What is Title 1?

- Title I, Part A of the Elementary and Secondary Education Act (ESEA), as amended by the Every Student Succeeds Act (ESSA) is a federal entitlement program that provides financial assistance to schools.
- Title I is the largest federal aid program for public schools in the United States.
- The US Department of Education distributes Title 1 funds to State Departments of Education that then distribute the funds to individual school districts.
- The funds for each school district are based on a state formula that is calculated by the number of students from economically disadvantaged homes.

Types of Title 1 School Programs

- Two types of Title 1 program models:
 - Schoolwide
 - Targeted Assistance
- Both types of programs require schools to use research-based strategies to improve student achievement as well as incorporate strategies to support/encourage parent involvement.
- Both Bayberry and Valley View are Targeted Assistance Programs.

Targeted Assistance Programs

- As Targeted Assistance Programs, Watchung Borough receives Title 1 funds that are solely dedicated to a select group of students.
- The students in our Title 1 Programs were identified based on teacher recommendation, performance on statewide assessments, and performance on internal assessments. Criteria is posted on the school websites.

Goals

1. Provide supplemental instruction that will contribute to students becoming more confident in the classroom as well as improve academically in the areas that have been identified as areas of need.
2. To strengthen school-home partnerships that will help all students succeed.
