Driver License Verification Form

Albert Lea Schools

Re: Type III Transportation

Under Minnesota State Statute 171.02 sub. 2b (g) all Type III vehicle operators must have their license verified by the entity that owns, leases, or contracts for the Type III vehicles. This is to ensure the driver meets the qualifications with a valid license.

Anyone driving a school vehicle must be approved by the district's insurance carrier.

The insurance carrier will do the background check on driving records. If you feel you will be driving a school vehicle, please provide the following personal data:

Full Name:	<input type="text"/>
Date of Birth:	<input type="text"/> / <input type="text"/> / <input type="text"/>
Driver License #:	<input type="text"/>

Any questions about Type III Transportation should be directed to Paul Durbahn at Albert Lea Schools.
