## **A Message from the Chief of Police**

### **Fall 2023**

Dear Fisher Community:

Thank you for taking the time to review the Fisher College 2023 Annual Security Report. We at the Fisher College Police and Public Safety Office understand that it is important for our students, faculty, and staff to be aware of campus safety and the services that we provide so they can make well informed decisions about their personal safety. This Annual Security and Fire Safety Report has been produced in accordance with the requirements of the Federal Jeanne Clery Disclosure of Campus Security Policy and Campus Crime Statistics Act and provides information you can use to help keep yourself and your property safe.

Our agency is committed to making Fisher College a safe place to live, work, and study. However, we recognize that we can only accomplish our mission with the support, engagement and trust of the entire college community and by partnering with them to provide a safe and secure learning environment. While our Police Department, faculty and staff work very hard to ensure the campus community's safety, the primary responsibility for overall safety and security on campus rests with you and everyone else in our college community. No police department or agency alone can keep us all safe unless everyone exercises reasonable care, caution and awareness of their surroundings. We strive to engage our community, through education, information sharing and training programs, as our strongest ally in deterring and preventing crime. The information in this document is provided to help enhance campus safety at Fisher College. I encourage everyone to read this report and to know and use all safety precaution information and services that are available.

With your help and prompt reporting of any suspicious activity, we can make a big difference in reducing crime and increasing safety on our campus. Our department is staffed 24 hours per day, seven days a week and has daily interaction and contact with our students, faculty and staff. When you see an officer on patrol, please don't hesitate to let them know if you have any public safety concerns or need assistance as we are here to serve our college community. We are one of your many partners here at Fisher College to keep you and our campus safe.

For business purposes our department can be reached at (617) 236-8880 by landline or cellular phone. In the event of an emergency please dial extension 8888 or (617) 236-8888.

Sherry Belanger  
Chief of Police

## **The Campus Security Act**

The Campus Security Act requires colleges and universities to:

- Publish an annual report every year by October 1 that contains three calendar years of campus crime statistics and certain campus security policy statements.
- Disclose crime statistics for the campus, public areas immediately adjacent to or running through the campus, and certain non-campus facilities and remote classrooms.
- The statistics must be gathered from campus police or security, local law enforcement, and other College officials who have "significant responsibility for student and campus activities;" otherwise known as a Campus Security Authority (CSA).
- Provide "timely warning" notices of those crimes that have occurred and "pose an ongoing threat to students and employees"
- Disclose in a public crime log "any crime that occurred on campus...or within the patrol jurisdiction of the campus police or the campus security department and is reported to the campus police or security department;" and
- Disclose any agreements with state and/or local law enforcement.
- The information contained in this brochure pertains to the Boston, New Bedford, Brockton, and North Attleboro campuses unless where otherwise noted.

### **Preparation of the Annual Disclosure of Crime Statistics**

The Fisher College Department of Public Safety prepares this report annually to comply with the Jeanne Clery Disclosure of Campus Security Policy and Crime Statistics Act. This report is prepared in a cooperative partnership with the Division of Student Life, Athletics, the Title IX coordinator and other Campus Security Authorities. Each entity provides updated information on their educational efforts and programs to comply with the Act.

Campus crime, arrests, and referral statistics include those reported to the Fisher College Department of Public Safety, designated campus officials (including but not limited to housing staff, judicial affairs, advisors to students/student organizations, athletic coaches), and local law enforcement agencies for buildings owned and or controlled by Fisher College, as well as public property within and immediately adjacent to campus. The Counseling Center staff informs their clients of the procedures to report crime to the Department of Public Safety on a voluntary or confidential basis, should they feel it is in the best interest of the client.

Each year, an email notification is sent to all enrolled students, faculty, and staff that provides the website link to access this report. Hard copies of the report may also be obtained at the Department of Public Safety located at 116 Beacon Street, Boston, MA 02116 or by calling (617) 236-8880.

### **Separate Campuses**

All policy statements contained in this report apply to all campuses unless otherwise indicated.

## **Reporting Procedures**

### **Incident Reporting**

Students, staff, faculty, and visitors of the main Boston campus are encouraged to accurately and immediately report any suspicious or criminal activity to the Department of Public Safety at (617) 236-8880 or extension 8880 from a campus phone. If an emergency occurs, contact 911 immediately, and then contact the Department of Public Safety.

Residents at 19 Stuart St. call the Boston Police Department at (617) 343-4911 or if it is an emergency, dial 911.

### **Response to Calls**

The Fisher Department of Public Safety's procedure for responding to calls includes a response when necessary to calls for assistance, including emergency calls. When necessary, the Department of Public Safety works closely with a full range of city and local emergency responders to assure a complete and timely response to all emergency calls. Priority response is given to crimes against persons and personal injuries. Boston Police or State Police are at times notified if no sworn Campus Police Officer is on duty or needs additional police assistance.

In response to a non-emergency call to the Department of Public Safety at (617) 236-8880, the dispatcher on duty will take the required action: either dispatch an officer, or asking the victim to report to the Department of Public Safety desk to file an incident report.

For each event or incident, officers, if necessary, will respond and, if necessary, will use the resources of local, state, and federal law enforcement agencies to provide support and assistance.

Crimes should be accurately and promptly reported to the Fisher College Department of Public Safety, or the appropriate police agency, when the victim of a crime elects to, or is unable to, make such a report.

Members of the community are helpful when they immediately report crimes or emergencies to the Fisher College Department of Public Safety or a Primary Campus Security Authority (such as the Dean of Students or Title IX Coordinator and those listed below.) for purposes of including them in the annual statistical disclosure and assessing them for issuing a Timely Warning Notice, when deemed necessary.

### **Campus Security Authorities**

Federal law requires the College to disclose statistics concerning the occurrence of certain crimes reported to campus security authorities (CSAs). CSAs include any member of the Department of Public Safety, including contract security officers, College officials who have significant responsibility for student and campus activities, and others identified below as individuals or organizations to whom or which students and employees should report criminal offenses.

Fisher College's CSAs include the following, but is not limited to:

- Director of Housing and Residential Life
- Student Conduct Coordinator
- Title IX Coordinator
- Dean of Students
- Director of Athletics and all coaches, trainers, both head coaches and assistant coaches
- International Admissions Director

- Department of Public Safety Staff
- Contract Security Officers
- Resident Directors and Resident Assistants
- Vice President for Academic Affairs
- Advisors of Student Clubs and Organizations
- Director of Student Activities and Alumni Affairs
- Student Activities Coordinator
- Residence Hall Desk Assistants

All CSAs should encourage any person who reports a crime or other incident involving campus security to notify the Department of Public Safety immediately. Any CSA who receives a report of an incident involving a crime or campus security matter must contact the Department of Public Safety immediately and inform the Department of Public Safety of the incident consistent with the confidentiality considerations discussed in this report.

### **Daily Crime Log**

The Department of Public Safety maintains a Daily Crime Log which provides the community with information about crime on the Boston campus. The Daily Crime Log is available for review 24 hours a day, 7 days a week, at the Department of Public Safety Desk located in the Mall of 116 Beacon Street, Boston.

### **Voluntary Confidential Reporting**

Anyone who is the victim of, or the witness to, a crime is encouraged to promptly report the incident to the Department of Public Safety. However, the Department of Public Safety cannot promise confidentiality to crimes that are reported. Reports to professional and pastoral counselors can be kept confidential. Professional and pastoral counselors are encouraged to inform their clients, if and when they deem it appropriate, of the procedures to confidentially report crimes to primary CSAs.

Anonymous reports of crimes may also be made to the anonymous tip line:

Text: tip411 (847411)

Keyword: Fisher

Please state the type of incident, along with where and when it occurred. It is important to put as much detail as possible, so that the college can accurately count the incident, when appropriate, in the college's Annual Security Report (ASR).

### **Confidentiality Considerations**

A Campus Security Authority (CSA) is not required to disclose confidential information concerning an incident, such as information that would identify a victim of a crime who wishes to remain confidential. However, CSAs are required to inform the Department of Public Safety of the existence of all known incidents, including confidential incidents, so that they can be recorded as statistics and, where appropriate, included in the College's Annual Security Report.

If a reporting party does not consent to disclosure to the Department of Public Safety, CSAs are expected to inform the Department of Public Safety of the complainant's wish for confidentiality and to report the incident for **statistical purposes only**. CSAs must report an incident without disclosing identifying information concerning the reporting party unless the reporting party consents to disclosure of his or her identity.

The College urges all community members to report any criminal incident to the Department of Public Safety. In the event an individual chooses not to report a crime, the College urges the person to at least disclose the occurrence of the incident to a CSA so it may be counted, as appropriate, in the College's Annual Security Report (ASR).

## **Pastoral and Professional Counselors**

As allowed by the Clery Act, pastoral and professional counselors who receive confidential reports are not required to report these crimes to the Department of Public Safety for inclusion into the annual disclosure of crime statistics or for the purpose of a timely warning.

It should be noted that if a pastoral or professional counselor serves another function at Fisher College, such as an advisor to a student organization, then they are required to report crimes to the Department of Public Safety for inclusion in the annual disclosure of crime statistics.

**Pastoral Counselor:** a person who is associated with a religious order or denomination, is recognized by that religious order or denomination as someone who provides confidential counseling, and is functioning within the scope of that recognition as a pastoral counselor.

**Professional Counselor:** a person whose official responsibilities include providing mental health counseling to members of the Fisher community and who is functioning within the scope of his or her license or certification. The Fisher College Counselor can be reached at (617) 236-8894 or in the basement of 131 Beacon Street.

## **Incident Information**

Incidents may occur on campus that do not appear to involve an immediate threat to the health and safety of students or employees, but due to their significance, may justify community notification. Incidents may include, but are not limited to: follow up to an emergency notification; a significant incident on or off campus; severe weather warning; or a major infrastructure failure.

## **Timely Warning Notification**

In the event that a situation arises within Fisher College's Clery Geography that, in the judgment of the Dean of Students after consultation with the Chief of Police (when practicable), constitutes a serious or continuing threat to members of the Fisher College community, a timely warning will be sent. A campus wide "timely warning" will be issued in compliance with the Federal Jeanne Clery Disclosure of Campus Security Policy and Campus Crime Statistics Act of 1998.

Fisher College issues timely warning notices whenever a Clery crime is considered to pose a serious or continuing threat to students, faculty and staff. Significant criminal incidents that might elicit a timely warning include, but are not limited to, crimes of violence or patterns of property crimes. Timely warnings may be issued for the following crime classifications: aggravated assault (cases involving assaults among known parties, such as two roommates fighting which results in an aggravated injury, will be evaluated on a case-by-case basis to determine if the individual is believed to be an ongoing threat to the larger Fisher College community), major incidents of arson, a string of burglaries or motor vehicle thefts that occur in reasonably close proximity to one another, murder/non-negligent manslaughter, motor vehicle theft, robbery, and sex offense (considered on a case-by-case basis depending on the facts of the case, when and where the incident occurred, when it was reported, and the amount information known by the Dean of Students, or their designee). In cases involving sexual assault, they are often reported long after the incident occurred, thus there is no ability to distribute a "timely" warning notice to the community. All cases of sexual assault, including stranger and non-stranger/acquaintance cases, will be assessed for potential issuance of a Timely Warning Notice., when the crime is deemed to pose a serious or on-going threat to the Fisher community. The Chief of Police

and the Dean of Students reviews all reports to determine if there is a serious or on-going threat to the community and if the distribution of a timely warning is warranted.

As noted earlier, Fisher College is not required to provide a timely warning with respect to crimes reported to a pastoral or professional counselor.

## Notification Process

The Chief of Police and/or the Dean of Students will determine if a timely warning is necessary and the alerts are generally written and distributed to the Fisher College community by the Dean of Students, with the Chief of Police as secondary depending on method of distribution. In the case of an emergency or other urgent event, students, faculty, and staff may be contacted through a variety of methods. These may include; Blackboard Connect, telephone, text message, email, and flat screen panels to communicate timely warnings (see chart below).

The Dean of Students consults with the Chief of Police regarding crimes affecting the Fisher College community to determine the need for a timely warning. The Dean of Students is the approving authority for posting timely warnings. Timely warnings of serious crimes are conveyed to the community through the Blackboard Connect Emergency Notification System. This system will send notifications via email, phone, and/or text message. Fisher students are automatically signed up for this system upon joining the college, however new staff and faculty members must sign up on their own at <https://www.fisher.edu/emergency-notifications>. Once enrolled, it is up to the individual to keep his or her information up to date.

Crime Alerts contain a brief description of the incident; the date, time, and location of the incident; and precautions to take. The amount and type of information presented in the warning will vary depending on the circumstances of the crime. Where possible, a warning will not include information that could jeopardize a criminal investigation.

Timely Warning Notices will be distributed as soon as pertinent information is available, in a manner that withholds the names of victims as confidential, and with the goal of aiding in the prevention of similar occurrences.

## **Emergency Response and Evacuation Procedures**

Many of Fisher College police officers have received training in Incident Command and Responding to Critical Incidents on Campus. If a serious incident occurs that causes an immediate threat to the campus, the first responders to the scene are usually Fisher College Campus Police Officers and emergency responders and they typically respond and work together to manage the incident. Depending on the nature of the incident, other Fisher College departments and other local, state or federal agencies could also be involved in responding to the incident. General information about the emergency response and evacuation procedures for Fisher College are publicized each year as part of the institution's Clery Act compliance efforts and that information is available at the Department of Public Safety.

## **Fisher College Emergency Notification System**

The College has implemented an Emergency Notification System in conjunction with Blackboard Connect to enhance the College's ability to reach all students, faculty, and staff with time-sensitive information during unforeseen events or emergencies. The system uses voice, email, and text messaging to allow the College to provide pertinent information and details on appropriate responses during critical situations. We encourage members of the campus community to take advantage of the opportunity to provide multiple contact options. Voice notification messages will appear to be from "617-236-8800". SMS text will appear to be from SMS@blackboard.com. Email messages will be sent from FISHER COLLEGE [email@blackboardconnect.com](mailto:email@blackboardconnect.com). If any these systems fail or the College deems it appropriate, in person communication may be used to communicate an emergency.

This is where we need your help and cooperation. Students are automatically added to the system upon joining the college, however, Staff, please make sure that you are registered at: <https://www.fisher.edu/emergency-notifications>. Should you need to update your contact information, please contact the Office of the Registrar at (617) 236-8825 or [registrar@fisher.edu](mailto:registrar@fisher.edu) to make sure your current information is on file.

The Dean of Students and Chief of Police consult with other Fisher College administrators, local first responders and/or the National Weather Service to confirm whether there is a significant emergency or dangerous situation that poses an immediate threat to the health or safety of some or all members of the Fisher College community. The Dean of Students and Chief of Police will collaborate to determine the content of the message (if one of them is unavailable, the other is responsible) and appropriate segments of the campus community that should receive the notification. The Dean of Students and the Chief of Police will use some or all of the systems, as described on the following page, to communicate the threat to the Fisher College community or to the appropriate segment of the community, if the threat is limited to a particular building or segment of the population.

Individuals can report emergencies occurring at Fisher College by calling (617) 236-8880 or 911.

Fisher College will, without delay and taking into account the safety of the community, and the impact on the efforts to respond to the emergency, determine the content of the notification and initiate the

notification system, unless issuing a notification will, in the professional judgment of the first responders, compromise the efforts to assist a victim or to contain, respond to, or otherwise respond to the emergency.

## **Fisher College Notification Methods**

### **Community Actions**

Community members, upon receiving a notice of an alert, should seek additional information and take actions to protect themselves and to alert others. Members of the larger Fisher community can receive information about emergencies on campus through the local media and the Fisher College website, [www.fisher.edu](http://www.fisher.edu).

Fisher College will immediately notify the campus community upon confirmation of a significant emergency or dangerous situation involving an immediate threat to the health or safety of students or staff occurring on the campus. If there is an immediate threat to the health or safety of members of the Fisher College community, follow up information will be provided to the community using some or all of the methods of communication listed on the previous page.

Generally, it is difficult to provide a set of instructions applicable to all community members. Individual necessary actions will depend on factors such as the type and one's proximity to the emergency. Whenever possible the college will use a standard approach for emergency messaging. In the event of an emergency, you may receive one of the following messages.

**LOCKOUT:** A lockout is called when there is a threat or hazard outside of Fisher College and the perimeter of the building will be secured to keep out the threat. Lockout uses the security of the building as protection.

The following are some examples of when safety personnel or emergency dispatch might call for a Lockout.

- Criminal activity in area
- Dangerous animal on campus
- Civil disobedience

Lockout procedures are as follows:

- Community members who are outside should move inside; move quickly as, depending on the situation, ID card access may be shut off at some point during the crisis.
- If you are near an exterior door, pull it shut if it is open
- Keep alert to updates from the college or reputable news outlets
- Business inside the college should be conducted as usual

**LOCKDOWN:** Lockdown is called when there is a threat or hazard inside the building. From domestic violence incidents, to intruders, to an active shooter, Lockdown uses room security to protect students and staff from an immediate threat.

The following are simply some examples of when a student, staff member or emergency dispatcher might call for a Lockout.

- Intruder
- Angry or violent student
- Domestic issue
- Active shooter

Lockdown procedures are as follows:

- Prepare ahead of time, know if the door locks to your classroom or other area
- Consider if the door opens in or out
- Is there an easy way to secure the door if there is no lock?
  - Tie a belt around the door closer
  - Use a door stop to jam the door
  - Are there other resources to barricade the door
- Locks, lights, out of sight
  - lock the door
  - turn out the lights
  - move away from windows or glass where you can be seen
- Close shades if possible
- Maintain silence, silence phone ringers
- Barricade the door with heavy objects
- Prepare to evade or defend
- Do not open the door until you get an all-clear message from the school or law enforcement

### **Emergency Evacuation Procedures**

The emergency evacuation procedures are tested at least once each year\*\*. Students and employees learn the locations of the emergency exits in the buildings and are provided guidance about the direction they should travel when exiting each facility for a short-term building evacuation. The Fisher College Campus Police does not tell building occupants in advance about the designated locations for long-term evacuations because those decisions are affected by time of day, location of the building being evacuated, the availability of the various designated emergency gathering locations on campus, and other factors such as the location and nature of the threat. In both cases, Fisher College Campus Police staff on the scene will communicate information to students regarding the developing situation or any evacuation status changes.

The purpose of evacuation drills is to prepare building occupants for an organized evacuation in case of a fire or other emergency. At Fisher College evacuation drills are used as a way to educate and train occupants on fire safety issues specific to their building. During the drill, occupants 'practice' drill procedures and familiarize themselves with the location of exits and the sound of the fire alarm.

**(Fisher College may send an "Evacuate" Emergency Notification, but the content below is intended to describe evacuation procedures in the event of an emergency situation)**

**EVACUATE:** Evacuation is called when there is a need to move students and staff from one location to another.

Designated evacuation areas are as follows:

- Buildings 102-118 proceed to corner of Beacon/Berkley
- Buildings 111/131/133 proceed to corner of Arlington and Beacon Street
- Building One Arlington proceed to 111 Beacon

Evacuation procedures are as follows:

Prepare ahead of time

- Familiarize yourself with at least two exits from anywhere you are on campus
- Designate a meeting place for your classroom or residence hall ahead of time where everyone can check in and report they are safe

- Read the College Emergency Reference Guide on the Department of Public Safety Website for more information <http://www.fisher.edu/police/emergency-preparedness>

#### Sound the alarm (**fire**)

- If you discover or suspect a fire, sound the building fire alarm by pulling a red pull station.
- Warn other occupants by knocking on doors and shouting “fire, get out” as you leave the building.

#### Exiting a room (**fire**)

- Before opening any door (during a fire), feel the doorknob with the back of your hand. Do not open the door if it is hot.
- Brace yourself behind the door, crouch low, and open the door slightly if it is warm.
- Stay low if the area is smoky. If heat or heavy smoke is present, close the door and stay in your room.

#### Leaving the building (**fire**)

- Look for all available exits, including fire escapes, and use the quickest, safest route.
- Try to rescue others ONLY if you can do so safely on your way out of the building.
- Move away from the building and out of the way of the fire department.
- Warn others that may be entering of the threat when safe to do so.
- Don’t go back into the building until the fire department says it is safe to do so.

#### Call emergency responders

- Dial 911.
- Give as much information as possible to the 911 operator.
- Call the Department of Public Safety at (617) 236-8880 to report the location of the fire after you call 911

In case of a hazardous material spill or leak, evacuate immediately. Hazardous equipment or processes should be shut down before leaving, unless doing so presents a greater hazard or a safety concern for you. Remember to close all doors behind you as you leave, if it is safe to do so.

Assist anyone who may be in danger on your way out of the building, if you can do so without endangering yourself. Exit the building in a calm manner using the stairs - never use elevators. After you have left the building, go to your predesignated assembly point and remain there. Remain outside the building, even if the alarm is silenced, until the fire department has given the “all clear”. Maintain a safe distance from the building, to allow ample room for emergency personnel and equipment to access the building.

If all routes are blocked, or you are unable to get down the stairs due to a disability:

- Go back to your room, close the door and call 911 to report your location.
- Seal the cracks around the door to prevent smoke from entering.
- Open the window a few inches for fresh air and hang a brightly colored cloth or bed sheet out the window to alert the Fire Department to your location. If you have a flashlight, use it to signal at night.
- If smoke gets in your room, keep low and dampen a cloth with water, place it over your nose and breathe lightly through it.
- Stay calm. Do not jump from windows above the second floor. Rescue personnel have the proper equipment to get to you quickly.

**SHELTER:** Sheltering provides protection from external hazards, minimizes the chance of injury and/or provides the time necessary to allow for a safe evacuation. It is generally called when the need for personal protection is necessary.

A shelter order may be issued for several reasons including:

- Severe weather
- Hazardous materials

When a shelter is ordered:

- Remain CALM.
- Faculty should recommend to students and others not to leave or go outside.
- If you are in a residence hall, remain there.
- Select a small interior room, above the ground floor, with no or few windows and air vents if possible.
- Stay away from all windows and doors.
- If you are told there is danger of explosion, close the window shades, blinds, or curtains.
- Room(s) should have adequate space for everyone to be able to sit down comfortably.
- Avoid overcrowding by selecting several rooms when necessary and possible.
- In extreme weather situations, relocate to a lower-level interior section of the building.

For external chemical, biological or radiological incidents:

- Stay inside and move to an inner corridor or office.
- Facilities may shut down all building ventilation fans and air conditioners, when necessary and appropriate.
- Since many chemical agents are heavier than air and tend to hold close to the ground, move to higher levels of the building, if possible, to reduce the transfer of contaminated air from outside to inside.
- Remain alert for instructions and updates as they become available from the emergency personnel and college administrators.

- 

## **Fire Drills**

Fisher College conducts fire drills requiring evacuation of its facilities. These drills are conducted a minimum of twice annually and are unannounced. These drills are used to:

- Familiarize community members to the audible and visible evacuation signals and the exit routes available to use in the event of a fire or other situation that requires immediate evacuation.
- Evaluate the performance of the employees in a fire incident and the effectiveness of the behaviors used in accordance with the fire drills and the Emergency Plans.

The results of the drills are documented with the description of the exercise, date, and time. Evacuation plans are posted in each dormitory building that show the floor plan, exits and suggested evacuation routes and will be publicized at the time of the drill.

## **Emergency Response Drills**

In conjunction with other emergency agencies (as needed), the College conducts periodic emergency response drills and exercises, such as table top exercises, field exercises, and tests of the emergency notification systems on campus. These tests, which may be announced or unannounced, are designed to assess and evaluate the emergency plans and capabilities of the institution.

Each test is documented and includes a description of the exercise, the date and time of the exercise, and whether it was announced or unannounced.

The campus publicizes a summary of the emergency response and evacuation procedures via email at least once each year in conjunction with a test (exercise and drill) that meets all of the requirements of the Higher Education Opportunity Act.

If there is an immediate threat to the health or safety of students or employees occurring on campus, an institution must follow its emergency notification procedures. An institution that follows its emergency notification procedures is not required to issue a timely warning based on the same circumstances; however, the institution must provide adequate follow-up information to the community as needed.

## **Local Police Department**

Fisher College's student organizations currently do not operate on non-campus locations, including non-campus housing facilities. The Fisher College Department of Public Safety therefore does not currently monitor or record criminal activity by students of organizations officially recognized by the institution at non-campus locations through local police agencies. However, Fisher College students may live privately off campus in neighborhoods surrounding the college as well as in the greater Metro Boston region. The respective local police departments have jurisdiction in all areas off campus.

The Department of Public Safety maintains a close working relationship with the Boston Police Department. The Department of Public Safety also regularly work with other local and state law enforcement agencies, including the Massachusetts State Police. Meetings are held between staff of these agencies on both a formal and informal basis. When a Fisher student is involved in an off-campus offense, Fisher College may assist with the investigation in cooperation with local, state, or federal law enforcement. The Boston Police Department shares information regarding off campus crimes involving students with Fisher College's Department of Public Safety, and may request a Fisher representative be present when dealing with students in areas immediately adjacent to campus. Local law enforcement agencies regularly provide reports of offenses committed by students to the Department of Public Safety and the college's Dean of Students.

## **Security of and Access to Boston Campus Facilities**

### **Campus Alarms**

Campus facilities are alarmed to detect smoke, heat, and intrusion. All fire, smoke, and carbon monoxide alarms register at the Fisher College Department of Public Safety desk, and/or with a central operator. Boston Fire Department receives notice of all fire, smoke and carbon monoxide alarms. Fisher College Department of Public Safety officers respond to all alarms on campus in addition to any response provided by the various City of Boston emergency responders.

### **Security of and Access to Academic and Administrative Buildings**

Policies and procedures for admission into academic or administrative facilities are established by the Fisher College President's Cabinet and enforced by the Fisher College Department of Public Safety. All exterior academic and administrative facilities are equipped with electronic card readers attached to an online server, which provides information concerning individual access privileges to Department of Public Safety Officers stationed at the Department of Public Safety desk located in the Mall at 116 Beacon St. A current Fisher College photo ID is required for entry into campus facilities 24/7, with the exception of administrative buildings at 118 Beacon St and One Arlington St from 7:30 am - 5:00 pm, Mon-Fri, as well as the facilities door in the basement of 108 Beacon from 7:30 am - 5:00 pm Mon-Fri.

Fisher Police/Public Safety Officers conduct routine patrols of all campus buildings to evaluate and monitor security related matters (Residential facilities are patrolled when summoned).

### **Access to Residential Areas**

The College takes the safety of all of its community members seriously, particularly those in residence on campus. Residential areas may be entered only in accordance with policies and procedures promulgated by the Office of Housing and Residence Life and published in the Student Code of Conduct. Those policies and procedures are enforced by the Department of Public Safety.

Exterior and interior doors to student resident halls at 102, 104, 106, 112, 114, 116, 131, and 133 Beacon St are locked 24 hours a day, with the exception of students moving in and out. At that time the doors are unlocked with Public Safety monitoring access. Access to exterior resident hall doors is limited to 116 Beacon St and 131/133 Beacon St. A valid Fisher College photo ID indicating current residence hall access privileges is required for admission into all residence hall access points. Students are encouraged to report all missing or lost ID cards as soon as possible to the Department of Public Safety. All reported missing and lost ID cards are disabled and replacement ID cards are issued.

Access to the residence halls listed above is monitored 24/7 by the Department of Public Safety at 116 Beacon St. Department of Public Safety desk. Public Safety Officers, contract security and/or student proctors are stationed at the safety desk located at the 133 Beacon St front entrance, while the building is occupied. Student proctors are selected and supervised by the Department of Public Safety and are responsible for monitoring access to the residence hall by checking resident IDs and verifying with the Department of Public Safety that visitors have been signed in and entered into the computer system at 116 Beacon St.

All the above listed residence halls are equipped with electronic card access readers attached to an online server, which provides information to the Department of Public Safety concerning access privileges. All secondary entrances and exits to residence hall facilities are locked and alarmed. An alarm will sound if ingress or egress occurs with any of these doors.

The faculty and staff of the College are required to comply with all established policies and procedures concerning entry into the residence areas. Any employee found to have violated these policies or procedures may be subject to disciplinary action, up to and including termination.

### **19 Stuart St.**

Fisher College leased the 6<sup>th</sup> floor for residents at 19 Stuart St. The main doors are not locked 24/7. It is locked between 9pm and 7am. Between those hours, the room key cards need to be used to gain entry to the building. However, the doors that lead to the elevator lobby, to obtain access to the living quarters, is locked 24/7.

Fisher College leased 523 Newbury Street. This building is locked 24/7. Students use access cards to enter the building and key codes to enter their dorm rooms.

All residence halls are located on the Boston campus. They are patrolled by the Department of Public Safety only when called for service on residence hall room floors and are patrolled (monitored) by Housing staff, who report any security concerns to the Department of Public Safety for 102, 104, 106, 112, 114, 116, 131, 133 Beacon St residence halls, and Boston Police respond for 19 Stuart St and 523 Newbury Street.

### **Access to Buildings for Maintenance and Repair**

Regular maintenance, alterations, and repairs of Fisher College facilities are performed by the College's Facilities Department and outside contractors retained by the College. The College's Facilities Department is responsible for the structural, mechanical, and electrical maintenance of all College

buildings. Typical services provided by the Facilities Department, which interacts with the Department of Public Safety to provide safety and security to the College community, include:

- Electricity and lighting
- Elevators
- Custodial services
- Doors and locks
- Heat
- Window and door glass

### **Security Considerations Used in the Maintenance of Campus Facilities**

The campus is maintained in a manner to minimize hazardous conditions. However, whenever unpredictable failures occur or additional maintenance work is required beyond normally scheduled maintenance, community members may report problems to the Department of Public Safety Desk (extension 8880 from any campus phone and (617) 236-8880 from any non-campus or cell phone). This is a twenty-four hour a day, year-round system that ensures requests are logged and scheduled in a timely manner. If the request is urgent, it will be dispatched immediately. Reported maintenance problems that pose a threat to safety and security are given the highest scheduling priority.

### **Smoking/Tobacco Policy**

Fisher College has established a no smoking policy throughout and in front of the College. No smoking is allowed in the common areas, which include: corridors, classrooms, auditoriums, or residence halls. Smoking is not allowed on the stairways to any buildings or on Beacon Street. This policy results from the College's compliance with the Massachusetts Clear Air Act. Chewing tobacco and electronic cigarettes are also not to be consumed or smoked inside any College building. The Department of Public Safety is responsible for the enforcement of this policy and failure to abide by the Smoking & Tobacco Policy may result in disciplinary action. The College also offers educational programs regarding the hazards of smoking and tobacco use. Students seeking to learn more about these hazards or interested in quitting smoking or tobacco use may contact the Health Services Office and/or Counseling Services.

### **Alcohol and Drug Policies**

Fisher College campuses and activities are not sanctuaries from federal, state, and local laws. Fisher College prohibits the unlawful use, possession, sale, distribution, or manufacture of illicit drugs and/or alcohol by any student and visitor of the College while on college property, while performing any work for the College on or off the premises, or while otherwise participating in any College activities on or off the campus. Fisher College is a dry campus and regardless of age, alcohol cannot be possessed or consumed on college property or at any college activity.

However, the College's standards of personal conduct substantially exceed the minimum expectations of civil law and custom. Students found in violation of the College alcohol policy or engaging in misconduct related to the abuse of alcohol, whether on or off campus, will be subject to disciplinary action under the Student Code of Conduct as well as to prosecution. Fisher College Department of Public Safety enforces the Massachusetts underage drinking law and state and federal drug laws.

Fisher College neither permits nor condones the possession, use, or sale of illegal drugs and narcotics. Violators are subject to College disciplinary procedures, as well as to criminal prosecution under state and federal laws. Dealing in narcotics or illegal drugs anywhere on campus will result in expulsion from

the residence system and further disciplinary action by the College. Conviction for drug-related offenses in any jurisdiction may affect a student's eligibility for federal, state, or College financial aid.

The College falls within federal and state Drug-Free School Zone laws.

Violations of drug and liquor laws are reported under the federal Jeanne Clery Disclosure of Campus Security Policy and Campus Crime Statistics Act, and under Massachusetts law.

### **Standards of Conduct**

The unlawful possession, use, or distribution of illegal drugs or alcohol by any student or employee on College property or in conjunction with any College activity is prohibited.

### **Disciplinary Sanctions**

The College will impose disciplinary sanctions on students and employees who violate College standards of conduct. In addition, students or employees who violate public law are subject to criminal prosecution. Conviction may result in fines, imprisonment, and revocation or loss of eligibility to receive federal funding (such as grants and financial assistance) and other privileges.

College-imposed discipline may include sanctions up to and including expulsion of a student or termination of employment, in addition to referral for criminal prosecution. Disciplinary sanctions may include required participation in a treatment, counseling, or other approved rehabilitation program.

### **Alcohol in College Residences/Buildings**

1. Students may not possess or consume alcoholic beverages in the residences.
2. No alcoholic beverages may be served or sold at Fisher College functions that are attended primarily by undergraduate students. Exceptions will be considered by the Dean of Students for certain events (for example, Homecoming).
3. Alcoholic beverages may not be consumed in any public areas of the College.
4. Guests of residents, regardless of age, may not bring alcoholic beverages into College residences.
5. The possession and consumption of alcoholic beverages should not be part of an activity that is in violation of a College policy, as stated in the Student Code of Conduct and the Residence License Agreement.
6. The College reserves the right to conduct inspections in appropriate circumstances in order to enforce its policies and confiscate any beverages on College property in violation of this policy.

Proper identification must be presented to College personnel upon request.

### **College Sanction**

As further clarification of our approach to dealing with illegal use or possession of alcohol, it is useful to understand the typical sanctions in cases where students do not seek medical assistance. The disciplinary sanctions typically imposed for underage alcohol possession and use violations, together with the education and counseling programs that are usually required, are as follows:

### **Violations in College Residence Halls**

Following are the sanctions and education and counseling programs typically imposed for underage alcohol possession and use violations that take place in College residence halls. More serious sanctions may be imposed in appropriate circumstances, including when the quantity of alcohol is excessive and when an individual provides alcohol to persons who are under 21 years of age. If other unacceptable behavior—such as fighting, sexual assault, or property damage—occurs in conjunction with the alcohol violation, additional sanctions may be imposed for that behavior.

**First Incident May Include:**

- Disciplinary Sanction: Probation
- Education/Counseling: an online self-assessment and education on alcohol use

**Second Incident May Include:**

- Disciplinary Sanction: deferred separation from College housing
- Education/Counseling: Alcohol Education Class

Under Massachusetts law, a minor in possession of alcohol may be arrested and fined and his or her driver's license may be suspended. An individual who buys alcohol for a minor may be fined up to \$2,000 and sentenced to up to six months in jail.

**Violations Not in College Residence Halls**

Following are the sanctions and education and counseling programs typically imposed for underage alcohol possession and use violations that do not take place in College residence halls. If other unacceptable behavior—such as fighting, sexual assault, or property damage—occurs in conjunction with the alcohol violation, additional sanctions may be imposed for that behavior. Second violations are uncommon and third violations are rare. Sanctions for a third violation will include, among other things, suspension from the College.

**First Incident May Include:**

- Disciplinary Sanction: probation
- Education/Counseling: an online self-assessment and education on alcohol use

**Second Incident May Include:**

- Disciplinary Sanction: deferred suspension
- Education/Counseling: Alcohol Education Class

**Violations Not on College Property**

The College prohibits the use or distribution of illicit drugs off College premises. Any violation of this law brought to the attention of College authorities by external law enforcement agencies will be heard by the Student Conduct Coordinator and/or designee.

**Financial Assistance**

By federal law, students convicted of drug offenses committed while receiving Title IV federal financial aid may be ineligible for federal financial aid for one or more years from the date of conviction.

**Fisher College Statement on Drug & Alcohol Related Medical Emergencies & College Sanctions**

The illegal use or abuse of alcohol or drugs can be hazardous to students' health and safety as well as an impediment to academic and personal success. The College is, above all else, concerned for the safety and well-being of all members of our community; therefore, the College addresses all reported violations of the College's alcohol and drug policies, including notifying the parents of undergraduate students of alcohol and/or drug-related incidents, if necessary.

At Fisher College, student health and safety are paramount. The College recognizes that alcohol or drug consumption may create medical or safety emergencies in which the potential for College disciplinary action may deter students from seeking assistance for themselves or others.

In these situations, we strongly encourage students to act with their own and others' health and safety as the primary concern.

When the College learns of a student's illegal possession or use of alcohol or drugs as a result of that student's seeking medical assistance for him or herself, or another person, that student ordinarily will not be subject to College disciplinary sanctions for possession or use of that substance so long as the student completes all education and counseling programs recommended by the College. We are committed to the use of education and treatment approaches because, in our experience, education and/or treatment for individuals who receive emergency medical attention may reduce the likelihood of future occurrences.

### **State and Federal Laws and Sanctions Concerning Drugs and Alcohol**

In addition to disciplinary sanctions imposed by the College, all students, faculty, and staff should be aware that federal, state, and some local laws treat illegal use, possession, sale, distribution, or manufacture of drugs or alcohol as serious crimes. Conviction can lead to imprisonment, fines, and assigned community service. Courts do not lift prison sentences in order to allow convicted persons to attend college or continue their jobs. Felony and certain other convictions can prevent you from entering many fields of employment or professions and may have to be listed on applications for employment or admission to graduate or professional schools.

Many cities and towns in Massachusetts, including Boston, have local ordinances and regulations which prohibit public consumption of alcoholic beverages or consumption of alcoholic beverages on private property without the owner's consent. The Department of Conservation and Recreation also prohibits public consumption of alcohol in its parks. Similar laws and regulations apply in most other states and in many localities.

Massachusetts laws punish sale or delivery of alcoholic beverages to persons under 21 with a fine of up to \$2,000 and six-months imprisonment, or both. Misrepresenting one's age or falsifying an identification to obtain alcoholic beverages is punishable by a fine of \$300. First conviction of driving under the influence of alcohol has a penalty of a \$500–\$5,000 fine, one-year revocation of driver's license, up to two-and-a-half years in prison, and mandatory alcohol rehabilitation.

Alcohol Overdose—Immunity from Prosecution in Massachusetts. In Massachusetts, individuals who are under 21 years of age shall not be charged or prosecuted for certain alcohol-related offenses such as purchasing or possessing alcohol if they seek, in good faith, medical assistance for themselves or someone else experiencing an alcohol-related incapacitation; or if they are themselves subject of such a good-faith request for medical assistance.

Massachusetts has criminal penalties for use of controlled substances, or drugs, with penalties varying with the type of drug. In general, use of narcotic and addictive drugs, and drugs with high potential for abuse, have heavier penalties.

Possession of drugs is illegal without valid authorization. While penalties for possession are generally not as great as for manufacture and distribution of drugs, possession of a relatively large quantity may be considered distribution. Under both state and federal laws, penalties for possession, manufacture, and distribution are much greater for second and subsequent convictions. Many laws dictate mandatory prison terms and the full minimum term must be served.

Sale and possession of drug paraphernalia is illegal in Massachusetts. Under federal laws and some state laws, participation in drug-related criminal activity can result in seizure or forfeiture of personal property and other assets utilized in conjunction with or stemming from the proceeds of the illegal activity. In addition, conviction of a drug-related offense may entail civil fines and denial or revocation of certain licenses and benefits.

Drug Overdose—Immunity from Prosecution in Massachusetts. In Massachusetts, individuals shall not be charged or prosecuted for possession of a controlled substance if they seek, in good faith, medical assistance for themselves or someone else experiencing a drug-related overdose; or if they are themselves subject of such a good-faith request for medical assistance for a drug related overdose if the evidence for the charge of possession of a controlled substance was gained as a result of the overdose and the need for medical assistance.

Persons convicted of drug possession under state or federal law are ineligible for federal student grants and loans or for participation in federally sponsored research grants or contracts for up to one year after the first conviction, and up to five years after the second; the penalty for distributing drugs is loss of benefits for five years after the first conviction, 10 years after the second, and permanently after the third.

Under federal law, distribution of drugs to a person under age 21 is punishable by twice the normal penalty, i.e., a mandatory one-year prison term; a third conviction is punishable by mandatory life imprisonment. These penalties apply to distribution of drugs in or within 1,000 feet of a college or school. Federal law sets greatly heightened prison sentences for manufacture and distribution of drugs if death or serious injury results from use of the substance.

### **Federal Drug Laws**

The possession, use, or distribution of illegal drugs is prohibited by federal law. There are strict penalties for drug convictions, including mandatory prison terms for many offenses. The following information, although not complete, is an overview of federal penalties for first convictions. All penalties are doubled for any subsequent drug conviction.

#### **Denial of Federal Benefits 21 U.S.C. 862**

A federal drug conviction may result in the loss of federal benefits, including school loans, grants, scholarships, contracts, and licenses. Federal drug trafficking convictions may result in denial of federal benefits for up to five years for a first conviction. Federal drug convictions for possession may result in denial of federal benefits for up to one year for a first conviction and up to five years for subsequent convictions.

In accordance with the requirements of the Drug-Free Workplace Act of 1988, as a condition of employment, any employee who is engaged in the performance of work under a federal grant or contract must notify the College if he or she is convicted of violating any criminal drug statute for activities done in the workplace not later than 10 days after conviction; students who receive Pell and certain other federal grants are subject to similar conditions and must report any conviction of a drug-related offense to the U.S. Department of Education within 10 days of the conviction if the offense occurred during the period covered by the grant.

#### **Federal Drug Possession Penalties Forfeiture of Personal Property & Real Estate 21 U.S.C. 853**

Any person convicted of a federal drug offense punishable by more than one year in prison shall forfeit to the United States any personal or real property related to the violation, including houses, cars, and other personal belongings. A warrant of seizure is issued and property is seized at the time an individual is arrested on charges that may result in forfeiture.

#### **Federal Drug Trafficking Penalties 21 U.S.C. 841**

Penalties for federal drug trafficking convictions vary according to the quantity of the controlled substance involved in the transaction. The list below is a sample of the range and severity of federal penalties imposed for first convictions. Penalties for subsequent convictions are twice as severe.

If death or serious bodily injury results from the use of a controlled substance which has been illegally distributed, the person convicted on federal charges of distributing the substance faces a mandatory life sentence and fines ranging up to \$8 million.

Persons convicted on federal charges of drug trafficking within 1,000 feet of a university (21 U.S.C. 845a) face penalties of prison terms and fines which are twice as high as the regular penalties for the offense, with a mandatory prison sentence of at least one year.

### **Federal Drug Possession Penalties**

Persons convicted on federal charges of possessing any controlled substance face penalties of up to one year in prison and a mandatory fine of no less than \$1,000 up to a maximum of \$100,000. Second convictions are punishable by not less than 15 days but not more than two years in prison and a minimum fine of \$2,500. Subsequent convictions are punishable by not less than 90 days but not more than three years in prison and a minimum fine of \$5,000.

### **Marijuana Laws in Massachusetts**

Massachusetts passed "The Regulation and Taxation of Marijuana Act." Contrary to popular belief, marijuana has not been legalized for all purposes in Massachusetts.

**It is against college policy for any person to possess any amount of marijuana on Fisher College property and violates federal law. In addition, it remains illegal for anyone to possess, use, or consume marijuana on the grounds of a public or private K-12 school. There is no exception for medical marijuana.**

**Off-campus possession - 21 years or older.** Massachusetts legalized possession of certain amounts of marijuana for a person 21 years of age or older. Any person 21 years of age or older in possession of more than one ounce of marijuana faces civil fines and/or criminal penalties, which may include arrest. Exception: In your "primary residence," you may legally possess up to 10 ounces of marijuana. Landlords have the right to restrict the smoking of marijuana in properties they own.

No person under the age of 21 may possess marijuana in public or private in Massachusetts. The penalties range from civil fines and/or criminal penalties, which may include arrest. Persons 18 years and younger face civil fines and mandatory drug education classes. There is an exception for valid medical marijuana registration cardholders.

**Selling Marijuana.** It remains illegal for any person to sell marijuana without a valid license from the Massachusetts Department of Public Health or the Cannabis Control Commission. Selling any amount of marijuana or possessing marijuana with the intent to distribute it are criminal offenses that may result in fines and jail time.

**Giving Away Marijuana - "Gifting."** A person 21 years or older may "gift" another person 21 years or older up to one ounce or less of marijuana. Gifting more than one ounce is a criminal offense. Gifting persons under 21 years is also a criminal offense.

**Cultivation of Marijuana Plants.** Massachusetts law allows for a person 21 years or older to cultivate up to 6 marijuana plants in their "primary residence," with a maximum of 12 plants in a home where more than one person 21 years or older resides. Landlords have the right to forbid cultivation of marijuana in properties they own.

**Manufacture of Marijuana Concentrate is Illegal.** The manufacture of marijuana concentrate is illegal and can result in the forfeiture of property or in criminal penalties if manufactured for sale or intended sale.

**Local city or town laws may prohibit possession or consumption of marijuana.** Cities and towns may regulate or prohibit the possession or consumption in a public building and may prohibit the smoking of marijuana in public places or where smoking tobacco is prohibited.

### **Description of Health Risks**

Serious health and personal risks are associated with the use of illegal drugs and abuse of alcohol. They may include temporary or permanent physical or mental impairment, injury, or death. Use and abuse of such substances may also give rise to conduct which causes injury, death, or damage to the user/abuser or to the person or property of others, resulting in criminal or civil prosecution and liability. Use and abuse of such substances may also lead to unsafe and/or nonconsensual sex, unwanted pregnancy, and may cause defects, injury, or death in unborn children. Consequences also include temporary or permanent loss of educational or employment opportunities.

For additional information on the health risks associated with alcohol and drug abuse, please contact our Health Services department at (617) 236-8860. Additional resources are available for all members of the Fisher College community.

outside the College, unless a written release to do so is provided by the student or the life of the student or another person is in imminent danger. In the event that entrance into a counseling, treatment or rehabilitation program is required as a disciplinary measure, a written release to the Dean of Students will be required to indicate entrance into the program and to confirm satisfactory completion of the program.

### **Fisher College Employee Drug and Alcohol Policies**

Fisher College desires to provide a drug-free, safe, and pleasant working environment. To promote this goal, employees are required to report to work in appropriate mental and physical condition to perform their jobs in a satisfactory manner.

Being under the influence of an illegal drug or alcohol on the job will not be tolerated. While on Fisher College premises and while conducting business-related activities off College premises, no employee may use, possess, distribute, sell, attempt to do any of the foregoing, or be under the influence of alcohol or illegal drugs. The legal use of prescribed drugs as directed is permitted at the College only if it does not impair an employee's ability to perform the essential functions of the job effectively, safely and in a manner that does not endanger other individuals in the workplace or on College grounds. We have established the following guidelines with regard to use, possession or sale of alcohol or illegal drugs:

- The possession, use, distribution, sale or attempted sale, purchase or attempted purchase, or transfer of, or being under the influence of, alcohol or illegal drugs, and abuse or misuse of prescription or illicit drugs is strictly prohibited while on College premises (including the parking areas) or while performing College business.
- Employees will not be permitted to work while under the influence of illegal drugs or alcohol.
- Off-the-job illegal drug use which could adversely affect an employee's job performance or which could jeopardize the safety of other employees, the public or the College's facilities, or where such usage could jeopardize the security of the College's finances or business records, or where such usage adversely affects members' or the public's trust in the ability of the College to carry out its responsibilities, will not be tolerated. Employees who are involved in or suspected of involvement in such off-the-job drug activity will be considered in violation of this policy and subject to termination.
- Employees undergoing prescribed medical treatment with a controlled substance that may affect the safe performance of their duties are required to report this treatment to their supervisor through their personal physician. A determination will then be made as to whether the employee should be able to perform the essential functions of the job safely and properly.
- You are required to report arrests or convictions for drug violations to Fisher College.

Supervisors should immediately report any action by an employee who demonstrates an unusual pattern of behavior to Human Resources. Employees believed to be under the influence of drugs, narcotics, or alcohol will be required to leave the premises. Human Resources will arrange for safe transit.

Any employee reporting for duty on Fisher College grounds and facilities in an intoxicated, impaired, or drugged state, or who in the reasonable judgment of a management member appears to be in an intoxicated, impaired, or drugged state shall be subject to immediate suspension without pay and/or discharge after investigation of the incident by Fisher College management.

Any employee found possessing any alcohol or illegally possessing, using, or distributing any drugs or substances controlled under the Controlled Substances Act of 1970 on Fisher College grounds and facilities shall be subject to immediate suspension without pay and/or discharge after investigation by Fisher College management.

Any employee arrested on charges relating to the possession, sale, or use of drugs or controlled substances shall be immediately placed on a leave of absence without pay until such time as innocence or guilt is established.

Any employee who pleads guilty or is convicted of illegal possession, use, sale, or distribution of drugs or controlled substances shall be discharged. Although in the Commonwealth of Massachusetts the legal drinking age is 21, at Fisher College, no student or employee, regardless of age, may possess, consume, or transport alcohol onto the Fisher College campus. At certain times the College may hold an event and alcohol may be served to those who are of legal drinking age. If you would like to request to serve alcoholic beverages at a meeting or event you must submit a request (Request to Serve Alcohol

Form is available in the Human Resource Department) to serve alcoholic beverages form to the Dean of Students office at least four weeks prior to the event for approval.

Any violation of this policy may lead to disciplinary action up to and including termination of employment.

## **Firearms and Other Weapons**

The possession of weapons of any kind, including replicas, is strictly prohibited on campus. This includes, but is not limited to: firearms, all chemical sprays, knives, and martial arts weapons (for example, nunchaku). The College will impose disciplinary sanctions on students and employees who violate College regulations and standards of conduct regarding weapons. Violations of weapons laws are reported under federal and state law.

Carrying an illegal weapon is a felony punishable by up to five years in state prison. Students or employees who violate public law are subject to criminal prosecution and College sanctions. A conviction for unlawfully carrying a firearm without a license in Massachusetts mandates a one-year jail sentence.

Even if one has a valid firearm license, carrying a firearm on a college or university campus in Massachusetts is a crime (with the exception of full-time police officers).

## **Missing Students Notification Policy and Procedure**

Fisher College takes the safety and well-being of its students very seriously. On campus students may confidentially identify an individual to be notified within 24 hours following an official determination that the student is missing for 24 hours. Students are advised that this information will be accessible only to authorized campus officials, and it may not be disclosed, except to law enforcement personnel in furtherance of a missing person investigation. The Office of Housing and Residential Life collects this information during the on-campus move-in process and students may update or change missing person contact information at any time by contacting the Office of Housing and Residential Life. In addition, all students may provide the College with confidential contact information that may be used to reach the student in the event of an emergency.

Students are advised that in the event a student under 18 years of age and not emancipated, Fisher College must notify a custodial parent or guardian within 24 hours of the determination that the student is missing, in addition to notifying any additional contact person designated by the student. Students are advised that, for all missing students, Fisher College will notify the local law enforcement agency within 24 hours of the determination that the student is missing, unless the local law enforcement agency was the entity that made the determination that the student is missing. All members of the Fisher College community are required to notify the Department of Public Safety (8880 from a campus phone or (617) 236-8880 from off campus and cell phones) immediately when they believe a student is missing for 24 hours. The College, acting through its various departments, offices, and employees, shall notify the Department of Public Safety immediately in all cases of missing persons reported to any employee of the College. In all cases, the Department of Public Safety will notify the Dean of Students directly of any missing student report.

## **Missing Students Procedures**

The Department of Public Safety will investigate the circumstances of the student's absence. Regardless of whether the student has identified a contact person, is above the age of 18, or is an emancipated minor, the Department of Public Safety will notify Boston Police (or the local law enforcement within that jurisdiction) that the student is missing within 24 hours. The missing student's designated missing

person contact will also be notified within 24 hours of determining they have been missing for 24 hours, if one has been designated. If the missing student is under the age of 18 and is not an emancipated minor, the College will notify the student's custodial parent or legal guardian, in addition to any additional contact person designated by the student, within 24 hours of the determination that the student is missing.

**Assault with intent to commit** rape is a crime under G.L. c. 265, § 24. "Assault with intent to commit rape" is not defined by statute.

- **Stalking** is a crime under Massachusetts General Laws, Chapter 265 § 43(A). Stalking is defined as: "Whoever (1) willfully and maliciously engages in a knowing pattern of conduct or series of acts over a period of time directed at a specific person which seriously alarms or annoys that person and would cause a reasonable person to suffer substantial emotional distress, and (2) makes a threat with the intent to place the person in imminent fear of death or bodily injury, shall be guilty of the crime of stalking and shall be punished by imprisonment in the state prison for not more than 5 years or by a fine of not more than \$1,000, or imprisonment in the house of correction for not more than 2 1/2 years or by both such fine and imprisonment. The conduct, acts or threats described in this subsection shall include, but not be limited to, conduct, acts or threats conducted by mail or by use of a telephonic or telecommunication device or electronic communication device including, but not limited to, any device that transfers signs, signals, writing, images, sounds, data, or intelligence of any nature transmitted in whole or in part by a wire, radio, electromagnetic, photo-electronic or photo-optical system, including, but not limited to, electronic mail, internet communications, instant messages or facsimile communications.
  - For the purposes of obtaining a harassment prevention order under Massachusetts General Laws, Chapter 258E, harassment is defined as (i) 3 or more acts of willful and malicious conduct aimed at a specific person committed with the intent to cause fear, intimidation, abuse or damage to property and that does in fact cause fear, intimidation, abuse or damage to property; or (ii) an act that: (A) by force, threat or duress causes another to involuntarily engage in sexual relations; or (B) constitutes a violation of section 13B, 13F, 13H, 22, 22A, 23, 24, 24B, 26C, 43 or 43A of chapter 265 or section 3 of chapter 272.
- **Consent** is a voluntary affirmative agreement to engage in sexual activity proposed by another and requires mutually understandable and communicated words and/or actions demonstrating agreement by both parties to participate in all sexual activities. Appropriate sexual behavior requires consent from all involved parties. Consent must be freely informed without physical force, threats, intimidation behavior, duress, or coercion. Silence, a lack of resistance, previous sexual relationships or experiences, and/or a current relationship may not, in themselves, be taken to imply consent. The initiator, or the person who wants to engage in the specific sexual activity, must obtain consent from the partner(s) for each sexual act; both parties may be initiators at different points of sexual activity; a person's initiation of a sexual act constitutes consent to that act; but not necessarily to subsequent acts. Consent to sexual activity may be withdrawn at any time, as long as the withdrawal is communicated in mutually understandable words and/ or actions; sexual activity must cease immediately. Note: Intoxicated persons do not have the ability to give consent.

**Fisher College Definition of Consent** is the mutual agreement between individuals, clearly through the use of words or actions, to participate in a sexual activity no matter how slight the interaction may

be. Consent cannot be given by minors, a mentally disabled individual, an individual under the influence of any substance (alcohol/drugs/or any other disabling substance), intoxicated, incapacitated, or by an individual who is unconscious. In addition, Fisher College will not accept the consent of an individual if that individual gave consent as the result of coercion, verbal/physical threats, or by the threat of force or future harm. This definition is used for all policies, procedures and handbook references to the term "Consent."

## **Campus Sex Crimes Prevention Act**

The Federal Campus Sex Crimes Prevention Act requires colleges and universities to issue a statement advising the campus community where state law enforcement agency information concerning registered sex offenders may be obtained. The Act also requires registered sex offenders to provide to appropriate state officials notice of each institution of higher education at which the offender is employed, carries on a vocation, or is a student. The Fisher College community may access information regarding sexual offenders by contacting the Boston Police Department or by contacting the Massachusetts Executive Office of Public Safety. The sexual offender webpage can be accessed at [www.mass.gov/eopss/agencies/sorb](http://www.mass.gov/eopss/agencies/sorb)

## **Sexual Assault**

Sexual assault is a crime punishable by both civil and criminal legal action. Sexual assault is also a violation of the Fisher College Title IX Policy, which is incorporated into the Fisher College Student Code of Conduct. Links to these policies are at

<https://resources.finalsite.net/images/v1692102678/fisheredu/k5630nl57v5e12bf4pf5/StudentCodeofConduct2023-2024-Updated08092023pdf002.pdf>

The College's Title IX Policy provides for a formal hearing process administered by the Title IX Coordinator's Office, including notice, investigation, cross examination, and the right to appeal. The student conduct process is administered through the Dean of Students Office. Fisher College also encourages victims to prosecute alleged perpetrators to the fullest extent of the law. The College offers several options to assist victims of sexual offenses. These options are set forth below.

Victims of sexual assault tend to feel a variety of conflicting emotions: rage, fear, depression, relief to have survived, numbness and exhaustion, to name just a few. Two vital points to remember are that the assault was not your fault and there is help available.

Fisher College's Department of Public Safety trains every police officer on protecting the rights of victims and witnesses of crimes. Referral information is accessible at all times regarding area services available for general counseling, medical attention, emergency housing or financial assistance. Responsiveness to the needs of crime victims is a priority for the Department of Public Safety.

## **Sexual Assault Education and Prevention**

Fisher College students receive information about the prevention of sexual assaults, date rape and acquaintance rape through various programs including information about prevention at Student Orientation. Information is also available through the Department of Public Safety and Fisher College Health Services. The College also brings in outside organizations such as Sex Signals and the Boston Area Rape Crisis Center to provide interactive educational programs.

## **If You Are Sexually Assaulted:**

- Go to a safe location.
  - Contact the local police for immediate assistance and information.
  - On the Boston Campus the Fisher Police Department can be contacted for assistance at (617) 236-8880, or Boston Police can be called directly at 911.
- Go the closest hospital Emergency Room. A qualified physician or nurse will examine you for injuries and collect physical evidence that could be used in criminal proceedings if you decide to prosecute. Sexual Assault Nurse Examiner (SANE) nurses have been trained and are certified to aid victims of sexual assaults.
- The preservation of evidence is important for the proof of a criminal offense. If possible, do not change your clothes, shower, or eat or drink between the rape and the trip to the emergency room. Bring a change of clothes with you because the police will need the clothes you were wearing for evidence.
- The physical exam is provided at no cost to you.
- Having a physical exam does not mean that law enforcement must be notified, or the offender prosecuted. You have 6 months after the collection of evidence to decide to report the assault to the police.
- Even if you do not wish to prosecute, it is important that you have a physical exam after the attack. Besides bruises or other physical injuries, the perpetrator might have passed on a sexually transmitted disease that requires treatment.
- You may seek counseling from Fisher College Counseling office. They can be reached at (617) 236-8894.
- You may also seek free counseling and legal services from the Boston Area Rape Crisis Center. They can be reached at (800) 841-8371 or at [www.barcc.org](http://www.barcc.org).
- Prevention training is also required in conformity with Chapter 6 of the Massachusetts General laws (Chapters 168D & 168E), see also <https://malegislature.gov/Laws/SessionLaws/Acts/2020/Chapter337>

## **Title IX**

Fisher College is committed to fostering a community that is free from sexual harassment in order to create a successful learning and working environment for all of its members. Sexual harassment, in any form, is a violation of an individual's dignity, integrity, and rights. In order to create an environment that promotes respect for all members of its community, Fisher College expects all members of the College community to take action to prevent acts of sexual harassment.

Title IX of the U.S. Education Amendments of 1972 ("Title IX") is a federal civil rights law that prohibits discrimination on the basis of sex in education programs and activities. Fisher College does not discriminate on the basis of sex in the education programs or activities that it operates including admissions and employment.

Under Title IX, discrimination on the basis of sex can also include sexual harassment which is defined as conduct on the basis of sex that satisfies one or more of the following:

1. An employee of the College conditioning the provision of education benefits on participation in unwelcome sexual conduct (i.e., quid pro quo); or

2. Unwelcome conduct that a reasonable person would determine is so severe, pervasive, and objectively offensive that it effectively denies a person equal access to the institution's education program or activity; or
3. Sexual assault (as defined in the Clery Act), dating violence, domestic violence, or stalking as defined in the Violence against Women Act (VAWA).

Any person may report sex discrimination, including sexual harassment (whether or not the person reporting is the person alleged to be the victim of conduct that could constitute sex discrimination or sexual harassment), in person, by mail, by telephone, or by electronic mail, using the contact information listed for the Title IX Coordinator, or by any other means that results in the Title IX Coordinator receiving the person's verbal or written report. Such a report may be made at any time (including during non-business hours) by using the telephone number, electronic mail address, or by mail to the office address listed for the Title IX Coordinator. The following person has been designated to handle inquiries regarding the non-discrimination policies and/or laws Shiela Lally, Interim Title IX Coordinator; Fisher College, 118 Beacon Street, Boston, MA 02116, [slally@fisher.edu](mailto:slally@fisher.edu). The dedicated Fisher College Title IX Hotline is (617) 236-5409. This line is checked daily.

Fisher College's Title IX Policy provides information on Fisher's grievance procedures and grievance process, including how to report or file a complaint of sex discrimination, how to report or file a formal complaint of sexual harassment, and how Fisher will respond. These procedures may be found at (<https://www.fisher.edu/about/title-ix>)

Inquiries about the application of Title IX may be referred to Fisher's Title IX Coordinator, to the Assistant Secretary of the Department of Education, or both. The Assistant Secretary's contact information is U.S. Department of Education, Office of Postsecondary Education, 400 Maryland Avenue, S.W., Washington, DC 20202, Main Telephone: (202) 453-6914.

Fisher College's Title IX Policy is also available in the Student Code of Conduct which can be found at: <https://resources.finalsite.net/images/v1692102678/fisheredu/k5630nl57v5e12bf4pf5/StudentCodeofConduct2023-2024-Updated08092023pdf002.pdf>

In addition, The College's Title IX office offers training to individuals, departments, and College-wide on the institution's Title IX and VAWA responsibilities to address sex and gender-based harassment, including sexual harassment, sexual violence, relationship violence, stalking, the prohibition on retaliation and the College's Sexual Misconduct Policy. In addition, for 2019 training was provided to faculty, staff, athletics (students, coaches and staff). The Title IX Coordinator also receives annual training and recertification related to Title IX and Clery.

## **Reporting Sexual Misconduct, Domestic/Dating Violence, and Stalking**

Fisher College has adopted policies and procedures designed to prevent and respond to incidents of sexual misconduct, sexual assault, domestic violence, dating violence, and stalking. These policies and procedures apply to all members of the Fisher community (students, faculty, and staff) as well as contractors and visitors. They may be found at <https://www.fisher.edu/about/title-ix>.

The College will carefully review and/or investigate all reports of sexual misconduct and provide for fair and impartial evaluation and resolution based on the circumstances of an allegation. Employees who are found responsible for having committed sexual misconduct may face disciplinary actions that

include mandatory training, unpaid suspension, or termination of employment. Students who are found responsible for having committed such a violation may face disciplinary probation, be suspended from participation in any College affiliated event or any College sponsored activity, suspension from College housing, dismissal from College housing, suspension from the College, or dismissal from the College.

This policy provides College community members, including students, faculty, and staff, with standards, definitions, and key concepts, and descriptions of prohibited conduct. It is intended to protect and guide students, faculty and staff who have been affected by sexual misconduct.

Fisher College understands that incidents of sexual misconduct, domestic/dating violence, and stalking are sensitive in nature and can be emotional for all parties involved and will be handled with the utmost care and sensitivity. While we encourage students who are victims of sexual misconduct, domestic/dating violence, and stalking to file a complaint and seek immediate medical treatment, it is at the sole decision of the victim if and when they choose to do so. The preservation of evidence is important for the proof of a criminal offense and/or may be helpful in obtaining a protection order. Fisher staff members are available 24/7 for victims who wish to have immediate support.

### **Sexual Misconduct Policy**

#### **I. Fisher College Values, Purpose of Policy, & Statement on Nondiscrimination**

##### **A. Statement of Institutional Values**

Fisher College (the "College") is committed to establishing and maintaining an educational and employment environment that is free from sexual misconduct. Sexual misconduct, as defined below, is a violation of a person's rights, dignity, and integrity, and is contrary to the mission and values of the College. Acts of sexual misconduct are strictly prohibited and will not be tolerated.

The College takes all allegations of sexual misconduct seriously and is committed to providing information, education, resources, support, interim measures, and direction to the College community to prevent and address sexual misconduct. In response to any report or complaint that a member of the College community has engaged in sexual misconduct, the College will take all appropriate steps to eliminate the misconduct, prevent its recurrence, and address its effects. To achieve equitable results, the College will carefully review and/or investigate all reports and complaints of sexual misconduct with an earnest intent to understand the perspective and experiences of each individual involved, and to provide for fair and impartial evaluation and resolution.

##### **B. Purpose & Scope of Policy**

The purpose of this policy is to provide the College community with a clear set of behavioral standards, definitions, and descriptions of sexual misconduct. The policy is intended to protect and guide College community members who have been affected by sexual misconduct, whether as a Reporting Party, a Responding Party, or a third party.

When used in this policy, "Reporting Party" refers to those persons who have reported to the College that they have been the subject of prohibited conduct. "Responding Party" refers to those persons who have been accused of engaging in prohibited conduct. "Third party" refers to any other person with information concerning a report of prohibited conduct, including any witness to the incident or any individual who makes a report to the College concerning someone else. "Employee" refers generally to all staff and faculty members, unless otherwise specified. A "report" refers to any incident or concern regarding prohibited conduct that is reported to the College. A "complaint" is an allegation of sexual misconduct filed in writing and signed by a Reporting Party against a member of the College community.

This policy applies to all College community members, including students, faculty, and staff. Vendors, visitors, and others who conduct business with the College or on College property are also expected to comply with this policy. All College community members are responsible for their actions and behavior, both on campus and off campus. Members of the College community have a responsibility to adhere to both College policies and all laws (local, state, and federal) of wherever they reside or travel. Therefore, this policy applies both to on-campus and off-campus conduct, including, but not limited to,

off-campus conduct that has an actual or potential adverse impact on any member of the College community or the College.

Any individual may make a report alleging a violation of this policy, whether or not he/she/they is affiliated with the College. The College will provide resource options and respond promptly and equitably to all reports of prohibited conduct involving a College community member. The College will engage in an impartial review of the alleged prohibited conduct during which it is committed to maintaining fairness for all parties and balancing the needs and interests of individuals with the safety of the community.

Violations of this policy may result in disciplinary action if the Responding Party is found responsible, by a preponderance of the evidence, for the alleged conduct. Depending on the nature of the violation, disciplinary consequences for violations of this policy may include denial of privileges, written warnings, disciplinary probation, suspension, and expulsion for students, and may include warnings (verbal or written), demotions, suspensions, and termination for employees. In addition, the College community should be aware that the conduct described in this policy may also violate federal or state laws and regulations.

No later than August 20 of each year, the College will email this Sexual Misconduct Policy and Process B to all students and employees.

The College will periodically review this policy.

**The College reserves the right to update, amend, or modify this policy at any time.**

## II. Notice of Nondiscrimination

The College is committed to establishing and maintaining an environment free of all forms of harassment and discrimination for all College community members. The College does not discriminate on the basis of race, color, ethnicity, national origin, sex, sexual orientation, gender identity or expression, disability, age, or any other status protected by state or federal law in its programs or activities.

The College does not discriminate on the basis of sex in its educational, extracurricular or other programs, or in the context of employment. Sexual misconduct, including sexual harassment as defined in this policy, is a form of sex discrimination that unjustly deprives a person of equal treatment. It is prohibited by Title IX of the Educational Amendments of 1971, a federal law that provides that:

*No person in the United States shall, on the basis of sex, be excluded from participation in, or be denied the benefits of, or be subjected to discrimination under any education program or activity receiving Federal financial assistance.*

Discrimination, including sexual harassment, is also prohibited under Title VII of the Civil Rights Act of 1964, Massachusetts General Laws Chapter 151B, and other applicable statutes.

This policy prohibits sexual misconduct committed by any College community member, regardless of gender related status. This policy also prohibits gender-based harassment and violence that may not involve conduct of a sexual nature, including, but not limited to, certain reports of domestic violence, dating violence, or stalking.

For assistance related to civil rights, students may visit the Department of Education, Office for Civil Rights website at <http://wdcrobcolp01.ed.gov/CFAPPS/OCR/contactus.cfm>, which provides information regarding the address and phone number of the OCR office that serves their area, or they may call 1-800-421-3481.

## III. Statement on Privacy, Confidential Resources, & Other Resources

### A. Privacy & Confidentiality

The College is committed to respecting the privacy of all individuals involved in a report or complaint of prohibited conduct. In any review of a report or complaint of prohibited conduct, every effort will be made to protect the privacy and interests of the individuals involved in a manner that is consistent with the need for a thorough review of the allegation(s). Such a review is essential to protecting the safety

of the Reporting Party, the Responding Party, and the broader campus community, and to maintaining an environment free from sex or gender-related discrimination. The College will only share information related to a report/complaint and investigation with those individuals who have a need to know.

In some cases, the Reporting Party may wish to keep his/her/their identity or other aspects of an incident confidential or may request that the College not pursue an investigation. In such cases, the College must balance these requests against the College's responsibility to provide a safe and non-discriminatory environment for all College community members. This responsibility may require that the College disclose certain aspects of the report or complaint to the alleged Responding Party, law enforcement officials, or others with a need to know such information. The College will seek to respect the request of the Reporting Party and, where it cannot do so, it will consult with the Reporting Party and keep her/him/them informed about the chosen course of action.

All individuals involved in a report/complaint or investigation of sexual misconduct are expected to keep any information gained during any process of the investigation, decision, or appeal process confidential. This does not prohibit individuals from discussing information with individuals who need to know in order to provide support and assistance to the individual, or disclosing information to an individual who needs to know in order to participate in an investigation. These restrictions are put into place in order to protect all individuals involved in an investigation and the integrity of the investigation. Individuals found in violation of this may be subject to discipline.

If the College concludes that a report of sexual misconduct represents an immediate threat to the College campus community, the College may issue a timely notice of the conduct to the College community to protect the health or safety of the broader campus community. This notice will not contain any biographical or other identifying information of the Reporting Party.

Students should be made aware that if an individual involved in an alleged violation of sexual misconduct is enrolled at another institution, the College may be required to notify the other institution of a pending investigation.

All investigative and sanction proceedings, and all related notices or statements issued by the College, will comply with the requirements of the Family Educational Rights and Privacy Act (FERPA), the Clery Act, Title IX, other applicable law, and College policy. No information shall be released from such proceedings by the College, except as required or permitted by law or College policy.

The College views its students as adults. As a result, guardians and/or parents will not be notified when a student is involved in a claim of sexual misconduct. Students are encouraged to speak with their guardian and/or parent when they are involved in a matter of sexual misconduct. Should a guardian or parent wish to speak with the Title IX Coordinator or any other employee regarding a matter of sexual misconduct, a FERPA waiver will need to be fully executed prior to any conversation. Students have the right to execute or withdraw a FERPA waiver at any time. FERPA waivers are found in the Registrar's Office. Should a student be found responsible for violation of this policy and is separated from the college, prohibited from college housing, suspended, or expelled, guardians and/or parents are generally notified at that time.

#### B. Confidential Resources

The College encourages victims of sexual misconduct to talk with a trained counselor about the incident. If a member of the College community wishes to obtain **confidential assistance**, regardless of whether the individual wishes to make a report or complaint of sexual misconduct, he/she/they may use the following on and off campus **Confidential Resources (the "Confidential Resource Provider(s))":**

The Confidential Resource Provider(s) may attend administrative or College-based adjudication proceedings as an advisor/support person for the individual seeking assistance from the Confidential Resource Provider(s). The privileges available under M.G.L. c. 233 shall apply to all information received by the Confidential Resource Provider(s). Unless otherwise required by state or federal law, the Confidential Service Provider(s) shall not disclose confidential information without the prior written consent of the individual who shared the information. The Confidential Service Provider(s) shall not provide information to any College official or any law enforcement officer or agency unless the individual who shared the information provides written consent. Confidential communications made to the Confidential Service Provider(s) shall not be subject to discovery and shall be inadmissible in a civil or criminal proceeding unless the individual who made the confidential communication provides written consent. If given written consent by the individual seeking assistance, the Confidential Service Provider(s) may testify in a civil or criminal proceeding and may be subject to cross-examination.

If directed by the individual seeking assistance, the Confidential Resource Provider(s) shall assist the individual in contacting or reporting to campus or local law enforcement agencies. If requested by the individual seeking assistance, the Confidential Resource Provider(s), using only the individual's identifying information, shall coordinate with the appropriate College personnel to arrange possible interim supportive measures to allow the individual to change academic, living, transportation, or work arrangements in response to the alleged sexual misconduct.

Notice to the Confidential Resource Provider(s) of an alleged act of sexual misconduct shall not be considered actual or constructive notice to the College of the alleged act; moreover, the Confidential Resource Provider(s) performance of services shall not be considered actual or constructive notice to the College of an alleged act of sexual misconduct.

#### **D. Other Campus Resources**

In addition to the Confidential Resources listed above, all College community members have access to a variety of resources provided by the College that can provide crisis intervention services, counseling, and academic support. All of the staff listed below are trained to support individuals affected by sexual misconduct and to coordinate with the Title IX Coordinator consistent with the College's commitment to a safe and healthy educational environment. While not bound by confidentiality, these resources will nevertheless maintain the privacy of an individual's information within the limited circle of those involved in the investigation and resolution process.

While OCR complaints should generally be filed within 180 days of the last date of the alleged discrimination, OCR may extend this filing deadline in a variety of circumstances.

**IV. Prohibited Conduct & Definitions**

The College prohibits all forms of sexual misconduct and gender-based harassment. Sexual misconduct is a broad term that includes, but is not limited to, sexual assault, sexual harassment, sexual violence, sexual exploitation, stalking, cyber-stalking, relationship violence, bullying or cyber-bullying relating to

one's sex or gender identity, and aiding or facilitating the commission of any such prohibited conduct. Gender-based harassment is also a broad term, and includes acts of verbal, nonverbal, or physical aggression, intimidation, or hostility based on sex, gender identity, gender expression or sex-stereotyping, even if those acts do not involve conduct of a sexual nature, and regardless of whether the gender-based harassment rises to the level of violating the law, and aiding or facilitating the commission of any such prohibited conduct.

College policy also prohibits retaliation relating to the reporting of any sexual misconduct or gender-based harassment.

#### A. Definition of Sexual Harassment

Sexual harassment is a form of unlawful sex discrimination and consists of three basic types:

Unwelcome Advances: Any unwelcome and objectively inappropriate requests or advances upon another person to engage in sexual actions.

Intimidating, Hostile, or Demeaning Environment: Any unwelcome action or verbal expression, or a series of actions or expressions, that have either the intent, or are reasonably perceived as having the effect, of creating an intimidating, hostile, or demeaning educational or employment environment for a College student or employee, either by being sexual in nature or by focusing on a person's gender, sexual orientation, gender identity, or gender expression. An intimidating, hostile, or demeaning environment is defined as one that is so severe, pervasive, and objectively offensive that it interferes with a person's ability to learn, work (if employed by the College), or have access and opportunity to participate in any and all aspects of campus life.

A single or isolated incident of sexual harassment may create a hostile environment if the incident is sufficiently severe. The more severe the conduct, the less need there is to show a repetitive series of incidents to provide a hostile environment, particularly if the harassment is physical.

Quid Pro Quo Harassment: Any action in which submission to conduct of a sexual nature is made either explicitly or implicitly a term or condition of an individual's education, grades, recommendations, or extra-curricular or employment opportunities.

In any type of sexual harassment noted above, the effect will be evaluated based on the standard of a reasonable person in the position of the Complainant.

#### B. Definition of Sexual Misconduct

Sexual Misconduct is an incident of sexual violence, dating violence, domestic violence, gender-based violence, violence based on sexual orientation or gender identity or expression, sexual assault, sexual harassment, or stalking.

### V. Reporting

#### A. Emergency/Immediate Reporting Options

In the event that an individual is the victim of sexual assault or sexual violence, the physical safety and emotional well-being of the person is of primary importance. A victim may have been physically injured in a number of ways, may have been exposed to a sexually transmitted disease, and/or may be at risk of impregnation. The College strongly encourages any person who has been the victim of sexual assault/violence to seek immediate medical attention from the nearest hospital emergency room.

Additionally, if an assault has occurred very recently, there may be physical evidence present that can be collected. Although the collection of physical evidence does not require a victim to pursue criminal or civil charges, preserving evidence allows a victim to make the decision to do so in the future. If a victim is assaulted, he/she/they should not shower, change clothing, or brush his/her/their teeth. The

decision to seek medical attention and gather any evidence will remain confidential. Local medical resources include the following:

In cases of sexual assault, dating violence or domestic violence, victims should elect to have a forensic examination done at a local hospital from a specially trained Sexual Assault Nurse Examiner (SANE) nurse. There are SANE nurses on call at the **Beth Israel Hospital (617.667.7000) 330 Brookline Ave, Boston 02215, Boston Medical Center (617.638.8000) One Medical Center Place Boston 02118, and Brigham and Women's Hospital (617.732.5500) 75 Francis St Boston 02115.**

Choosing to obtain a forensic examination does not require the victim to file a police report. Having a forensic examination conducted does help to preserve evidence should the victim choose to file a police report at a later time in circumstances of sexual assault, if victims do not opt for forensic evidence collection, health care providers can still treat injuries and take steps to address concerns of sexually transmitted diseases, and/or pregnancy if the victim is a female.

Anonymous Reporting: The decision by a victim not to report a sexual assault, or to file an anonymous report with law enforcement, may occur for a variety of reasons. Pursuant to MGL c112, § 12A½, regardless of the victim's decision to report the assault to law enforcement, when a victim seeks medical treatment, the hospital is required to report the assault to the law enforcement entity of the jurisdiction using a Provider Sexual Crime Report (PSCR) without reference to the patient's name or address.

Individuals are strongly encouraged to call 911 if they are feeling unsafe and wish to reach local law enforcement or emergency medical care (including an ambulance) anywhere within the United States. Local law enforcement can also be reached at:

In addition, Campus Police can be reached at (617) 236-8888.

## B. Campus Reporting Options

To enable the College to respond to all reports and complaints in a prompt and equitable manner, the College encourages all individuals to directly report any incident of sexual misconduct to the Title IX Coordinator.

Any member of the College community may make a report of sexual misconduct. Students who wish to make a report of sexual misconduct should do so by contacting the Title IX Coordinator. Students who make a report of sexual misconduct should provide as much information as possible regarding the alleged incident of sexual misconduct. If a student wishes to make a report of sexual misconduct needs assistance in doing so, he/she/they should contact the Title IX Coordinator. Employees who wish to make a report of sexual misconduct should do so by contacting Title IX Coordinator. Employees who make a report of sexual misconduct should provide as much information as possible regarding the alleged incident of sexual misconduct. If an employee wishes to make a report of sexual misconduct needs assistance in doing so, he/she/they should contact the Title IX Coordinator.

Any member of the College community may make a report of sexual misconduct **anonymously** by contacting the Title IX Coordinator who is required by federal law to provide an **unidentifiable** statistical report regarding sexual misconduct to the Department of Public Safety. This is in accordance with the Clery Act. The only information that is shared is that an incident of sexual misconduct has taken place, the type of sexual misconduct, and the general location of the incident (i.e., on or off campus). To file a report of sexual misconduct, domestic/dating violence, and stalking students may contact any of the following departments:

- Interim Title IX Coordinator: Shiela Lally. Her email is [slally@fisher.edu](mailto:slally@fisher.edu). A report may also be made at any time to the Title IX Hotline at (617) 236-5409. This number is checked daily.

- Department of Public Safety: Located in the Mall of Fisher College and can be contacted 24/7 at (617) 236-8880.
- Office of the Dean of Students: Office located in the Mall of Fisher College, open from 8am-4pm Monday through Friday, and can be reached via phone at (617) 670-4423.
- Office of Housing and Residential Life: Located in the Mall of Fisher College, open from 8am-4pm Monday through Friday, and can be reached via phone at (617) 236-8828.

Individuals who make an anonymous report of sexual misconduct should provide as much information as possible regarding the alleged incident of sexual misconduct.

Any member of the College community who believes he/she/they have been the victim of sexual misconduct may make a complaint of sexual misconduct by submitting a signed statement providing as much information as possible regarding the alleged sexual misconduct. Students who wish to make a complaint of sexual misconduct should submit the signed, written complaint to Title IX Coordinator. If a student who wishes to submit a complaint of sexual misconduct needs assistance in doing so, he/she/they should contact Shiela Lally, Interim Title IX Coordinator. Employees who wish to make a complaint of sexual misconduct should submit the signed, written complaint to Shiela Lally, Interim Title IX Coordinator. If an employee who wishes to submit a complaint of sexual misconduct needs assistance in doing so, he/she/they should contact Shiela Lally, Interim Title IX Coordinator.

All College employees are expected to notify Human Resources if they receive information that any employee member of the College community has engaged in conduct prohibited by this policy. All College employees are expected to notify the Dean of Students if they receive information that any student member of the College community has engaged in conduct prohibited by this policy. In both instances, employees must otherwise keep such information as private as possible.

Any individual who makes a report or complaint of sexual misconduct will not be subject to a disciplinary sanction for a violation of the College's student conduct policy related to the report or complaint unless the report or complaint was not made in good faith.

#### C. Timeframe for Reporting

Individuals are encouraged to report sexual misconduct as soon as possible to maximize the College's and/or law enforcement's ability to respond promptly and equitably. The College does not limit the timeframe for reporting on an incident, and upon receipt of any report or complaint, regardless of when the incident occurred, the College will conduct an assessment to determine if an investigation and/or any safety measures are necessary to maintain the safety of the community. However, the College will not be able to impose disciplinary sanctions against an individual who is no longer affiliated with the College.

#### D. Amnesty

The College understands that an individual may be hesitant to make a report of sexual misconduct if the individual, or others present/involved, was under the influence of alcohol/drugs at the time of the incident(s) for fear of being found in violation of the Student Code of Conduct. If, while conducting an investigation of sexual misconduct, the College learns/determines that other violations of the College's policies have occurred (specifically, violations of the College's alcohol/drugs policy), the College will generally not pursue disciplinary actions for such conduct.

#### E. Coordination with Law Enforcement

The College encourages Reporting Parties to pursue criminal action for incidents of sexual misconduct when the incident constitutes a crime under the law of the jurisdiction where the incident occurred. If an individual chooses to report an incident of sexual misconduct to Campus Police, then the College will notify the law enforcement agency with jurisdiction over the alleged crime. To the extent permitted by

law, the College will also assist a Reporting Party in making a criminal report and will cooperate with law enforcement agencies if a Reporting Party decides to pursue the criminal process.

The College's definitions of sexual misconduct and its process and standard of proof for finding a Responding Party responsible for sexual misconduct differ from those used in criminal prosecutions. Thus, a Reporting Party may reasonably seek resolution through the College's complaint process, may pursue criminal action, may choose one but not the other, or may choose to report an incident to both or neither. Law enforcement's determination regarding whether or not to prosecute a Responding Party is not determinative of whether the College will conduct an investigation, or concludes that a member of the community has committed sexual misconduct in violation of this policy. However, any criminal disposition related to a complaint of sexual misconduct will be taken into consideration in the College's investigation of the report or complaint of sexual misconduct. Proceedings under this policy may be carried out prior to, simultaneously with, or following civil or criminal proceedings off-campus.

#### F. Bystander Intervention

The College strongly encourages all community members to take reasonable and prudent actions to prevent or stop sexual misconduct, including relationship violence, stalking, and sexual assault. Taking actions may include directly or indirectly confronting the situation (if it is safe to do so), taking steps to interrupt the situation, or seeking assistance from a person in authority. College community members who choose to exercise this positive moral obligation will be supported by the College and protected from retaliation.

#### G. Statement against Retaliation

It is a violation of this policy to retaliate in any way against an individual or a group because the individual or group made a report concerning sexual misconduct, was the subject of such a report, or otherwise participated in the College's investigation of such a report.

### VI. Investigation

When the College receives a report (including anonymous reports) or a complaint of sexual misconduct, the Title IX Coordinator will conduct an initial investigation to determine the nature of the report or complaint and whether further action is necessary. If the Title IX Coordinator determines that further action is necessary, he/she/they will then determine whether to follow the process outlined in Interim Process A (for reports and/or complaints that fall under the College's Title IX Policy) or the process outlined in Interim Process B (for reports and/or complaints that fall under this policy).

### VII. Interim Measures

Upon receipt of a report or complaint of sexual misconduct, the College will provide interim support and reasonable protective measures to prevent further acts of misconduct, and to provide a safe educational and work environment. The College will determine the necessity and scope of any interim measures. Interim remedies include but are not limited to counseling services, administrative stay-away orders, no trespassing orders, relocation of on-campus housing, academic accommodations, and schedule changes. The College will make every effort to make reasonable requests for interim remedies available in a timely fashion. Students seeking such assistance should speak with the Human Resources/Title IX Coordinator, who will coordinate such requests on behalf of the student. Employees seeking such assistance should speak with the Human Resource Director/Title IX Coordinator, who will coordinate such requests on behalf of the employee. The College will maintain contact with the parties to ensure that all concerns are being addressed.

Where the report of sexual misconduct poses an ongoing risk of harm to the safety or well-being of an individual or members of the College community, the College may place an individual on interim suspension or impose leave for an employee. Pending resolution of the report or complaint, the individual may be denied access to campus. When interim suspension or leave is imposed, the College will make reasonable efforts to complete the investigation and resolution within an expedited timeframe.

All individuals are encouraged to report concerns about the failure of another individual to abide by any restrictions imposed by an interim measure. The College will take immediate and responsive action to enforce measures previously ordered or implemented by the College.

## XII. Confidentiality, Recordkeeping, and Education & Training

### A. Confidentiality & FERPA

All documents created in connection with any report or complaint of sexual misconduct or in connection with the investigation and resolution of any report or complaint of sexual misconduct will be kept confidential by the College. They will be shared only with individuals with a "need-to-know" such information. To the extent any of these documents constitute "education records" under FERPA, they will be treated accordingly. All parties to the College's complaint resolution process are expected to maintain the confidentiality of any documents they receive in connection with the process. A party who improperly disseminates any such documents, or otherwise discloses the contents of those documents to third-parties, will be subject to disciplinary action.

### B. Recordkeeping

The College will maintain all documents related to each report or complaint of sexual misconduct, including all documents related to all formal and informal resolution processes conducted pursuant to this Policy, for seven (7) years.

### C. Education & Prevention

The College embraces an interdepartmental, multimodal, and situational approach to educate the College community about this policy and to prevent sexual misconduct. To that end, the Office of Student Life works collaboratively to provide the community with educational opportunities as follows:

Orientation/Welcome Week: Students receive a student handbook and new student orientation which includes the policies of the College. The Office of Student Affairs outlines the importance of bystander awareness, student faculty, and reporting procedures.

### D. Training

The College trains faculty, staff and Campus Safety, on the following topics:

- Responding to reports and complaints;
- Bystander intervention;
- Record-keeping and documentation;
- Assessing and reporting complaints of sexual misconduct;
- The availability of Confidential Resources;
- The availability of other campus resources for support, advocacy, and medical assistance

This policy is in conformity with Chapter 6 of the Massachusetts General laws (Chapters 168D & 168E), see also <https://malegislature.gov/Laws/SessionLaws/Acts/2020/Chapter337>.

## **Procedures Victims Should Follow if a Crime of Domestic Violence, Dating Violence, Sexual Assault and Stalking Occurs**

After an incident of sexual assault, dating violence or domestic violence, the victim should consider seeking medical attention as soon as possible at a local area hospital offering physical evidence recovery kit collection/access to forensic nurse examiners/sexual assault nurse practitioners. In Massachusetts, evidence may be collected even if you chose not to make a report to law enforcement<sup>1</sup>

---

<sup>1</sup> Under the Violence Against Women and Department of Justice Reauthorization Act of 2005, starting in 2009, states must certify that they do not "require a victim of sexual assault to participate in the criminal justice system or cooperate with law enforcement in order to be provided with a forensic medical exam, reimbursement for charges incurred on account of such an exam, or both."

Anonymous Reporting: The decision by a victim not to report a sexual assault, or to file an anonymous report with law enforcement, may occur for a variety of reasons. Pursuant to MGL c112, § 12A½, regardless of the victim's decision to report the assault to law enforcement, when a victim seeks medical treatment, the hospital is required to report the assault to the law enforcement entity of the jurisdiction using a Provider Sexual Crime Report (PSCR) without reference to the patient's name or address.

It is important that a victim of sexual assault not bathe, douche, smoke, change clothing or clean the bed/linen/area where they were assaulted if the offense occurred within the past 96 hours so that evidence may be preserved that may assist in proving that the alleged criminal offense occurred/or is occurring or may be helpful in obtaining a protection order.

In cases of sexual assault, dating violence or domestic violence, victims should elect to have a forensic examination done at a local hospital from a specially trained Sexual Assault Nurse Examiner (SANE) nurse. There are SANE nurses on call at:

- **Beth Israel Hospital (617-667-7000) 330 Brookline Ave, Boston 02215**
- **Boston Medical Center (617-638-8000) One Medical Center Place, Boston 02118**
- **Brigham and Women's Hospital (617-732-5500) 75 Francis St, Boston 02115**
- **Cambridge Hospital (617-665-2300) 1493 Cambridge St, Cambridge 02139**
- **Mass General Hospital (617-726-2000) 55 Fruit St, Boston 02114**
- **Newton-Wellesley Hospital (617-243-6000) 2014 Washington St, Newton 02462**

Choosing to obtain a forensic examination does not require the victim to file a police report. Having a forensic examination conducted does help to preserve evidence should the victim choose to file a police report at a later time. In circumstances of sexual assault, if victims do not opt for forensic evidence collection, health care providers can still treat injuries and take steps to address concerns of sexually transmitted diseases, and/or pregnancy if the victim is a female.

Victims of sexual assault, domestic violence, stalking and dating violence are encouraged to also preserve evidence by saving text messages, instant messages, social networking pages, other communications, and keeping pictures, logs or other copies of document, if they have any, that would be useful Fisher College adjudicators/investigators or police.

As time passes, evidence may dissipate or become lost or unavailable. Thereby making investigation, possible prosecution, disciplinary proceedings, or obtaining protection from abuse orders related to the incident more difficult. If a victim chooses not to make a complaint regarding an incident, he or she nevertheless should consider speaking with Fisher College Department of Public Safety or other law enforcement to preserve evidence in the event the victim decides to report the incident to law enforcement or the College at a later date to assist in proving that the alleged criminal offense occurred or that may be helpful in obtaining a protection order.

Please be advised that all employees of Fisher College who are made aware of an incident of sexual misconduct are required by Federal Law to file a report regarding the incident and individuals involved with the Title IX Coordinator unless they are exempt from the reporting obligation as defined under Title IX and Clery because they are professional or pastoral counselors ("Confidential Resources"). These reports will include the names of the victim and the accused, along with all relevant facts regarding the incident.

The Title IX Coordinator is required by federal law to provide an **unidentifiable** statistical report regarding sexual misconduct to the Department of Public Safety. This is in accordance with the Clery Act. The only information that is shared is that an incident of sexual misconduct has taken place, the type of sexual misconduct, and the general location of the incident (i.e., on or off campus). To file a report of sexual misconduct, domestic/dating violence, and stalking students may contact any of the following departments:

- Title IX Coordinator: Shiela Lally. Her email is [slally@fisher.edu](mailto:slally@fisher.edu). A report may also be made at any time to the Title IX Hotline at (617) 236-5409. This number is checked daily.
- Department of Public Safety: Located in the Mall of Fisher College and can be contacted 24/7 at (617) 236-8880.
- Office of the Dean of Students: Office located in the Mall of Fisher College, open from 8am-4pm Monday through Friday, and can be reached via phone at (617) 670-4423.
- Office of Housing and Residential Life: Located in the Mall of Fisher College, open from 8am-4pm Monday through Friday, and can be reached via phone at (617) 236-8828.

Students and staff may also report to the Boston Police at District 4 (617) 343-4250. A student, faculty or staff member may report sexual misconduct or sexual assault to campus police or law enforcement agency in the jurisdiction where the offense was committed, on the Main Campus that would be the Boston Police. Campus Police will assist the victim in reporting and investigating the reported offense. Officers will also assist even if the crime occurred outside of their jurisdiction by connecting the victim with the appropriate law enforcement agency in the jurisdiction where the crime occurred. Officers will explain and assist those seeking a Protective Order and assist those victimized on or off campus with obtaining a Protective Order. For those victimized outside of Fisher College Police jurisdiction, Fisher College Police will assist by providing them with information on where to obtain a Protective Order. The person or victim may report in person, on the phone, or through another member of the community. Often times it is reported to Public Safety in an indirect way, either through the victim, or a Clery Campus Security Authority. If a rape or sexual assault, the first step is to identify a few facts to determine what happens next. Before asking the questions, the victim should be told that although all attempts will be made to keep this information confidential, this incident must be reported to the Title IX investigator on campus by Federal standard. If the initial report is handled by a non-sworn officer, he or she shall immediately call the police officer on duty for follow up. If there is a sexual assault investigator on duty, they shall do the initial interview. Safety is the first priority. If the victim does not feel safe, she/he may need to move to a different more private area or the perpetrator may be nearby. If medical attention is necessary, she/he should be sent via ambulance and offered the opportunity to bring a friend.

If the incident occurred off campus, the police officer shall then assist the victim to obtain medical response (if needed or requested) and in getting to the appropriate law enforcement agency to report the case. If the incident happened on the Boston campus; the Boston Police shall be contacted to take the report.

The officer dealing with the victim will give her/him the resource information from the sexual assault folder kept in the police office. The folder contains informational materials for the person as well as a form to be signed by the victim and kept by the officer. All information on the form must be reviewed with the victim, signed off and submitted with the case report. If the victim is afraid for his or her safety the officer shall review the safety plan with the victim.

If there is an emergency on any campus dial 911. If a student wishes to be assisted in this process, he or she may contact any of the Fisher College department numbers listed above for assistance. It is the victim's choice whether or not to make such a report. Furthermore, victims have the right to decline to notify law enforcement.

### **Procedures the College Will Follow When a Crime of Domestic Violence, Dating Violence, Sexual Assault and Stalking is Reported**

The College's procedures are designed to be sensitive to victims who report sexual assault, domestic violence, dating violence, and stalking, including informing individuals about their right to file criminal charges as well as the availability of counseling, health, mental health, victim advocacy, legal assistance, visa and immigration assistance, student financial aid and other services on and/or off

campus as well as additional remedies to prevent contact between a complainant and an accused party, such as changes to housing, academic, protective orders, transportation and working situations, if reasonably available. The College will make such reasonable accommodations or protective measures available upon request regardless of whether the victim chooses to report the crime to the Fisher College Campus Police or local law enforcement. All members of the Fisher College Community may report to the Title IX Coordinator. In addition, Students may contact the Dean of Students office at (617) 670-4423 and employees may contact Human Resources at (617) 236-8812.

### **Assistance for Victims: Rights & Options**

Regardless of whether a victim elects to pursue a criminal complaint or whether the offense is alleged to have occurred on or off campus, the College will assist victims of sexual assault, domestic violence, dating violence, and stalking and will provide each victim with a written explanation of their rights and options. Such written information will include:

- the procedures victims should follow if a crime of dating violence, domestic violence, sexual assault or stalking has occurred;
- information about how the institution will protect the confidentiality of victims and other necessary parties;
- a statement that the institution will provide written notification to students and employees about victim services within the institution and in the community;
- a statement regarding the institution's provisions about options for, available assistance in, and how to request accommodations and protective measures; and
- an explanation of the procedures for institutional disciplinary action

### **Confidentiality**

Victims may request that directory information on file with Fisher College be withheld by a request to the Registrar's Office, ATT: Jesse Avalos. Jesse Avalos, Interim College Registrar, can be reached directly at [javalos@fisher.edu](mailto:javalos@fisher.edu) or (617) 236-8827.

Fisher College recognizes that confidentiality is important to all individuals involved in all matters of a sexual misconduct investigation. The College will make every effort to protect the privacy of the individuals involved in a report and investigation of sexual misconduct, to the extent reasonably possible, while conducting a thorough investigation and thereafter. The College will only share information related to a report and investigation with those College employees who "need to know". Students should be made aware that if an individual involved in an alleged violation of sexual misconduct is enrolled at another institution, the College may be required to notify the other institution of a pending investigation.

By only sharing personally identifiable information with individuals on a need-to-know basis, the College will maintain as confidential, any accommodations or protective measures provided to the victim to the extent that maintaining such confidentiality would not impair the ability of the College to provide the accommodations or protective measures.

All individuals involved in an investigation of sexual misconduct are expected to keep any information gained during any process of the investigation, decision, or appeal process confidential. This does not prohibit individuals from discussing information with individuals who need to know in order to provide support and assistance to the individual, or disclosing information to an individual who needs to know in order to participate in an investigation. These restrictions are put into place in order to protect all individuals involved in an investigation and the integrity of the investigation. Individuals found in violation of this may be subject to sanctioning.

As the students of the College are viewed as adults, guardians and/or parents will not be notified when a student is involved in a claim of sexual misconduct. Students are encouraged to speak with their guardian and/or parent when they are involved in a matter of sexual misconduct. Should a guardian or parent wish to speak with the Title IX Coordinator or any other employee regarding a matter of sexual misconduct, a FERPA waiver will need to be fully executed prior to any conversation. Students have the right to execute or withdraw a FERPA waiver at any time. FERPA waivers are found in the Registrar's Office. Should a student be found responsible for violation of this policy and is separated from the college, college housing, suspended, or expelled, guardians and/or parents are generally notified at that time.

In addition, the Fisher College Department of Public Safety will make every effort to protect the confidentiality of the victims. While police reports are not publicly available, daily crime logs are available 24/7. However, they will be redacted to ensure the victim remains confidential. The College does not publish the name of crime victims or other identifiable information regarding victims in the Daily Crime Log or in the annual crime statistics that are disclosed in compliance with the Jeanne Clery Disclosure of Campus Security Policy and Campus Crime Statistics Act. Furthermore, if a Timely Warning Notice is issued on the basis of a report of a domestic violence, dating violence, sexual assault, or stalking, the name of the victim and other personally identifiable information about the victim will be withheld.

### **Accommodations and Protective Measures Available for Victims**

Regardless of where the conduct occurred or whether such conduct occurred outside of Fisher College's programs or activities, and regardless of whether a complaint is filed in accordance with the institution's policy for resolving complaints, upon receipt of a report of domestic violence, dating violence, sexual assault or stalking, Fisher College will provide written notification to students and employees about accommodations available to them, including academic, living, transportation, protective orders and working situations. The written notification will include information regarding the accommodation options, available assistance in requesting accommodations, and how to request accommodations and protective measures (i.e., the notification will include the name and contact information for the individual or office that should be contacted to request the accommodations).

At the victim's request, and to the extent of the victim's cooperation and consent, College offices will work cooperatively to assist the victim in obtaining accommodations. If reasonably available, a victim may be offered changes to academic, living, working, protective measures or transportation situations regardless of whether the victim chooses to report the crime to campus police or local law enforcement. Examples of options for a potential change to the academic situation may be to transfer to a different section of a class, withdraw and take a class at another time if there is no option for moving to a different section, etc. Potential changes to living situations may include moving to a different room or residence hall. Possible changes to work situations may include changing working hours. Possible changes in transportation may include having the student or employee park in a different location, assisting the student or employee with a safety escort, etc.

To request changes to academic, living, transportation and/or working situations or protective measures, a victim should contact the Dean of Students, located in the Mall, (617) 670-4422 (students) or Human Resources, located in 116 Beacon St on the 2<sup>nd</sup> floor, (617) 236-8812 (employees).

In instances where the alleged assailant is considered to be a threat the College may decide to: remove the alleged assailant from campus housing, restrict campus access, or administer an interim suspension.

### **Orders of Protection**

Students and staff on the Boston Campus may work with the Fisher College Police to obtain a restraining order, or an order can be obtained through the local court where the crime is, or was, being committed. If assistance is needed in obtaining an order, any of the above campus resources can be contacted for help.

### **Stay Away Orders**

Stay Away Orders are issued by the Code of Conduct Officer/Dean of Students. Stay away orders are mandatory and issued immediately once the crime has been reported to the Title IX Coordinator.

### **Restraining Orders**

The Abuse Prevention Law, Massachusetts General Laws 209A, was enacted to help keep domestic partners and people involved in dating relationships from being abused. The law permits a court to issue a protection order requiring that an abuser cease abusive conduct on the threat of incarceration. The police are responsible for enforcing the violation of the restraining order. Protection offered under the Abuse Prevention Law only applies to "family or household members" which are defined by M.G.L. c209A s.1 as people who are or were:

- Married;
- Living together;
- Related by blood or marriage;
- Parents of a common child regardless of whether they have ever been married or lived together; or
- Involved in a substantial dating or engagement relationship

If an individual decides to file a complaint for a restraining order or has questions regarding a restraining order, contact the Fisher College Police Department at (617) 236-8880 and we will assist you during the following process.

To obtain a restraining order, a victim is required to file an Application for a Complaint for Protection from Abuse at the local court (this is a civil complaint, not a criminal one). Afterwards, the victim will speak to a judge or clerk to explain what happened and why a protective order is necessary. The judge will then decide whether to grant a Temporary Order, which is valid for ten (10) business days. If the Temporary Order is granted, the party will be given a copy of the order and a summons to return to court within ten (10) business days for a hearing on whether to extend the order. The accused will also be sent a summons to appear and the police will attempt to serve the order upon that person. The hearing will allow both the victim and the abuser an opportunity to tell what happened.

A person applying for a restraining order is allowed to bring any witnesses or evidence that might tend to support the request. If the accused does not appear, the hearing will proceed and may result in the order being extended. The victim must appear at this hearing or the order will automatically be vacated.

If you need immediate protection from your abuser, contact the Fisher College Police Department at (617) 236-8880, or the Boston Police by dialing 911. If you believe you are in danger in your

relationship, or in a situation involving a domestic/dating partner, consider ways to leave your present situation safely. The police will assist you in obtaining an emergency restraining order valid until the next court business day. Once the order has been issued you will be given a copy and the police will attempt to serve a copy to the accused.

Violation of an Abuse Prevention Order is a crime. If a person subject to an order violates it, call the police immediately. If you are on campus, reside in Fisher College housing, or are in the immediate area you may call (617) 236-8880 or the Boston Police by calling 911. Explain to the police that the subject of the order has violated it and that you need help right away. If the subject has left the scene, try to provide the direction of flight and a physical clothing description. If the police are unable to locate the subject, the Fisher College Police Department will assist you in going to court where you may file an application for a criminal complaint.

Remember to keep the order on you at all times. Inform family, friends, neighbors and roommates that you have a restraining order. Do not hesitate to call the police immediately if the accused violates the order.

If you are leaving an abusive relationship, remember that doing so can be very difficult and dangerous. Make sure you have a safety plan in place, including identifying ahead of time a safe place to go during an emergency. Bring along your important documents (driver's license, checkbooks, custody documents, etc.), and tell a friend. Let someone you trust help you take the first step.

## **Harassment Orders**

All members of the Fisher College community have the right to be free from being harassed and or placed in fear. The law provides victims of harassment the ability to obtain relief from the courts even in the absence of a personal relationship to the harassing party. Massachusetts General Laws Chapter 258E, fills a critical gap in the law to protect victims of criminal harassment, stalking, or sexual assault from being harassed repeatedly regardless of their relationship with the perpetrator by allowing the court issue orders of protection from harassment. If you are a victim of harassment, contact the Fisher College Police immediately for assistance if the harassment is occurring when you're on-campus. Alternatively, you should call the police agency having jurisdiction over your location if the harassment occurs while you are off-campus. The procedure for filing for a Harassment Prevention Order is the same as filing for a restraining order described above.

## **Adjudication of Violations**

The College's disciplinary process includes a prompt, fair, and impartial investigation and final resolution process. In all instances, the process will be conducted in a manner that is consistent with the institution's policy and that is transparent to the accuser and the accused. Usually, the resolution of domestic violence, dating violence, sexual assault and stalking complaints are completed within 60 days of the report. However, each proceeding allows for extensions of timeframes for good cause with written notice to the accuser and the accused of the delay and the reason for the delay. Fisher College officials involved in the investigation or adjudication of domestic violence, dating violence, sexual assault, and stalking complaints are trained annually by the National Association of Clery Compliance Officers and Professionals on the issues related to domestic violence, dating violence, sexual assault, and stalking as well as how to conduct an investigation and hearing process that protects the safety of the victim and promotes accountability. Furthermore, each policy provides that:

1. The accuser and the accused will have timely notice for meetings at which the accuser or accused, or both, may be present;
2. The accuser, the accused and appropriate officials will have timely and equal access to any information that will be used during formal and informal disciplinary meeting and hearings;

3. The institutional disciplinary procedures will not be conducted by officials who have a conflict of interest or bias for or against the accuser or the accused;
4. The accuser and the accused will have the same opportunities to have others present during any institutional disciplinary proceeding. The accuser and the accused each have the opportunity to be advised by an advisor of their choice at any stage of the process and to be accompanied by that advisor to any related meeting or proceeding. The College will not limit the choice of advisor or presence for either the accuser or the accused in any meeting or institutional disciplinary proceeding. However, the role of the advisor is limited to: support to a victim or alleged assailant during the process, an advisor is not permitted to speak on behalf of a victim or alleged assailant and may not actively participate in any meeting. An advisor may confer and offer support to the victim or alleged assailant as necessary.
5. The accuser and the accused will be notified simultaneously, in writing, of the any initial, interim and final decision of any disciplinary proceeding; and
6. Where an appeal is permitted under the applicable policy, the accuser and the accused will be notified simultaneously in writing, of the procedures for the accused and the victim to appeal the result of the institutional disciplinary proceeding. When an appeal is filed, the accuser and the accused will be notified simultaneously in writing of any change to the result prior to the time that it becomes final as well as of the final result once the appeal is resolved.

**Sexual Misconduct Policy** – applicable to sexual misconduct, domestic violence, and stalking complaints for both students and employees.

### **1. How to File a Disciplinary Complaint Under this Policy**

To file a report of sexual misconduct, domestic violence, dating violence or stalking, students may contact any of the following departments:

- Interim Title IX Coordinator – Shiela Lally, can be contacted at (617) 236-5409 or via email: [slally@fisher.edu](mailto:slally@fisher.edu).
- Department of Public Safety – located at the corner of the Mall and the 1<sup>st</sup> floor of 116 Beacon St, and can be contacted 24/7 at (617) 236-8880 or via email: [campuspolice@fisher.edu](mailto:campuspolice@fisher.edu)
- Office of the Dean of Students – located in the Mall and can be contacted Monday-Friday 8am-4pm at (617) 670-4423 or via email: [bperrin@fisher.edu](mailto:bperrin@fisher.edu)
- Office of Housing and Residential Life – located in the Mall and can be contacted Monday-Friday 8am-4pm at (617) 670-8828 or by email at [housing@fisher.edu](mailto:housing@fisher.edu)

The policy in its entirety can be found in the Student Code of Conduct:

<https://resources.finalsite.net/images/v1692102678/fisheredu/k5630nl57v5e12bf4pf5/StudentCodeOfConduct2023-2024-Updated08092023pdf002.pdf>

### **2. How the College Determines Whether This Policy will be Used**

- Review of facts by Student Conduct Coordinator, Title IX Coordinator and Campus Police (if police report filed).
- Did the conduct violate policy – determined by a model of proof setting for the elements of the policy violation, using a preponderance of the evidence standard for each type of misconduct. If it does not fall under sexual misconduct policy, then query under same analysis whether another policy has been violated. Other policies are:
  - Civility and Mutual Respect
  - Alcohol and Drug
  - Unlawful Discrimination

The conduct policies are all designed to protect students. More than one policy may be violated when a student acts in a way that triggers a complaint. The College will proceed under the policy that is either required by law (Title IX investigation) or designed to best protect the student(s) involved.

- If the conduct did violate the sexual misconduct policy, then the College will review:
  - Does it need to be investigated under Title IX
    - Discrimination analysis
    - If discrimination is found, then Title IX investigation is conducted, with findings sent to the Student Conduct Coordinator for determination of policy violation and sanction.
  - If it does not fall under Title IX, but still a policy violation, it is referred to Student Conduct Coordinator to handle.

### **3. Steps in the Title IX Process and Timeline**

- The procedures associated with review of an incident will be conducted by individuals who receive annual training on issues related to domestic violence, sexual assault, dating violence, and stalking, as well as how to conduct investigations and hearings that protect victims and promote accountability.
- When a student or employee reports having been the victim of sexual misconduct, regardless of whether the incident may have occurred on or off campus, the College will provide the student or employee a written explanation of the complainant's rights and options with respect to the report.
- The College will also provide supportive measures, to all parties
- Procedures for College disciplinary action, including formal notice procedures and options for informal resolution.
- Both the complainant and respondent have an opportunity to provide relevant information and names of relevant witnesses during a proceeding.
- Both the complainant and respondent may be accompanied to meetings relating to sexual misconduct complaints by an (one) advisor of his or her choice.
- The College will provide an advisor if the party does not have a qualified advisor.
- Both the complainant and respondent will receive simultaneous written notice of the outcome of the College's investigation and adjudication of any complaint of sexual misconduct, the appeals procedure, and any changes to the initial adjudication results before the results are deemed final.
- Neither the institution, nor any officer, employee, nor agent of the College, may retaliate, intimidate, threaten, coerce, or otherwise discriminate against any individual for exercising their rights to avail themselves of the institution's grievance procedures.
- The College endeavors to investigate and adjudicate sexual misconduct complaints in approximately sixty (60-90) days' time unless mitigating circumstances compel a longer duration.

### **4. Decision-Making Process**

If formal notice is filed, the Title IX Coordinator will notify all parties and their advisors. The Title IX Coordinator or their designee will conduct and investigation. A live hearing before a single Hearing Officer will be scheduled. The parties will have the opportunity to cross-examine witnesses at the hearing. The Hearing Officer will render a decision. The parties may appeal the decision. The Title IX Decision-Making Process is outlined in Process A, at <https://www.fisher.edu/about/title-ix>.

If formal notice is not filed, or if the conduct is not considered a Title IX violation, the Title IX Coordinator will assign either the Director of Student Conduct or the Director of Human Resources to conduct an investigation in accordance with Process B, which may be found at <https://www.fisher.edu/about/title-ix>.

### **5. Standard of Evidence**

The standard of evidence used by the decision-maker will be the "preponderance of the evidence" standard, which is defined as "the proof need only show that the facts are more likely to be than not so."

### **6. Possible Sanctions**

The list of possible sanctions for students that may be imposed are:

- Verbal warning

## **7. Range of Protective Measures Available to a Victim Alleging Misconduct**

The range of protective measures available to a victim alleging misconduct have been listed in the previous pages of this report.

Should a report of sexual misconduct be made against a non-student member of the College Community, the report by the Title IX Coordinator will be filed with the Director of Human Resources and a decision will be made from the same. Both the victim and the alleged assailant will be notified in writing of the Director of Human Resources decision.

All Conduct hearings will be conducted by officials who receive annual training on the issues related to domestic violence, dating violence, sexual assault, and stalking and how to conduct and investigations and hearing process that protects the safety of victims and promotes accountability.

Fisher College will make every effort to protect the confidentiality of the victims. Police reports are not publicly available, but the required daily crime logs will be redacted to ensure the victim remains confidential.

The following agencies, both on and off campus, are available to help students and staff who are victims of domestic or dating violence, sexual assault, or stalking (see below).

### **College-Initiated Protective Measures**

In addition to those protective measures previously described, the Title IX Coordinator or their designee will determine whether interim interventions and protective measure should be implemented, and, if so, take steps to implement those protective measures as soon as possible. Examples of interim protective measures include, but are not limited to: a College order of no contact, residence hall relocation, adjustment of course schedules, a leave of absence, or reassignment to a different supervisor or position. These remedies may be applied to one, both, or multiple parties involved.<sup>2</sup> Violations of the Title IX Coordinator's directives and/or protective measures will constitute related violations that may

lead to additional disciplinary action. Protective measures imposed may be temporary pending the results of an investigation or may become permanent as determined by Fisher College.

No party may be removed from the College prior to resolution of the complaint without a hearing, unless a danger assessment is made.

## How to Be an Active Bystander

Bystanders play a critical role in the prevention of sexual and relationship violence. They are individuals who witness violence or the conditions that perpetuate violence. They are not directly involved but have the ability to say something, or do something about it. We want to promote a culture of community accountability where bystanders are actively engaged in the prevention of violence without causing further harm. We may not always know what to do even if we want to help. Below is a list of some ways to be an active bystander. Fisher College encourages bystander intervention only when it is safe to do so. If you or someone else is in immediate danger, call The Department of Public Safety at (617) 236-8880 or dial 911. This could be when a person is yelling at or being physically abusive towards another and it is not safe for you to interrupt, whether it is domestic or dating violence, sexual assault or stalking.

1. Watch out for your friends and fellow students/employees. If you see someone who looks like they could be in trouble or need help, ask if they are ok.
2. Confront people who seclude, hit on, try to make out with, or have sex with people who are incapacitated.
3. Speak up when someone discusses plans to take sexual advantage of another person.
4. Believe someone who discloses sexual assault, abusive behavior, or experience with stalking.
5. Refer people to on or off-campus resources listed in this document for support in health, counseling, or with legal assistance.

Fisher College is concerned about your safety with regards to all of the crimes covered by the Violence against Women Act. In the next few pages, we have provided some information on risk reduction, and how to recognize warning signs of abusive behavior or potential attacks. If you are the victim of one of these crimes, please get help through one of the many resources listed in this publication.

## Risk Reduction

With no intent to victim blame and recognizing that only abusers are responsible for their abuse, the following are some strategies to reduce one's risk of sexual assault or harassment (taken from Rape, Abuse, & Incest National Network, ([www.rainn.org](http://www.rainn.org)))

1. Be aware of your surroundings. Knowing where you are and who is around you may help you to find a way to get out of a bad situation.
2. Try to avoid isolated areas. It is more difficult to get help if no one is around.
3. Walk with purpose. Even if you don't know where you are going, act like you do.
4. Trust your instincts. If a situation or location feels unsafe or uncomfortable, it probably isn't the best place to be.

5. Try not to load yourself down with packages or bags as this can make you appear more vulnerable.
6. Make sure your cell phone is with you and charged and that you have cab money.
7. Don't allow yourself to be isolated with someone you don't trust or someone you don't know.
8. Avoid putting music headphones in both ears so that you can be more aware of your surroundings, especially if you are walking alone.
9. When you go to a social gathering, go with a group of friends. Arrive together, check in with each other throughout the evening, and leave together. Knowing where you are and who is around you may help you to find a way out of a bad situation.
10. Trust your instincts. If you feel unsafe in any situation, go with your gut. If you see something suspicious, contact law enforcement immediately (local authorities can be reached by calling 911 in most areas of the U.S.).
11. Don't leave your drink unattended while talking, dancing, using the restroom, or making a phone call. If you've left your drink alone, just get a new one.
12. Don't accept drinks from people you don't know or trust. If you choose to accept a drink, go with the person to the bar to order it, watch it being poured, and carry it yourself. At parties, don't drink from the punch bowls or other large, common open containers.
13. Watch out for your friends, and vice versa. If a friend seems out of it, is way too intoxicated for the amount of alcohol they've had, or is acting out of character, get him or her to a safe place and medical help immediately.
14. If you suspect you or a friend has been drugged, contact law enforcement immediately (local authorities can be reached by calling 911 in most areas of the U.S.). Be explicit with doctors so they can give you the correct tests (you will need a urine test and possibly others).
15. If you need to get out of an uncomfortable or scary situation here are some things that you can try:
  - a) Remember that being in this situation is not your fault. You did not do anything wrong; it is the person who is making you uncomfortable that is to blame.
  - b) Be true to yourself. Don't feel obligated to do anything you don't want to do. "I don't want to" is always a good enough reason. Do what feels right to you and what you are comfortable with.
  - c) Have a code word with your friends or family so that if you don't feel comfortable you can call them and communicate your discomfort without the person you are with knowing. Your friends or family can then come to get you or make up an excuse for you to leave.
  - d) Lie. If you don't want to hurt the person's feelings it is better to lie and make up a reason to leave than to stay and be uncomfortable, scared, or worse. Some excuses you could use are: needing to take care of a friend or family member, not feeling well, having somewhere else that you need to be, etc.
16. Try to think of an escape route. How would you try to get out of the room? Where are the doors? Windows? Are there people around who might be able to help you? Is there an emergency phone nearby?
17. If you and/or the other person have been drinking, you can say that you would rather wait until you both have your full judgment before doing anything you may regret later.

## **Signs of an Abusive Relationship**

If you are experiencing any of the following signs of abuse, you may be in an abusive relationship. Whether or not you're ready to leave your abuser, there are things you can do to protect yourself. The safety tips below can make the difference between being severely injured or killed and escaping with

your life. If you would like help in safety planning, call the Department of Public Safety at (617) 236-8880 or the National Domestic Violence Hotline at (800) 799-7233.

Are you with someone who:

- Is jealous and possessive toward you, won't let you have friends or family contact, checks up on you constantly via phone, email, or in person, won't accept breaking up?
- Tries to control you by being very bossy, giving orders, making all the decisions, without taking your opinion seriously?
- Puts you down, critical of whatever you do, and undermines everything you say?
- Is scary to the extent that you worry about how they will react to things you say or do?
- Threatens you, uses or owns weapons?
- Is violent and has a history of fighting, loses temper quickly, and brags about mistreating others?
- Pressures you for sex, is forceful or scary with regard to sex?
- Thinks of you as a sex object?
- Attempts to manipulate or guilt-trip you by saying "If you really loved me, you would..."
- Gets too serious about the relationship too fast?
- Abuses drugs or alcohol and pressures you to take them?
- Blames you when they mistreat you by saying you provoked them, pressed their buttons, made them do it, or led them on?
- Has a history of bad relationships and blames the other person for all the problems?
- Believes that men should be in control and powerful and that women should be passive and submissive?
- Has hit, pushed, choked, restrained, kicked, or physically abused you?
- Your family and friends have warned you about and told you they were worried for your safety?
- If you are gay, lesbian, bisexual or transgender, has threatened to 'out' you to family, friends, or your work if you don't comply with certain demands?
- If you are an immigrant, has threatened or tried to turn you in to authorities and get you deported? Or has told you that you are endangering the community?
- If you have health problems, has prevented you from getting treatment, interfered with medication or made it difficult for you to get to medical appointments?
- If you are older, has threatened to put you in a nursing home or interfered with your ability to get out of the house when you want?

**Whether you live on or off campus, these tips may save your life:**

### **Prepare for Emergencies**

- Know your abuser's red flags. Be on alert for signs and clues that your abuser is getting upset and may explode in anger or violence. Come up with several believable reasons you can use to leave the house or your room (both during the day and at night) if you sense trouble brewing.
- If you live off campus identify safe areas of the house. Know where to go if your abuser attacks or an argument starts. Avoid small, enclosed spaces without exits (such as closets or bathrooms) or rooms with weapons (such as the kitchen). If possible, head for a room with a phone and an outside door or window. If you are on campus, you can always come to the campus police desk in the Mall area of 116 Beacon Street.

- Come up with a code word. Establish a word, phrase, or signal you can use to let your children, friends, neighbors, or co-workers know that you're in danger and the police should be called.

### **Make an Escape Plan**

- Be ready to leave at a moment's notice. If you are off campus, keep the car fueled up and facing the driveway exit, with the driver's door unlocked. Hide a spare car key where you can get it quickly. Have emergency cash, clothing, and important phone numbers and documents stashed in a safe place (at a friend's house, for example).
- Practice escaping quickly and safely. Rehearse your escape plan so you know exactly what to do if under attack from your abuser. If you have children, have them practice the escape plan also.
- Make and memorize a list of emergency contacts. Ask several trusted individuals if you can contact them if you need a ride, a place to stay, or help contacting the police. Memorize the numbers of your emergency contacts, local shelter, and domestic violence hotline.

### **Stalking Behavior**

Stalking behavior and conduct can range from very subtle behavior to extreme and outrageous acts that might sound unbelievable to those less familiar with stalking. A stalker might engage in only one form of stalking behavior while another might engage in a wide variety of different and unpredictable stalking activities.

Celebrity stalking, while very serious, accounts for a small percentage of all stalking cases. Most stalking cases are in the context of domestic violence – the victim is living in fear of someone they once loved and trusted in an intimate partner relationship.

A stalker's behavior might include:

- Following
- Waiting outside of a home or workplace
- Making harassing or persistent phone calls
- Sending letters or emails
- Sending unwanted gifts or flowers
- Contacting, threatening, or harassing friends and family
- Hurting or killing pets
- Vandalizing property
- Manipulative behavior, for example, threatening suicide in order to force contact
- Spreading lies about a victim, for example, filing false reports, posting or distributing personal or false information
- Collecting information about the victim's personal life and habits
- Subscribing to services in the victim's name
- Interfering with utilities or services, for example, having phone service disconnected
- Impersonating the victim or family member
- Accessing personal information through computer files or email accounts

## **Stalking with Technology**

Access to the Internet and familiarity with electronic technologies is increasingly common for most households, campuses, and workplaces. This technology provides stalkers another means for finding, contacting, and harassing their victims. While using technology to stalk does not involve physical contact, it is no less threatening than physical stalking. Some stalking tactics may include:

- Accessing or interfering with computer files and/or emails
- Sending threatening correspondence via email
- Tracking activities and movement through GPS (global positioning satellite) technology
- Taking photo/video images without consent and/or transmitting those images through the Internet

More information is available at the National Center for Victims of Crime Stalking Resource Center at: <https://victimsofcrime.org/getting-help/>.

The College engages in comprehensive, intentional, and integrated programming, initiatives, strategies, and campaigns intended to end dating violence, domestic violence, sexual assault and stalking that:

- A. Are culturally relevant, inclusive of diverse communities and identities, sustainable, responsive to community needs, and informed by research, or assessed for value, effectiveness, or outcome; and
- B. Consider environmental risk and protective factors as they occur on the individual, relationship, institutional, community and societal levels.

Educational programming consists of primary prevention and awareness programs for all incoming students and new employees as well as ongoing awareness and prevention campaigns for students and employees that includes:

- A. A statement that the institution prohibits the crimes of domestic violence, dating violence, sexual assault and stalking (as defined by the Clery Act);

overcoming barriers to intervening, identifying safe and effective intervention options, and taking action to intervene;

- F. Information on risk reduction. Risk reduction means options designed to decrease perpetration and bystander inaction, and to increase empowerment for victims in order to promote safety and to help individuals and communities address conditions that facilitate violence.

## Hazing Policy

Fisher College expressly prohibits any form of hazing. Hazing is against the law, incorporates other serious crimes, and violates University policy. Reports of hazing will be investigated immediately by the Fisher College Police Department, other College administrative offices, outside law enforcement agencies, or any combination of the three. In addition to criminal penalties under Massachusetts law, students or employees are subject to College disciplinary action for organizing or participating in hazing or failing to report persons in danger in conjunction with hazing.

### General Laws of Massachusetts

#### Chapter 269: Section 17. Hazing; organizing or participating; hazing defined

Whoever is a principal organizer or participant in the crime of hazing, as defined herein, shall be punished by a fine of not more than three thousand dollars or by imprisonment in a house of correction for not more than one year, or both such fine and imprisonment.

The term "hazing" as used in this section and in sections eighteen and nineteen, shall mean any conduct or method of initiation into any student organization, whether on public or private

property, which willfully or recklessly endangers the physical or mental health of any student or other person. Such conduct shall include whipping, beating, branding, forced calisthenics, exposure to the weather, forced consumption of any food, liquor, beverage, drug, or other substance, or any other brutal treatment or forced physical activity which is likely to adversely affect the physical health or safety of any such student or other person, or which subjects such student or other person to extreme mental stress, including extended deprivation of sleep or rest or extended isolation.

Notwithstanding any other provisions of this section to the contrary, consent shall not be available as a defense to any prosecution under this action. (Amended by 1987, 665.)

#### **Chapter 269: Section 18. Failure to report hazing**

Whoever knows that another person is the victim of hazing as defined in section seventeen and is at the scene of such crime shall, to the extent that such person can do so without danger or peril to himself or others, report such crime to an appropriate law enforcement official as soon as reasonably practicable. Whoever fails to report such crime shall be punished by a fine of not more than one thousand dollars. (Amended by 1987, 665.)

#### **Chapter 269: Section 19. Issuance to students & student groups, teams, & organizations**

Each institution of secondary education and each public and private institution of postsecondary education shall issue to every student group, student team, or student organization which is part of such institution or is recognized by the institution or permitted by the institution to use its name or facilities or is known by the institution to exist as an unaffiliated student group, student team, or student organization, a copy of this section and sections seventeen and eighteen; provided, however, that an institution's compliance with this section's requirements that an institution issue copies of this section and sections seventeen and eighteen to unaffiliated student groups, teams, or organizations shall not constitute evidence of the institution's recognition or endorsement of said unaffiliated student groups, teams, or organizations.

Each such group, team, or organization shall distribute a copy of this section and sections seventeen and eighteen to each of its members, plebes, pledges, or applicants for membership. It shall be the duty of each such group, team, or organization, acting through its designated officer, to deliver annually to the institution, an attested acknowledgement stating that such group, team, or organization has received a copy of this section and said sections seventeen and eighteen, that each of its members, plebes, pledges, or applicants has received a copy of sections seventeen and eighteen, and that such group, team, or organization understands and agrees to comply with the provisions of this section and sections seventeen and eighteen.

Each institution of secondary education and each public or private institution of postsecondary education shall, at least annually, before or at the start of enrollment, deliver to each person who enrolls as a full-time student in such institution a copy of this section and sections seventeen and eighteen.

Each institution of secondary education and each public or private institution of postsecondary education shall file, at least annually, a report with the regents of higher education and in the case of secondary institutions, the board of education, certifying that such institution has complied with its responsibility to inform student groups, teams, or organizations and to notify each full-time student enrolled by it of the provisions of this section and sections seventeen and eighteen and also certifying that said institution has adopted a disciplinary policy with regard to the organizers and participants of hazing, and that such policy has been set forth with appropriate emphasis in the student handbook or similar means of communicating the institution's policies to its students. The board of regents and, in the case of secondary institutions, the board of education, shall promulgate regulations governing the content and frequency of such reports, and shall forthwith report to the attorney general any such institution which fails to make such report. (Amended by 1987, 665.)

## Anti-Bullying Policy

Fisher College prohibits conduct which may be interpreted as bullying or harassment as described in this policy. All Fisher College students have the freedom to pursue their studies and professional goals without the threat of bullying or harassment. Members of the Fisher College community are expected to respect all other members of the community and behave in a manner that is welcoming of others, regardless of their backgrounds. All members of the College community are expected to behave in a manner which demonstrates proper regard for the rights and welfare of others. Complaints of bullying should be reported immediately to the Department of Public Safety or the Dean of Students located in the College Mall.

Complaints will be investigated and forwarded to the Student Conduct Coordinator for review in a timely manner. Alleged student conduct violations stemming from complaints will be processed in accordance with the student conduct procedures outlined in the Code of Conduct.

## Policy Statement Addressing Security Awareness Programs for Students and Employees

During summer registration days, and at the beginning of the fall and spring semesters students and their parents are informed of services offered by the Fisher College Department of Public Safety. Students are told about safety and theft prevention; similar information is shared with staff during their onboarding process. Crime Prevention Programs, Sexual Assault Prevention Programs, Domestic and Dating Violence, and Stalking programs are offered by the College staff, including the Nurse, Student Activities, Counselors, etc. During the 2022-2023 academic year, FC offered approximately 21 crime prevention and security awareness programs. Topics such as personal safety, residence hall security, drug and alcohol abuse awareness and sexual assault prevention are some examples of programs offered during the prior academic year.

All crime prevention and security awareness programs encourage students and employees are encouraged to be responsible for their own security and the security of others.

## **Sexual Assault Awareness and Prevention**

The potential for occurrences of sexual assault is a reality for all colleges and universities, regardless of their location. As discussed more fully below in the College's statement of policy on sexual assault, Fisher will not tolerate sexually hostile conduct of any type, whether in the nature of sexual assault or sexual harassment.

The College actively endeavors to educate students and staff concerning sexual assault awareness through, among other things, distribution of educational literature, and informal dissemination of information to on-campus residents through the Office of Housing and Residence Life. The College brings in outside organizations such as True To Life and the Boston Area Rape Crisis Center which also provides interactive educational programming for students.

The College recognizes the value of relationships between Resident Assistants and on-campus residents in the effort to communicate messages about personal safety. Therefore, Resident Assistants are an important component of the College's efforts to raise awareness about sexual assault. In coordination with Counseling Services, the Office of Housing and Residence Life provides annual sexual assault response and education training to all new and returning Resident Assistants prior to the arrival of students on campus each fall and spring. These trainings are designed to facilitate communication between Resident Assistants and residents, and to foster students' trust in bringing allegations of sexual assault to the College's attention.

## **Policy Statement Addressing Crime Prevention Programs for Students and Employees**

Crime prevention programs on personal safety and theft prevention are sponsored by various campus departments throughout the year. The Department of Public Safety personnel facilitate programs for student, parents and staff during orientations and summer registration days. Some of the crime prevention programs offered are safety awareness, safety in the city, alcohol and drug awareness, and sexual assault prevention.

## **Personal Safety Workshops**

In an effort to educate the Fisher community about the safety and security realities accompanying life in a large city, the Department of Public Safety provides opportunities for all members of the community to learn about precautions for avoiding victimization. Officers conduct crime awareness workshops for Fisher community members during student and employee orientations, which are designed to enhance awareness and improve personal safety.

## **Crime Bulletins and Alerts**

The Department of Public Safety periodically distributes crime bulletins or alerts to inform members of the Fisher Community about incidents of crime in the areas surrounding the College. These bulletins and alerts are also circulated at times, not in response to a specific incident, but as general reminders to community members about measures to be taken to enhance personal and property security.

## **Fisher College Fire Safety Report**

All Residents, Residents Assistants, and Resident Directors of the Boston campus receive fire safety training during orientation. Topics include a review of the fire prevention policies and evacuation procedures. At least one fire drill for residence halls is conducted during the year. Participation in fire safety trainings is mandatory and failure to evacuate the building during a fire alarm may result in disciplinary action. The Fisher College Public Safety Department and other staff members will review the drill's performance to identify problems.

Commuter students and faculty of the Boston campus also participate in fire drills in classroom locations.

### **Fire Safety Alarm Systems/Fire Equipment**

Residential buildings, including 102, 104, 106, 112, 114, 116, 131 and 133 Beacon St, are completely covered by an integrated automatic sprinkler and fire alarm system, which is monitored 24 hours a day, 7 days a week by the Department of Public Safety. The buildings are equipped with emergency lighting which is designed to automatically activate whenever there is a power outage. Emergency lighting and exit signage ensure a high degree of safety at all times.

Each building is equipped with a fire alarm system which includes heat and smoke detectors. There is an audible alarm and visible strobe indicating an emergency. These devices are mounted above head level and in several conspicuous locations throughout the residence hall floors. The audible alarm is a continuous sound, where the strobe is an intermittent white flash. The signals are distinctive and the audible alarm is above ambient noise levels. The alarms are connected to alarm pulls and smoke detectors located throughout the buildings. Once an alarm is triggered, it can only be shut off at their respective main panels. The Boston Fire Department will signal an all clear, and only then will the alarm system be turned off.

Residence hall rooms are equipped with sprinkler systems. These systems will trigger based on pre-established settings based on temperature. Each system is tested on a routine basis with scheduled preventative maintenance. If a system is found to be defective or requiring repair, a work order is submitted and completed immediately.

Some building floors are equipped with appropriate fire extinguishers mounted on walls in visible locations and are appropriately labeled and inspected.

19 Stuart Street and 523 Newbury Street Boston MA are not owned by the college. 19 Stuart St, Boston MA is a single leased floor and 523 Newbury Street is rented by the College. Fisher does not conduct the fire drills, nor does the college maintain the fire systems in these buildings

### **Reporting Fires**

Per federal law, Fisher College is required to annually disclose statistical data on all fires that occur in on-campus student housing facilities. Therefore, if you encounter a live fire in one of these facilities, you should immediately get to a safe place, then dial 911. Once the emergency has passed, you should notify Fisher College Police at (617) 236-8880 to investigate and document the incident for disclosure in the College's annual fire statistics.

If a member of the Fisher College community finds evidence of a fire that has been extinguished, and the person is not sure whether Campus Police has already responded, the community member should immediately notify Fisher College Police at (617) 236-8880 to investigate and document the incident for disclosure in the College's annual fire statistics.

### Safety Inspections

Residence Life staff performs residential inspections approximately once a month. The inspections are conducted to identify safety violations as well as conditions that may be detrimental to the health or well-being of the residential community. Facilities staff also conduct inspections of the residence halls to identify hazards and check the fire suppressions and smoke alarm system.

### Prohibited Items

To safeguard the welfare of all residents, regulations exist regarding appliances allowed in rooms. In an effort to conform to health and safety standards, the following items are prohibited from the residence halls and will result in immediate confiscation:

- Smoking including but not limited to cigarettes, drugs, vaping
- Air conditioners
- Open flame devices
- Curtains
- Outside furniture
- decorative lights
- Irons without an automatic shut-off

<sup>3</sup> Partial Sprinkler System is defined as having sprinklers in the common areas only.

<sup>4</sup> Full Sprinkler system is defined as having sprinklers in both the common areas and individual rooms.

- Halogen lamps
- Microwaves
- All cooking appliances
- Use of candles and incense
- Heating blankets and pads
- Heating coils
- Sun lamps
- Extension cords
- Possession of explosives and flammable liquids
- Live trees and plants
- Hover boards

## **Resident Student Evacuation Procedures**

- **SOUND THE ALARM**
  - If you discover or suspect a fire, sound the building fire alarm.
  - If there is no fire alarm in the building, warn other occupants by knocking on doors and shouting “fire” as you leave the building or use other prepared methods as outlined in this Emergency Action Plan (EAP).
- **CALL THE FIRE/POLICE DEPARTMENT**
  - Dial 911.
  - Give as much information as possible to the 911 operator.
- **EXITING A ROOM**
  - Before opening any door, feel the doorknob with the back of your hand. Do not open the door if it is hot.
  - Brace yourself behind the door, crouch low, and open the door slightly if it is warm.
  - Stay low if the area is smoky. If heat or heavy smoke is present, close the door and stay in your room.
- **LEAVE THE BUILDING**
  - Try to rescue others ONLY if you can do so safely.
  - Move away from the building and out of the way of the fire department.
  - Go to your department’s designated assembly point.
  - Don’t go back into the building until the fire department says it is safe to do so.

## **Procedures to Follow in Case of a Fire**

If you use an extinguisher to fight a fire, have someone dial 911 and pull the fire alarm to start the evacuation. Portable fire extinguishers are to be used by trained personnel only and are intended for use on incipient fires (e.g., a waste basket fire). If you discover that someone extinguished a fire, but no one was notified, contact the Fisher Department of Public Safety (8880 from a campus phone (617) 236-8880 from a cell phone or external phone line) to review the cause of the fire. The Boston Fire Department will be notified and may investigate the fire. Otherwise, immediately evacuate. Hazardous equipment or processes should be shut down before leaving, unless doing so presents a greater hazard. Remember to close all doors.

Assist anyone who may be in danger, if you can do so without endangering yourself. Exit the building in a calm manner using the stairs - never use elevators. After you have left the building, go to your pre-designated assembly point and remain there. Remain outside the building, even if the alarm is silenced, until the fire department has given the “all clear.”

Maintain a safe distance from the building, to allow ample room for emergency personnel and equipment to access the building. Report to your designated assembly area.

- IF PRIMARY AND ALTERNATE ESCAPE ROUTES ARE BLOCKED:
  - Go back to your room, close the door and call 911 to report your location.
  - Seal the cracks around the door to prevent smoke from entering.
  - Open the window a few inches for fresh air and hang a brightly colored cloth or bed sheet out the window to alert the Fire Department to your location. If you have a flashlight, use it to signal at night.
  - If smoke gets in your room, keep low and dampen a cloth with water, place it over your nose and breathe lightly through it.
  - Stay calm. Do not jump from windows above the second floor. Rescue personnel have the proper equipment to get to you quickly.

### **Fire Safety Education and Training Programs**

Fire safety education programs for all students living in on-campus student housing and all employees that have any association with on-campus student housing are held at the beginning of each semester. These programs are designed to: familiarize everyone with the fire safety system in each housing facility, train everyone on the procedures to be followed in case there is a fire and distribute information on the College's fire safety policies. Everyone is also provided with maps of each on-campus student housing facility that illustrate evacuation routes and fire alarm equipment locations. During these programs, trainers emphasize that participating in fire drills is mandatory. Students with disabilities are given the option to have a "buddy" assigned to them. Fire safety education and training programs are taught by local fire authorities

OR

Faculty and staff are provided education on fire safety and information on how to report a fire, or evidence of a fire, to whom, and procedures to be followed for non-residential buildings on campus when a fire alarm signals.

Each Fisher College building has fire evacuation plans posted in common areas. All employees are encouraged to become familiar with the escape routes for all buildings and floors and the locations of fire extinguishers, hoses and alarms. In the event of a fire or evacuation, every employee should follow the fire safety evacuation route and vacate the premises until the officials in charge declare the premises safe to enter. Exits and areas around fire extinguishers must be kept clear at all times. Periodic fire safety inspections and drills are held to test equipment and procedures.

### **Daily Fire Log**

The Department of Public Safety located at 116 Beacon Street, Boston, MA 02116 is responsible for keeping a log that records all fires in student housing facilities. The Fire Log includes the nature, date, time and general location of each fire.

### **Fisher College General Fire Safety Policies**

#### **Smoking**

In an effort to be sensitive to the needs and concerns of non-smokers and smokers alike and to create a safe, healthful and comfortable environment for all the members of the Fisher College Community, the following policy governing smoking has been implemented. Fisher has established a no-smoking policy throughout the College as noted earlier in this document. No Smoking is allowed in common areas, which

include corridors, classrooms, auditoriums or residence halls. There is a smoking area located behind 116 Beacon Street and in the rear courtyard of 1 Arlington Street (smoking is currently banned from this area due to Covid-19 concerns and protocols). Further, students are strongly encouraged to not smoke on the Beacon Street side of the College. This policy results from the College's compliance with the Massachusetts Clear Air Act. If a student is smoking on the Beacon Street side and a student or employee complains about smoke entering via a window etc. the student will be required to move to the designated smoking area. Smoking is not allowed on the stairways to any buildings. Failure to abide by the smoking policy will result in disciplinary action. The College also offers educational programs regarding the hazards of smoking. Students seeking to learn more about these hazards or interested in quitting smoking can contact the Health Services Office and/or the Counseling Center.

## **Cooking**

Students living in the residence halls are encouraged to make full use of their Aramark Meal plan. Students living in residence halls are permitted to use the microwave ovens provided in the cafeteria and lounge areas of the building. No electrical cooking appliances are allowed on campus including personal microwaves, hot pots, George Foreman Grills, toasters, toaster ovens, coffee pots, popcorn poppers, water boilers etc. Students setting off the fire alarm for improper use of the microwave may be assessed any charges for damage and/or fire department response.

## **Fire Hazards**

Students shall not permit combustible material to be kept on the premises and shall take every precaution to prevent fires. Fire escapes including balconies and fire stairs shall be kept clear of all items and shall be used in case of emergency only. Students are also not permitted to hang curtains, tapestries, posters, etc. on or from windows, on sprinkler system or over lights.

## **Future Plans for Fire Safety Improvement**

Fisher College continually looks to upgrade where necessary. In 2015, new sprinklers were installed in the ground level of the 102-118 buildings, and added an egress to the side of the 102 residence hall. In the past five years the college has spent substantial funds to install fire sprinkler systems in all resident hall rooms, fire panels and expired smoke and heat detectors. The college will continue to assess needed improvements on an as-needed basis. Planned improvements coincide with scheduled renovation, summer projects and/or new construction. Fisher College will focus on enhancing and improving the fire safety training in the next year as well as increasing the number of supervised fire drills.

Currently, Fisher College does or does not have any future plans for fire safety improvements.
