

Microsoft Home Use Program Now Available

Medford School District's Home User Program allows faculty and staff members to purchase software at significant discounts off standard retail prices.

Please note that the pricing provided on this site is made available exclusively through an agreement between Medford School District and select software publishers.

If this is the first time you are accessing the web store, you will have to register with your institutional issued (@medford.k12.or.us) email account.

To access the Microsoft Home Use Program Web site:

Go to <http://hub.microsoft.com/> and select the country to which you want your order to be shipped to and choose the language for viewing the order Web site.

1. Enter your MSD work email.
2. Insert the following program code: [B9AA493337](#).
Note: This program code is assigned to MSD for our sole use in accessing this site. You may not share this number with anyone outside our organization.
3. You will receive an email, sent to your MSD email account. Click the **Confirm your account** button in the email.
4. Available software to purchase will be displayed. Place your order online, and it will be shipped to the location you have chosen. Please note that a fulfillment fee will be charged to cover packaging, shipping, and handling costs.

This software is meant for personal use only and should only be downloaded and installed on your personal machine, not a school owned machine.

We trust you will enjoy this benefit.

MSD Network Services
