

LEHSD Title I - Academic Support Instruction (ASI)

The district Title I Program is designed to meet the educational needs of those students identified as scoring below the district's minimum standards in English Language Arts (ELA) and/or Mathematics. Entrance criteria for students to be eligible for our Title I services and the process for involving parents are as follows:

- All students are assessed yearly through state, district, and classroom assessments to determine achievement levels.
- Students who score below state/district-established minimum levels of proficiency in ELA or Math are then screened by a Title I teacher/staff, with input from the classroom teacher about the student's daily functioning in the classroom setting.
- Strategies to help students improve targeted skills identified as being below minimum proficiency levels will be developed.
- Working closely with the classroom teacher, a structured, focused instruction program is provided for each student with supplementary services that are directly applicable to the general classroom setting.
- Parents of eligible Title I students receive a letter explaining their child's placement in the Title I Program and Home School Parent Compact.
- An annual Title I parent meeting occurs for parents of participating Title I students.
- All Title I students will receive various services in ELA and/or Math in multiple contexts.
- Some Title I students may also be offered optional summer school instruction.
- Title I instruction in grade-level subject areas is integrated with New Jersey Student Learning Standards as established by the NJ Dept. of Education.
