

JUNE 2023

OSHKOSH AREA SCHOOL DISTRICT PROJECT PROGRESS REPORT

CONSTRUCTION UPDATE

Construction continues at Vel Phillips Middle School at a rapid pace as portions of the interior of the building are close to complete while some are still finishing taping of drywall and paint going on the walls. The exterior continues to work towards completion with exterior masonry complete on the North end of the building, and work continues on the South end as masons finish the brick and stone, windows, and metal panel backfill to finish the exterior envelope.

On the Secure Entry Projects, the addition at Oakwood Elementary School is up to full height and awaiting the roof joists and deck delivery in the coming month. This will allow the roof, flooring, and the rest of the exterior to progress. In addition, the renovation work at Read Elementary School, North High School, and West High School will start in the middle of June.

PLANNING & DESIGN UPDATE

In the past month, OASD has planned a groundbreaking ceremony for the New Menominee Elementary School on August 22. More information will be available in the coming weeks.

OASD and Bray have been coordinating with the Menominee Nation to push out a staff and student survey for the New Menominee Elementary School mascot selection the first week of school in September. Once the mascot and school colors are selected, the environmental branding design efforts for the New Menominee Elementary School will start.

WHAT'S NEXT?

- » Continued progress at Oakwood Elementary School addition.
- » Renovation work starts within Oakwood Elementary School, Read Elementary School, North High School, and West High School.
- » OASD will be moving out of the Webster-Stanley building the week of June 5, with Miron Construction active onsite starting June 12.
