a day-donated and day-received basis.

Section 8.14 – Leave of Absence without Pay – Short Term

Short Term Leave without pay may be granted under the following circumstances:

- a. Personal Reasons: On a day-to-day basis, at the discretion of the Superintendent or designee, absences may be granted without pay for purely personal reasons for purposes not covered in the above provisions not to exceed 3 days annually.
- b. Extension of Illness, Injury, and Emergency Leave: The absence(s) shall be granted on this basis for an extended period during a school year if such absence is an extension of Illness, Injury, and Emergency leave or if it occurs in anticipation of Illness, Injury, and Emergency leave.
- c. Reinstatement: An employee returning to work from a short term leave without pay shall be reinstated to the position held prior to the start of the leave.

ARTICLE 9 - DISTRICT HEALTH SERVICES STAFFING, ASSIGNMENT, VACANCIES, AND HEALTH SERVICES DELIVERY PLAN

Section 9.1 Supervision and Staffing

Section 9.1.1 Supervision: Nurses are program staff in the District’s Health Services program and are supervised by, evaluated by, and report to the Health Services supervisor.

Section 9.1.2 Staffing: All schools shall receive a minimum of ten (10) hours of classified Registered Nurse or ESA (certificated) nursing services each week. Additional hours will be assigned from nurses in Health Services to a school based on need (including but not limited to number of students and complexity of student needs) by the supervisor.

Section 9.1.3 Reorganization: The District will provide no fewer than thirty (30) calendar days’ notice to the Association prior to implementation of a reorganization affecting bargaining unit members or positions.

Section 9.2 Resignation

An employee resigning from District employment shall submit a fifteen (15) calendar day written notice of resignation to the Human Resources office, absent other mutually agreed upon timeframe, stating the employee’s last date of work.

Section 9.3 Assignment, Reassignment:

Section 9.3.1 Definitions The terms below shall be defined as follows:

- a. A “reassignment” means a change from the employee’s current building or buildings to another building or buildings within the same job classification.

- b. "Job classifications" are (1) Licensed Practical Nurse; and Registered Nurse, provided that Registered Nurse shall be further subdivided into two (2) categories, Building-Nurse and Float Nurse
- c. "Vacant position" and "Opening" mean a new or unfilled position after the Health Services supervisor has made staffing assignments.

Section 9.3.2 Assignment Considerations: The District shall, in making assignments, consider the qualifications, interests and aspirations of employees, as well as the needs and best interests of the District. The way to achieve this is to facilitate input and communication at several steps in the assignment process between supervisor and employees.

The Health Services supervisor will work with District nurses in the Spring to determine staff assignments based on need, with the supervisor taking into consideration number of cases and the complexity of cases each employee would have, with the supervisor having final approval.

Section 9.3.3 Employee Request for Reassignment: Between February 1 and February 28 of each year, employees may request a change of assignment for the ensuing school year. The request must be made to the Health Services supervisor. Such requests shall be considered for one school year. No new employee shall be assigned until all current employees' assignment requests have been considered. An employee who is not granted the requested reassignment will, upon request, be given the reason(s) the request was denied.

Section 9.3.4 Assignment and District-Initiated Reassignment

- a. All reasonable efforts will be made to assign a nurse to no more than one (1) school. This does not preclude a nurse requesting and being assigned a second school.
- b. If an employee is reassigned through District-initiated reassignment, the District will arrange for moving assistance to the new school, upon request.
- c. Any nurse assigned to more than one (1) school through a request for reassignment or through a district-initiated reassignment, and any nurse assigned to one or more new schools through a district-initiated reassignment shall be provided up to ten (10) hours of additional paid time per school to become familiar with student health care plans, medications, student medical needs, HRS staffing and training, among other responsibilities at the new school. An employee who is reassigned will, upon request, be given the reason(s) for the district-initiated reassignment.
- d. If the supervisor determines that a reassignment must occur after the first student day, such as changing a nurse's assigned building and/or adding another school to a nurse's assignment, prior to making such a change, the supervisor will seek volunteers. If coverage cannot be coordinated in this manner, the supervisor will discuss the situation with the employee who will be the subject of the district-initiated reassignment and explain the reason(s) for the reassignment
- e. The Health Services supervisor will inform nurses of their assignments for the ensuing school year no later than June 15.
- f. Float Nurses: Sections 9.3.4a. through 9.3.4e do not apply to the Float Nurse position. Float Nurses will be assigned to provide support. To enhance the support Float Nurses can provide, they will be given access to Skyward, EHR and other District student data systems.
- g. In the interest of student health and safety and in acknowledgement of the complexity of student medical needs, a nurse may request training specific to the health needs,

including equipment, of one or more of the students for whom they are responsible. If feasible, training will be provided no later than the employee's first work day in the building or with the student in question. Primary responsibility for providing such training shall be with the Health Services supervisor or designee. In the interest of student health and safety and in acknowledgement of the complexity of student medical needs, nurses including float nurses, will not be placed in an assignment for which they do not have adequate training.

Section 9.4 - Vacancies

Section 9.4.1 – ISNA Vacancies: The supervisor will inform bargaining unit employees of all new or open ISNA Registered Nurse positions by email to their District email accounts. Employees will be provided no less than two (2) work days to indicate interest in the vacancy to the supervisor. A bargaining unit employee who indicates interest will be hired to the position if the employee has been rated Proficient or Distinguished in the prior school year's annual performance evaluation. If more than one (1) bargaining unit employee is interested in the same vacancy, the candidate with the greatest seniority as defined in Article 16 of this Agreement will be granted the position if the employees' experience and skills are similar. If a bargaining unit employee is hired for the vacancy every effort will be made to transfer them as soon as possible. If a bargaining unit employee is hired for the vacancy, the position left vacant in this process will be posted consistent with this Section. If a vacancy is not filled internally, it will be posted externally on the District website and other employment forums utilized by the District.

Section 9.4.2 – ESA Nurse Vacancies: A new or open Education Support Association (ESA) nurse position will be announced internally to ISNA bargaining unit employees by email to their District email accounts and will be open to internal candidates for at least two (2) calendar days. A bargaining unit member holding an Education Support Association (ESA) nurse certificate who applies for the ESA position will be hired to the position if the employee has been rated Proficient or Distinguished in the prior school year's annual performance evaluation. If more than one (1) bargaining unit member holding an ESA applies for the same ESA position, the candidate with the greatest seniority as defined in Article 16 of this Agreement will be granted the position if qualifications, experience, skills, and evaluations are substantially similar. If an internal ISNA candidate is hired for the ESA position, the ISNA bargaining unit position left vacant in this process will be posted consistent with this Section. If an ESA nurse vacancy is not filled internally, it will be posted externally on the District website and other employment forums utilized by the District.

Section 9.4.3 – Nurse Vacancies for BASC Program during the School Year:

Nurse vacancies for the District's Before and After School Care Program during the school year will be posted internally for five (5) work days and posted externally if a vacancy remains unfilled. Vacancies will be filled based on the qualifications, experience, skills and ability of the applicants for the position.

Section 9.4.4 – Nurse Vacancies for Summer Programs: Nurse vacancies for the District's summer school program and/or Before and After School Care Summer Program will be posted internally for five (5) work days and posted externally if a vacancy remains unfilled. Vacancies will be filled based on the qualifications, experience, skills and ability of the applicants for the position.

Section 9.5 Affirmative Action and Commitment to Equity:

9.5.1 Commitment: The parties share an interest in promoting hiring practices to attract a highly-skilled and diverse workforce, and promoting a workplace environment and culture that support retaining a highly-skilled and diverse workforce. In addition, the District is committed to an affirmative action plan to ensure equal employment opportunities for all employees without regard to sex, race, creed, religion, age, national origin, color, marital status, honorably discharged veteran or military status, sexual orientation including gender expression or identity, the presence of any sensory, mental or physical disability, or the use of a trained dog guide or service animal by a person with a disability in its programs and activities, or political preference. The employment and educational program are complementary parts of the primary goal of providing students with the best educational experience possible. A safe and healthy learning environment for students is a critical foundation for students' success.

9.5.2 Removal of Barriers: The District is committed to taking steps to ensure the removal of any and all barriers to equal employment opportunities within the District, including in its Regulations and procedures. Major efforts will be aimed at the procedures for recruitment, hiring, training, assignment, retention, and promotion to ensure that these are inclusive of all protected groups. This work will align with the District's affirmative action plan.

9.5.3 Goals: The affirmative action plan is designed to assist the attainment of the basic goal of the best educational experience possible for students, achieved through the employment and placement of qualified individuals representing a diverse workforce at all levels of District operation. The affirmative action plan is designed to promote outreach, recruitment, training and educational efforts intended to expand the pool of qualified applicants consistent with the District's standards of excellence. This expansion will include efforts to encourage and inform members of protected groups of employment opportunities.

Section 9.6 Health Room Coverage and Health Services Delivery Plan:

The supervisor will facilitate health room coverage and health services delivery for the District. The district will prioritize float nursing coverage when nurses are not at work. The building nurse will have a sub binder in the health room of their assigned school as a resource for other staff at the school.

Trained HRSs are key to the District health services model. Registered nurses have the authority to make independent professional decisions regarding delegation of nursing tasks. RNs train and delegate health care responsibilities to the HRSs and educational office personnel. Consistent with 246-840 WAC, nursing delegation is defined as transferring a nursing task to another individual who would not normally be allowed to perform the task.

ARTICLE 10 – PERFORMANCE EVALUATION

Section 10.1 Purpose:

The purpose of the evaluation is to provide the employee with feedback regarding work performance as related to the duties and responsibilities of the position. The evaluation also provides an opportunity to formally recognize outstanding achievement, areas for growth and areas where the employee must

improve in order to be successful in the position. The evaluator and the employee may also note specific goals and ways of achieving those goals.

Section 10.2 Process:

The Health Services Supervisor shall be responsible for the performance evaluation of employees and is referenced herein as the “evaluator.” When the employee is first hired or before September 30 of each year, the employee's immediate supervisor will meet with the employee to review job responsibilities within the job description. All employees will be evaluated at least once each school year.

The evaluation process is intended to be a collaborative and ongoing conversation between the employee and the evaluator.

The evaluator and employee shall both sign copies of the evaluation (Appendix B). Signature indicates the employee has read and discussed the evaluation; however it does not necessarily constitute agreement with the contents of the evaluation

Section 10.3 Performance Ratings:

Section 10.4 Unsatisfactory Performance:

If an employee’s observed performance is deemed unsatisfactory at any time, the evaluator shall arrange a conference with the employee to discuss the performance concerns and address the areas of performance where the employee needs to improve. Upon request, the employee shall be entitled to have an Association representative at the conference.

The evaluator shall provide the employee a written Performance Improvement Plan with the areas of unsatisfactory performance identified, the performance targets consistent with the employee’s job

description and criteria in the performance rubric that the employee must meet, a stated timeframe sufficient to allow the employee to address the area(s) of unsatisfactory performance and supports that will be provided by the District. The evaluator will meet periodically with the employee, but at least twice a month, and provide the employee with written and oral feedback on the employee's performance during the improvement plan.

At the conclusion of the Performance Improvement Plan, if the employee does not successfully meet the expectations established in the Plan, the employee may be subject to termination. The employee may not be terminated unless the employee has been provided a Plan, the meetings and feedback as described in this Section. At the conclusion of the Performance Improvement Plan, the evaluator will communicate, in writing, the outcome of the Plan and any subsequent action the evaluator may deem appropriate.

If applicable state rules or laws allow changes to be made at the local level in insurance plan or program offerings for employees either party can reopen this Agreement for negotiation over possible changes, to the extent permitted by law.

Section 14.1.4 Eligibility:

- A. All eligibility requirements are determined by the SEBB. In the event that eligibility requirements change, the parties will follow the updated guidance. All employees shall be eligible for insurance coverage under the SEBB program if they work, or are anticipated to work, 630 hours or more in a school year. "School year" is defined as September 1 through August 31.
- B. An employee is presumed eligible at the start of the school year if they:
- Worked at least six hundred thirty (630) hours in each of previous two (2) school years; and
 - Are returning to the same type of position or combination of positions for the District.

To rebut this presumption, the District must notify the employee, in writing, of the specific reasons why the employee is not anticipated to work at least six hundred thirty (630) hours in the current school year and how to appeal the eligibility determination.

- C. Employees who are hired in a school year after September 1 but are anticipated to work 630 hours or more in the school year shall be offered benefits coverage consistent with SEBB rules and/or WAC provisions regarding "mid-year hires".
- D. All hours worked by an individual as an employee of the Issaquah School District shall be included in the calculation of hours for determining eligibility. An employee may not establish eligibility by "stacking" hours from multiple school districts or other SEBB employer.

- F. If the District determines an employee is not eligible or is no longer eligible for the employer contribution for SEBB benefits, the District will notify the employee in writing of the specific reasons, how to appeal the District's eligibility determination, and the timeframe for the appeal. Notification will be provided to the employee provided by means other than to an employee's District email account if an employee is a substitute or is on leave of absence.

Section 14.1.5 Benefit Enrollment/Start: Benefit coverage for new employees will begin the first day of the month following the first day of work when it is anticipated that the employee will work 630 hours or more in a school year, except during the month of September when the employee's benefit coverage will begin in September if the employee meets the eligibility criteria.

Section 14.1.6 Continuity of Coverage: When a new employee was previously employed by a SEBB employer and was eligible for SEBB coverage, that employee will have uninterrupted benefit coverage if the employee is anticipated to work 630 hours or more in the school year. If an employee was not anticipated to work 630 hours in a school year but meets the eligibility criteria during the school year, the employee shall be offered benefits coverage beginning in the month following this establishment of eligibility.

Section 14.1.7 Dependent Coverage: Employees have the opportunity to have their dependents covered by the SEBB. Dependents are defined by the SEBB as: legal spouses, state-registered domestic partners, children up to age 26 (biological and adopted children, children of the employee's spouse or state-registered domestic partner, children for which a court order of divorce decree created a legal obligation to provide support or health care coverage) and children of any age with a developmental or physical handicap who are not capable of self-support.

Section 14.1.8 Declining Coverage: With proof of insurance, an employee may decline coverage through the SEBB and therefore not have any payments or premiums deducted from their pay for this purpose.

Section 14.1.9 Benefit Termination/End: Any employee terminating employment shall be entitled to continue receiving the District insurance contribution through the last day of the month in which the employee's resignation is effective. In cases where separation occurs after completion of the student school year, benefit coverage will continue through August 31. Any exception shall be determined on a case-by-case basis, for example, in cases where the employee retires or resigns at the end of the school year.

An employee who is no longer eligible for the employer contribution toward SEBB benefits due to an event as stated in WAC 182-31-100, or after having exhausted leave available to them under FMLA or Washington State's Paid FML, may self-pay the premium and applicable premium surcharge set by the Health Care Authority. In such cases, if the employee's monthly premium remains unpaid for sixty (60) days from the original due date, the employee's SEBB coverage will be terminated consistent with WAC 182-31-100.

Section 14.1.10 Legislative Changes: If the Washington State Legislature changes provisions of the SEBB to allow for changes in employer contributions towards elective benefits or makes changes to the insurance coverage provisions, either party can reopen this Agreement for negotiation over the changes to the extent permitted by law.

Section 14.1.11 Interpretation and Appeals: The provisions in this Section 14.1 represent the parties' shared understanding of current SEBB rules regarding eligibility and coverage. All of these provisions shall be read consistent with SEBB rules, regulations and policies, some of which may change over time.

Any SEBB decisions made by the District that an employee seeks to challenge shall be appealed by submitting a written request for administrative review in accordance with applicable WAC rather than the grievance procedure in Article 18 of this Agreement.

Superintendent directly, or designee provided such designee is not a supervisor or building administrator, and the processing of such grievance may be commenced at Step 2.

18.3.2 Time Limits: The adjustment of grievances shall be accomplished as rapidly as is possible. To that end, the number of days within each prescribed step to be accomplished shall be considered as maximum, and every effort shall be made by the grievant and the District to expedite the process. Under unusual circumstances, the time limits prescribed in this procedure may be extended by mutual written consent of the Association on behalf of the grievant and the District grievance step official who is considering the grievance.

If after failing to achieve satisfaction at any step and the grievance is not appealed according to the timelines set forth in this Article, or by a mutually extended time limit, the grievance shall automatically be waived.

If the stipulated time limits are not met by the District, the grievant and the Association shall have the right to submit the grievance to the next level of the grievance procedure.

Section 18.4 Grievance Procedure

Step One (Informal Step): The parties agree that it is desirable for problems to be resolved between an employee and the immediately involved supervisor or administrator. An employee with a possible grievance shall discuss it first with the supervisor or administrator. If desired, the employee may be accompanied by a representative of the Association. Every effort shall be made to resolve the matter at this level in a free and informal manner.

Step Two

a. If the possible grievance is not resolved informally, the Association may submit a grievance to the immediately involved supervisor or administrator no later than forty-five (45) days after the occurrence, or no later than forty-five (45) after the Association has reasonable knowledge of the occurrence of the alleged violation, misinterpretation, or misapplication of provisions of the Agreement.

b. The Association will present the grievance in writing to the immediately involved supervisor or administrator, who will arrange for a meeting to take place within fourteen (14) days of receipt of the written grievance. The grievant and/or the Association representative and the supervisor or administrator shall be present for the meeting. The supervisor or administrator shall provide the grievant and the Association representative with a written answer to the grievance within seven (7) days after the grievance meeting. Such answer shall include an explanation for any decision that may have been made.

Step 3:

a. If a satisfactory solution is not reached at Step 2, or if no decision is reached within seven (7) days after meeting with the supervisor or administrator, then the Association may refer the grievance to the Superintendent or designee.

b. The Superintendent or designee shall arrange for a meeting with the grievant and the Association representative within fourteen (14) days after receiving notification of appeal.

c. The Superintendent or designee will have fourteen (14) days after the meeting to provide a written decision, including the reasons for the decision, to the grievant, with a copy to the Association representative.

Step 4:

a. If a satisfactory solution is not reached on the basis of the procedures above, the Association may submit the issue to final and binding arbitration by providing written notice to the Superintendent within fourteen (14) days following the Association's receipt of the District's final decision at Step 3.

b. Within fourteen (14) after such written notice of submission to arbitration, the Superintendent or designee and the Association shall attempt to agree on an arbitrator. If the parties are unable to agree on an arbitrator, the Association shall file for arbitration with either the American Arbitration Association (AAA) or the Federal Mediation and Conciliation Service (FMCS) under their respective labor arbitration rules. Upon receipt of a list of arbitrators from either AAA or FMCS, the parties will use the "strike" method of selecting an arbitrator.

c. Neither party shall be permitted to assert in the arbitration proceedings any evidence not previously disclosed to the other parties.

d. The arbitrator will, to the extent reasonably possible, render the decision in writing no later than thirty (30) working days after the conclusion of the hearings, or, if oral hearings are waived, then thirty (30) working days from the date statements and proofs were submitted to the arbitrator.

e. The arbitrator's decision and award shall be final and binding on all parties and shall be within the scope of the arbitrator's authority as described below:

i. The arbitrator shall not have the power to add to, subtract from or otherwise change or modify any of the terms of this Agreement.

ii. The arbitrator's power shall be limited to deciding whether there has been a violation, misinterpretation, or misapplication of any of the terms of this Agreement.

iii. In case of any action the arbitrator finds improper or excessive, such action may be set aside, reduced, or otherwise changed by the arbitrator.

iv. The arbitrator may award back pay to compensate the grievant, wholly or partially, for any salary lost.

f. The total fees and expenses of the arbitrator shall be shared equally by the District and the Association. All other costs will be borne by the party incurring them. The total fees and expenses of the stenographic record (if requested) will be paid by the party requesting it. If the other party also requests a copy, that party will pay one-half of the stenographic fees and expenses.

18.5 Other Grievance Conditions

18.5.1 Freedom from Discrimination and Retaliation: The District shall not discriminate against an employee or the Association for exercising their rights under this Article or any other provision of this Agreement. With full assurance that no reprisal will come

from their involvement in the grievance, all individuals who might contribute to the acceptable adjustment of a grievance are urged to provide any relevant information they may have to the grievant and the District administration.

18.2 Exclusions: If the dispute involves evaluation, only alleged procedural or factual errors are appropriate for arbitration.

18.3 Cooperation in Investigation and Grievance Processing: The Board and the Administration will cooperate with the Association in its investigation of any grievance and will furnish the Association with such information as is requested for the processing of any grievance. Should the investigation or processing of any grievance require that an employee or an Association representative be released from regular assignment, the person or persons shall be released without loss of pay or benefits.

18.4 Grievance Records: No documents, communications, or records dealing with the processing of a grievance shall be included in an employee personnel file.

MEMORANDUM OF UNDERSTANDINGS

MEMORANDUM OF UNDERSTANDING
between the
ISSAQUAH SCHOOL NURSES ASSOCIATION
and the
ISSAQUAH SCHOOL DISTRICT
regarding
PAYMENT OF NURSES / 504 - LIFE THREATENING EMERGENCY HEALTH CARE PLAN(S) (EHCP)

The following *Memorandum of Understanding* is made and entered into between the Issaquah School District and the Issaquah School Nurses Association regarding the registered nurses role regarding Life Threatening Emergency Health Care Plans (EHCPs).

WHEREAS RCW 28A.210 requires that students with life-threatening conditions must have physician orders and a written health care plan, or a written EHCP in the District, before attending school; and

WHEREAS RCW 28A.210.320 defines "life threatening condition" as a "health condition that puts a student in danger of death during the school day if a medication or treatment order and a nursing care plan are not in place," by definition, a student with a "life threatening health condition" has a physical or mental impairment that substantially limits a major life activity, and qualifies as a disabled student under Section 504 for purposes of Free Appropriate Public Education (FAPE); and

WHEREAS ISNA nurses regularly monitor the health status of students on their assigned caseloads, evaluate systems and plans, and modify plans as necessary; and

WHEREAS, in addition to the above, prior to, while drafting, and in preparation to administering an EHCP, the ISNA nurse:

- (1) routinely contacts family to review health history, assess acuity of health condition, and to learn family concerns and or preferences regarding the student's health and best methods to assist at school
- (2) meets with the student to assess self-management and the student's health goals
- (3) initiates the medical authorization process for administration of emergency medication and/or treatment at school, assesses student health and functioning to determine if medication and order is appropriate for the student
- (4) reviews emergency medication orders to determine issues that are in the best interest for the student when receiving medication at school
- (5) ensures that information on the medical authorization, the medication label, and the medication administration record at school are identical
- (6) creates a system of storage for emergency medication so that there is immediate access to medication in case of emergency
- (7) develops and completes a EHCP that describes explicit step-by-step actions to take, signs of problems that might occur with the procedure, and what actions to take if to the extent that foreseeable problems occur; and
- (8) delegates, as appropriate, the administration of emergency medication to unlicensed, trained school staff for the identified student; and

WHEREAS the nurse is not responsible for student 504 plans related solely to students' academic accommodations that do not involve EHCPs;

THEREFORE, the Parties agree that ISNA nurses will be paid \$40.00 per student annually for students who have EHCPs as defined by RCW 28A.310.220, are exclusively 504s and not IEP students, and are marked as a critical alert in Skyward. ISNA

nurses shall submit a request for compensation no later than June 30 for payment in the July pay warrant for all other EHCPs completed.

This MOU will sunset June 30, 2024. The parties shall meet no later than September 2024 to bargain this matter again with data and insights collected through SY 2022-23 and SY 2023-24. The parties shall discuss the data to be gathered and reviewed for negotiations. Said data shall be provided prior to August 15, 2024.

Agreed to this 14 day of June, 2023.
