

## Splendor Independent School District

---

Transportation Department  
26271 FM 2090, Splendor, Texas 77372  
281-689-4322

To: Parents/Guardians of Splendor ISD Children  
From: Transportation Department  
Subject: Afternoon Bus Stop

One of our primary goals of the Transportation Department is child safety; therefore, students should not be going anywhere other than their regular bus stop. Any child not going home on their regular bus will need to have a yellow transfer slip issued by the campus office. The yellow slip will be verified by the office personnel as being an emergency before it will be approved. If the information is approved, the yellow slip must show the physical address of where the student is to be dropped off with the date.

School transportation is provided to transport students from school to home. Any other arrangements are the responsibility of the parents and not the school: this includes transportation to parties, practices, or meetings. Transfer slips should only be issued for an emergency. Thank you for your cooperation in helping us to keep our children safe. If you have any questions or concerns contact me or my secretary at (281) 689-4322.

Thank you,

Darcas Moody  
Transportation Director
