Whereas, Tuckie began her employment with the MCOE in August 1988 until now, for a total of 35 years with MCOE; and,

Whereas, Tuckie's previous employment as an Adapted PE Teacher at San Jose Unified School District brings her to a total of 36 years served in education; and,

Whereas, Tuckie obtained her B.A. Degree from Stanislaus State University and her Teaching Credential from UOP; and,

Come Back Charter School
350 W Yosemite Ave.
Merced, California 95348

Dear Mark Pintor:

The Accrediting Commission for Schools, Western Association of Schools and Colleges (ACS WASC) announces the action taken at the Spring 2023 Commission Meeting. The ACS WASC Commissioners have determined Come Back Charter School (9-12) meets the ACS WASC criteria for accreditation. This accreditation status is based on all of the information provided by the school, including the school's report, and the satisfactory completion of the accreditation visit.

It is the decision of the Commission to grant six-year accreditation status through June 30, 2029 with a mid-cycle report in the 2025-2026 school year.

Come Back Charter School is required to submit a mid-cycle progress report. The report should demonstrate that the school has: 1) addressed the growth areas for continuous improvement through the schoolwide action plan; 2) made appropriate progress on the implementation of the schoolwide action plan; and 3) improved student achievement relative to the schoolwide learner outcomes and the academic standards.

Accreditation status is conditioned upon Come Back Charter School's continued adherence with the ACS WASC policies, procedures, and criteria for accreditation. This includes a requirement that an accredited school annually contribute members to participate on visiting committees. Failure to maintain compliance with said policies, procedures, and standards is grounds for modification and/or withdrawal of the accreditation.

The Commission looks forward to Come Back Charter School's anticipated success and continuing improvement in keeping with ACS WASC's pursuit of excellence in elementary, secondary, and adult education.

Sincerely,

R. David Gaudi Jr., Ed.D.
Commission Chairperson

CCBE Annual Conference

Putting Students First – Rebuilding Trust in Public Education

The California County Boards of Education (CCBE) Annual Conference will be held in person on September 8-10, 2023, at the Hyatt Regency Hotel in Monterey, CA.

The Annual Conference is a unique opportunity for county board leaders to come together at a time when domestic policies and global trends are combining to shape the future of our students. Join county board members, superintendents, and educational think partners from across the state to gain valuable knowledge and information in five key areas: advocacy and community engagement; county board core; funding, finance, and human capital; leadership through shared governance; and wellness, safety, and learning.

As the role of County Offices of Education continues to evolve, CCBE's Annual Conference is dedicated to providing COE board members with the tools and information to empower them to be effective elected education leaders. This year's sessions will address governance during challenging times and putting students first to rebuild trust in public education. This year's conference will be a chance to gather in person to meet and share ideas with fellow county board members from other regions. Be inspired as you leave with new ideas for serving students.

Take advantage of the exciting breakout sessions, great keynote speakers, and ample networking opportunities. This will be a conference you will want to attend!

Why Attend

As local county office of education board members, it is our responsibility to provide the best education possible for our students. One of the best ways we can work toward that end is by educating ourselves. The management strategies learned through quality professional development and conferences should save our county office of education money and lead to academic success.

We expect our doctors, lawyers, and teachers to continue learning about the latest innovations, solutions, and research in their fields. It is critical for county office of education leaders to do the same.

During these challenging times, when we are faced with tough choices in our spending, an educational leaders' professional development conference may not appear to be a budget priority. But our children benefit from board members attending and using their knowledge to make well-informed policy, finance, or curriculum decisions. The California County Boards of Education Annual Conference presents new strategies for managing county office of education finances, showcases best practices gleaned from real-life experiences at other county offices, and allows board members to network with experts and peers.
