

McKenzie MESSENGER

September 2023

MCIT Named Recipient of the Indiana Department of Education 2023 Excellence in Student Pathways Award!

McKenzie Center of Innovation & Technology (MCIT) was recently named the recipient of the Indiana Department of Education (IDOE) 2023 Excellence in Student Pathways Award! This award recognizes a school that prioritizes access to opportunities for work-based learning and apprenticeships. Schools honored with this award have demonstrated development of innovative community/industry partnerships, implementation of locally-created graduation pathways, a focus on professional development opportunities for educators supporting work-based learning and apprenticeship opportunities, and the expansion of access to work-based learning and apprenticeship opportunities for students.

Director Chauntee Smith accepted the award alongside Superintendent of Schools, Dr. Shawn A. Smith on Friday, September 8th at the IDOE Educator Excellence Gala.

Connection

HIGHLIGHTING THE ACCOMPLISHMENTS AND HAPPENINGS OF MCIT STUDENTS

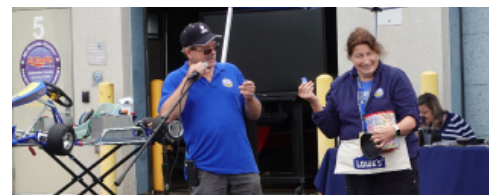

DECA STOCK MARKET GAME

Preparation begins for Mr. Schultheis's classes as they begin developing their portfolios for the simulated investment game. This virtual investing experience emphasizes diversification and long-term investing over a simulated 5-year period. Company-specific and market-wide news that may impact returns helps them manage a pretend portfolio of stocks, bonds, and mutual funds, across beginner, intermediate, and advanced levels.

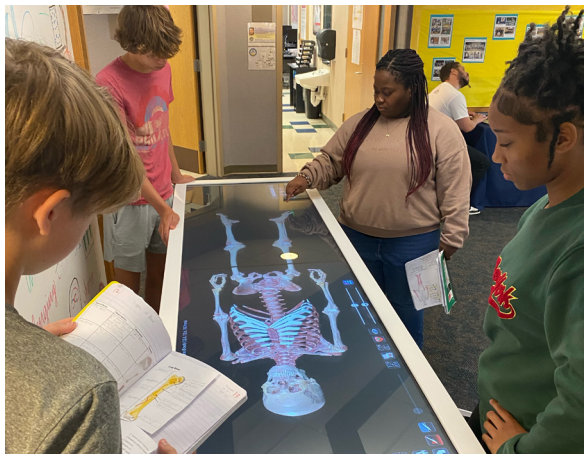

AUTOMOTIVE HOSTS CAR SHOW

Saturday, September 9th - McKenzie's Automotive Department hosted an Auto show in hopes of promoting the Automotive pathway and raise money for Purdue Electric Kart League. Various awards were given as well as door prizes from sponsors.

HBS STUDENTS EXPLORE THE NEW ANATOMAGE TABLE

Ms. Hinshaw's Human Body Systems classes recently got their hands on the amazing new Anatomage Table. The Anatomage Table is the most technologically advanced 3D anatomy visualization and virtual dissection tool for anatomy and physiology education and is being adopted by many of the world's leading medical schools and institutions.

GRAPHIC DESIGN & LAYOUT CREATE LIGATURE LOGOS

When blending two or more letters into one, the result is a letterform called a ligature. Ligature means to tie. Students were tasked with creating a Ligature Logo out of their Initials or Name.
