Welcome!

Thank you for your interest in assisting our students and staff, and becoming part of the Upland Unified School District volunteer community. The time you offer is greatly appreciated by all students, staff, and administrators. We are always in need of great volunteers who are hard-working, organized, and eager to assist.

To ensure the safety of our students and volunteers, we ask you to follow the directions below. The screening process is not only prudent but an effective safety procedure for everyone. **All volunteers must complete the screening process and be approved by the District Office BEFORE volunteering with our students.**

How do I become a volunteer?

The following documents must be completed for the intended school site, along with District approval:

- Volunteer Application (**Must be completed Annually**): Visit <https://bit.ly/3pzVpaw> to complete this application online. You may also scan the QR code below.
- Current TB Test (valid for 4 years)
- Background Check (valid for the duration of your uninterrupted service)
- Volunteer Code of Conduct (submit to school office)
- Copy of Driver's License

Where do I report to volunteer?

As a volunteer, you are required to sign in at the school office each time you are on campus, and you must wear some form of identification/badge issued by the District with approval of the school site.

IMPORTANT INFORMATION:

When you hear or observe things about students, families, and staff while volunteering, it is imperative that you respect the confidentiality of that information. Repeating a seemingly harmless comment can lead to misunderstandings and hurt feelings. For schools to provide the best environment for learning, everyone's privacy must be respected.

Volunteers are not considered "mandated reporters" under California law, but volunteers should be aware of child abuse reports requirements for school employees. School personnel must report:

- Cases of suspected infliction of physical or mental suffering on a minor,
- Cases of suspected physical injuries to minors by other than accidental means, and
- Cases of suspected sexual molestation.

If you become aware of suspected child abuse or neglect, immediately report your observations to your supervising teacher or site administrator.
