

2nd Grade Water Safety Program
Forney ISD
FISD Aquatic Training Center
431 Inspiration Way Forney, TX 75126
469-762-4100

Mission statement: To develop swimming skills, to save lives by teaching participants about water safety, giving our students the tools to make good decisions in and around water while building champions in life.

In a nurturing environment, while challenging each student, swim coaches will test each student and group levels will be created. Each day there will be safety lessons. These safety lessons are based on the Red Cross Safety Program "Longfellow Whale Tales" and the main theme we want our students to come away with is "Do Your Part, Be Water Smart."

This program length is 1 hour for 4 days. Students will be accompanied by their class room teacher and transported by school bus to the FISD Aquatic Training Center. The center is located across from Jackson MS/Rhodes Intermediate on Inspiration Way.

Students are to furnish: 1 towel (additional towels will be available, as needed), swim apparel, hair ties or swim cap, comb or brush, & goggles in a bag. Labeling these items is suggested. Wearing tight fitted clothes these days is not recommended.

It is necessary that a parent or guardian approve the students participation by completing the permission slip below and returning it to the Homeroom Teacher. **Please feel free to join us the last day of instruction in the designated bleachers. Only teachers and students are allowed in the non-public restroom and pool deck.**

Date and time of Program: _____
