**Principal's Message**

We are entering our second week of the 7th annual Centaurus Academic Support Fund (CASF) fundraising campaign, and we have already reached 45% of our goal! The purpose of the CASF is to directly support academics at Centaurus, providing materials, equipment, student support services, and opportunities that allow us to provide the best possible learning opportunities for students.

The CASF funds a mini-grant program at Centaurus, where representatives from each academic department, administration, and the parent community decide which requests to fund.

In previous years, we were able to provide funding for a number of requests at Centaurus, including the following:

DNA Replication Modeling Kits for our Science Classes

Metalsmith Supplies for our Art Program

iMac Computers to support our Yearbook Class

3D Printers and VEX Robotics Equipment for the Engineering Program

Pottery Wheels for the Art Department

Indoor Plant Growing Area/Garden for the Science Department

Set of Mini One Electrophoresis to support Biology classes  
Video and Still Cameras to support student media projects  
Sonic Flame Tubes to demonstrate wave physics  
Lab Quest Mini Units to support data collection in Science Classrooms

High Interest Leveled Reading Materials for English Language Learners

Extended Learning Field Trips

Flexible Classroom Furniture to support student collaboration

New Microscopes and Precision Scales to support labs in science classes

All families are encouraged to donate an amount meaningful to them-no amount is too big or too small! All donations are 100% tax deductible and directly benefit Centaurus High School academic programs. We hope that you will consider making a donation during our three week campaign. You will receive an additional email with a direct link to donate from BVSDSupport, but you can also access the donation site directly using this link ([Centaurus Academic Support Fund CASF](#)).

## What you need to know

### Student ID'S

Student ID'S are required to enter the school each day so make sure you have your new ID with you at all times. If you have a new ID and it is not working please see Bruce in security or Cathy in the main office so we can get this fixed for you.

### School meal processes & Free and Reduced Lunch Application

School breakfast and lunch are now FREE for BVSD students. Other important cost savings available for families who qualify and complete the Free and Reduced Lunch Application

Each student will be allowed one complete breakfast and one complete lunch for free every day. In order to receive them for free, students must

take an entire meal. For example, taking only a yogurt at breakfast or a piece of fruit at lunch would not be free.

Lunch includes an unlimited salad bar. Second entrees and a la carte items (like sides of fruit, salad bar, or milk WITHOUT a full lunch) must still be paid for. Students who would like to purchase those items can still use available meal account funds.

Even though lunch is now free, it is still very important that families complete the free and reduced meal application, as it waives and reduces fees district-wide for families, can impact transportation for some families, and impacts important funding for individual schools. It also qualifies families for a 50% reduction in Lifelong Learning tuition, and waived tuition for BVSD Online classes (excluding the \$50 registration fee). Child Care families will continue to apply for financial assistance through the Child Care Assistance Program (CCAP). Visit the [Free and Reduced Price Meals webpage](#) for information on applying for free or reduced meals or contact your school directly.

## Getting to know your Centaurus Team

**Athletics & Activities Director- Karl Buck**

**Dear Warrior Community,**

**My name is Karl Buck and I am honored to serve as the Athletic & Activities Director at Centaurus High School. We are extremely excited for another season of Warriors Athletics! Centaurus is a proud member of the Colorado High School Activities Association (CHSAA), fielding 23 athletic programs at the Varsity, JV, and 9th/10th grade levels. It is the mission of Centaurus Athletics to**

provide equitable extracurricular opportunities that support the social and emotional well-being of our student-athletes. Participation in athletics at CHS is a privilege, a privilege that promotes a healthy lifestyle, respect for ourselves and our opponents, and compliments the educational environment. We believe educationally-based athletics teach our student-athletes the values of hard work, dedication, teamwork, and the importance of making a positive impact in the community.

I look forward to seeing you at our events this fall and throughout the school year!

GO WARRIORS!
