Dear Board of Education:

Please find the FY23-24 proposed budget for the Steamboat Springs School District. The information presented is the culmination of a year-long effort working with the District's Administrative Team to identify district-wide priorities and staffing needs, hearing from the District Accountability Committee regarding recommended spending priorities, and following information regarding the State of Colorado's financial status and projections.

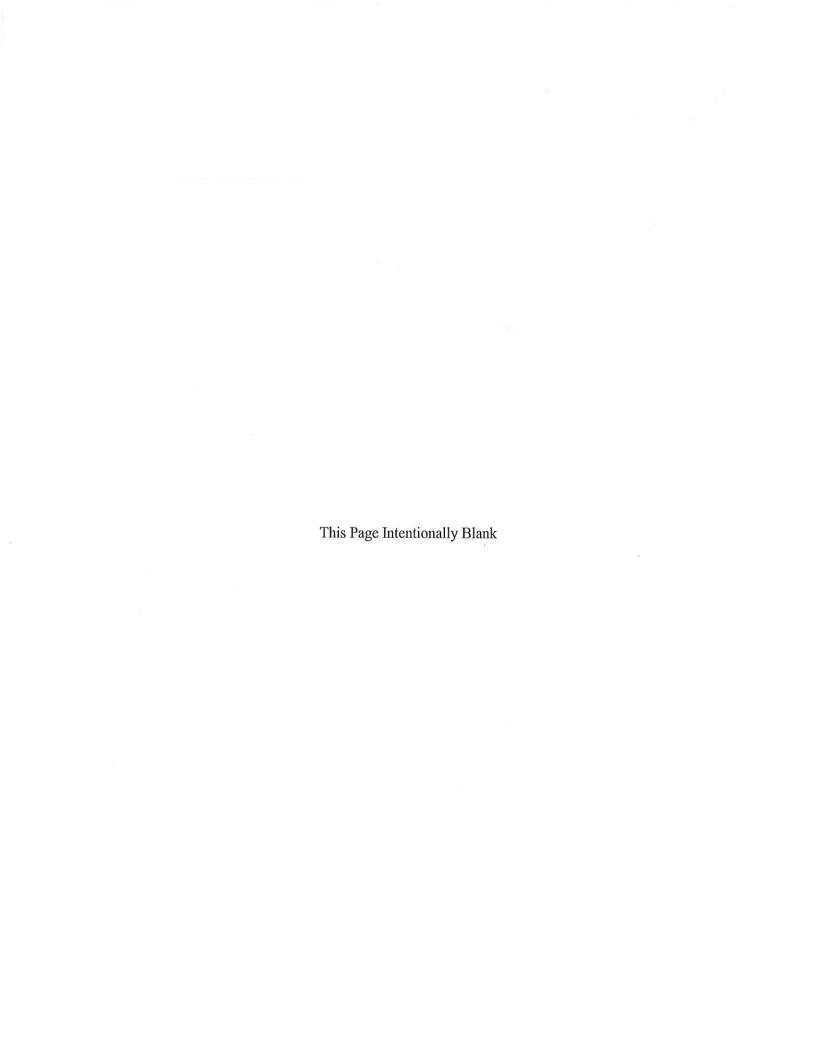

The Public School Finance bill passed during the 2023 legislative session included the buy-down of the budget stabilization factor by \$180 million, as well as Rural Funding in the amount of \$30 million.

The District's top priority in creating this budget was to ensure revenues exceeded expenditures sufficiently to increase fund balance equal to or greater than the use of forecasted fund balance in FY22-23. While accomplishing that priority, this budget includes the reduction of class sizes at our lowest grade levels, expansion of positions funded to support mental health, and expansion of nursing positions throughout the District. Further, this budget includes increased expenditures for utilities and property insurance costs which are the result of inflationary pressures within our region and across the nation.

Expenditures in the FY23-24 proposed budget support educational programming identified in the District's Strategic Plan, including but not limited to implementing culturally responsive teaching practices, implementing a universal social/emotional screener, and pursuing strategies to improve overall climate and culture. The Steamboat Springs School District is committed to remaining true to its mission and vision in order to achieve the goals outlined in the Strategic Plan.

Respectfully,

Stephanis Juneau

EXECUTIVE SUMMARY June 2023 Adopted Fiscal Year 2024 Budget

General Fund

Revenue

Budgeted General Fund revenue is anticipated to increase by \$2,624,871 from the FY23 Budgeted amount of \$42,980,071, representing a 6.1% increase.

	FY23 Budget	FY24 Budget	Variance	Comment
Property taxes	\$16,095,750	16,874,486	778,736	4.8% increase

	42,980,071	45,604,941	2,624,871	

Total Program State Funding Formula

The largest revenue source for SSSD is the State finance formula, which is based primarily on Funded Pupil Count (FPC) and Per Pupil Funding (PPF). The FY24 proposed budget estimates FPC at 2,598 and utilizes the Public School Finance Formula's PPF for SSSD of \$10,452.99. The finance formula was funded using a 2022 inflation rate of 8%, and includes a reduction in the Budget Stabilization factor for SSSD of \$546,706. These two factors together grow the total formula funding for SSSD by \$2,221,513 over FY23. The chart below compares FY24 PPF and FPC to FY23 and the net affect on total program funding.

	FY23	FY24	Variance	Comment
State Per Pupil Funding	\$9,463.13	\$10,452.99	989.86	10.5% increase
Funded Pupil Count	2,635	2,598	(37)	Preschool not in FY24
Total Program	\$24,935,355	\$27,156,880	\$2,221,513	8.9% increase

Assessed Value, Local Property Taxes, and Specific Ownership Taxes

- ➤ The District passed a cost of living mill levy in November 2001 which generates \$773,000 in revenue per year.
- ➤ The District passed a mill levy override in November 2006. The override started at \$600,000 and increased by \$25,000 each year until it topped out at \$800,000 in 2015.
- ➤ The District passed a \$1,200,000 mill levy in November 2019 for staff wage and benefits that grows every year by CPI, and is budgeted to be \$1,393,349 in FY24.
- ➤ The District passed a \$2,800,000 mill levy in November 2019 for operations, that was levied for the first time in FY22.
- > Specific ownership tax is tax collected from the licensing of vehicles in Routt County. The tax is expected to be \$1,700,000 in FY24.

Other State Revenues excluding State Equalization

Other State revenues include Vocational Education, Special Education, ELPA, GT, Transportation, and other competitive grants. The largest increase is driven by a one-year Early Literacy Professional Development Grant in the amount of \$293,839

County and Local Revenues

Local revenues include income from the half-cent sales tax, district sports revenue, local grants, and other miscellaneous sources. Budgeted FY24 local revenue is anticipated to decrease by \$236,979 compared to FY23 primarily due to a reduction in funding by the Education Fund Board, whose source of revenue is generated by the City's half-cent sales tax. Sports revenue is budgeted to increased by \$31,430, and preschool revenue is budgeted to increase by \$163,270 based upon expected increased enrollment.

Federal Revenues

Federal funding is budgeted to decrease year over year because of several one-time grants that are expiring, including the following:

- Nursing grant for \$96,300
- Child Care Stabilization grants in the amount of \$202,600
- COVID Testing grant in the amount of \$5,435
- Education Workforce grant for \$100,000
- Higher Ed Emergency Relief grant for \$15,000
- ESSER III Curricula grants in the amount of \$40,800
- ESSER II Rural Program grant in the amount \$3,000

Additionally, there is a collective reduction in the Title I, II and III grants in the amount of \$44,387, and a \$58,997 reduction in ESSER III funds. FY24 is the final year of ESSER III funding, which is budgeted at \$658,803 and supports an interventionist at each school as well as after school and summer school support for students recovering from learning loss.

Transfers

Transfers are a movement of money from one fund to another. The final Public School Finance bill distributes \$30 million to rural districts in FY24, which equates to an estimated \$439,208 for SSSD. After accounting for the per pupil allocation to NRCCS, the budget proposes transferring the balance of \$425,636 to the Capital Reserve Fund in FY24. \$425,636 equates to a per pupil transfer to \$163.

NRCCS Allocation

The North Routt Charter School Allocation of \$967,630 in FY24 is based on per pupil funding as well as an allocation of the mill levy override revenue on a per pupil basis. Rather than a transfer, this allocation is reflected in the budget as a reduction of revenue in the State revenue category.

Expenditures

Budgeted General Fund expenditures are anticipated to increase by \$781,923 from the FY23 budgeted amount of \$44,158,333, representing a 3.1% increase.

	FY23 Budget	FY24 Budget	Variance	Comment
Salaries	\$25,426,350	26,162,623	736,273	8 new FTE and 8 returned to budget
Benefits	\$9,864,046	10,963,881	1,099,835	Benefits for FTE, and P.E.R.A.
Purchased Services	\$4,357,592	4,409,268	51,676	Nominal change
Supplies	\$4,307,064	3,200,328	(1,106,736)	Reduction in curriculum purchase
C.O.P.	\$203,281	\$204,156	\$0	Nominal change
	\$44,158,333	\$44,940,256	781,923	

Salaries and Benefits

Payroll expenses are budgeted at 82.6% of general fund expenses in FY24. Included in the \$736,273 increase to salaries in FY24 are the following positions, some of which are new FTE and some of which are being returned to the budget after not being able to fill these roles in FY23:

- 1 Nurse
- 1 Health Tech
- 1 Kindergarten Teacher
- 1 Mechanic
- 1 High School Registrar
- 1.5 Preschool Paraprofessionals
- 2.5 Mental Health Providers
- 0.5 Gifted & Talented Director
- 2 Instructional Coaches
- 2 Special Education Providers
- 3 Special Service Providers

Purchased Services and Supplies

Purchased services in FY24 are budgeted to increase by \$51,676, which is a nominal change year over year.

Supplies in FY24 are budgeted to decrease by \$1,106,736 due largely to curriculum purchases no longer funded by EFB or ESSER III.

Fund Balance

The proposed FY24 budget has General Fund revenues exceeding expenditures by \$664,685. When the District increased wages in FY23 and approved a budget in June 2023 in which fund balance was going to decrease by \$1,718,746, we knew we needed to offset that reduction in the next fiscal year. When several positions went unfilled in FY23, an amended budget was adopted in January in which fund balance was budgeted to decrease by \$1,178,262. The FY23 forecast now has fund balance reducing by an estimated \$600,000, and so the proposed budget increases fund balance to \$9,119,892, which is 20.3% of FY24 budgeted expenditures. This fund balance is still a decrease from the 24.4% General Fund balance to expenditures at June 30, 2022.

Food Service Fund

The Food Service Fund is used to account for all activity of the food service program. SSSD plans to opt-into the new Healthy School Meals for All Program, which allows Colorado school districts to provide free meals to all students beginning in school year 2023-24. The FY24 food service fund is budgeted to staff 8 employees plus the Director. As a result of meals being free to all students, we anticipate needing to prepare more meals. Therefore, our limited staff will only be able to offer the Federal National School Lunch program to students again next year.

The FY24 revenues from student meals are budgeted at \$0, with \$25,000 in sales budgeted from meals sold to staff. Revenues from federal reimbursements are expected to remain constant, except for a reduction in Supply Chain Assistance funding. A large increase in revenues from state reimbursements are being budgeted, because Healthy School Meals for All is a state program. Additionally, expenditures to support food and milk purchases are budgeted to increase over current year. The net effect is that expenditures are budgeted to exceed revenues by \$262,697 in FY24, supported by a use of fund balance. We will monitor actual revenues and expenditures through the year, and use actual performance next year to inform modifications to the Food Service Program in FY25.

Bond Redemption Fund

The Bond Redemption Fund provides revenues based on a property tax mill set by the school board to satisfy the district's bonded indebtedness on an annual basis. The district has a tax levy for indebtedness; therefore, this fund is required by Colorado Revised Statute 22-45-103(b).

The Bond Redemption Fund is budgeted with a beginning fund balance of \$7,263,325 for FY24 in order to meet the December 2023 debt service payment. Total expenditures for FY24 are \$9,337,175 for the repayment of principal and interest on outstanding current bonds. FY24 local property taxes are budgeted to be \$9,337,175, and are based on an estimated mill levy of 5.223 mills on an estimated property valuation of \$1,786,344,256. The actual mill levy will be presented to the Board of Education for consideration according to state statue later in the year.

Building Fund

The Building Fund's beginning Fund Balance for FY24 is anticipated to be \$2,097,808. The source of these funds are the unspent proceeds from the November 2019 bond election. The Bonds authorized in November 2019 were sold in January 2020. The purpose of this fund is to complete the projects and deplete the funds by December 2023. The Building Fund is budgeted with funds available and appropriations of \$2,147,808.

Capital Reserve Fund

The Capital Reserve Fund is used to account for the acquisition of land, construction of new facilities, alterations and improvements to existing structures, and the acquisition of school buses and/or other equipment. In the proposed FY24 budget, \$425,636 is being transferred from the General Fund, which is the equivalent of the estimated rural funding the District will receive in FY24 less the per pupil allocation for NRCSS. The Capital Reserve Fund is budgeted with a beginning fund balance of \$215,366 for FY24. From this, \$170,000 in expenditures are budgeted for parking lot and roof work at Steamboat Springs Middle School, the replacement of one Suburban, replacement of outdated copy machines, and replacement of transportation equipment.

The net effect is that revenues are budgeted to exceed expenditures by \$260,636 in FY24, leaving an ending fund balance at \$476,002. The FYE24 fund balance will be used to purchase two full size buses in FY25. There is currently an 18-month lead time on ordering buses, and so we are planning to use our rural funding for this purpose in the following fiscal year when the buses become available for payment and delivery.

Capital Projects Fund

The Capital Reserve Fund is used to account for the capital construction, new instructional technology, existing technology upgrades, and maintenance needs. The proceeds to this fund are the result of the successful November 2017 election, which generates property taxes from 1.146 mills annually, and therefore the fund is required by Colorado Revised Statute 22-54-108.7.

An estimated Assessed Valuation of \$1,786,344,256 is expected to generate property tax revenue of \$1,500,000 in FY24. The actual mill levy will be presented to the Board of Education for consideration according to state statue later in the year. This fund addresses current needs and sets aside money for future projects. The Capital Projects Fund is budgeted with a beginning fund balance of \$3,515,388, which is being budgeted in FY24 primarily to remodel to District Office in order to create a safe and secure entrance, as well as complete much needed HVAC and other interior improvements at this building. The Capital Projects Fund is budgeted to have an ending fund balance of \$1,500,000 for capital needs beyond FY24.

Health Benefits Fund

The Health Benefits Fund accounts for self-insurance funding of employee health and dental insurance. This plan is administered by a third-party administrator and has a "stop loss" of \$125,000. The Health Benefits Fund is budgeted with a beginning fund balance for FY24 of \$1,508,481 to address future claims and protect against large premium increases. This fund is budgeted to collect \$5,300,000 in revenue and expend \$5,300,000 in claims and fees.

Student Activity Fund

The Student Activity Fund accounts for assets held for students participating in organized clubs. The Fund is expected to have a beginning fund balance for 2023-24 of \$622,764, and is budgeted with funds available and appropriations of \$2,122,764.

STEAMBOAT SPRINGS SCHOOL DISTRICT RE-2 RESOLUTION NUMBER 2023-06-02

A Resolution of the Board of Education of the Steamboat Springs School District RE-2 Authorizing the Use of a Portion of Beginning Fund Balance as Authorized by Colorado Statutes

WHEREAS, C.R.S. 22-44-105 states that a budget, duly adopted pursuant to this article, shall not provide for expenditures, inter-fund transfers, or reserves, in excess of available revenues and beginning fund balance.

WHEREAS, the Board of Education may authorize the use of a portion of the beginning fund balance in the budget, stating the amount to be used, the purpose for which the expenditure is needed, and the district's plan to ensure that the use of the beginning fund balance will not lead to an ongoing deficit.

WHEREAS, the Board of Education has determined the beginning fund balance in the Food Service Fund, Building Fund, and Capital Projects Fund are each sufficient to allow for one-time expenditures.

NOW, THEREFORE, BE IT RESOLVED:

In accordance with C.R.S. 22-44-105, the Board of Education authorizes the use of a portion of the fiscal year 2023-2024 Beginning Fund Balance for the following funds:

- Food Service Fund, the amount of \$262,697, for the purpose of providing a Federal National School Lunch program during a year in which food costs are increasing.
- Building Fund, in the amount \$2,097,808, for the purpose of spending Bond Proceeds.
- Capital Projects Fund, in the amount of \$3,515,389, for the purpose of one-time capital expenditures.

BE IT FURTHER RESOLVED, the use of these portions of beginning fund balances for the purposes set forth above will not lead to an ongoing deficit.

President of the Board
