ARP ESSER III Spending Plan

Part 1: Prevention and Mitigation Strategies

The extent to which and how the funds will be used to implement prevention and mitigation strategies that are, to the greatest extent practicable, consistent with the most recent CDC guidance on reopening schools, in order to continuously and safely open and operate schools for in-person learning.

COVID-19 and its variants have brought many challenges to Altus Public Schools, but Altus Public Schools has implemented safety measures that allowed us to remain open during the 2020-2021 school year.

In consultation with stakeholders and through surveys completed by various stakeholder groups, the following strategies/items have been identified as needs for Altus Public Schools to continue to effectively serve our students, even in the event of the pandemic lingering into the 2023-2024 school year. If funding for a particular item has been identified as an expenditure in ESSER stimulus, it is noted in the chart.

This document is fluid, subject to change following bi-annual stakeholder consultation and review.
