

## **SUBJECT: EDUCATION OF STUDENTS IN TEMPORARY HOUSING**

The Board recognizes the unique challenges that face students in temporary housing and will provide these students with access to the same free, appropriate public education, including public preschool education, as other children and youth, and access to educational and other services necessary to be successful in school, and will ensure that they are not separated from the mainstream school environment. The Board is also committed to eliminating barriers to the identification, enrollment, attendance, or success of homeless students. The District uses a housing questionnaire that asks for a description of the current living arrangement of the child or youth to determine whether the child or youth meets the definition of homeless child.

As defined in Commissioner's Regulations, a "homeless child" means a child or youth who lacks a fixed, regular, and adequate nighttime residence; including a child who is:

- a) Sharing the housing of other persons due to a loss of housing, economic hardship or a similar reason;
- b) Living in motels, hotels, trailer parks or camping grounds due to the lack of alternative adequate accommodations;
- c) Abandoned in hospitals; or
- d) A migratory child means a child or youth who made a qualifying move in the preceding 36 months:
  1. as a migratory agricultural worker or migratory fisher; or
  2. with, or to join, a parent or spouse who is a migratory agricultural worker or a migratory fisher.
- e) A child or youth who has a primary nighttime location that is:
  1. A supervised, publicly or privately operated shelter designed to provide temporary living accommodations including, but not limited to, shelters operated or approved by the state or local department of social services, and residential programs for runaway and homeless youth established pursuant to Article 19-H of the Executive Law; or
  2. A public or private place not designed for, or ordinarily used as, a regular sleeping accommodation for human beings; including a child or youth who is living in a car, park, public space, abandoned building, substandard housing, bus or train station or similar setting.
- f) An "unaccompanied youth" means
  1. a homeless child not in the physical custody of a parent or legal guardian.
  2. This term does not include a child or youth who is residing with someone other than a parent or legal guardian for the sole reason of taking advantage of the schools in the district.

## **SUBJECT: EDUCATION OF STUDENTS IN TEMPORARY HOUSING (CONT'D.)**

A designator will decide which school district a homeless child or unaccompanied youth will attend. A designator is:

- a) The parent or person in parental relation to a homeless child; or
- b) The homeless child, together with the homeless liaison designated by the District, in the case of an unaccompanied youth; or
- c) The director of a residential program for runaway and homeless youth, in consultation with the homeless child, where the homeless child is living in that program.

The designator may select either the school district of current location, the school district of origin, or a school district participating in a regional placement plan, as the district the student in temporary housing will attend. However, the designated school district must determine whether the designation made by the parent, guardian, or youth, in the case of an unaccompanied youth, is consistent with the best interest of the child by considering certain student-centered factors, including factors related to the impact on education and the health and safety of the student.

A student in temporary housing is entitled to attend the school district of origin for the duration of his or her homelessness and also through the remainder of the school year in which he or she locates permanent housing and for one additional year if that year constitutes the student's terminal year in that school building, in accordance with his or her best interest.

The term "school district of origin" includes preschool and feeder schools as defined by applicable law.

### **Enrollment, Retention and Participation in the Educational Program**

The District will immediately enroll children and youth who are homeless even if the child missed any relevant application or enrollment deadlines during any period of homelessness. The ability of a homeless child or youth to continue or participate in the educational program shall not be restricted due to issues such as:

- a) Transportation;
- b) Immunization requirements (adhering to NYS Law);
- c) Residency requirements;
- d) Birth certificates, medical records, individualized education programs (IEPs), school records and other documentation;
- e) Guardianship issues;

(Continued)

## **SUBJECT: EDUCATION OF STUDENTS IN TEMPORARY HOUSING (CONT'D.)**

### **Enrollment, Retention and Participation in the Educational Program (Cont'd.)**

- f) Comprehensive assessment and advocacy referral processes;
- g) Resolution of disputes regarding school selection;
- h) Proof of social security numbers;
- i) Attendance requirements;
- j) Sports participation rules;
- k) Inability to pay fees associated with extracurricular activities such as club dues and sports uniforms;  
or
- l) Other enrollment issues

### **Educational Programs and Services**

The School District shall provide homeless children and youth with access to all of its programs, activities and services to the same extent that they are provided to resident students.

Homeless children and youth shall be educated as part of the school's regular academic program. Services will be provided to homeless children and youth through programs and mechanisms that integrate homeless children and youth with their non-homeless counterparts including programs for special education, vocational and technical education, enrichment, before and after school, English language learners/limited English proficiency, Head Start, Even Start, and school nutrition. Services provided with McKinney-Vento funds will expand upon or improve services provided as part of the regular school program. Consequently, the School District shall ensure that homeless children and youth are not segregated in a separate school, or in a separate program within the school, based on their status as homeless; and to the extent feasible consistent with the requirements of Commissioner's Regulations, keep a homeless child or youth in the school of origin except when doing so is contrary to the wishes of the child's or youth's parent or guardian. Further, the School District shall review and revise policies and practices, including transportation guidelines as well as those related to outstanding fees, fines or absences, that may act as barriers to the enrollment, attendance, school success, and retention of homeless children and youth in the School District.

### **Access to Free Meals**

The District will provide free meals to all children identified as homeless. They do not have to complete a free or reduced-price meal application. When the McKinney-Vento liaison or a shelter director provides a child's name to the District's school food service office, free school meals will commence immediately.

## **SUBJECT: EDUCATION OF STUDENTS IN TEMPORARY HOUSING (CONT'D.)**

### **Transportation**

In order to ensure immediate enrollment, and so as not to create barriers to the attendance, retention, and success of homeless students, transportation must be promptly provided. If the local social service district or the Office of Children and Family Services is not required to provide transportation, the designated district is responsible for the provision and the cost of the student's transportation through the remainder of the school year in which the homeless student becomes permanently housed. Where a homeless student designates the school district of current location as the district the student will attend, then that district shall provide transportation to the student on the same basis as a resident student. Students who have been designated homeless are also eligible to receive transportation to extracurricular activities and district-sponsored summer programs. Where the homeless student designates the school district of origin or a school district participating in a regional placement plan, then that district must provide transportation to and from the homeless child's temporary housing, for example a shelter, a motel or a Runaway and Homeless Youth facility, and school not to exceed fifty (50) miles each way unless the Commissioner certifies that the transportation is in the best interest of the child.

Transportation responsibilities apply to all school districts regardless of whether or not they receive McKinney-Vento funds. Transportation must be provided pending final resolution of any enrollment disputes, including any available appeals. If the designated district provides transportation for non-homeless preschool children, it must also provide comparable transportation services for homeless preschool children.

### **Transportation Reimbursement**

The District is eligible for reimbursement for the direct costs of transportation for students who continue enrollment in the District schools after finding permanent housing midyear in a different school district within New York State. In these cases, the District will directly bill the new district where the student permanently resides for all direct costs of transportation that are not otherwise reimbursed.

Transportation is required even if the school of origin is located in another local educational agency (LEA) as long as the attendance at the school of origin is in the best interest of the child or youth, even if it requires students to cross district lines. If two school districts are involved, the districts must agree on a method to apportion the cost and responsibility of transportation, or they must split it equally.

### **District Liaison for Homeless Children and Youth**

The School District shall designate an appropriate staff person, who may also be a coordinator for other federal programs, as the local educational agency liaison for homeless children and youth to carry out the duties as described in law, Commissioner's Regulations and applicable guidance issued by the U.S. and New York State Education Departments. The District will inform school personnel, local service providers and advocates of the office and duties of the local homeless liaison.

## **SUBJECT: EDUCATION OF STUDENTS IN TEMPORARY HOUSING (CONT'D.)**

### **Training**

All school enrollment staff, secretaries, school counselors, school social workers, and principals will be trained on the requirements for enrollment of homeless students. Other staff members, including school nutrition staff, school registered professional nurses, teachers, and bus drivers will receive training on homelessness that is specific to their field.

### **Outreach**

The District will make every effort to inform the parents or guardians of homeless children and youth of the education, transportation and related opportunities available to their children including transportation to the school of origin. The parent(s)/guardian(s) will be assisted in accessing transportation to the school they select, and they will be provided with meaningful opportunities to participate in the education of their children. Public notice of educational rights of homeless children and youth will be disseminated by the District in places where families and youth are likely to be present (eg., schools, shelters, soup kitchens), and in comprehensible formats (eg., geared for low literacy or other community needs).

### **Dispute Resolution**

The District shall establish procedures for the prompt resolution of disputes regarding school selection or enrollment of a homeless child or youth and provide a written explanation, including a statement regarding the right to appeal to the parent or guardian if the School District sends the student to a school other than the school of origin or the school requested by the parent or guardian. These disputes shall include, but are not limited to, disputes regarding transportation and/or a child's or youth's status as a homeless child or unaccompanied youth.

In the event of a dispute regarding eligibility, school selection, or enrollment, the homeless child or youth will be entitled to immediate or continued enrollment and transportation pending final resolution of the dispute, including all available appeals.

If the parent or guardian of a student in temporary housing or unaccompanied youth commences an appeal to the Commissioner within 30 days of such final determination, the student will be permitted to continue to attend the school he or she is enrolled in at the time of the appeal and/or receive transportation to that school pending the resolution of all available appeals.

(Continued)

## **SUBJECT: EDUCATION OF STUDENTS IN TEMPORARY HOUSING (CONT'D.)**

### **Record and Reporting Requirements**

If the District, as the school district of origin, receives a request to forward student records to a receiving district, the records must be forwarded within five (5) days.

The School District shall maintain documentation regarding all aspects of the District's contact with and services provided to homeless students and youth for possible on-site monitoring by the State Education Department.

The District shall collect and transmit to the Commissioner of Education at such time and in the manner as the Commissioner may require, a report containing such information as the Commissioner determines is necessary to assess the educational needs of homeless children and youths within the state.

### **Tuition Reimbursement**

The District is eligible to request reimbursement from the State Education Department for the direct costs of educational services to students in temporary housing that are not otherwise reimbursed, when:

- a) The District is either the school district of current location or a school district participating in a regional placement plan;
- b) The District is designated as the school district of attendance; and
- c) The school district of origin for the student in temporary housing is within New York State.

All claims for reimbursement will be made on the STAC 202 form prescribed by the Commissioner of the State Education Department.

### **Student Privacy**

Any information pertaining to the living situation of a homeless student, such as his or her homeless status or temporary address, is considered a student educational record and is not subject to disclosure as directory information under the Family Educational Rights and Privacy Act (FERPA).
