## **STOPit FAQ**

### **1. Is STOPit really anonymous?**

STOPit is truly anonymous. Brownsburg Community School Corporation (BCSC) does not know the identity of the person submitting the report or message. At the student's discretion, they may choose to voluntarily provide identifying information in the content of report or message.

### **2. How does the STOPit mobile app work?**

The STOPit app can be downloaded onto any mobile device through the Apple App Store or Google Play. Once the app is downloaded, students have access to anonymously submit a report and include details through text, screenshots and videos. Reports are instantly received by assigned school administrators, SROs and the Coordinator of Communications who will then take appropriate actions. One benefit of the STOPit app is that it allows for two-way communication. School administrators and SROs have the ability to confirm to the student that the report has been received and ask any necessary follow-up questions.

Students can also access the Get Help icon, which gives them access to local resources such as law enforcement, mental health centers, crisis hotlines and additional resources.

The STOPit mobile app is available to students 24 hours a day, 7 days a week.

### **3. What information does a student need to provide to use STOPit?**

Once the STOPit app has been downloaded, students will be required to enter their unique school code. It is important to enter the correct code that corresponds their school to ensure any anonymous report that is made is delivered to the appropriate school personnel.

### **4. Who receives the reports that a student submit via STOPit?**

Reports are received by assigned school administrators, school resource officers and the Coordinator of Communications

### **5. Can STOPit be used by children under the age of 13?**

The STOPit app may be used by children under the age of 13. If you have questions regarding usage of the app, you may reach out to Vicki Murphy, Coordinator of Communication at [vmurphy@brownsburg.k12.in.us](mailto:vmurphy@brownsburg.k12.in.us).

### **6. What if my child does not have a mobile device?**

Anonymous reports can be made via desktop computer by visiting <https://appweb.stopitsolutions.com/login>. Simply enter the school access code (BCSCstop) and the appropriate school officials will be notified.

### **7. Can a parent or teacher use the app to report incidents?**

Parents and teachers can use the STOPit app to make a report by either downloading the app or typing <https://appweb.stopitsolutions.com/login> on a desktop computer.

### **8. Are there other features available via STOPit?**

The STOPit app allows students to access these features:

- Report can be used by students to report incidents to school administrators, SROs and the Coordinator of Communications anonymously. Students can report as much detail as they would like and can even include photos, screenshots and videos. The report is received in real-time, allowing school personnel to quickly respond and begin taking the appropriate action.
- Get Help can be used to access local resources such as law enforcement, mental health centers, crisis hotlines and additional resources.

**9. I have additional questions about STOPit. Who can I contact?**

For questions regarding the STOPit app, please contact Vicki Murphy, Coordinator of Communications at [vmurphy@brownsburg.k12.in.us](mailto:vmurphy@brownsburg.k12.in.us). You can also visit the website [www.stopitsolutions.com](http://www.stopitsolutions.com)
