Article 3 – Nondiscrimination

The Association and the District agree that they shall not discriminate against any employee covered by this Agreement because of age, race, religion, gender, disability, national origin, marital status, sexual orientation, economic status or location of residence.

Article 4 – Grievance Procedure

A. Definitions:

1. A "grievance" is a claim by an employee, a group of employees, or the Association based on the interpretation, meaning or application of any of the provisions of this Agreement or Board policy. Board policy grievances may only be grieved to the Board level and are not subject to arbitration.
2. A "grievant" is the person, persons, or the Association making the claim.
3. A "party in interest" is the person or persons making the claim and any person who might be required to take action or against whom action might be taken in order to resolve the claim.
4. An "immediate supervisor" is the one who has direct responsibility over the matter grieved.

B. Purpose:

1. The purpose of this procedure is to secure at the lowest possible administrative level equitable solutions to grievances, which may from time to time arise. Both parties agree that these proceedings shall be kept as informal and confidential as may be appropriate at any level of the procedure.
2. Nothing contained herein shall be construed as limiting the right of any employee having a grievance to discuss that matter Informally with any appropriate member of the administration, and having the grievance adjusted without the intervention of the employee organization, provided the adjustment is consistent with the terms of the Agreement and the employee's organization has been given the opportunity to be present at such adjustments.

C. Procedure:

Since it is important that grievances be processed as rapidly as possible, the number of days indicated at each level should be considered a maximum, and every effort should be made to expedite the process. The time limits specified may, however, be extended by mutual agreement.

In the event a grievance is filed on or after June 1, which, if left unresolved until the beginning of the following school year, could result in irreparable harm to a party in interest, the time limit set forth herein shall be reduced so that the grievance procedure may be exhausted prior to the end of the school term or as soon as practicable.

All references to deadlines in Section C shall refer to calendar days. However, those calendar days during winter and spring breaks shall not be included in the count of number of days.

1. Level One:

An employee with a grievance shall first discuss it with his/her principal or immediate supervisor, either directly or through a representative, with the object of resolving the matter informally. If the matter is not resolved informally, said grievance will be reduced to writing and delivered to the principal or immediate supervisor within twenty (20) calendar days of the occurrence of the grievance or his/her first knowledge thereof.

2. Level Two:

If, within ten (10) calendar days, the grievant is not satisfied with the disposition of his/her grievance at Level One, or if no decision has been rendered within ten (10) calendar days after presentation of the grievance, he/she may file the grievance in writing with the Superintendent.

The written grievance statement at Level Two shall contain an explanation of the grievance, the specific provisions of the contract that have been violated, and the requested remedy.

Within ten (10) calendar days after the receipt of the written grievance by the Superintendent, the Superintendent or his/her designee shall meet with the grievant in an effort to resolve it.

3. **Level Three:**

If the Superintendent's decision is not satisfactory, or if no decision has been rendered within ten (10) calendar days after the meeting and if the grievance involves the interpretation, meaning, and application of this Agreement, the grievance may be referred by the Association to binding arbitration.

When a timely request has been made for arbitration, the parties to this Agreement or their designated representatives shall attempt to select an impartial arbitrator. Failing to do so, they shall within ten (10) calendar days of the request for arbitration, request a list from the Employment Relations Board. As soon as the list has been received, the parties or their designated representatives shall determine, in a manner prescribed by the issuing agency, an arbitrator. The arbitrator shall schedule a hearing and, after hearing such evidence as the parties desire to submit to support or deny the grievance statement, shall render a decision and opinion with the goal of thirty (30) calendar days following the close of the hearing. The arbitrator shall be without power or authority to make any decision or to impose any obligation on the Association or the District which is in violation of the terms of this Agreement. A decision of the arbitrator shall, within the scope of his/her authority, be binding on both parties.

The costs for the services of the arbitrator, including per diem expenses, if any and his/her travel and subsistence expenses will be borne equally by the Board and the Association. All other costs will be borne by the party incurring them.

D. Rights of Employees to Representation:

1. No reprisals of any kind shall be taken by either party or by any member of the administration against either party in interest, any representative, or any other participant in the grievance procedure by reason of such participation.
2. Any party in interest may be represented at level One and Two of the grievance procedure by a person of his/her own choosing. When an employee is not represented by the Association, the Association shall have the right to be present and to state its views at all stages of the grievance procedure.

E. Miscellaneous:

- a. If, in the judgment of the Association, a grievance affects a group or class of employees, the Association may submit such grievance in writing to the Superintendent directly and the processing of such grievance shall commence at Level Two.

- b. Decisions rendered at levels one, two and three of the grievance procedure shall be in writing, setting forth the decision and the reasons therefore and shall be transmitted promptly to all parties in interest and to the representatives.
- c. All documents, communications and records dealing with the processing of grievances shall be filed separately from the personnel files of the participants.
- d. The sole remedy available to any employee for any alleged breach of this Agreement or any alleged violation of his/her rights hereunder shall be pursuant to the grievance; provided, however, that nothing contained herein shall deprive any teacher of any legal right which he/she presently has. If the grievant chooses to pursue his/her claim through the court system, the Employment Relations Board or other outside agency, the grievance procedure cannot be used and any decision rendered under the grievance procedure will become null and void.
- e. Pursuant to ORS 342.895 (5), a moratorium shall be placed on grievance timelines while an employee is on a program of assistance for grievances related to evaluation procedures or the program of assistance.
 - a. When an event occurs (as prescribed by statute) that causes the moratorium to be lifted, the District will notify the employee and the Association.
 - b. The employee/Association will initiate a grievance at Level One within the time limits defined in Section C.1 of this article. For the purpose of such a grievance, the "incident" giving rise to the grievance shall be defined as the employees' receipt of the notice ending the program of assistance.
- f. Failure by the grievant to appeal a grievance to the next level within the specified time limits shall be deemed to be acceptance of the decision rendered at that level. Failure by the District to respond to a grievance within the stated timelines at any level shall be deemed a denial of the grievance and permits the grievant to appeal to the next step.
- g. In the course of investigating any grievance, representatives of either party in interest who need to contact an employee or student in school will contact the building supervisor of the building being visited and will state the purpose of the visit immediately upon arrival. This contact shall occur during student non-contact time.

- h. All parties shall avoid unnecessary interruption of classroom and/or any other school- sponsored activities.
- i. All parties shall avoid the unnecessary involvement of students in the grievance procedure.

Article 5 – Complaint Procedure

A. Determination of Merit:

If a complaint against a licensed employee is received by a supervisor, the supervisor will notify the teacher within five (5) working days after receipt of the complaint. The supervisor will encourage the complainant and the licensed employee to discuss the complaint in an effort to mutually resolve the issue informally. If the complaint is not resolved then the supervisor will attempt to resolve the complaint by conducting an informal investigation which may include a discussion of the allegations contained in the complaint with the teacher and other involved parties. A conference with the teacher shall occur if:

1. The supervisor intends to refer the complaint in a subsequent evaluation;
2. The supervisor intends to place a record of such complaint in the teacher's personnel file;
3. In the supervisor's judgment, such complaint is sufficiently relevant to the teacher's performance as to indicate the desirability of a conference.

B. Conference:

If a conference is to occur, it shall be held with the licensed employee within ten (10) working days after the complaint is made to the supervisor. At the conference, the teacher will be presented with the complaint in writing signed by the administrator and complainant. The complainant or the administrator shall present to the teacher all available information, including person(s) making the complaint, nature of the complaint, and the requested remedy, if any. The licensed employee shall have the right to have a representative present at such conference. The teacher shall not engage in any reprisal activities against the complainant(s) or children.

C. Limitation:

Any complaint which is not the subject of a conference shall not be considered in the licensed employee's evaluation and shall not be used against the licensed employee in any subsequent action by the District.

Article 6 – Layoff/ Recall

A. Layoff:

1. Application:

- a. This article shall apply when any bargaining unit employee's position is eliminated or when there is a reduction in FTE of a full-time employee or when there is a reduction in FTE of a part-time employee to less than .5 FTE for reasons not personal to the licensed employee, due to uncertainty of funding, as a result of administrative decision, reorganization or reduction/elimination of courses/programs.
- b. This article is not intended to interfere with the right of the District to discharge, remove, non-renew or non-extend the contract of a licensed employee pursuant to ORS 342.805 through 342.937.

2. Notice:

- a. When considering a reduction in force, the District shall notify the affected licensed employees and the Association within ~~five~~ (5) working days following the decision by the Board of Education. If the layoff is to occur in the same year as the Board's decision, the District will give the Association and the affected licensed employees at least 30-calendar days notice.
- b. Pursuant to ORS 342.934, the District shall make every reasonable effort to transfer licensed employees of courses scheduled for discontinuation to other positions for which they are licensed and qualified at the time of the discontinuation, or combine positions in a manner which allows licensed employees to remain qualified so long as the combined positions meet the curriculum needs of the District.
- c. Following identification of licensed employees affected by a layoff, other licensed employees may apply for a voluntary Leave of Absence without salary but with continued insurance coverage pursuant to Article 18 if the District determines the following conditions are met:
 - i. The licensed employees remaining at the site can provide the curriculum planned for the next year;
 - ii. The Leave of Absence will result in a "net savings" as calculated below:

Calculation of “Net Savings” for Layoff Substitution Situations

Total anticipated payroll costs for the licensed employee requesting Layoff Leave of Absence for the entire period of the Layoff Leave of Absence, assuming the licensed employee was not requesting the Layoff Leave of Absence	\$ _____
Total anticipated payroll costs for the licensed employee requesting Layoff Leave of Absence for the entire period of the Layoff Leave of Absence, assuming the Layoff Leave of Absence is approved	(minus) - \$ _____
Layoff Leave of Absence licensed employee’s total adjusted net payroll cost	= \$ _____
Total anticipated payroll costs for the Layoff-Deferred licensed employee for the entire period of the Layoff Leave of Absence, assuming the Layoff Leave of Absence is approved	(minus) - \$ _____
Net savings (cost) of approving the Layoff Leave of Absence	= \$ _____

3. Layoff and Recall:

In determining licensed employees to be retained when a school district reduces its staff under this section, the-District shall first consider what programs or grade levels are to be reduced and then will:

- a. Determine whether licensed employees to be retained hold proper licenses at the time of layoff to fill remaining positions.
- b. Determine seniority of licensed employees to be retained, calculated from the first day of actual licensed service with the District inclusive of approved leaves of absence. Ties will be broken by the drawing of lots;
- c. Determine competence and merit of licensed employees, as detailed below. The only time that this approach would be taken is when a licensed employee on a program of assistance is being considered for layoff and is more senior than the licensed employee being proposed for retention. (If there are no licensed employees on a program of assistance being considered for layoff, a, b, and d will determine layoff order.)

- d. Determine compliance with HB 2001 (2021). Prior to finalizing who will be retained and who may be laid off, the District will ensure compliance with HB 2001. If the District is required by law to retain a less senior licensed employee because of their "cultural or linguistic expertise," the more senior licensed employee will be subject to layoff.

If the District should desire to retain a licensed employee with less seniority than a licensed employee being released, the District shall determine the competence and merit in the following manner.

4. Competence:

Three points will be given for every year taught in the same grade level as the position for which the District is seeking to retain a licensed employee. Three points will also be given for every year taught in the subject matter as the position for which the District is seeking to retain a licensed employee. These points, along with other factors, will be used to determine which licensed employee has more competence.

5. Merit:

Merit will be determined by a review of the previous four years of service in the District as measured by licensed employee evaluation and the absence or presence of a program of assistance. Allocate six points for each year (up to four years) of successful evaluations (not placed on a program of assistance) in the last four years. (This is the equivalent to each standard having been met on the standards evaluation.)

Total all points to determine competence and merit between the two people being considered for layoff that is not based on seniority.

6. Layoff Benefits:

Licensed employees covered by this article will have the option to continue insurance programs at the group rate, at their own expense, payable monthly in advance, subject to the approval of the insurance carrier.

B. Recall:

1. Recall Rights of Licensed Employees That Have Been Affected by a Reduction in Force:

- a. For a period of thirty-six (36) months from the date of layoff, any employee affected by this article shall have the right of recall to any position created or vacated of like FTE for which they are qualified as defined in ORS 342.934 (8).
- b. A contract licensed employee shall retain his/her contract status held prior to layoff.

c. A returning probationary licensed employee shall have his/her years taught for the District counted for purposes of placement in the salary schedule.

2. Recall Order:

Employees shall be recalled in inverse order of layoff (last released/ first recalled; first released/ last recalled) subject to the requirements that the employee be licensed.

3. Notice:

a. Notice of an offer of recall shall be sent by certified mail, return receipt requested to the employee's address officially registered with the District. A licensed employee shall have ten (10) business days from the date the notice of rehire was received, as indicated on the return receipt, to respond, and an additional ten (10) business days to sign a contract.

b. Refusal by the employee to accept an offer of recall to a particular position of like FTE during the thirty-six (36) month recall period shall negate the employee's right to be offered recall for subsequent positions and will be treated as a voluntary resignation.

c. If a licensed employee should accept a position in the recall process, that licensed employee will still be considered by the Board for future vacancies.

d. The District shall simultaneously send a copy of recall offers and responses to the Association.

C. Appeal:

An appeal from a decision on layoff or recall order under this section shall be by arbitration under the Grievance Procedure outlined in CBA (Article 4). The results of the procedure shall be final and binding on the parties. Appeals from multiple layoffs may be considered in a single arbitration. The arbitrator is authorized to reverse the staff reduction decision or the recall decision if made by the District only if the District:

1. Exceeded its jurisdiction;
2. Failed to follow the procedure applicable to the matter before it;
3. Made a finding or order not supported by substantial evidence in the whole record; or
4. Improperly construed the applicable law.

D. Definitions:

Seniority shall be calculated from the first day of actual licensed service with the District inclusive of approved leaves of absence. Ties shall be broken by drawing lots.

Article 7 – Separability

If any provision of this Agreement is held to be invalid or contrary to the law by any tribunal of competent jurisdiction, or if compliance with or enforcement of any provision should be restrained by any such tribunal, the remainder of the Agreement shall not be affected thereby and, upon the request of either the Board or the Association, the parties shall enter into negotiations for the purpose of attempting to arrive at a mutually satisfactory replacement for such provision.

Article 8 – Staff Evaluation

In the event extenuating circumstances outside the administrator’s control cause the timeline to be delayed, the administrator will contact the bargaining unit member directly within the above timelines.

- F. Evaluation reports shall be placed in the employee's file only after reasonable notice to the employee.

- G. An employee may make a written statement relating to any evaluation, reprimand, charge, action or any matter placed in the personnel file.
- H. If a teacher is placed on a program of assistance for improvement, said employee may request an additional evaluation by the current evaluator.
- I. Teachers who receive a change-of-status notice shall have the right to a representative of their choice at any conference or meeting regarding their evaluation.
- J. Whenever changes to the evaluation procedure are mandated by law, by the interest of the District, or by the mutual interest of the District and the Association, the District and the Association shall collaborate on the creation of those new procedures.
- K. The District and the Association shall appoint three representatives each to the standing Evaluation Committee to meet the requirements of subsection J. If the District or the Association intends to change their representatives on the Committee, they shall announce these changes to the parties prior to the start of subsequent school years.
- L. Prior to the implementation of any new evaluation procedures, teachers and administrators will be adequately trained on the components of the new procedures.
- M. When the evaluation procedure utilizes electronic resources, it is understood that the electronic documents and forms used in these programs shall be considered temporary extensions of the employee personnel file and shall be subject to the same limits on public disclosure as the traditional employee personnel file as long as such information exists.
- N. If the District is required to report teacher's summative evaluation scores to a state or federal agency, the District will use a reporting system that does not connect the data to individual teachers, unless specifically required to do so by law. Data collected for state or federal reporting purposes shall not be used for any other purpose other than agency reporting and shall not be published.
- O. When evaluation procedures require the use of student learning goals, those student learning goals will be designed by the teacher being evaluated and will be finalized collaboratively with the teacher and the administrator, in addition to any measures that may be required by a state or federal agency such as state standardized assessments.

 - a. When a teacher is working under a license for conditional assignment, the District shall reimburse the costs of all workshops, conferences or courses taken in that subject area. The administration shall have prior approval of these trainings, but will not deny payment for any prior approved training that will enable the teacher to perform his/her teaching duties in that assignment.
 - b. When a teacher is working under a license for conditional assignment at the request of the district, the district shall reimburse the costs of all workshops, conferences, or courses taken in that subject area as well as required materials for the courses. The administration shall have prior approval of these trainings, but will not deny payment for any prior approved training that will enable the teacher to perform his/her teaching duties in that assignment.

8. The co-curricular schedule in Appendix D is hereby incorporated into this Agreement.
9. If a licensed staff member completes the necessary credits for advancement to a higher educational level on the compensation schedule, an adjustment in placement on the schedule, to be effective in the subsequent year, will be made only if the teacher notifies the Superintendent in writing during the month of September with proper verification of having successfully completed the approved additional coursework. This provision does not preclude the District from investigating a claim of potential employee misconduct if such an investigation is prompted by a review of the electronic surveillance for a bona fide school safety or security need. In such instances, the bargaining unit member and their PEA representative (if applicable) shall be provided a copy of the video footage on the onset of the investigation.
