*This document cannot be used to determine when a final paycheck can be expected upon termination since final payments are based upon amount earned for days/hours worked minus amount paid.

Twelve month employees who terminate after Dec. 30 are especially subjected to a minimal payoff due to observance of district designated holiday breaks which can cause some employees to be overpaid at certain times of the year.

Employees whose base pay is the same each pay period (annualized pay) should only reference this payroll calendar to determine when they should expect pay for extra duties they perform within the designated pay periods. ie. tutoring, extra bus routes driven, athletic duties performed, crossing guard duties, overtime, etc.
