

## Wilson Area SD

### Mission

ENTER TO LEARN.....Wilson Area School District will provide safe environments and a variety of learning experiences that embrace diversity and allow all students to achieve to their fullest potential as responsible and productive citizens, who become life-long learners. The District and community will work together in partnership to prepare our students for tomorrow's challenges so that they may.....GO FORTH TO SERVE

### Vision

We envision the Wilson Area School District to be comprised of outstanding student-centered schools which provide a variety of practical and educational learning experiences that will inspire, challenge, and equip all students to reach their fullest potential. Our students will embrace diversity and become critical thinkers, quality collaborators, problem solvers, effective communicators, and 21st-century learners. To this end, students will become lifelong learners who embody the W.A.R.R.I.O.R. values. Our graduates will be responsible and productive citizens with a passion for excellence in a competitive global society.

## Established Priorities

- Provide an optimal learning environment to ensure all students can achieve and have opportunities to become engaged in the school community
- Eliminate learning gaps in all subject areas
- Build a learning community that appreciates diversity, promotes equity, demonstrates inclusion, and creates an environment that fosters and values each person's contributions
- Expand educational systems to create an environment which supports the efficient and effective integration of technology in the teaching and learning process

## Measurable Goals

### On the 2023 and 2025 PAYS survey witness a decrease in the indicators representing mental health concerns and suicide risk as well as bullying and cyberbullying

- Develop and maintain a safe learning environment
- Provide social, emotional, and mental health resources for students, especially those traditionally underserved
- Increase student engagement of all students

### On the 2023 and 2025 PAYS survey show an increase in the percent of students that feel safe at their school at all grade levels and in students' commitment towards school

- Develop and maintain a safe learning environment
- Provide social, emotional, and mental health resources for students, especially those traditionally underserved
- Increase student engagement of all students
- Build a learning community that appreciates diversity, promotes equity, and demonstrates inclusion

### Eliminate learning gaps in all subject areas resulting in student achievement exceeding that of 2019

- Using Data and evidence-based instructional strategies to guide instruction
- Customize learning for each student's strengths, needs, skills, interests, and aspirations
- Enhance learning experiences through the use of technological teaching and learning materials

### Develop and implement rigorous mathematics (grades 6-12) and science (grades K-8) curricula that meets the PA Core Mathematics and Science standards

- Develop and implement rigorous, high quality curriculum that meets PA Core standards

**All staff (professional, support, and athletic) and leadership will complete the Allyship training with over 80% finding the professional development to be of high quality and relevant to their teaching practice**

- Build a learning community that appreciates diversity, promotes equity, and demonstrates inclusion

**The 2023 and 2025 PAYS survey shows an increase in students' perceived importance of school.**

- Develop and implement rigorous, high quality curriculum that meets PA Core standards
- Increase student engagement of all students
- Build a learning community that appreciates diversity, promotes equity, and demonstrates inclusion
- Enhance learning experiences through the use of technological teaching and learning materials

**By 2025, expand educational systems to create an environment which supports the efficient and effective integration of technology in the teaching and learning process by meeting the six goals of the technology plan**

- Using Data and evidence-based instructional strategies to guide instruction
- Develop and implement rigorous, high quality curriculum that meets PA Core standards
- Customize learning for each student's strengths, needs, skills, interests, and aspirations
- Critical systems are updated to ensure district operations remain accessible, operational, and secure
- Enhance learning experiences through the use of technological teaching and learning materials
- Provide individualized professional learning opportunities
- Revise technology staff roles and responsibilities and analyze how best to support teaching and learning and assist in diagnosing, repairing and maintaining District technology
